The WXLQ DX is only tentative at present, but we will try hard.

CMHB-SANCTI SPIRITUS-CUBA This station is going to put on a DX program dedicated to "LONG HAIR MALEY". The starting time is 2:00 AM EST and there will be a Lady announcer to tell Maley all about Sancti Spiritus and they will verify all correct reports. Courtesy S/SGT Alexander F Maley.

CJSO-SOREL-QUE Here is a brand new station coming on for its first DX program and being such, is an attractive addition to our DX Calendar and everyone in the club should be listening for them. The channel should be clear to the coast except between 5:15-5:30 when WDWS, Champaign, Ill is schedule to check frequency. We want to thank Mr. A Morin, Asst Manager of CJSO for agreeing to DX for the National Radio Club and here's hoping and wishing his program all the success possible. So send your reports with a 4¢ Canadian Stamp or an American nickel to him. Arranged by Bill Stone.

In reply to a letter from Hank Wilkinson to the OWI at Honolulu, here is their reply; As you must know from current news, the radio stations in Japan are operated under direct control of the Military and State Department, therefore, I suggest you attempt to get verification of reception of Japanese stations at some future date. You can no doubt imagine there has been considerable confusion in taking over the facilities of Japan's broadcasting industry, and it is my personal opinion that you will have but little luck of securing desired acknowledgement. signed Norbourne E Smith Acting Chief of Central Pacific Operations, Honolulu, T.H." So there you are boys, and with so many Japs being heard too. Wonder how long it takes a verie to come from KTOH-Lihue, Hawaii?? By Air-mail. Wilkinson.

In case your bulletin is a day or so late next week, Your Editor has to work several extra hours account of election. Wednesday still Deadline.

November 3 1945 TIPS and LPO REPORTS Page 3

PAT REILLEY-JAMESTOWN N Y 10/28 Too noisy to DX; 10/24 KMO was swell at s/off; CJEM copied for new one-rpt to CKCH-XELO raised hobb with CKLW-WMBH checked at 4:02-unknown on 1310 with no call given-WMSA back for a new verie; 10/25 Picked up WMAJ and CHUM on tests for new ones; WBAC checked at 2:05; WMAN at 2:10 and KTRB was good after 2 with recordings being used. 10/26 WGOV at 3:20; CHUM off at 3:30; 10/27 KICA at 4:30; WJHO at 4:35; 10/28 KWKH at 5:50 and very weak; 10/29 WATN DX and set went blooey at 2:34; 10/30 WNEL on at 4:57, gave call as Armed Forces Radio Station, a link of the Americas; WGGGA on at 5:30. My set goes to radio doctor Monday as they finally received parts for it. Saw one of the \$230. Hallicrafters at work today, some job but a toss up between a new car or a new set, but believe O.W. will over-ride my new set-Hi.

SULLY SULLIVAN-PITTSBURGH PA Recent veries from WMC-WCBT-WAJR-WGGA-WFEB-KOT/ WKLA which makes a total of 338. Rpts out to CJEM-CKCH-WIS-WHCU-WBCM and a few others. CJEM-CKCH hrd very well here on their DX. Missed WATN as I slept thru the show with set on, hows that for stupidity? WHNC s/off at 5:45 WJPA off at 12:35; KLCN s/off at 6:30 and can be hrd here under CHML; WCBT vs is Navarro Aix, asst ce. Weather not too good here for DX the past wk as it has been warm and heavy QRN. Stone has some nice Canucks lined up & will be in there tonight trying to nail the lid on a couple of the, dont know about the B.C. as its 75 here. WKRZ has been assigned to the new station on 1340 kcs in Oil City and I have been assured a promise that their test dates will be given me ahead of time. Said he is deeply interested in reports and a hearty invitation to all to visit their studios in Oil City. Hope to be on by middle of November.

RALPH JOHANNIS-BUFFALO N Y AND I am busy with work now; Answers to Brauner-Morss-Kruse-Arnold-Lippincott will be forth coming soon. Say Harry dont think WATN is poor with 250 watts, consider the weather conditions, sorry for CFPR that they couldnt break thru the thunder storm, wish they would have scheduled ths one for a month or so later. Sure like CHUM.music; Received swell letter and 1st days station log from A Boisvert, ce also set of glasses coming (Phil your invited, ICA for 25th anniversary of National Radio week Nov 4-10th; WLAG by E Mullinax, gen man; KJBS by Wm Nielson, ce; KOH also a verie card-WATN, Mr Righter is disappointed on Buffalo's reception of their 10/29 test; WJLD nice letter head by Bob Tamblyn and Walder P McKim, ce; KTAR by Edna R McCall, pro dept; Cards from WMAS for 7/9; KVOD with ~~XXXXX~~ stamp also; WLOG by L Clifton, ce; WBIG a govt card for 8/1709/24; by E F Allison (phooey). Best regards Eric Whitworth, rec New Zealand member membership card and button 10/28 OK.

BOB DUGGAN-MACON GA WKWF began reg sked Navy Day 10/27, good sigs at 7PM. Recent veries are KABC (8.5k) on 680 kcs-WSVA-KJBS-WKBB-KFRE-WSOY-WLAY-WMSA-WJZM-KGCK-KAND etc. KSAI Saipan hrd on 1010 kcs on 10/26-24-23 with weak sigs at around 4:30-4:55 AM. CKCH and CJEM hrd with weak sigs. Yes WLAY checked again on 3rd SAT which is their reg F/C 3-3:15 but still no verie here after 3 reports.

DOC KIRK-PT PLEASANT W VA CJEM & CKCH in fine shape here. CJEM better than last season. WFBM hrd on 1245 kc cutting in on CJEM; North West German Sender on 574 at 3:11 to s/off on 10/24 very loud. Also hrd KGMB at 4AM and stronger than WLW-KFI; Also YV5RA from 9:47 to s/off 10:32PM. Soog sigs. 10/25 at 10:15 on 1400 kc got WVTF in Hollandia, New Guinea. Phoned Dick on this and hope he got them, very hard to read, checked his 2nd harmonic and found his sig R 2-3, lost him at 10:53PM; Noted WKWF messes up WWRL. WWRL used to come in here on clear channel but have to switch ant to hear him now. Maybe some day I'll have a loop and that will do the trick.

Another DX Program not listed as yet. CKBI Prince Albert, Sask 900 kcs on November 20 from 2:30-3:30 AM EST. WATN very poor on DX (Stone)

BOB SPENCER-BUFFALO N.Y. Still haven't been able to stay up or get up to do much DXing. Since last report I have sent rpts to WSBC-WHKK-TGW-CJEM-CKCH-KGKO and Lefty they announce as Ft Worth. The latter was on top here from 10:30-11PM on 10/26 only severe QRM from CMHI in Cuba. Where my 3 little DX obstacles WMCA-WSYR-WKBN were I don't know. Back with veries are KOTA-WSM has swell letter head-WSBC letter also, quick service, 4 days, 10-21 to 25th. Hrd or rather at 6:30 PM trying for VONF, all ZNS so far. Did you know Springfield is only city with stations in 4 states? Mass has 3 stations; Missouri also has 3; Illinois has 2 and Ohio 1; But there are seven cities with same name which have stations in 3 states. Moral-Be careful when tacking call letters to towns you hear.

BILL STONE-TORONTO ONT The DX programs of CJEM & CKCH both well hrd here and both good. CJEM was best in first half hour & last 15 min. CKCH was good all thru, enjoyed their bilingual program. The hard part of these DXes was the interference of WINK and after he personally sending a card to the ce telling him about the DX and asking him not to go on the air. Lefty can back this up as he mailed it. WDAD was hrd testing till 2:07 that AM, carrier and voice only, ditto again on 25 and 26th. WBBB picked up at 5:30 AM as per Dicks tip-whaddafight-hey dickie, what about WRNL interference there besides WMMN or doesn't that VRTQ Philco pull in Va in Kittanning? CHUM in this city tested on 26 & 27th from 2:30-3:30 AM. On 26th I noticed a big change on PCs on 1450, suggest you change them from 3rd WED to 4th FRI. I hrd these WGOV 3:15-3:25; WHMA-3:35-3:45; WCRS 3:45-3:55; WROX-3:55-4:05; WRLC-4:05-4:15. CHUM hit the air at 8AM this morning 10/28. 10/21 TGW hrd on 640 all AM, also behind them was Radio Alegranse; PRF-9 in Brazil got 3 announcements but could not get music as TGW distorting him bad-oh well some other time. Gave Radio Alegranse after every selection.

ARNOLD GERRARD-MIAMISBURG O Lots of bad weather the last couple of weeks and reception has been off somewhat, but have been able to log a few thru heavy static. Was glad to hear KWIL-KPFW along with KROY-WJPR-KWOC-CJEM-KFOR-KYUM-WSKB-WKWF-KALL. Have 28 reports out for Oct. Veries averages about one a day and total is now 828. Rec airmail from KWRC by Keith Larkin, pro dir also nice verie from E R Means at KMAN who said Lefty's reception was the most distant for the Sept f/c; CJVI uses only 250 watts at night according to V J Groves their operator. This to protect CKBI on 900 kc. Is to install directional equipment soon and to operate with full KW day & night. Groves said "unfortunately this will kill the fun we have receiving DX mail" Very friendly letter rec from Doris Dorian at KRIC who wrote that they have a girl operator in Nell Edwards while Ben Hughes is ce. Likes to hear from DXers. WGAU by Marguerite Williams; WTAL by W A Snowden, ce; KFUD by Rev H H Hohenstein, dir.

CLAYTON WOODWARD-SO ASHBURNHAM MASS Am finally home once again after nearly four years of service, 40 months of which were overseas. Seems very strange to be a civilian again. Waiting for my brother, now who is on his way home from Berlin. I would like to thank the members of the NRC for keeping my membership in force during my absences. It certainly was appreciated. (OK Clayton and you can be sure that all of us are very glad to see you home again, so lots of good luck from us all-Pop)

HANK WILKINSON-BURBANK CALIF Being that Doc Kirk and several others are receiving veries from rpts of 41-42-43-44-45 to So Americans I feel a lot better about my unanswered rpts to OAX4A-HJCB-HJAT-HJ CZ-YV5RL-HJCR-TILS & several others. Who can tell; By the way Japs are really bursting thru on 630-690-770-870 kcs. They s/on at 4AM EST. Already written OWI in Honolulu for list of all Japs and as soon as they reply will forward it to "DX NEWS" My thought on this subject is that Japs can be verified now being that US Forces are in Japan. A reply from OWI will clear this up. (Yes Hank the Jap on 870 kcs is JOAK-2 in Tokyo with 150,000 watts-Pop) (KGMB verified a rpt from 3/22/43 for me, held up by censor, got a swell letter now-Pop)

HEDLEY SIMMONDS-HAMILTON ONT Since last rpt have added quite a few new ones and total on 10/25 is 1255 verified with 1355 hrd. Newest ones are KBTM-WFTC-WSAY-KOTA-WPAG-WENT-WBAC-WFEB-WRHI-WMAJ-WKWF-WLAT-CJEM on NRC DX and this AM hrd KDTH in Dubuque on 1370 kcs from 2:03-2:35 AM EST with a test. Have often tried for this one on various f/c dates but this is 1st time they were hrd, and followed by CHUM with a test program as hrd by me by the merest chance from 3-3:30 EST, they were offering a set of 6 glasses to 10 who rpted from greatest distance. CJEM came over fine and clear with some deep fading at times and CKCH were fairly good on same AM. Other latest hrd stations include several old-timers not hrd in years, for instance behind the mess on 1310 CKCO hrd very strong for a few minutes. Of course these are all verified long ago but ran across CBO on 910 kcs also in Ottawa, last TUES night from about 6:45-7:15 PM but with interference from WGBI and WRNL. And this AM with CHML hammering away on 900. May write them for verie, thought I might get them clearer but nothing doing since TUES night. Of the above stations mentioned all have verified except WFEB. Then these also are out; -WOLS-WFTC-WRHI-WMAJ-WKWF-WLAT-CJEM-CHUM.

JOE BECKER-HAMILTON O Heard WMAJ on 10/24 their 2nd test. Couldnt hear CJEM on 24th, but hrd some carrier on 1240 and had an awful lot of trouble with WCPO who laps over quite a bit. WCPO is silent Mondays. Wonder if WJEF was on their test this AM, hrd someone there but with WCPO and WITH just couldnt make it. KTMS strong on 1250 and so was WEXL on 1340. WMAJ put WWDC out of the picture completely the majority of the time. WWSW is stronger here than WJBK. Sent XESM a rpt and a coupon, sent them 3 and hope they ans this one. Received veries from WENT-KNAK-KILO-KONP and think I heard WHNC righth thru WENR on the afternoon of the 25th. (OK Joe and keep taking it easy-Pop)

GENE ALLEN-VALLEJO CALIF DX since the 1st of the month good with Japs on 690-730-810-830-870 & 940 kcs being hrd almost nightly from 4-7AM EST. On 10/2 at 7AM EST RW-32 in Vladivostok gaveckXOK plenty of trouble. Peiping, China on 640 hrd on 2 occasions when KFI was off. Recent veries from WOWO-KROD-KGLO-WCKY-WFLA-KLZ-WAKR-KVRS-WORD-KTW-KWBR-KSLM-KPRC-KFMB-WIBC & CMQ. have boosted my verie total to 395. Hope to reach 400 by end of 1945-46. D^A season. KOTA special was hrd in fine shape, but WKLA weak. WJOL latest new station hrd here. Am also hearing an Armed Forces Radio station on 1205 kcs from 4-7 AM EST. Would appreciate help on this one. (Only one on list is 1204 kcs AFN APO 562 France. No power given-Pop)

ROLAND BURSON-MANSFIELD O At least am sending in a report and am entering the Contest to see what I can do down here in Mansfield. Ive got an idea that Hartford & Buffalo are not the only DX towns. Reception has been poor here so far because the QRN is too heavy. KGMB-KGU-LYA and KSAI have been coming in here about every morning from 5AM. 1Q/14 4QS-2BL-3YA-3GI-2CY-4QR-4BC-4YA-4QG-2GI came in. 4QG-2GI-2GY-3GI-2BL best, all carried news at 6 AM. 3GI-2CY carrying same programs. I am using a 19 tube home made super-at present and expect to have an RME-45 in a couple weeks. (OK Roland and lets konw how that RME works.-Pop)

CPL ROBERT BROWN-HAWAII ?? Well boys when reporting to Costa Rican stations dont include IRC coupons because they are no good down there. Try to send un-used Costa Rica stamps. TIPG verified promptly when unused C R postage was included. Hope yo see all of you at that 1946 Labor Day Bflo Convention.

FRED VAN VOORHEES-FLUSHING N Y The following had been received from "KINY" My. G Burnett, ce of KINY states "for your information starting October 22 we will be starting a regular DX program running until 6AM EST" They want reports and promise gifts for each letter. As to what days or how often, is not known or was included in this informati@n. 10/22 was a Monday so maybe each Monday AM till 6AM EST. Anyone know more that whats listed ??

Well boys our Members Service Fund is down, yes down to \$3.85 in the RED. How about a little from each of you?? You have been swell in the past.

JOE BRAUNER-WILLIAMSVILLE N Y A good DX week, this has been. Veries are a 2 page letter from WXLQ and nice letter from WMAJ. New Stations, KCOK hrd as late as 3:15 at times. WMAJ's 2nd test 10/24. WLEE hrd s/on at 6 on 10/26 for some reason the regulars WFMJ & WMOH couldnt block him that morning. WGBS hrd as strong as WOR 5:45-6PM then suddenly dropped out. Maybe changed to night power, this on 10/27. Same evening WKWF logged with program at 9:15 cleaning up Fla again. AFR station at Panama copied solid for half hour on 28th 5:30-6AM. Also WKEY caught with clear announcement as he d/on at 7:40 SUN AM, thats a badly wanted one. And lastly CFOR hrd testing with terrible signal at 5:55 on 29th, hrd what sounded like CFAB at 5:30 but probably was more of CFOR's badly distorted signals. It pays to persist in trying for those hard to get ones, for example WJOL's blocking out WEXL etc, for 2 AMS but unable to do it other times, also WLEE breaking thru the 2 Ohio stations and WEED did the same thing at 6AM on 24th and 25th. And WKEY was quite a surprise after so many SUN AM sessions on 1340 with no sign of him. Also WIBX's good showing, that time Ralph hrd him, with water in the control room, during the flood. It was the first time I hrd Utica in some years.

FRED VAN VOORHEES-FLUSHING N Y Veries in since last rpt are WHTD-WFIL-WNHO-WTNJ-CFCY, swell air mail letter verifying s/off-WBBM-WMLT. All good but reply card from WFIL, also card from WTNJ, rest letters. DXing last week, 10/22 hrd WFEB test at 2:20; WMLT at 2:36; WINK test at 2:47; Clevedon at 3; WEED at 3 and WRHI at 3:04; 10/23 Mystery on 1240; WTIC tested at 3:48 and WDAD test at 4:11; 10/24 Specials from CJEM, poor and worse when WINK came on & CKCH good R-9 with WXLQ faint behind; CHUM testing at 4:25; 10/25 CHUM test at 2:37; WSOO f/c at 2:41 thru WCPO; WMAN at 2:47; WMAJ (on freq this time) at 3; WHUB at 3:30; WIBU at 3:30 and someone under CKLW at 3:40; 10/26 DX lousy all over, hrd WFEB at 2:25 and WTJS at 2:30; 10/27 For s/off's copied WROK at 1; WMAZ at 1:02; KOMA at 1:30; Congratulations to the fellows who are listing clear s.off's and ons, I've gotten several thru following the dope on DX NEWS. Reports now out are CFRB-XERB-WDRG-WNAB-ZNS-CMW-TGW-WHDH-CMJK-WKWF-WGTC-WRHI-WINK-WDAD-CJEM-CKCH-WMAJ-CHUM-WSOO-WGGA-WROK-WMAZ-KOMA. DXing still considered successful here with veries now 527. I use a Midwest 1936 with 11 tubes, K-11.

LEN KRUSE-DUBUQUE IA The 1945-46 DX season is well underway by this time. Past week proved to be very profitable to my hobby. The first program or equipt test from WDAD was logged at 3:18-3:25 on 10/23 with a weak signal, alongside WWDC. Station WMAJ was logged with 2nd test 3:13-3:40 on 10/24. At same time CHUM was broadcasting an equipt test 3:10-3:27 when they s/off. Notice Ralph it was on 10/24 one day ahead of you. The swell DX program from CKCH came in good until 5:30 when WGGA s/on causing strong interference. The CJEM DX could not be hrd at this location on 10/24. SUN AM 10/28 KCOK was on with an equipt test 3:06-3:14 with March music. KFXM caused KCOK QRM until 3:10 when they s/off. The WATN DX was superb. KODY interfered from 2-2:15 but thereafter the signal was good. WATN is a DXers pal. Only verie in from KOOS by Freddie Vigder. Several evenings ago had a grand visit with Merlin Steen, who many of the older NRCers will recall. Merlin back recently from Germany was enroute home in Decorah. Sorry Joe Brauner about scoop on WJOL, you were the first to log of NRCers.

SID STEELE-LOUISVILLE KY 10/20 WBAC test 2:05-2:15; WLAY 3-3:15, also CKEY for rpt. 10/22 WKEU 3:30-4; WGNC 4-4:25; WFNC at 4:30; Sent WGNC a rpt hoping for better verie. 10/25 WMAJ hetrodyning WWDC (guess he found 1450 now) and CHUM very loud on 1050 kc giving away drinking glasses to distant rpters WHUB at 3:35; 10/27 CHUM again at 3:15, nothing else of any interest. 10/28 WMAJ with much better signal quality at 1:30; Completely forgot abt CJEM & CKCH. Still waiting (and not so patiently) for my Hallicrafters to come. Veries from WGAU-WBAC-CKEY for new ones and dup from KGER, nice letterhead.

Remember boys, report all DX Specials, if impossible remember a THANK YOU.

According to RULE 6-Club members may enter this contest at any time but CREDIT may be claimed covering reception 30 DAYS or less in advance of date the entry fee is ~~XXX~~ received. However New Club Members may enter contest within 30 days after joining and receive credit for all veries dating from start of Contest.

So lets all get in on this contest this year. Sent your Entry Fee of 25¢ together with any eligible veries to Sid Steele-227 Mt Holly Ave., Louisville 6, Ky. When listing your veries, be sure to include the date the station was logged and whether or not it was on a special DX. All CLUB SPECIALS COUNT DOUBLE FOR THE CONTEST. Next listing will be in the DECEMBER 8th bulletin, so have your up to date list in to me by NOV 30th.

RAY (POP) EDGE-BUFFALO N Y Anybody want to question my DX ability?? Well that might be, but take a look at the BCB Contest standings, especially East Hartford. Maybe I wont be there on Dec 8th but I can say that I was leading it for a month. Will have to admit that a couple lucky catches in KFKA and KFXJ put me there. Too bad they dont have to check their power more often. Got up 10/31 for CKPR and seen the lightening and thunder along with a lot of wind and rain, so went right back to bed without even trying. Thought it would be useless, sorry because I really wanted CKPR and bad. However a Thank You card will be sent explaining our local weather. Just think, CKPR would have meant about 42 points for the contest, nertz. Hope some more of those tough babies can be heard and then can take it easy.

E/SGT AL MALEY-HIGHLAND FALLS N Y Just rec a nifty air-mail verie in English from CMHB. He is pleased with my report that he is going to run a DA at 2AM Nov 7th with lady announcer, They're on 1410 and verie says 250 w. This will be an opportunity for you lads to verify him. Also veries from WXLQ 50 watts-WKVM-KOMA-KILO-WMSA-WGGA-WJHP letter stating they dont verify outside their normal coverage area, but this is a definite verie-WOAI-KO. KOTA bringing verie total up to 951. Who's this Maguire who says the Red Head verifys only locals-poohey on him and his KINY. Reports out to WLAT-WAAP-KTNM-KFBB-KTBS-WLEE-WDAD-WHNC-HJAN-TIPG-CMW-CMJK-CMCH-CMCK-CMBQ-XESM-XEJP-CMCD-CJEM. (Is that all? Just locals around here)

LEFTY COOPER-BROOKLYN N Y Rpts to CJEM-XESM-CKCH-WALB-WATN. Veries in from KWBR-WENT latter a mimeo letter, total now 1061. For 1st time in my 13 yrs of DXing I hrd a European in early eve-the English on 804 kc. (Its Washford Wales, BBC Home Service with 70KW) Suppose no chance for verie. CBL & WHEB on and another European hrd between them, couldnt make out language, may be Marseille. 10/24 WINK gave CJEM quite a battle and over them at times. They left at 4:06 and someone else, very weak on 1240 kc. CKCH with interesting pro and rec much better than CJEM but with hetrodyne from WXLQ. Also took log on XESM on 1470; 1/28 Hrd WALB, rec with bad hum; WMAJ testing & taking care of WWDC nicely; Glad they finally hit 1450 kc; 10/29 WATN in OK fading, mentioned several of boys names. Those needing WNYC I suggest the AM of Nov 7th, always on election AM with returns. The AM of the 7th might be a good night all over US as election returns will be broadcast by most of the stations. Also suggest watching for Argentina-Venezuela and Brazil while there is Govt trouble there. May have a DX from HOK soon so keep watching. The WXLQ date may be changed also and the CPC boys report many American stations dont even answer their requests for DXes.

GRANT BATSON-WESTFIELD N Y Well move over and make room for me. Up to 24th No DX due to night shift but am tuning up nights on the G.E. First the summer veries from CKRN-CKVD-ZNS, 2nd verie too-out since 11/8/43 and last a beauty from TFJ on SW. 10/24 CJEM 3:4:15 and quite a bit of WINK. CKCH was like a local. 10/28 XERB 2:30-3 s/off; CHUM hrd first day reg sked; KCOK 3:09-3:15; 10/29 WATN 2-2:45 rather bad static but got most dedications; Got my set checked up. Sent TNX cards or letters to all stations who DXed but I couldnt tune in. How about a visit, Gas isnt rationed any more, only let me know in advance. Hrd WABY test at shop on their set, but no WKLA.

SERVICE FUND

Right now before it is again omitted here is the latest on your Members Fund. On hand Oct 13 1945	\$ 5.15	Total	\$ 8.15
Donations Sid Steele	1.00	Renewals of Jack Siringer	
Joe Becker	1.00	Jesse B Strawn-Thomas Grey	6.00
Ray Edge	1.00	Leaving	\$ 2.15
Total	\$ 8.15	Now Nov 1st the renewals of Chuck Bender-Dick Erling and Tom Morrison	6.00
		Leaving us in RED for	\$ 3.85

So how about a little donation from each of your lads that stayed at home, it doesnt have to be a lot, but something anyway. Remember many of our members are still in Service and will be there maybe for some time. They who have done so much for us, should be the receiver of at least their membership renewals from us. So what say, send in a little something to keep this grand fund in order.

STAN MORSS-BRADFORD MASS WATN good here, also CKCH last week. CJEM was weak Did you wide awake boys get CFOR on their test? Was on 10/29 3:30-4 AM. CHUM hrd R-7 on the 25th.

From info received your Foreign BCB Contest will be listed next issue. Hal Wagner had a couple very important things to do, so thats why the delay.
