There might be some reports left out of this issue but it probably will not happen again in a long while. Your Editor took Xmas for his day off this week in order to spend that day with his family therefor I will have to work two shifts on Friday and in order not to hold up the bulletin I am getting as much work done as possible on Thursday. This leaves only the SW section to arrive Friday and that I can print and still get the Bulletin to the Post Office on Saturday morning.

ARTHUR L ROBB Topeka Kansas I just want to make it unanimous about that week-end gathering here in Topeka which included Jesse Strawn, Eldon Addy and myself. Two better DXers and finer fellows could'nt be found. They are real boosters for the NRC. Eldon has a club tag on his car and Jesse keeps up a continuous line about the benefits of belonging to a good club. They made many flattering remarks about my veries mostly because I have a few from some defunct stations which no one has a chance of hearing now. They tried to tell me I had about 600 to 700-by actual count it's 473. They do not have such skimpy collections of veries themselves. The time sure flew while they were here but we managed to put in a lot of gab on our common indoor sport. Eldon is a stunted chap of Six feet or more while Jesse is an underweight specimen of 200 pounds plus. Jesse does'nt care to be bothered with forks or spoons when he eats nor does he enjoy having a waitress standing at his elbow. Eldon is a camera fiend and backed off about a quarter of a mile over hill and dale trying to get a picture of WIBW's mast. Anyhow they (and all of their friends) have a standing invitation to come back to Topeka, often. There is nothing new in the line of DX here. The west coast stations stay on the air longer and the east coast stations come on earlier, it seems. It is 3:00 am here before the westerners go to bed and at 4:00 am here the easterners are commencing to wake up so that leaves about one hour open for DXing. (Would have liked to been there)

ELDON ADDY Marcus Iowa Only veries are WSOO-KTEM-CKWX-WBAB & KOL; Kol says that they are on only till 1 am PST. Verie signed by Otto Henninger Jr. This am heard KCRC and WDLF on with fine program for the NRC. What station tested on and off while WDLF was on and made no announcements? KYAN tested from 3-3:15 on 1370. Did you catch him, (No as usual- Ray) He came in here R9. Reports out this week to WJR-WJHP-CKY-KTAR-KFJM-KFUO-WMSD-WGPC-WLB-CKPR and a new station WCBT on for the 1st time I believe the 15th. Said they would have their initial broadcast at 9:45 am Dec 15th. Requested reports. On Mar 15th WOC at Davenport Iowa will change from CBS to the Blue Network of the NBC. To all members of the NRC I would like to wish a Merry Christmas.
