ISSUED WEEKLY—\$2.00 PER YEAR

VOL 9 No 13

December 13 1941

We welcome the renewal of Harold Criswell. Thanks.

Three dimes (30¢) enclosed in an envelope and mailed to RADEX, 148 Copley Ave., Teaneck, N.J. will bring you a copy of latest RADEX. RADEX is now on white paper with revised station index for SW-Broadcast & FM.

A construction permit has been issued for a new station on 930 kilocycles with 1000 watts, daytime only to the Tar Heel Broadcasting System in Washington North Carolina.

Stations KFDY and KAWN have been deleted. What Jack Gardner sent follows

Until further notice, the Commission has CANCELLED ALL monitoring schedules by broadcasting stations heretofore maintained after midnight hours for the purpose of checking frequency stability of such stations. This was done in order that full use may be made of broadcasting stations for defense purposes. Previously each station was required to maintain silence during periods after midnight so that frequencies of stations sharing the same channel could be monitored effectively. By F C C.

Well boys it looks as if the FCC checks will be finished for a while but don't be too disappointed as all stations don't stay on all night and we still can look for that thrill of snaring a new one now and then. As you all know some of these hard to get stations do pop thru every once in a while so we can at least try. I don't think the West coast stations will remain silent too often as they were all on last night (Dec 11th at 12:30 AM or rather the morning of Dec 12th. Let's keep our reports coming in if you have anything at all to report. There isn't any use in kidding ourselves that DX won't suffer but we are not going to let our swell hobby die with out even trying. We are now all asking why reports we have out are not verified. Well if you will check back you will find that every season has brought a certain period when the same condition existed so don't be too concerned as I am sure it will take a turn for better. Now keep those reports coming and let's not just fold up without putting our efforts to work. We might all be surprised at results. If any of you fellows feel as if it is foolish to try to verify why not take that money and "BUY US DEFENSE SAVING STAMPS" and help our UNCLE SAM.

NATIONAL RADIO CLUB DX NEWS

BCB Page 2 _____ TIPS and LPO REPORTS _____ December 13 1941

AL BARTHOLOMEW-BRADFORD N Y DX is of course out and maybe for the rest of the season with the net-works on. Our Country first and foremost. Had good DX since last report up till Sunday. CXL6 and HJCU caught evening of the 3rd esaily; KGBS-WDAK-WGGA on tests the 4th; CMAC on the 6th-FB on NNRC special; WMIS heard after tussel 6:06-6:18 sign off. Only thing definite were station announcements. 23 reports now out and only one back a dandy letter verie from KFMB who said, Began operations August 19th & have had 7 reports from New Zealand their most distant. Also said my report is the only one they received from NY state-Boy. Guess I got a scoop on that one. Wonder if this war will hold up our delinquent veries as well end DX. (Dont be saying those things AL, we all should keep it up and not give up with out trying-Ray)

PAT REILLEY-JAMESTOWN N Y A small world we have, the older veries of 38 and 39 carry the signature of C L EANS, manager, today the same Chauncey Eanes is advertising manager on the paper I work on. WATW signed by Dave Page announcer; WWNY had a reprint enclosed about their DX but my name wasnt mentioned in it. (Hey Pat you have to report to have that-Hi-Ray) CKNB by Stan Chapman, manager; WEIM had nice DX but static lousy; Heard WGGA on a test on the 27th and went off at 3:21 AM.

MEL OLIVER-HOUSTON TEXAS On account of severe cold etc, have done little listening past 10 days but have received veries from KFUO-KPLC-WINN-WOR and WTMV. Got up two nights this week, but with all stations remaining on nothing much heard; KGBS was helping enforce blackout of Harlingen and Brownsville early this morning. Regarding XEB they announce reports will be verified if sent to Apartado 7944, Mexico City, but my report of 10/29 is still unanswered. Others overdue are KARK-KGBS-WSM-WAIT-WCMI-KGFF and KBTM. Was unable to act as organizer of RADEX CLUBS in this area as requested by Melvin Fisher, due to increased activity in the volunteer fire dept of Bellaire, the suburb of Houston in which I live. Hope someone else here will be able to handle it though.

HAROLD CRISWEL-LEWISBURY PENN Returned to work Monday noight after being off 39 nights, wont be able to DX much now that I am working 12 hours a night and 5 and 6 nights a week. Reception improved some and on 11/20 heard KFVC check 3-3:30; WJZM at 3:30 with weekly check; 3:30 also WSPB and WRLC at 4:25; 11/22 WWPG on initial test and every morning since up to Dec 1st. On reg sked 12/1 at 8 AM; WLAV at 4 AM and another one on same freq but didnt announce; KBWD at 4-4:30; WKWK at 4:30 and WJHO; 11/23 WAOV at 2AM; WBOC at 3AM; 11/24 WEDC announced WEIM program and WEIM splendid DX came in good; 11/25 WCOP good at times; WCED good at 4AM; KAND on check; 11/26 KBIZ fairly good sometimes almost drowned out by WEDC; WBOC at 3AM; WAOV at 3:30 and CFCH at 3:30 badly QRMed at times KPOW at 4:15 about half as strong as WITH reg check 4th Wed 4-4:30 AM those who need them should try as their signal is remarkably strong. At 5 WBLJ drowning WITH; 11/27 WMAN at 2AM; WLOG off at 2:30; CFCH off 3:15 WJZM at 3:30; 11/28 KROS at 2:38; WHOP 3:30; 12/1 WDEF at 4AM. received veries from WWNY-CKNB-KXOK-WRRN-KWFC-WWPG-WEIM-KPOW-KROS-WDEF. WRRN has nice card with unusually large blue letters. Veries coming in slow.

JOHN CURGAN-PHILADELPHIA PENN Have not done a great deal of DXing, since Oct 1st have logged and verified the following WDAK-KWAT-WJMA-WBML-CKCO CHLN-CKRN-WKMO-WWPG-HJAN and these have already verified, WATW-WHLN-WKWK WEIM-WIBC-WWSR-WJZM-WWDC-CKTB a honey, beautiful card and letter-KDTH-WGAA a definite verie now-CFOS-WALB-WWNY-WRRN-WISR-WMRC thru mess on 1490. No sound from WMIS and missed KBIZ entirely. (John verie from WJMA will eventually come. If they dont send them out we will. Dick Cooper printed the veries for them and he kept out some just in case so sit tight and eventually we will have it. (Tnks for the other kind words-Ray)

TIPS and LPO REPORTS

December 13 1941

FRED BORCHERDT-MILWAUKEE WISC. A short turn across the bands and we have latest reports out to WAPI-KATR-WTIC-WMGA-KWKH-KOIL-KOH-KEX-WGAR-KSL-KLO XENT-XELO. Station believed to be WCOU logged thru 3 or 4 other stations KBIZ put on a FB program and over rode WEDC most of the time. I'm still looking forward to some cold weather as the static is still bad. Carroll Seth's poetry is really fine so keep it up O.M. I'm still after XELAW (Woo-Hoo) (Thanks Fritz for keeping the Milwaukee gang awake)

JOE BECKER-HAMILTON OHIO New ones hrd here are WLDS-XEF-CMAC-HJCU-WMIS-XEH. Was up early Monday AM but did not tarry long at the dial, too many stations with war news. WGOV-WMOG-WMJM fine business on 1st Thursday. Any one writing to Joseph Jr., at Camp Shelby, address is now Corporal Joe Becker, which means a little more spending money for the son. (Congratulations to him Joe-Ray) I have a nice bunch of Spicks out for verification but no veries, XEAI-XEBP-XEBZ-XESM-XEJP-TIXD-XEMC and XEG-XEF-XEH who have not had time to answer. At times WMIS came thru swell but WJBK strong until 6 then WOPI the rest of the way until WMIS signed off. CMAC came thru in plenty good style.

DAVID THOMAS-PROCTORVILLE OHIO Dear Pop dont ever give up hope for delinquent veries--KF6 (all call on card) verified for report 2 years ago, I even forgot about sending it, and last but not least KVOS for a report on Jan 8 1934, Yes 1934 when using 100w on 1200; 12/4 WIGM 2:40-3:03 AM. All Van Nostrand stations hrd as sked except WCRS and KLUF (WJZM on KLUF time. KGBS fine thru WEDC, WMOG-WMJM over rode twin pests WWSW-WJBK nicely. WGRM 4:15-4:30; 12/6 CMAC Q5 R8 on NNRC DX 2:40-3:38; WCNC 2:45-3AM HJCU on 720 kcs; HJCU on 4.855 kcs with dedication to Geary on goodwill program was fine-HJCU on 720 fine 11:20-11:45 PM Q4 R8 while on 4.855kc was Q5 R9 at all times 11-11:52 PM; Program dedication at 11.10PM; 12/7 XEH at 6AM on new freq 1420 kcs Q5 R9 fine signal; WMIS 5:15-6:15 AM was poor thru WWSW-WJBK and WOPI; Now since all the networks CB²-CBC-MBS-Red and Blus and all others are on all nights with NEWS from war try and get some new stations.

BOB BROWN-GOSHEN IND Recent veries are WPRA-WKBN-XEFO-WMRN and WCOP. The letter head of XEFO's still gives their freq as 940; TIEP & OAX4A were very strong Saturday night and signed off at midnight. TIPG was on till 12:30 AM. XECA was testing their new xmitter and freq was 983 instead of 680 or 1340 kcs. XEU was on 960 as listed and XEF was hrd; CFCT was very weak and was mistaken for an Aussie. For 1st time in weeks Aussies were showing fair strength on Sunday morning 12/7, 3GI hrd 5:44-5:58 AM and 2CY-4QS-2NR-4GQ and the YA's were readable. Received a letter from Russell Lacey of Palmerston, North New Zealand and the dope he sends on the stations appear elsewhere in this bulletin. He mentions that Radio Pacifique Noumea is now on 560 and operates from 2:30-3:15 AM EST. He says the easterners cover the band after the Aussies sign off.

GRANT BATSON-WESTFIELD N Y Well since Sunday I guess DX is going to be lessened but I will stick to the dials as you will never know when a new one will pop through. Only 5 reports out last week, one was to WHLN NRC program. 12/6 HJAN plowed a track a mile wide on 1190 from 8:46 to 9:16 PM Q4 R9 plus; 12/7 XEFM on 1420 5:04-5:32 Q4 R8; 12/8 WWSR on 1420 with NRC program Q4 R9 with swell Ernie Cooper script on the N R C. Veries? Plenty this past week, cards from KFBI-WOSU and letters WMBI-CJIC-WEEU-WRUF-WREC-WABC-KWJB and KILO only leave out the I and its KLO HJCU hrd behind WGN but not enough to report. Holdouts are CKCO-CKRN-CHLN-WTAW-WRR-KVSO-HJAR-WISR-KBIZ. WHGN refuses to verify report of Mar 21st. (Grant WTAW verified rpt of Nov 12th in 5 days, signed by Bob Shuffler, chief operator. No verie from CJIC here and CKNB only station to verify from the bunch of Canadians that were on for the NNRC-Ray)

TIPS and LPO REPORTS

December 13 1941

ERNEST COOPER-BROOKLYN N Y No veries received this week at all. 12/1 I thought I had something on 810 but it turned out to be an image of WNEW. 12/4 WLDS caught testing with deep fade, they faded completely at times and then in to an R7. WGGGA re-logged and wrote them again. WGRM was on from 4:10-4:25, evidently the engineer got his dates mixed-that is their sked for the SECOND Wed. 12/5 CKTB had an absolutely tremendous signal on 1550 kcs at 4AM. I thought it was WQXR testing until I heard their announcement. WHLN hrd on dedication, they gave us a good plug for a freq check. For the 1st 5 minutes some carrier messed them up and distorted them terribly. WNOE could be hrd easily behind them altho WHLN was R8. CMAC in clear and easily logged altho only R4-5; 12/6 CMBF logged in the evening; 12/7 Over-slept on my WMIS program-drat the luck; 12/8 WWSR received with QRM from WFCI; WHK was on all night but I believe they stood by for WWSR. The engineer did a good job of reading for me. I have asked to have him repeat next month when we hope that the war will not be so urgent that networks will have to be on all night. "And the Star-Spangled Banner, Oh long may it wave O'er the Land of the Free, and the Home of the Brave".

LEN KRUSE-DUBUQUE IOWA DXing was fair out here in Iowa the past week, up to and including Sunday morning 12/7, well that's enough said everyone knows the rest. 12/3 WDLF hrd with freq ck 3:55-4:10 also WSKB 3:40-3:55 WGAU also on check; 12/4 WROL came thru R9 with DX program; WMOG-KGBS-WDAK new stations logged. WJZM informed DXers that they are a little slow in replying but will definitely verify reports. 12/5 CBO came in with R8 sig with their DX program; KMTR could not be heard although it was ideal weather during that period, a thank you card sent; CKTB testing new xmitter on new freq of 1550 kcs with R9; 12/6 WHLN special for club hrd with QRM from WNOE at 2:30; KOB 1st test on new freq 770; 12/7 WLDS a new station in Jacksonville Ill with equipt test 2+3:30AM, took the air officially on 12/9; KPO special DX 4-7 AM and KOKO with test 4-4:45. XEF hrd with DX program and announced that these programs on every Sunday from 2-7 AM and will send both veries and a souvenir of Old Mex. WMIS had FB program for our club although QRM from WJBK..sig R6; WMIN on every Sun until 6AM. WAKR-WSPA-WAPO-KMMJ new stations logged. Try for this freq ck KORE 2nd Tues on Mon 6:05-6:20 AMEST. Received a nice certificate of verification from WKAQ..cards in envelopes from WSOO-KTSM and cards from WLOG-WMAN-WCED-KALB. (Len I checked CFCO but not on with DX tip program as sked.-Ray) (OK on other DX program)

ELDON ADDY-MARCUS IOWA Since my last report have added the following stations, reports to WJZM-XEP-XEF-WHLN fiar thru WNOE, KWFT-WDDS and another crack at KMJ (me too) and WMIS Q2 R6 thru WJBK. Only verie from KPOW, guess I'm like Pop and Kenny Page. They just done come in. Reception has been terrible until Friday when it turned cold. Did anyone hear KMTR for sure? I parked on their freq for over 2 hours and not a whisper except for a station testing its carrier once in a while. On 590 KGMB was R8. Sunday morn was good for TP's, following hrd 1YA-4YA-2YC-3AR pushed WIP clear off the map, 2NR-2GB and numerous others.

JIM WEDEWER-DYERSVILLE IOWA DX rotten and didnt do much of it. Listened to news flashes most of the time. Veries received are CBM-KSCJ-WATR. Gee they are coming slow here. My delinquents are WKAQ-WNEL-WPRA-XEG-XEMO-XEMC-XEQ-CJRC-KRIS-KWEW-CKBI and others. I would send XEAW & XENT but dont know if it should be Dallas or Mexico. (I sent mine to Dallas-Ray) Hrd XEFO-HJAN very wekl. HJCV on 4855 kcs put on 100% FB program on 6th and played "God Bless America" at 11:43 PM. It was Q4 R8. KMTR too weak & noisy on 12/5 & WMIS weak under R9 WJBK. CMAC not hrd. WHLN R7-8. Radio very noisy. See I am high in BCB contest but am slowing down (cont page 5)

NATIONAL RADIO CLUB DX NEWS

BCB Page 5

TIPS and LPO REPORTS

December 13 1941

JIM WEDEWER Cont darn it. XEF hrd at s/off 5:30 Sun AM. Stations on all AM during 8th and 9th but signals weaker than usual. WSWA too weak on 12/3, I didnt get up for any others but will try for CFAC-CFRN and that dandy from Nicaragua.

DON BARNES-ST ONGE S DAKOTA Report this week must be quite short, account not much DXing done. Jack Rabbit season in full swing, and too much hunting at night. 12/4 KGBS test 2:48; KVCV reg sked at 3AM; 3ZB reg sked at 4AM; 4ZB 4:37; LZB 4:51; 3YA 5:05; 4YZ 5:08; 2YC 5:29. All heard with strengths above R4 but only first 4 reported. 12/6 KXOX reg sked at 6:38 veries received KVEC-KPHO; TIBAS heard here regularly as is OAX4A-HJCB-TIEP and an unknown on 1444, can anyone help on this? Hope to better this report next week.

NORM MAGUIRE-ALBUQUERQUE N MEX. Told you fellows I had heard only one Aussie but that is over now. On Sun morn I was listening to JOAK-2 on their English newscast, they told about seeing no alternative except to take action, this came at 4 AM MST then at 4:30 a violent speeck was made in Japanese which sounded as if they were sure giving one heck. Enough of that, besides JOAK2, JOAK1 was coming in well. 1YA-2YA were both copied; From Aussie heard and copied easily 2CR-2BH-3WV-2FC-4QN-2NR-4QS-3LO-4TO and 2CY; 3GI also hrd but not copied. Wonder if it would be worht sending them reports. (I would try it-Ray) (OK on your plans now but what ever you decide or can do will be OK-Ray)

LEO HERZ-Reports sent out to WKY-WNAX and WOW and received veries from CBM-CBV-WAKR-WTJS-KGGF-CBO and WKY. Nothing much more on DX here.

ERIC BRISTOW-CHICAGO ILL I didnt hear any tests at all and nothing else except that all stations are on. Reports still out to WEVD-WKOK-WNEW-WIZE-WWVA-WAPI-WAIT-WTRA-WFAA-WBAP-WMIS-KOB-KGHL-KHMO-CKOC-CMCK-WHIS-WEXL-WJZ-WISR-KFGH-KPYO-KGIW-KRIC-KFJC and verie from CKLW.

Dope from Bob Brown;		RW69- 540	10 kw	Khabarovsk	Siberia
RW52 556	2kw Tchita	Siberia	RW72 577	10 kw	Tcheliabinsk Sib.
RW32 635	10kw Mladivostok	Siberia 590	Siberia
RW50 617	... Ousk-Abakansk	Sib.	RW38 662	Alexandrovsk Sib
ZEK 640	2kw Hong Kong		XPRA 690	Kunming China
EQA 895	2kw Teheran	Iran	FFZ 1400	1kw	Shanghai China.

Also states RW69 puts strong signal into NZ and XPRA also strong.

QUESTIONS and ANSWERS

Dav Thomas still is looking for the QRA of XBBX-Bank Of Mexico. WHAT SAY 850-On Dec 1st what sta from KOA s/off till 3:47 AM when it left the air with out announcing. Announcer had very noticibl Eng. accent? Program consisted of opera records and an R2, not heard since.

1220-XEB-Box 7944-Mex City D.F. Also El Buen Tono Apartado 79-44

1260-XEL is station behind or over WOL

1310-What Spick on here Sun AM 12/7 from 4 on. It wasnt a Mexican.

1380-XEMX on this freq, on occasionally in early AM's.

1420-XEF & XEH both on here. What sta was on 12/5 from 3:00 - 3:35 AM

1444-Can anyone tell who this station is on this freq?

1470-XESM is behind KXYZ

1590-XEMC on all night on this freq.

CMHK- Address reports to Virgilio Villanueva-Prop; Estacion Radio Difusora C M H K; Apartado # 79; Cruces, Cuba. / Guantanamo, Cuba.

CMKS-Report to Candido Savon Suarez-Radio Emisora CMKS-Apartado 96.

CMBZ-Report to Manuel A Salas, Dir-Radio Salas CMBZ- Havana Cuba.

YV5RE-YV5RC-report to Sr. Luis J Arreaza Almenar, Director.

TIPS and LPO REPORTS

December 13 1941

EDWARD WYMAN-HORNELL N Y Not much doing in the line of DX for some time back. I have reports out to KTOH(second)-CBO-WMIS-WWSR-WHLN-KWJB. Veries in from CJIC-KTOH. Boy was WMIS a tough nut to crack,altogether I dont think I heard over 15 minutes of the whole program because of WWSW & WJBK, knocking them out. (You did better that I Ed as I didnt hear enough to even to try to send a report-Ray). WWSR had an interesting program this AM. (Your question on 850 kcs is listed in the Q & A section) WSNJ just refuses to DX Ed and there is nothing we can do about it. WHMA tests 2nd Saturday on 1450 kcs from 5:20-5:35 AM; WEMP tests on the 2nd Friday from 5:15-5:30 AM on 1340 kc. WMFG tests 2nd Thursday on 1240 kcs from 5:40-5:55 AM. You will probably have to wait a while before hearing these tests becaues the FCC has just cancelled these.-Ray. Tanks for calling my error on WWSR. I do make them ofen but hope no one did miss it on my account.

POP EDGE-BUFFALO N Y Well since last report have reported to WROL-WLDS-KWAT and WWSR. Only veries received are, WKAQ and WBLJ,both for reports out some time. WROL said they would verify by return mail, well it is now 8 days and still no verie. CJIC has verified for some but mine is still among the missing as is also WFAM. Hold outs are WJMA who will verify cventually-XEG-WJAR-WAOV-XEMO-WERC-KGFF-CHLN-WAYX-KFAM-CKRN-CJIC CKCO-WCOC-WMSL-WAGF-WISR-WROL-WLDS-KWAT-WWSR and another report to KMJ. Oh well I will be always looking for one of them to come in.

Have received no report from WIMPY KALMBACH of KENNY PAGE,wonder if they too are looking for veries. WIMPY might be in hiding though because a rumor has it that certain persons found a MEAT GRINDER in the rear of HIS auto. I am wondering if that had anything to do with the skeletons of the GRADE A COWS that were found near his home. Then there is a lad called JUNIOR CARBERRY. He seems to be among the missing also but we do know he is working and attending school at night. Well this will be accepted as an excuse but he should come to life once in a while.

NRC*CRC*FOREIGN-BCB CONTEST

Jack Siringer	HJCO-YV4RA	6 points	Frank Wheeler	YV4RA	3 points
Steve Mann	HJAR	3 points	Bob Broymaier	YV4RA	3 points
			Bob Brown	---	0 points

Manager Jack Siringer says that all should enter this conters not later than Dec 31st even if they do net have any points at present. The reason is that you might get veries after that date and then it will be too late to count them unless you have already sent in your name as a con-tesyant. So send in your name now even if you have no points at present.

A little rememberance, if you intend giving an XMAS present to one of your DX friends why not make him or her a present of a years membership to the NRC. You will be remembered 34 times during the year, each time they receive their bulletin. It certainly would be appreciated and yet it would not be too expensive for you.

To those who have received a few days late, here is a line from a letter received from John Curgan in Philadelphia, He says that he receives his bulletin every Monday morning with one exception and that time it arrived on Monday afternoon. This is another example showing that any bulletin received late is not caused by any delay going out of Buffalo. The club again will do what was done last season, that is buy a gift to give the 2 fellows who alternate each Staurday at the P.O. handling your bulletin. You can be assured this has helped keeping your bulletin on time.-Ray.

Well boys every thing is again cleaned up and nothing reamins. So long til next week.

Sorry fellows but no reports reached me in time for this bulletin, it will be double next week. I am settled so please send reports to the above address. Fred. A few reports came to club HQ and they are listed. Sorry that there were not more.-Ray. PLEASE SEND YOUR REPORTS NOW TO THE ABOVE ADDRESS, and lets see this section back to normal next week

FREQ CALL	REMARKS	REMARKS
3390 YV4RK	Maracay, Venezuela "Radio Maracay" a new station heard evenings till 9:30 PM. (Roger Legge-Binghamton N.Y.)	
4855 HJCA	Bogota, Colombia "Radio Cristal" heard nitely till 10 or 11 PM The Dec 6th boradcast dedicated to Kermit Geary heard well at 11:10 PM over both HJCA and HJCU 720 kcs. (Legge)	
6082 OAX4J	Lima Peru, news in Spanish at 10 PM. English program 10:30 to 11 PM. (Grant Batson-Westfield NY) This is listed as OAX4Z.	
6110 GSL	London, England. To North America from 4:15 to 11:45 PM (BBC)	
6130 ZFY	Georgetown, British Guiana signing on at 5:40 AM 12/5. Their signal was 4-5 R5-8. Have 15 minutes of recorded music then news at 6 AM. (Bob Brown-Goshen Ind)	
7320 GRJ	London heard R9 at 11:30 PM in Hundustani for the forces in the Middle East. (Legge)	
3950 COCQ	Havana Cuba verifies promptly by card picturing Xmitter (Batson)	
9030 COBZ	Havana Cuba "Radio Silas" verify by card showing photographic views of studio etc., news in Spanish at 7PM. (Batson)	
9580 GSC	London broadcasts to N America daily 4:15 to 11:45 PM. (BBC)	
9590 VLQ-10	Sydney Australia replaced VLQ9 on the 7:25-8:05 AM transmission to East North America, effective Dec 8th. Probably will not be used long since there is bad QRM from VUD3 (Legge)

45900 ---	The Baltimore Radio Show Inc., was granted a construction permit for a new FM broadcast station to operate on this Freq.	

If PRE9, Fortaleza, Ceara is reported again please note that the above is correct spelling of its location. In recent weeks various assorted versions of the spelling have been printed. (Tnks Roger, me being not a SW listener I am apt to spell it and others wrong. So we will try to keep it and others right. I know that correct spelling on these SW should be correct especially for those sending for veries.-Ray)

NOTICE TO FRED VAN VOORHEES- Here are the veries reported to me, I am not going to list the SW contest but will leave that for you next week. Roger Legge reports veries from, CR6RB-XGRS-FFZ-ZFY-PUS-MTCY-PPH, Saigon (6135)-K7GNN-K7CBF-NY1AE-K4HHR-CE2BP-TI5JO-TI5JJ-TI5OLL-TI6HS-HC2KB-CX2AX-YV5RX-YV4AX-CO8MC-LU8DH. For the contest. Grant Batson reports veries from, COCQ and COBZ.

Remember a special DX program for the N R C from YV6RC-3450 kcs from Barcelona, Venezuela on January 13 1942. Arranged by Steve Mann. REPORT.

REMEMBER SEND YOUR SHORT WAVE REPORTS TO FRED VAN VOORHEES-3445 STETTINIUS, AVE, CINCINNATI OHIO, STARTING RIGHT NOW. Several members suggested omiting rpts from Japan-Germany-Italy. I called FBI & FCC and its still OK to publish them.
