HEADQUARTERS: 325 SHIRLEY AVENUE, BUFFALO, 15, NEW YORK

JOSEPH J. BECKER, SR., PRESIDENT

RAY B. EDGE, EDITOR

ISSUED WEEKLY---\$2.00 PER YEAR

VOL 13 No 27

March 23 1946

We welcome Jesus Garcia-Arecibo, P.R. as a new member and the renewals of Mrs Jack Wachtel and Joseph J Becker Sr. Thanks, all of you and may the coming summer be a very pleasant one.

### DX CALENDAR

DATE	CALL	LOCATION	KCS	CLUB	TIME	ALL	EST
MAR 29	WATN	Watertown	N.Y. 1240	NRC-ALL	2:00	-	2:30 AM
APR 1	KVAK	Atchinson	Kansas 1450	N R C	4:45	-	5:45 AM
6	CMKY	Puerto Padre	Cuba 1350	ALL-DXers	3:00	-	3:30-4
6	XET	Monterrey, N.L.	Mexico 990	ALL-DXers	4:00	-	5:00 AM
MAY 1	CBL38	Santiago,	Chili 1380	N R C	Time later prob 3-4		

WATN-WATERTOWN N Y Hair we go again, boys and we hope you'll curl up in front of your receiver while Harry 'bobs' up with his monthly 'part' in our DX diggins. So, 'comb( on, friends and WATN will be its 'permanemt wave' of 1240 kcs. Anyway lets be in there this month as on March 1st WATN met with about all the interference possible.

KVAK-ATCHISON, KAN And with this rare catch we have reach the end of our 1945-46 DX Season and it is a fitting close with this program which promises to be one of our best. Harry P Elliott, Chief Engineer of KVAK, recently joined our club, so let us show him real hospitality by storming him with plenty of reports. The channel oughtvto be open all the way for this program and we have a swell opportunity to add another good catch to our logs. Thanks Harry. Arr by EC Cooper at suggestion of Ralph Johanns.

TO ALL, Your CPC Chairman extends his heart-felt thanks for your loyal support to our DX programs. I dont mind saying it took a lot of hard work to get these programs on the air for us and with a badly undermanned staff, it was just that much tougher. I'd like to thank especially these members of the CPC staff who did yeoman work. First Bill Stone, who arranged all those fine Canadian Programs for us, also thank Len Kruse-Al Bartholomew- who went to considerable expense to contact a bunch of South Americans- Dick Cooper-Fred Van Voorhees and Al Maley. Want to also thank Steve Mann for the man sized job he is taking on for next season with our Latin American friends and Walt Bishop who is going to contact several stations in person for DXes. I'dclike to thank Phil Nichols for his swell cooperation in publicizing our tips in the NNRC and I couldnt forget Sid Steele, our hard working Secretary who has written to all free lance DXers whose names have come to me from the various stations DXing for us. A thank you is meriter by Ted Saling, who sent thank yous to every station he couldnt hear, a gesture I wish the rest of the boys would follow as closely as he has done. Dont mis-understand--many thank yous were received and every one was appreciated by the stations and myself. Now during the summer months I plan to draw up a rough draft of next seasons tentative programs, so let me know what stations you want to hear on the air and the CPC willdo its best. I want to thank Ray Sahlbach for his offer to help on CPC next season. I could use some more CPC men. I hope some of you would likecto try your hand at it, its lots of fun and when you get a program, you experience a double thrill; of hearing it and knowing it was through your efforts it was made possible. Must also thank Harry Righter of WATN, an NRCer, for plenty of fun with his swell DXes every month. In conclusion, Thanks all. Hoping our next season will be best of all, with most of boys back home,

	----	Powell River, B C will use this freq instead of 1400 (Lefty)
1540	CMBH	Havana, Cuba is deleted. (Lefty)
	CMCD	Havana, Cuba now here, to increase to 15 KW Uld (Lefty)

STEVE MANN-NEW YORK N Y Rpts sent to VOUS-KXEL-WIAC-KRNT-WJZM-WWDC-WTOP-WTON-WBYN-WLIB-WPAT-WNAB-WNHC-WHTD-WELI. Veries in from WIAC-WWDC-WTOP-WJZM-WLIB all letters except WTOP. WJZM states reg F/C is 21st of month but do not give time. Ernie and I had a tough time with VOUS, but got 2 selections, enough for a verie. Upon rechecking my veries and logs, I find I have 880 veries from 21 countries on BCB. So many new ones have come on in the 3 $\frac{1}{2}$  years since I last tuned that I have plenty to go after. If any members have recent signers of Latin Americans not easily heard on reg sked, would appreciate getting them to me to use in CPC work for next season's Latin American DXes. Any suggestions as to stations to contact that any members have will be appreciated.

S/SGT AL MALEY-HIGHLAND FALLS N Y Veries in from KCOR card, WSTC nice letterhead and AFN-LeHavre-1204 kcs, plain typed card bringing total to 1006. What no Spicks: Mon usually Latin American day here. Finally woke up Dick. Yep and my first African, they definitely verify their 50 KW station operating on 1176 kcs, glad they didnt send SW-BCB letter like some do. Maybe a new Cuban listing soon, it might straighten Lefty out.-Hi.

TIPS and LPO REPORTS

Page 3

RALPH JOHANNIS-BUFFALO N Y WANTED a reliable letter (and card) from for follow ups. (Ok Dickmchance to save face) Rush 50 for me as 68 rpts are still out, dont want any "Bill Stone" reply cards as KCOR has same thing, rec mine 3/16 for 2/2 airmail reply, they even left of Do you test at a certain date? (Stinker) KFFA for 2/2 test. says they got my letter and appreciate my card? and say they were on the air at that time and the Com Mgr enclosed his visiting card (I dont know what to make out of this) I like Fred Bruce of Phila (s letter better as his 1938 table Philco tunes in stations that verify while my 13 tube Silvertone 1937 model ( I use a 100 ft W-E or 120 ft S-N Ant) brings in lately only a "factory rejects" 3 veries in 3 weeks, I guess I'm "Verie Cutted" the Swallows returned to old Capristrano, maybe the veries will follow a good example. Read that BBC starting Sunday 3/24 w will broadcast 3 programs 1/2 hour in Russian and WEBR's 5KW setup is under FCC consideration and CFCO will have a new Xmtr and 3 Ant towers 300 ft high, they still use only 100 watts. Nichols tells me that WPOR is ABC and Keith Field, Mgr and KTMC with C E Wilson, Mgr, also ABE; 4/1 Also that WWV on 2/5-5-10 & 15 mc broadcasts from Europe are not likely to get thru approaching atmospheric trouble, will warn by code letter "W" at the 15 & 45 miute time ann's and if conditions favorable will use code letter - . N instead. Also that new 1550 kc Indianoplis call maybe WABS. CKTS with 1 KW possible 3/26 4/26/ Sure was surprised the way WPOR got by WWDC so good every once in while on 3/19; Bob Dagro ann said also on 3.2Q and possibly go on the air after that reg; 3/18 WHFC test, hope for verie this time; 3/16 KDTH OK here (Len I sneaked off a while to add another call for my KENO rpt so missed your little speeck) KENO was tough but thanks card for KRE that signed off at 3:59 AM. 3/15 WELO for rpt thru 1490 mess also KTMC hrd 3:30-5:30 with a hetrodyne note as company thru out long test thru WMFD-WORD F/C and s/on and it was raining here; Say Harry on WATN 3/39 special play, there's a Tear in my Beer tonight for me and tnx for your letter. To WKRZ Did I send enough for postage for that Verie. 3/20 WBTH tested also WPOR OK till 3:05 s/off. Air noisy lately.

GENE ALLEN-VALLEJO CALIF Recent new stations here are KNET hrd on F/C 2/25 4:38 AM; CMBZ Radio Salas, Havana announced at 12:28 AM on 2/26 on 830 kcs. KWOR hrd on F/C ~~xxx~~ 3:07 on 3/7; WBTM F/C 3/12 5:06; KTMC testing on 1400 4:24 on 3/15, not enough dope for rpt on WBTM on 3/12 only hrd call. Japs hrd from 4-4:40 AM on 3/15 were JOIP or JOCG QRMing WLW on 700; JOCK 1 Noguya 730 kc; JOHK Sendi 770 kc; JOPK Shizioka 780 kc; JOFK Hershima 830; JBCK-1 Seishin ~~xxx~~; 850; JOAK 2 Tokyo 870; JOQK Nugata 920; JOBK 2 Osaho 940; JOSG ~~Mat~~ Matsumoto 960; JODK 2 Seoul Corea over XEK on 970; JOCK 2 Nagoya 990; KSAI on 1010; JONK Nagavo 1040; Rpt to XEX Mexico City ret by Mexican postal authorities forc insufficient address, anyone know?? KPQ good here on recent special, no verie yet. Veries in from KSAI-WJHO-KPOF-KWBU-KORE-KXFJ-KYCA-XET-WAGC-WNEW-WHIZ-WWSW-WMAZ. Glad to see a member of the club from Atchison, Kansas. Harry P Elliott Jr and special from KVAK 4/1. Was born and raised 7 miles ~~xxxx~~ north of Atchison at Boniphan and started DXing there about 1 mile from Muddy Missouri River 1923-24. Have wished for long time for a special from KVAK and hope conditions are OK.

BILL STONE-TORONTO ONT All tests unless specified; 3/11 WTON s/on 1:32; WNVA nor new one s/on 1:45-s/off 2:25; 3:15-3:30-KOCA very HNL; 3/12 WIBA 1:35-1:55-WJEJ; KGGM s/of at 3AM; still HNL 3/13 WMOX 2:05; WMCA 2:08-2:40 WEOA; WGKV at 4-so no KWOR, carrier hrd behind WMRN but no ann got thru; 3/14 1340 a mess-distortion aplenty, cant make out anything; 3/15-17 no DX under Doc-full of dope/infected hand, sorry Len & Phil but was necessary-thought I was going to lose out for awhile; 3/18 Spick test on 1190-very HNL, could not identify thru static-back to bed at 2:30-6:30-WHDH riding high (thanks Ralphie-Sully tells me KFXJ tests 1st SUN 1-2 AM-lots need em; New Mex on 730, tnx he said XEX but cannot say for sure-tab. Morss/McLeod can you help me with s/ons and offs of WMUR-WHEB please. Carrier hrd often on 1070 kc watch for CHOK. Veries 1002.

TIPS and LPO REPORTS

March 23 1946

LEN KRUSE-DUBUQUE IA Anxiously awaiting the reports on the recent KDTH-DX program, wondering how many DXers heard my little speech on that DX. The DX from KWOR on 3/13 came in good, also hrd several other mornings at 5:30 AM testing. Then on 3/15 KTMC, new McAlester, Okla station hrd with equipt test 5:30-~~3~~%;%0 AM for a new one in my log. Among my recent veries were KXLA WRLD-KDFN by I E Shahan, nice verie card from KCOR by Kenneth R Hyman, eng; KRJF by I A Elliott, CE. Havent been fortunate in hearing the 2 new Virginia stations WNVA-WTON. But havent given up. From recent bulletins it looks like WPAT presented every DXer with a Varga Calendar even tho their recent letter stated only first 10 farthest would receive same. Like other DXers I too have many rpts out including KANS-WELO-WLOF-WKBV-KTBC-WCOA-WHIT-KID-KSMA-CMHK-KNOB-WGTC-WSMB-KDRO-KGAK-KONP-WCMA-WTMA-WFEB-WKRZ-KWOR-KTMC.

PHIL NICHOLS-E HARTFORD CONN Veries in since last rpt include WMOX letter-CHAB letter-CMKY swell letter in English and Spanish, envelope covered with stamps-KBNE printed form, same size as long envelope-XEX the new one on 730 kc used XEW card, must be owned by XEW-UNR Algiers, swell letter from Eileen with sked-WTON and WNVA both very fine letters; Grand total now 1287 with some 30 still out so looks easy for 1300 and better. Got WNVA easily Mon 3/11 very good sig and verie back already; Sat AM much to my surprise heard KENO, also from 3:15-~~3~~:29 but didnt get much actual dope outside of times etc of announcements and numbers, static terrible, steady roar- Got KDTH fair thru static; TO MALEY I have EAJ8 but NOT Sottens as yet so cheer up; TO LEFTY No I never did verify WSRR curses. TO SETH swell work on that poem, enjoyed it a lot, thinking of having it framed, would you care to send me an original copy with your sig-Hi. VOUS unable to hear due to heavy buzz, my pet local peeve. Was that Kruse on KDTH?? Static prevented me from being sure. CHAB can be hrd MON AMs 1-1:35 or so when s/off if you can get them thru XELO-Hi. KBNE say in their verie they now test after 1 AM TUESDAYS, instead of MONs, must be a sudden change. Hope every one got them. Rpted KENO on NNRC DX as they have a beautiful envelope with large color picture on it, well worth having as well as their verie. If they verify me it will clean up Nevada again except for ELY, "KELN". Congrats to Bartholomew on that swell Prague verie, only hope I get Bratislava back. Agree with him on EAJ8 verie being a perfect one from all points, freq-power-time-date all given besides definite verie. Wrote back a tnx note. Incidentally KENO ran 15 min extra at my request so as to be in clear in case KRE didnt s-off.

JOE ENZ-BROOKLYN N Y DX not too bad lately, veries on FCC tests in lately are KROD-KXEL-WLAG-WBML-WMOX-WATN. Rpts still out to KCOR-VOUS-CJOR-WJMC. Unidentified station on 1450 kcs MON 3/10 3:45 AM and gave call and did not get this, mentioned location, Nashville Tenn, not in log book so sent letter to Nashville, C og C. KSMA 3/3 good at 2:45 AM blotted out by WASK-WAGC at 3 AM. VOUS weak on 1480 kcs, spotty motor boat carrier sounded like 2 at mike, fading badly. Someone on 600 kcs hrd one selection, hope this was CJOR, DX punk that AM. Also hrd WCMA on 2/27; WSRR on 1400 kcs changed call 3/6 to WSCT, this is daytime station here, got verie back saying mine is first verification on new call. Also got Varga Claendar from WPAT. Sent tnx cards to KGER-WFBL-WCPO. WCPO sent verie. Someone on 1490 kc on 3/13 not sure it was KWOR, nothing definite. Veries now total 623.

JESSE STRAWN-HOLTON KANSAS DX dead here but new veries are CKGB-KDFN-KOKO-KBNE-KNOW-CJRL-KNAK-KWRC-KILO & Armed Forces Station in Canal Zone to make veries total 396. Sent only 19 rpts out since being discharged but 18 have verified which is really an average. Sure hope to meet some of you boys this summer and fall. Went to McGowans Umpire School last month and will work in the North Atlantic league in Penn-N.Y. this summer, so give me a hello if you see me. How I'd like to do the calling on Lefty's Dodgers-Hi. Well only new stations hrd here are WMLT, and tnx to Pop for info on KSAI. The totals now are 865 heard, 396 verified. (OK Jesse, maybe some day you will be in there with those BUMS. If so look out for Lefty, if you call a wrong one.)

March 23 1946

TIPS and LPO REPORTS

Page 5

NOTICE: Regret that I will be unable to answer further requests for our BCB list at least for time being as our supply of books has been exhausted. Owing to our recent transfer from FCC to the War Dept the classification of new books in this series is still hanging fire and cant predict whether new books will be released or not. The Military Intelligence Division for whom we now work is not used to handing out information-Hi. But if possible will try to get matter clarified soon. By the way, there have been a great many changes since that Sept 1st book and it should be used carefully. Regards, signed Norman Kriebel. (OK Norm and thanks-Pop)

BOB DUGGAN-MACON GA Veries from KROD-WMCA-WMOX-CMHW-CMHI-CMKV and the RHC xmtr on 720. Apts out to CMKO-WNOE-WNVA-WWSR-CMCB. Airmail letter from CMHW asks for rpts-QRA Evelio E Perez, Admtr; Parque Vidal No 5; Apartado 276, Santa Clara. Their sked 8AM-11PM. Airmail from Pres-RHC-Cadena Azul says he will advise me of call of the 720 xmtr when he is notified through the RHC Technical Dept.

DAVE THOMAS-PROCTORVILLE O Agree with Brauner about WEXL, seems like when they have been asked to stand by they try themselves-in fact during the stand by hour they do not even give a pause between records like they do at any other time. Check this a few times and verify for yourselves. Think its a mistake to even ask them. To MANN Whats your QRA now??, never heard a line from my rpt to YV6RE. (447 E 57th St Apt 5-W New York 22, N.Y.) To BATSON I too received a verie from station on 1580 kcs a nice one and letter and part of it too was strictly confidential so did not feel that the location or details should be given. Uses same tube line up as WUMS except has push pull in final for 8 watts over our 5 and we been heard verified over area 30 states inc NH-Vt-Mass.

MRS JACK WACHTEL-CEDAR RAPIDS IA Have enjoyed the bulletins very much and also the many DX specials arranged by the CPC so would like to express my appreciation to the CPC for these fine programs arranged by them. Reception hasnt been any good of late, very noisy most of the time. Have reported 69 stations so far this season with 55 of them verifying so far, some only reported recently. (T,anks for the kind words and believe it or not you didnt do bad at all, I only landed 44 new ones this season-Pop)

FRAN GMEINER ??? Just a few lines to let you boys know that I'm on my way home. It'll be rather difficult to get mail from now on so do not send any. Right now I'm with the 330th infantry reg but we dont expect to be here more than a couple days, weather is cold and rather snowy. Regards to all.

JAMES C KAUER, ETM 3/C Well I have been transferred doen here and will be WARD 15-B U S N H here about 4 or 5 months according to rumor. Most DUBLIN GA of the fellows are from Great Lakes, were either in school or in Boot Camp when they got sick. After I've been here a couple months will be able to look over the vicinity. This place is pretty isolated and there isnt much around here. About the only bc stations that can be heard in daytime is WMLT in Dublin, altho Macon is only 52 miles away WMAZ doesnt come in. Of course this is a steel bldg and radio reception isnt so good. Going to try to get an Echophone ECLA or something similar and putvup an outside antenna if I can. Letter received from Morrison and said he was on his way to west coast and probably would soon be in Japan. (Guess he has left Jim as his bulletin was ret and have no other QRA-Pop)

HAL WAGNER-N GIRARD PA No luck here on KWOR if they were on and imagine you will know in next bulletin, will send tnx card, someone was behind WWRN-WGKV but couldntvtell who. Verie from Canal Zone, their QRA now is War Dept HQ Panama Canal Dept, Office of the Dept Spec Service; APO 825 % P, M, New Orleans. Sked 5:30 AM to 7AM and 10 AM-11:05PM. This summer weather sure brought summer static, has been so bad even WLWs quality was ruined by it. Naturally no DX. Looks as if I will be going back to work, figured I would get my spring plowing done. (OK Hal, no DX here either to speak of-Pop)

NATIONAL RADIO CLUB DX NEWS

Page 6

TIPS and LPO REPORTS

March 23 1946

LEFTY COOPER-BROOKLYN N Y Rpts to WGKV-WNEX-KDTH. Veries in from WAGC-WTON and KCOR and I'm over my goal of 1100 having hit 1101 now. KCOR verie a car that some one may have printed and sent to them for signature as on lower left hand corner are the printed words "Do you test as a certain date" Its made out to me however. No test time is indicated. 2/13 Up to try for KWOR which was evidently not on. (Oh Yey, guess they were Lefty-Pop) WGKV was however on this month, after not having shown up for last 2 months and a most uninteresting test program of a tone whistle but it was welcome none the less as its a new one for me. 3/16 The Scott was not working right and I could just about get KDTH over noisy rumble coming thru the speaker. Sorry Len; 3/17 Seems every SUN is awful for reception. Retired and tuned for WNEX and got something on them for rpt at 6AM. Could not hear WRLD on 1490-just WJBK. Going to prepare a list of our DXes with number of reporters to each, number of NRC to each in very near future. All in all its been a swell season in spite of predominately poor reception most of the tipe. Best catches were WXLQ-VOUS (Where was Pop on this one??) WPAT sent me all the rpts they received on their DX asking me to determine the winner of the \$1.00. Without a map its impossible but its one of these three- Mrs Wachtel-Eldon Addy or Bob Duggan. Have asked Fred VV to let me know. To Frank Susoreny up in Greenland-Did you verify WXLQ on that DX, if so you are the winner of that \$1.00 prize. WLAC which said tested 3/9 1:00-1:15 should have been WREC on 600 kcs. Has swell visit last Monday from Roger Legge who is now in our neighborhood giving us quite a gang around these parts. I still want to meet Joe Enz and Elwood Borowski-any night boys- just let me know in advance so I'll be here.

GRANT BATSON-WESTFIELD N Y Rpts very scarce due to heavy static. No KWOR so sent tnx card. Waiting for KWOR logged WGKV 4-4:15 for a new one for the contest. 3/16 No KENO but did get KDTH on special thru awful static. Veries coming along better-WMOX-ZFRS on 790 kc-WENT-KCOR-KVOD-WKY letter with swell EKKO stamp. Veries now seem to be from 6 weeks to 2 months and over coming, just so they come is all I care. How come Lefty-Bartholomew & myself the only ones to log VOUS. Hope KUJ comes back.

PAT REILLEY-JAMESTOWN N Y Why not have the navy shut this lousy static up in a bukkhead of one of the ships to be Atom bombed? Static has been very bad for 2xweeks; 3/12 KSJB from Mdt-3AM CST as announced; 3/13 To noisy for locals; 3/14 KFGQ off at 3, very noisy here; 3/15 Raining and noisy but did hear KTMC in McAlester on equipt test; KYUM 3:50-4 with Spanish selections, who was the Spanish on 1310 who mentioned Valencia ofetn??? 3/16 KDTH on DX for us and Len Kruse spoke but noise level almost as strong as signals today; 3/17 Wife came home and did not DX; 3/18 Too noisy to hear locals here. To all the members, lets all vote this year, make it 100 percent. New veries are WMOX-WJPA-WHNC-KSAI.

STAN MORSS-BRADFORD MASS. 3/9 Veries from WGOV-WGCM on follow ups. Received very nice list of stations ~~xxxx~~ by freq USA only. lists actual xmtr locatic CPs DAs along with usual items found in a log. Been trying out my S-39 and it has some weak spots. Goes very poor inside a car and the 10 meter band is dead all the time anywhere out doors with the telescope areial out it works like a charm. CBM comes in at noon like a local with someone possibly WMAZ very weak just the same all over the dial with 4 or 5 on each local channel coming in loud. No time for real DX as weather is clearing up and spring work begun, so only one or two more rpts. (1st Class postage OK yet)

AL BARTHOLOMEW-CORNING N Y Had touch of grippe past few days so didnt DX. Couple veries back, KCOR with nice card, orange background with call in black letters-AFN Munich on 1249 in just 40 days with one of most attractive letter head veries of season. My rpt was 1st from interior of our state altho several had been rec from costal cities. Heading at botton of letter "Most powerful Armed Forces Radio Station in the World" verie by ret mail from WNVA a letter. 3/19 Hrd WPOR test 3AM on. WJOL caught test 3:06-3:10/.
