ISSUED WEEKLY—\$2.50 PER YEAR

Volume 315 - Number #19 November 23, 1947

Renewals this week are in from Art Foerster, John Curgan, Hank Wilkinson, and Don Reynolds. Thank you, gentlemen, and many happy hours of DXing.

DX CALENDAR.

WRINKLES FOR THIS WEEK'S PROGRAMS ARE ON PAGE 4, AS USUAL.

NNRC advises us there was an error in listing WORG and WONG on the DX Calendar. Those times and dates were requested, but not confirmed as yet. We suggest, however, that you look for them - WORG, 145, on Dec. 1, 3:30-4:30; and WONG on Dec. 15, 3:30-5:00, on 640 kc/s. Note also above on VP4RD. These are correct - we had an error in here last week - sorry. Please report to all programs, or send thanks when you're unsuccessful.

KOIT - SANTA BARBARA, CALIF. - 1250 11/25 - 3:00-4:00.

Here is a new station which many of us tried for many times, and here comes a great opportunity to hear them with no interference. KOIT was once old KCI, and now, using 1,000 watts, is a much stronger signal. There should be no other stations on to bother them on this special program, so let us all be sure that we are in tune with KOIT. We wish to express our thanks to Mr. Roy Cummings, Advertising Manager of KOIT for his courtesy in agreeing to this DX program and send your reports to Mr. Cummings. This program was arranged for the two clubs by the NNEC.

XEAX - SANTA BARBARA, CALIF. - 1250 11/26 - 4:00-5:00.

Here is a Mexican State few of us have heard. Originally scheduled for last month, XEAX graciously agreed to postpone their program until this date. Their letter-head is a knock-out and their very friendly letter in Spanish says that they will be honored and pleased to put on a musical program for the DXers. The channel should be clear all the way for XEAX, so don't forget to tune in. Send an International Reply Coupon with your report, and here is the address: Mr. Lina Curiel S., Director-Gerente - Emisora XEAX - "La Voz de Nayarit desde Tepic," Apartado Postal #58 - Tepic, Nayarit, Mexico. We thank Mr. Curiel for this honor awarded us. Program was arranged by Lefty Cooper.

WFBK - SANTA BARBARA, CALIF. - 1250 11/29 - 3:00-4:00.

Another California program. WFBK, and this one starts a series of times to emanate from Santa Barbara. Telephone number for the program is Santa Barbara 3-4131. General Manager Charles W. Storke OKed this program, and the Chief Engineer, Mr. Al Nicolay, will be looking for your phone calls and reports, so send them to him. Kenny Albrecht arranged this program for the two clubs, and if he possible he might be on the air on this station. 1250 should be clear coast to coast, so all should hear them. Our thanks to Mr. Storke and Mr. Nicolay for this special honor.

WFAK - CHARLESTON, S. C. - 980 11/28 - 3:30-4:00.

Another "sursine" station will be honoring our clubs, and WFAK will be on for us at this time. Look for trouble from the French Hill-Builders on CKAS, but WFAK should be a snap for all of us with their non-directional 1,000 watts. WFAK is quite excited about this program, and they want the reports to roll in, so what say? Mr. C. J. Modlin Chief Engineer will verify your correct reports, and send him those letters. This program was arranged by the NNEC for our two clubs. Thank you Mr. Modlin! Good reception!

KQB - SANTA BARBARA, CALIF. - 1250 11/28 - 3:00-4:00.

One of radio's older stations, KQB, is continuing "Santa Barbara Week-end" with this one-hour DX program, part of which will be devoted to their regular frequency check. KQB, unfortunately, will not have that desired clear channel for their program, with the all-nighters, WJNK Detroit, and WWSW Pittsburgh, sounding away. KQB will be a real DX catch for us, so let us be there to try. Phone is Santa Barbara 4131. We thank Mr. Forrest Gayle, C.E. for this program, and his your reports. Arr! Ken Albrecht.

11/30 - 5:00-6:00 AM. VFAN - ROY OF SPAIN, TRINIDAD - 1695, 2625 12/1 - 3:30-4:30.

Two programs for us, boys, from a very very rare catch indeed. Note time is different on the two days - 5-6 AM Sunday and 3:30-4:30 on Monday, EST. Many of us have never heard Trinidad, so here is a great chance to log another country for our logs. Operating on a split channel, VFAN, "Radio Trinidad", should be heard extensively. Here is the address: Mr. William Harding, General Manager, 11-E Maraval Road Port of Spain, Trinidad. Yes, it's two separate shows, so if you fail Sunday, be sure to try again on Monday. Thanks to the NNEC and to VFAN for this grand chance of logging a tough one.

KIST - SANTA BARBARA, CALIF. - 1250 11/30 - 3:00-4:00

"Radio-Kwood" this station calls itself, and here is hoping that they will come through for us, even though, like KQB, their channel will not be open. WJNK and WWSW will be blasting away as usual, but if this station gets through these stations, you will again have caught a well catch. The telephone here is Santa Barbara 3961 and send your reports to Mr. William Fickering, Chief Engineer. Miss Mary Ann Casey, Program Director OKed the DX program, arranged by Ken Albrecht. We thank KIST for this honor.

WAFM - WATERGOWN, NEW YORK - 1290 11/29 - 2:00-on.

Harry Richter's interesting programs occur each 29th at this time, and if you'd like a selection played for you, drop Harry a card now, and you'll hear it, that is, unless WEDC, near all-nighter on 1290, is too strong. In the East, at any rate, WAFM should reign supreme, and let us hope so, so that we might continue to keep our dates with Harry

DX DOWN THE DIAL

SEND TIPS TO VINCENT C. STASEN*5347 PRISCILLA ST., PHILADELPHIA 44, Pa.

550 KFRM Concordia, Kans. testing with good sigs. 11/9 (R. ANDERSON, Penna.)

- WPVA Chester, Pa. s/on week days at 6am (LEFTY)
- WAKR Akron, Ohio also on at 6am (LEFTY)
- 1600 WHRV Ann Arbor, Mich. hrd evenings along with WAPX WFRG WKWF
 WBAT (DICK COOPER)
- WFRG Riedsville, N.C. F/c 11/17 4:20-4:40am (M/Sgt. Anderson)
- 1540 ZNS Nassau, Bahamas in clear at nites in the east (REILLY)

That is the works. Spent am of 11/16 at Lansdale with Dick Daneker of the NNRC. Dx??? What is that?? We didn't hear a thing! Weak signal on 730 must of been CKAC but we never did get call letters. Oh yes, did hear CKVL.... Back home at 5:30 Pm. Roughly 40 hours without sleep... So hit the sack at 8Pm Sun. nite and got up at 6am for work..73's VCS.

Sorry boys that this bulletin is late but something happened to Stasen's stencils. He mailed them on usual Wednesday but they did not arrive here until Friday. So the pages are mixed up a little and all of you can number these 4-A and 4-B. So on to a little more info.

- 680 KPO San Francisco, Call, better get this one quick as they are to change to KNBC SOON. (Edge)
- 1190 KGYW Vallejo, Cal will test 11/20-26 from 4-9 AM EST. (Gene Allen)
- 1230 WNMB No. Adams, Mass has been on last few AMS testing. (Johannis-Edge)
- 1280 WVET Rochester, NY will start 11/22 at 5:58-15 AM-1AM daily and from 7AM-1PM Sundays. info from Erwin Dykes to Johannis. QRA is 205 Granite Bldg. Dedicatory program Sun 11/23. (Johannis)
- 1320 KWHN Ft Smith, Ark F/C 2nd & 4th MON 3-3:15 AM EST Frank A Tate eng. QRA P.O. Box 799. (Johannis)
- 1490 WKLV Blackstone, Va F/C 21st EV Month at 1:30 AM (Johannis)
- 1440 KJAY Topeka, Kan caught testing 11/21 and S/off 3:54 AM (Johannis-Edge)

A note from Lefty says that regarding the DX from "KIST" that you send your reports just to the Chief Engineer. Mr. William Pickering whose name was listed is no longer with that station.

RAY EDGE-BUFFALO NY Well had a swell trip to Kittanning over last week end. No DX of course but it was good to visit the Cooper family again who are always swell Hosts. Upon returning home found 5 veries left in the mail Saturday. Letters from KABC-WBBO-WDSG-WKIC and card from KECK. Then no more veries till Thursday when a letter came from WMMT. Total now 1244. Still plenty of reports out, and veries slow coming back. REMEMBER REPORT FORMS 75¢ Per 100; LETTER HEADS .65¢ per 100. ALSO ART'S LOG.

NEWSINGS OF THE WEEKGeorge Holdrege - Plymouth, Ind.

Hi, fellow DXers - this is the Ithaca, N.Y., DXer, temporarily shifted to Plymouth, Ind. and really raving about DX in the central states. That 500 miles shure makes some difference! This is my first report in about three months to NRC. After 18 years of DXing, I have just logged not only my first Hawaiian, but my first TWO Hawaiians, KGMB & KPOA. The thrills of the hobby are still present, even after 18 years at it. 3:00 AM brings both of these stations in the clear. KNEC, 940, is in the clear at 1 AM. KTMS, 1250, has been logged through some interference also at 1 AM. CKBY, 900, clear Sunday 2:00-2:30 AM, s/off at 2:30. KHSL, 1290, clear from 3:00 to 4:00 AM, signing off, possibly sooner. TIFG, 625, broadcasts a Hit Parade transcription Sunday evenings, 8:00-8:30 p.m. KROP, 1300, & KPRC, 1440, clear 3:00 to 4:00 a.m., with platter program originating at ZPRO. Reports sent out since becoming a Hoosier are as follows: KIOU KWBR WVUN KWVW ZPRO WAJT WFWW WLDW WFTB KROP WESA WINS KQWC WRFD TIFG KRCD KSTO WKEZ KANE KHSL KLAC WMBM WFOK KQW KFRM KPOA WKLY KXLA KGMB WVLK KTKC KTMS CKBT. Verified log stands now at 725, with 60 reports out. I hope to hit up around 850 or 900 before I return to Ithaca in March. Note on delinquent stations: Reported EARL May 2, with follow-ups June 16, July 19, August 17, and Sept. 20. Letter received Sept. 26 with no explanation. WLLQ is getting around now. Reported them March 17, with follow-ups June 16, July 19, and August 17, cards received August 21, plus two more cards October 25. I would like to ask: WCAZ - 990: out since 6/24, KFWO, 1240, out since 6/26; KIST, 1040, out since last March, and all the high-power TI calls in Costa Rica, all out since last March. I think that about catches me up to date. Will certainly try to get an occasional report in more often than in the past. (Thank, George - we'll be watching for 'em)

Stan Morse - Bradford, Mass.

Nov. 3 - WVIN at 2:00. WESA ET at 2:12. KGR tough here - KCEC covered till 3:00, then French station on 1343 nearly ruined him for rest of show. Some one on 1280, got a couple of selections, no identification, though. WERI testing on 850. Veries from KWVL WRFD WVJS WARC. Nov. 4 - Hawaiians fair, with KULA KPOA KWHI & KGMB heard. KFRM carrier fouled KWMI up. ZLAC OK on special. Record album from WFGI received, and sent them a thank-you letter. Nov. 5 - WKBN & WPPA for new ones with Election returns. WCLE very tough for short report. WCAE at 2:30 with Election, also on with returns were WSPR, hrd 2:30; WFAA, heard at 2:31; WORK heard at 2:55; WPAM at 3:00. VTTM at s/off, 3:05, WHBC 3:15, WARD at 3:20. KLIF, DALLAS, ET at 3:50, on 1190. WTRC f/c at 4:20. Verie from WTRC. Nov. 6 - WEAU at 2:30 with special program. WJPO ET at 3:00. KDSH f/c at 3:15. WVOK f/c 3:24. WHCC at 3:32. WBTM at 3:43, on 1330. WRLO at 3:55 s/e. WKCT at 3:58. An un-identified station behind WCPO & WITH with Ray Acuff records, very few announcements. Nov. 7 - WCNC test at 2:10. WKJC ET at 2:15. WNOX on with Election returns. KWEM test at 2:35. WIMS f/c at 3:15. Veries from WGVK & WVOK, by A. Brohlich who signed my follow-up in red pencil. Brohlich is selling out as soon as FCC OKs sale so those who have old reports, BETTER GET 'EM IN QUICK! Nov. 8 - WMIX f/c 2:08. WBSU test 2:15. WVLK at 2:45. Toulouse on 913 at 3:00. KEIP at 3:15. KRCT f/c 3:20. WJPO at 3:28. WMBR at 4:00. Veries from WKCT & WATN. Nov. 9 - WKLY good on special. KECK on with Food Collection show. After 5 years, Emil finally made it back from Denmark (Oh Stan! -Ed.) and the Midnight Flyers of WEDS were heard again, growl! I guess 1240 is plugged up for good now, as WEDC is in a bigger city than WTIP or WWVB were.

Joe Branner - Williamsville, N.Y.

Not much to report this week. New stations this week have been: 11/5, WKOW testing, 11/7, WVJS & WLPO on ETs, & WIAM signing on at 6:00 a.m., and heard weakly through WBIG before WVOK came on. 11/9 - WPGH & KIOU heard on regular schedule. 11/9 - KFDI on a test, and WADR heard on regular hours at 4:30 p.m. Veries this week were letters from WKCT WWOL WMBR KWVL WIMS WERT (KSTB) KTEL WVUN, and a second, unrequested and very definite letter from WBS.

Elmer Wokaty - Cleveland Heights, Ohio

Hope this letter finds you well & enjoying some good DX. I have been having some fair luck here. Since 9/1, I have reports to 129 stations & have 64 back with 65 still out. Started this season with verie total of 935 & just passed 1000 this week. Some of the better ones back already are KUEC KSTB WBS, still out are such as KRAL KWAK KSCW KODY KVI KVAN CJOR, etc. Hrd KLIF on with its final test this AM, announcer said formal opening at 12:50 Sun. Anybody rec'd a verie from KSON yet? They're here every AM!

History of the Members.Ian Krause - Dubuque, Iowa.

Brrrr! It's getting cold out here in the "tall corn country" but that makes DXing good. The past week have added a few more to my ever-growing DX log, namely KSCJ (1080) Santa Cruz, Calif., with ET on 11/3 at 4:15 a.m., at same time WEFU was testing for another new one. Station KIPR heard on regular schedule 6:00-6:30 p.m., on 11/5, interfered with by WRVA. Two logged on 11/9. WFTC with ET on all AM, asking for reports, and then KPFT logged with r/c 5:45-6:00 a.m. in the clear. On 11/9, the WKLY special DX came in good with KWFB in the background from 3:30 to 4:15 a.m. KFRM, Concordia, Kansas, (550) heard with PT 3:29-4:00 a.m., while KFOA heard with its regular programs. Two more ETs heard this AM were WVLK 5:00-5:20 AM, and KFTF, Wichita Falls, Texas, 5:05-5:35. All three Odessa, Texas stations were on all morning of 11/9 appealing for canned milk for "The Peace Train." KECK was best of the three. Looks like another all-nighter, namely WENC, Chicago, with the "Midnight Flyers", a program many will recall several years ago. Latest veries received were WBRC KVEB WKON KWVL KFOA on DX, KWHL WHOO KBYE KTLI WVLN WKOT WBSY. Now on the air: KFTF KFRM WFLZ WKJG YTBZ XEPO.

"Pat" Reilly - Jamestown, N. Y.

New veries are KRPL WWOL WKAP WVLN WBBG WKOT. New ones heard are. WBMS WLPO WKOW WVLK KECK KRIG. 11/3. No DX. snapped off alarm in my sleep. 11/4 - Bad joises, no KIAC, beep cause of the locals. TT on 1470 at 3:40, not WJOO though, KIOD off test at 3:15, WBML on ET at 3:20, WLAG on ET at 7:27, 11/5 - No DX. 11/6 - No DX, am trying to break up a bad cold. Heard WBMS s/off at 4:30 p.m. 11/7 - WLPO at 4:23, WKOW at 4:34 for 2 new ones, WORX on f/c and off at 4:11. A strong carrier drowning out WESA, 3:17 to 4:01, no call given. Very noisy today. 11/8 - up, but too noisy and back to bed. Paul R. Huddleston, General Manager of WKOT said letters from N.R.C. members are welcomed and will verify them. WBBG certainly has a nice letterhead. 11/9 very noisy, up too late to hear WKLY, although TT was on 930 until after 3:00, WVLK at 5:13, KECK at 5:26, KRIG at 5:44 for 3 new ones. One of the noisiest weeks for reception in a long time. Say, Lefty, can't you and I get a shock maker to make us alarms like a farebell? I've half awakened, re-set the alarm and then I believe I go back to sleep as I don't remember re-setting the alarm some days, Hi Hi. Good DX & cheerio. Bulletin has been swell lately, and newsy. (Thanks, Pat - Ed.)

Grant Eaton, Westfield, N. Y.

Long time no report, but here goes! Think the last one was 8/4. Since then reports to WFLO EGBC WIOM WGWC WMIX WJLY (on the AM of the Convention Sunday) WTCB WFRG WINS on 10/31 WVLN 11/1. KEER 11/3 3:00-4:00 AM, the best-heard California DX, also enough of KPOX for a fair report, though static was bad for that one. 11/4 - KIAC 4:10-4:58 till s/on of Eastern station. 11/5 - WGLN poorly heard, due to QRM from KFO, though a meager report sent. 11/6 - WKIV on 1490 plowed through at 5:00 a.m., to 5:20. 11/8 - WKOT on 930 for new one, thanks to Pop's tip. Also WLPO on 1220 Kof's. Testing 4:28-4:32. A short report of 4 minutes but may not a verie. Missed WKOW on 1070 when I thought it was KIX, grrr. WJLY like a ton of bricks till snow furries caused bad QRM, some QRM from California. Sure had a grand time at the Convention, with a swell bunch. Missed all the DX programs up to Oct. 27 due to 12-hour night shifts. Couldn't hear KFRB due to QRM and static. KTKW no go - static bad, and so gave up. KFRV missed, due to bad conditions. Guess WBYB was not on. KFTD DX not heard, due to bad QRM. I spent a whole evening sending TXK cards to all stations not heard due to night shift, or because they couldn't be heard. Veries received are slow. Since 8/4 - WFLO WISK WJPM WIOM WRWC WADE WEM WKYI WFTC WMIX WINS WJIM WBBG & KFTF, the last two reported in February this year. The old log now stands at 1074, with hopes for 1000 by Dad. I... enough reports out to make it. Very sorry to learn of Dave Thomas' great loss. 11/8 & 11/9 West Coasters really good, with KPOX pounding in Q:R9, on the 8-40. I forgot to mention I didn't quite DX at all, in checking the log got at least a report every month.

Sully Sullivan - Pittsburgh, Penna.

Have done some DX but not as much as I would like to do. Have veries are in from WWST wmix warc wrcd wrcz karn wagi wms kwca wloa wlag (Excuse small letters, Sully - Ed.) KLOU and maybe a few more. Reports are out to WJIM WJVI WFSB WORX WARD WHRN WVOB WTRR and a few others. Aside to Reilly - "I'd like to know how you achieve all these fine veries on a dinky radio!" When Dick C. & I dropped Pat at his home on way from Convention, his radio wouldn't work, & I promised I'd rescue him, thus, the dirty dig.

Changes in Station Data.

NEW STATIONS

550	Tala, Jalisco, Mexico	150 U1	1240	Jasper, Texas	250 U1
590	Dothan, Alabama	1,000 D		Empalme, Sonora, Mexico	500-250 U1

LOCATION CHANGES

740	WIBS	San Juan, Puerto Rico,	from Santurce.
1190	KLIF	Dallas, Texas,	from Oak Cliff (from reports by Tuffy and Kruse)
1230	WCNE	Quincy, Florida,	from Quincy, Illinois. (It was right the first time!)
1270	YEAZ	Tijuana, Baja California,	from Ensenada, Baja California.

FREQUENCY CHANNELS

1320	WKIX	Columbia, South Carolina,	from 1490 Kc/s.
------	------	---------------------------	-----------------

HOURS CHANGE

850	WEEU	Reading, Pennsylvania,	to Unlimited, 1,000 U2, from daytime, non-directional.
-----	------	------------------------	--

POWER CHANGES

860	WOAY	Oak Hill, West Virginia,	1,000 D, from 250 D.
1280	WKST	New Castle, Pennsylvania,	5,000 U2, from 1,000 U2.
1320	WKIX	Columbia, South Carolina,	1,000-500, U2, from 250 U1 on 1490.

EX CONFESIT. To those who entered the contest - please give Tom Carberry a break by sending in your lists of eligible veries often - not just in time to make the issue of the second Saturday, thus helping the work on him all at once. Remember - send them in now, to Tom Carberry, 22 Louvaine Drive, Kermore 17, New York.

HEARD*VERIFIED LIST. In our December 6 issue, as in the issue of the first Saturday of every month, this list, edited by Frank Wheeler, will again appear. Send Frank the number of Heard and Verified stations now - do not send them to your Editor, please - but directly to Frank Wheeler, care of P. J. Schwartz, R.D. #1 - Erie, Pennsylvania.

REMEMBER THAT TUESDAYS OF EVERY WEEK ARE THE DEAD-LINES FOR BOTH EDITORS. TUESDAYS!

Lossing of theJ. Warren Bouzahan - York, Penna.

Back sooner than I expected with a report but there are so many new stations on that I needed, they accumulate rather fast. Usually I DX more toward the end of the season but this year I may taper off early if I run short of spare time. I'm expecting to start on a Television Course in a month or so, possibly after Christmas, then I'm afraid DXing will have to be very much of a side line. Hope to get after the specials at least. SWell to get on with the report, since last one I logged WTRB WIXY WVJS WHIR WERC WION WJNS WKOT WQMO WVLN WESA WKOW WBBC KEAR KJJP KELE WLPO WORR KVRG WKLY KRIG WARG KNRJ WERJ WKAI WJWC WJOL KEMJ WJFP. Verics were received from WIAQ WJIX WJBM KENT KOLE WPCR WVOX WJON WJRL WJIS WERC WESA WQMD WVLN WKOW WBBC WKOT KIAR KGRJ WJWB WSWN WLPO WJNS. Was ~~surprised~~ surprised to hear KEAR Nov. 2nd and got veric by Nov. 10. Best 2:30 to 3:30 but will come in all AM when reception is right. Has been busy here so far, but believe static is about to let up for the winter. WVJN, WJOW & WESA were all testing Nov. 2. Couldn't do anything with KLAG on DX, poor end of the dial on my set. WJRK had Election returns all night Nov. 5. KFCA & WJLY programs were good here. Logged most the other stations from the f/c list and Vince's Column. Sure appreciate them! (Thanks, Warren - Ed.)

Roger Anderson - Grove City, Pa.

It seems that I have been out of DXing for 2 weeks up until last Saturday. I traded my Hallicrafters S-38 in on a new SX-43 at a handsome profit. The new receiver is a honey with super-daytime and night-time coverage. The only trouble is that here at school I have a horizontal antenna beamed directly at New Orleans and Mexico City. The result is that the far west and the north-west are at a minimum. Since last writing, I've received verics from CKVL XEEM XEW WJBS WPAB KENT WESC WOXB WJOL WKIX WFNS WADE WRRZ WHNC WJHL WJLS WJAK WJHL WJBL. Received swell cards from CKVL XEEM XEW WKNB & WRRZ. The CE at WJHL sent a long and very interesting letter. I have sent reports out to: KOY KFVJ KVGA KRDP KECK KOSA KVRG KFRM KAMQ KRIG KELO XEAT XEJP XEMC WVLP KMLB WKRG WJBO WRRS WIAQ WJNS. Just after XEFO retired Nov. 12, WVJF in Caguas, Puerto Rico, with all of 250 watts came booming in with a special test program. The same morning thought it was about time to copy XEJP, since they had a program of American music. I wonder if anyone else caught the 3 Odessa, Texas, stations KECK, KRIG, & KOSA having an all-night live-talent show while assembling freight cars of food for the Friendship Train on Nov. 9? Well, I'll call it quits for now, but good luck and better DXing to you all.

Ralph Johannis - Buffalo, N.Y.

Just a "short." Received V-letters by WBBC (1330), C.E. Ryan, CE. WKOT (930) and opened at 9:30 a.m. 11/1, P.R. Huddleston, Gen. Mgr. KGER-DX by CE. WJFM (1450) V.M. Rupp, CE, says next f/c in 3 months, hi. WJON (1400) J.H. Needer, Engineer, says S.H. Jackson is CE. WEST (1400) J.W. Eckhardt, Chief Op. KWJL (1320) V.F. Baumgartner, CE. WVJS (1420) Earl Jago, CE. WARG (950) R.F. Birch, CE. ~~WJFM (930) opened 2/9/47, day-time station and f/c 1st Fri., 1:25 a.m. (CE) V.L. Dallaplain, CE. KVIN-DX nice picture card veric, and V-letter says testing TUES. AMs 4:15-4:45 not 4th Mon. as listed. C.E. Rodell, Mgr. then V-cards by KGRJ-DX WJNS WSJS & many card by WJON. 7-letter, WERC (1600) on plain white, saying sorry, no letter-head - material not ready yet. L.H. Alexander, CE. Heard 'em again 11/15 4:30-4:40 s/off, ET. WJRK (1450) TT 4 AM, etc. & WORR (1450) after 4 am are heard with daily test yet. XEFO is riding with WORR always. WJEC (1240) does QRM a lot now, being 24 hours. KAMQ (1010) came nice, through WJNS 11/15 till 3:01 s/off. WSJS (600) had 1 hour TT, then s/off 5:30 AM. 11/15, WJEC (1220) 11/12, 3:00-3:11 AM, s/off. Said weekly TT. WJLS was also on with hours of TT. WARR (780) heard regular 4:43 AM, etc. 11/12. How come - I thought they were a Daytime station? By the way, has poor printed V-card. KECK had "Food train" & others are mentioning same now. Hrd WJUY (1450) TT, thans, Lefy. KJON also thru WJRK TT 3:55-4 AM. WJTG (730) thru KLAG 11/13, s/off 5 am, voice only. WJAN (1440) 11/10 3:26 AM, asking for reports. KJSM (1450) 11/9, s/off TT with KC 1:49 AM. WVLN (740) xtal testing with Lake Bluff, Ill. 11/13, 5:00-5:30 AM, said for 2 weeks more. KJUN 11/7, 3:00-3:50 AM etc. WVJP (1110) TT. WJMN (1290) ET 2:30-3:30 AM with RCA. KXOB (1260) 11/6, reg. 1:55, 3:01 AM s/off. WJRK (890) 11/6, 4:58 s/off ET. WJTM (1330) 11/6, 5:25 AM etc. on 5 kw. pre-fall time TT, offered \$10 for furthest call, but Iowa was mentioned as caller & so Leo Harz didn't call. (Ralph phoned Ye Ed. at 3:40 AM 11/17 & said WKOT, 920. Cortland, NY was testing with open carrier, & WHIM s/off test 3:23 AM. (Thanx, Ralph:Ed.)~~

Listeners of the Members.Leo Herz - Chicago, Ill.

Not too much DXing done during the last 2 weeks, but hope to get in the swing from now on. The reason for no report to the bulletin last week was that I was a delegate to a Veteran's Convention. Only could listen half an hour to WKIX and had to dash by cab from downtown in order to do that. Other reports went to WVIN WFR. Veries in from KGRI WENS KLCA WBBC WFRD WKOT WVLN KNS. Veries now stand at 516 with not too much out, but still haven't got a verie from WBYS on their first test, neither has KSTA come through, or KXFW, although two of them have verified for my good pal, Derek. Interested in Pop's comment on reports. A good lesson in this, and in regard was my report to WFRD in which I told them how bad their signal was in Chicago, and they came through with a verie in 3 days. So telling the truth will help. So my advice to all you DXers is to make your reports truthful, and as Pop states it, don't give them a lot of hooey. Best DX to all. PS - for second week in a row, I haven't any report for Skason, sorry O.B., will send you a report when I've got something.

Derek Wharton - Chicago, Ill.

Heard KXYZ (evening broadcast,) RTTL WKLY WNOE WREN (local evening program) KFKU (oh, boy - what a catch!) - it's the first time I've caught them in all the years I have been DXing! Verified WMX WHK (heard at 3:30 p.m.) KGER (here's one for Ripley - "Believe it or Not," - they verified on a Thank You card!) WKWK WFRD WKOT WBBC WKAP KSTA CFBW WSBA WINS KNX (with picture post-card) KGRI. My wife fiddles around on the kitchen radio from 5 pm on (now and then). WREN WDEF KXYZ & KFKU are the result of her whistling for me to come on the run. WEDC (damn their ornery hides) are on from midnight until dawn, which kills 1240 Kc/s. for us completely here in Chicago. However, I would suggest that no one jump them for a stand-by, but when a special DX is arranged on that frequency, arrange it for the silent morning of WWWR and I will try to handle the stand-by from this end of the line, if given enough time to do so. Data: KFKU, for members who may be able to hear them on reg. sked - 10:45 p.m. EST; for 15 minutes, every Friday. (Congratulations to Mrs. Wharton - I'm still looking for KFKU, hi - Ed.)

Eldon Addy - Marcus, Ia.

DX here has been on the uplift with these new ones reported: Nov. 1 - WBAT, 1600 Kc/s. Marion, Ind., reg. Nov. 2. WVLN @ 740 Kc/s., Olney, Ill., test. KASH, 1800 Kc/s., Eugeno, Ore. Nov. 3. KGER good on DX. WEFU, 850, Reading, Pa., KFOA good on DX, Nov. 4 WKOT on daily test, Bowling Green, Ky. KLAC good on DX. WCPS 570 Kc/s. in clear on s/on 5:00 a.m. Nov. 5 - KHUS, 1490 Kc/s., ET - Ruston, La. Nov. 6 - KITT - 1290 Kc/s. San Bernardino, Calif., ET. Nov. 8 - KLEP, 1440 Kc/s., reg. Oklahoma City, Okla. signs off at 6:30 p.m. EST. Nov. 9 - KTRF - first test, 1420 Kc/s., Lufkin, Texas; WKLY very good on DX with slight QRM from KFWB; WPIT, 730 Kc/s., sign on 7:00 a.m. EST good here. Nov. 10 - WKTG, 730 Kc/s., Thomasville, Ga. ET; WGTG, 1360 Kc/s., reg. Kalamazoo, Mich. Nov. 12 - WIMX - 970 Kc/s., test. Florence, S.C.; KJJS, 1420 Kc/s., Hobart, Okla., reg. WBS - 740 Kc/s., Sarabuce, P.R., reg. Nov. 13 - WWPP, 200 Kc/s., Palatka, Fla., test. KGON, 1230 Kc/s., test. Oregon City, Ore. Nov. 14 - WGNR, 1260 Kc/s., Ashboro, N.C. reg. s/on at 5:30 a.m., EST. New veries in here from WBAT KRUS KSTA KTRF WSWN WINS WKOT WCPS WVLN KIO KSTB WAMP KWUL KPET KPEX KRRL-DX VWOL WERC WTRI WVJS WOLS WHOO. For any of you that needs KRUS, he tests DAILY 4:30-4:45 EST every AM with cycle tone. Another special, this from KIOK, coming up in Dec. Best of DX!

Norman Maguire - Albuquerque, N. M.

No veries have come in, but the following stations have been heard and reported: KQAK KXOL KPMO KCBQ KRIG KXLA WILY KWOR KPIE KOSA KHON WKTG WVLN KPOA KGFN KXKL KJJC KFKU. Also heard, but not reported were: WWTR (Believe that is the call of the 820 Kc/s. Tokyo station) KULA KMVI KQMB KRU IYA 4YA & WGAN. Guess the DX season is really here and will let you know what DX is being heard down this way. Have heard many more, but not gotten data for a report. Now have a super-duper "Lozy "Z" antenna up and it was responsible for the Asiatic stations listed above. We're still getting settled with a million things to do, and no time to do them in, it seems.

CONVENTION PICTURES

To those who ordered convention pictures, I have some bad news. The photo shop I have my negatives to for re-prints CAN'T FIND THEM! Hope they will be able to locate them. If not, will have to refund the money to those that sent in. But anyhow, let's hope they will be able to locate them. (Signed) Leo Herz.

Business of the Members
 Joe Bruner - Williamsville, N.Y.

Time for DXing still limited & weather has been more too good lately, so not so much to report this week. New stations: WADE at 4:30 PM on 11/9, plenty WKNN QRM. KRUS riding hard on 1490 with f/c 4:30-4:45 on 11/10, and WKIC likewise on 1540 at same time, but on 11/11. Also WGBA easily on top of 620 at 6:00 a.m., with WRBC taking top place after 6:30 s/on, but soon fading out, on 11/4. Veries this week - fair cards from WINS & KGRJ, also cards from WSWN WLPO & WKOW. Letters from WLAM WVJP (first verie request received by them) and WREB & WVIC. WVLP's address, Box 116, Caguas, Puerto Rico. That makes 3 'circles' this season, my first cash prize (KWGB) and now a verie which says mine was first ~~request~~ request for a QSL from a station. Heard many 'first nighters' but none ever said mine was their first QSL request. Veries seem to be coming in faster now, lots of return mail replies. I've had trouble getting a verie from every Bangor, Maine station, don't recall a similar condition in any city in my 20 years of DXing. Years ago I fought WJBR nearly 2 years before they would answer; WJOR finally signed and returned my own card, and now WGOY is holding out!

Kennt Geary - Wolfdroff, Penna.

The DX season is rolling along in fine shape, and the veries and new catches keep coming in very satisfactorily. Twelve new veries were received from the following stations during the past week: KGRJ KTHL KUDC WARC WACT WLAM WICK WLPO WRIA WSWN WINS & WVJP. Of these, WLPO WSWN & WINS were cards, and KGRJ a card in an envelope. The two letters from Caguas, P.R., WRIA & WVJP, were received only 4 days apart. That WVJP certainly is a prompt QSLer; my verie was back in only 5 days. Reports were sent to the following 18 catches: 11/9 - WVJP on ET from 3:12 to 3:40 a.m., WKLY on DX program, and WKIC on ET from 3:52 to 4:44 a.m. 11/11 - WKJG on ET from 3:00 to 3:16 a.m., and WHUC on regular sked from 5:15 to 6:30 a.m. A poor AM, as Hufty says in the last bulletin, yes, but what a PM! The mid-western daytimers came plowing through out eastern station in fine style, & I logged the following 4 catches which I still needed: WCIL from 5:16 to 5:35 PM, KBOA from 5:35 to 5:45 PM, KIMO from 5:53 to 6:00 PM, & KBYE from 6:05 to 6:21 PM. 11/14 - WVLK testing from 2:44 to 3:08 AM. 11/15 - WFNS on reg sked from 7:18 to 7:30 a.m. through WLEL, and KEX on reg sked from 11:30 PM until 12:45 AM. 11/16 - KOOL on reg sked from 1:25 to 2:00 a.m., KTRH on f/c 3:45-4:00 a.m., WSCR on reg sked from 8:00 to 9:06 AM for a second report, and WROW on reg sked from 2:55 to 4:30 PM. 11/17 - KPTR on f/c 2:45 to 3:00 AM, & WMNR on ET from 2:10 onward. They announced that the program would continue until 6:00 a.m. WHIM & WKOR were both good on their DX Programs, but WOYW did not seem to be on. Well, as if it wasn't enough that WEDC went all-nighter last week, we now have CKVL as a daily pest on 990 Kc/s. starting 11/16. Certainly hope that this insidious virus does not continue at its present pace of a new all-nighter each week. First we had WJR starting, then WBBC followed by WEDC and now CKVL. The name has seemed to gain renewed impetus recently and presents a serious threat to the continued enjoyment of our hobby. Unfortunately, we who stand to lose most by the practice are powerless to do anything about it.

Walt Bishop - Bannockburn, New York

Another week, another short report. I am still DXing only during the day and early evening hours. New stations heard this week are: 11/1 - OMZ XERF. 11/3 - WIRE CFCO. 11/3 WHCU WKNA. 11/7 - WPTT. Veries received during the past week were KMOX (dup) WWGP WMED WINS (after all these years, hi) WREB WRRL CKWS. 22 reports still out. Not much of a report, but not too much DXing, either.

Pat Redley - Jamestown, N.Y.

New veries are WKOW WELB ASTA WINS WXAL WSWN WLPO WVLK. New cards heard are WSWN WJBR WBI WPGH WHOO CKVL WALT. 11/10 - WMLJ, f/c for RCA, Riverhead, at 3:19. WELJ, f/c at 3:30. WCOF, dist at 3:40. WKJW at 3:43. WKOC, f/c at 3:48, unknown on 1230 at 4 with marcher until 4:15, very noisy today, heard WEWG 4:58 to 5:15 PM s/PTT for a new one. 11/11 - Will take couple weeks' vacation away from set if this noise keeps up. WRAL at 3:07, WVOK 3:28, & to bed, this afternoon heard CJBG on 1910 and a TT whistle on top, KTHL at 4:30, WJSSW at 4:35 PM, for new one, still on 650 Kc/s., also heard WEWG s/PTT at 5:15 PM again today but behind KTHL. 11/12 - 11/13, no DX. 11/14 - Noisy, hrd WREB on 690 at 3:55, although last letter sounded like zero. 11/15 - Noisy again, wet snow falling today, picked up WPGH this PM for new one. ZNS has clear channel in East until KXEL bothers them around 8 PM. 11/16 - Very noisy today. (Continued on Page 11)

Missings of the Month

(Pat Reilley's report, continued from Page 10) WAIT on their DX, CKVL now an all-nighter, hope they verify this time. WHOO at 4:50 for 2 new ones, missed out on WJVR DX as they were on before 4:00, as I tuned in after 4:00. WJW was very weak today. LABC testing and sounded like 10 watts being used, at 4:30. A Spanish station on 690 that faded terribly bad.

Dick Cooper - Kittanning, Penna.

We just had a swell visit from Pop and Mrs. Edga, and the DX bug is sufficiently revived to dash off a report. Rag's new veries make me realize that I haven't been as active as I had planned, but talking DX has me starting to twirl the dials, and get in that veries. So contest - here I come? Since last reporting, I received letter veries from WJLY WJOL WEST KBRK WMLX ZVRO WFBF WBBB WRFD WJQA KRKN KSGM, and cards from WFRG WVOK WVOS WEDA WJN3. I hope WVOS comes back with a card using a set of correct call letters. Numerous reports are out, but no more catches. Last were WKAL WDEC KSEK WALT WROB WRFM KSTB WARC, and a few others in the same category. I also received a record album (Andy Russell) from WIGH. They liked the slogan I sent them using the call letters. "Western Pennsylvania's Good Humor Station."

Stan Morse - Bradford, Mass.

Nov. 10 - WKVA test at 2:15. WBO heard at 2:25. Are they an all-night station? WKOW ET at 2:30. WPBP f/c at 2:35. WKAL at 3:10, to 3:27 s/off. WKMA 3:28 to 4:00 s/off. WBRK at 4:00. Nov. 11 - WQQW at 2:40. WWNS at s/off, f/c 3:55. WFAK f/c, 2:57. Nov. 12 - WJRL s/off test at 3:00. WSAV f/c 2:18. WJCA 2:25. WDXC testing at 2:43. WRIC at 2:40, f/c. Verie from WKKG. 11/13 - WTHC ET on 1290 at 3:02, 2/off at 2:20? WBBB on ET at 2:30. VSOC f/c at 3:16. WVOK test, 3:21. WKGN test at 3:25. WBHB test at 3:45, QRM from WEDC. WKCT at 3:48. WEW at 3:55. WJPF f/c 4:15. WJPG f/c 4:30. 11/14 - Veries from WLPO & WTNS.

Eric Bristow - Chicago, Ill.

Lefty - I got a letter back from Brooklyn - had E. 31 Street. Is your name in the Telephone Directory. as I have to go all kinds of mail, even with the wrong street etc., but they looked it up in directory & I got it, hi hi. I heard KRUS on test, on 11/3, had been on air 3 minutes when I logged them. I was their first reporter. Nice letter back about 10 days later. I was looking over the DX Calendar and I have about 1/2 verified, or over so I did not enter the contest. I now have about 850, and over 60 reports out. I have some about 8 months old, and may have to send follow-ups. I heard a few specials and sent thank-you cards to some that I had.

Ray Edga - Buffalo, N.Y.

Well, boys, not too much DX but did get reports out to KOMA KECK, on all-night milk fund show. Tried for KOSB but no chance, as WWDC really covered them and then what was left WNOE took care of. Did think I had them for a while, but it turned out to be WNOE. Reports also to KABC & KPOA. This on 11/3. 11/10 -- WARC WBBB KSGM WKIC. 11/11 - to WKJG & WDSG, and on the 13th, WJPF. Letter veries in from WEST WJBF WKAG WCWR WARC & cards from WSWN & WIN3. Total veries now 1237. Well, now for a little visit with the Cooper family in Kittanning. Be seeing you next week.

Len Kruse - Dubuque, Ia.

Conditions for DXing were poor in this location the past week, but did add several to my DX log. Station WCFG logged on 11/11 with regular early-morning programs, 5:45-6:30 AM. and in the clear. Then the following day, 11/12, WGNR was listened to for another one with its early-morning regular programs, starting at 5:30 a.m., in the clear. KPDR logged on 11/15 with f/c, then on 11/16 found reception poorest all week but heard the WALT special DX. and also KTEE, Lurkin, Texas, with daily f/c 3:45-4:00 a.m. Verifications came in a good deal better than did the logging of new stations. The latest veries received included: KCEB & KGRI ON DX specials, WBBB KLPR KSTA WLEO WSWN WVLK WHAI WKBC KRST KXO KTEE KCAF WTNS KECK. It is reported from a good source that the new Cedar Rapids, Ia., station, KCRG, will be testing in the very near future. (160J).

Joe Pelletier - Altoona, Penna.

Have been wanting to rpt more on WJW change to 1290 but troubles with their directional antenna have put off their night test. They've already tested daytime. WPTW Piqua O. soon to be testing 1570. WJAM Altoona won't be on for a year if ever. No DX here, just a lot of work, short of help. Do you know any operators wanting a job? Could use at least 4 here in Altoona. WRUN will DX 1st or 2nd Mon. in December - more later.

This and Date.

ART POSSESSES PRINTED BCB LOG BOOK.

Have you sent Art your dollar for 4 complete issues of his Printed BCB log yet? Remember, he is waiting to see how many to print. This is your chance to have a real printed and accurate log book beside your DX set. His address is 1213 North Rowart Avenue, Indianapolis 1 Indiana. Art says: "Some of the fellows said they would like to have a listing by states included, but I'm afraid that's out. The type alone on such a listing would cost nearly \$100.00, and the printing bill each issue on the log would be \$20.00, plus the cost of paper, envelopes, and postage. In as much as I only have a little over 100 subscribers at the present time, it must be readily apparent that such a listing would be impossible. I believe it would take about 100 subscribers to pay for such a log, and I know that there is nothing like 1,000 DXers who are actively engaged in the hobby." So, come on, gang - shoot the dollar to art NOW!

VERIFY SIGNERS LIST * W. BISHOP.

Don't neglect this list, fellows - surely you must have a few minutes you could spare to jot down the signers on your latest verifications, and send them to Walt Bishop, 1722 Sixth Street, Hamstead, N.Y. Is it that you can't spell Reshadlaer? Well, neither can your Editor, without referring to Walt's letterheads, hi. Come on - let Walt have these names so that our list will be a real aid. And should you need a signer's name, shoot a double-card to Walt and he'll root out the information gladly for you.

HEARD VERIFIED STANDINGS

In the issue of 2 weeks hence, this list will appear again. What is the good of such a list if we can't have the whole club roster included, and up-to-date totals submitted? This takes a scant few seconds to do - just put down the number of verifications and the number of stations you have heard on a penny post card and send it TODAY to Frank Wheeler - C/O T.J. Schwartz - R.D. #7 - Erie, Penna. DO NOT SEND THEM TO YOUR EDITOR!

1947-1948 DX CONTEST

These standings will appear again three weeks from now, but don't wait until the deadline to send in your entries - that piles the work on Tom Carberry, you know. Let him have it gradually, so why not just jot the eligible varies down on a card, together with the date you heard the station, and the date you received the verification, and send it to Tom Carberry - 22 Luvaine Drive - Kenmore 17, N.Y. Tom will appreciate it.

REPORTS THIS WEEK

Pages 5 and 6 contain reports received last Wednesday, due to no mail on Tuesday. Bernie Duffy sent in a swell report for this issue, to your Editor's business address, and what did he do? Yep - he left it in his office coat pocket, so apologies to Bernie and the report will be in next week for sure.

HEARD THIS WEEK

- (Enlarged upon, acting on the suggestion made by Hedley Simmonds in a letter to HQ.)
- | | |
|---|--|
| 550 - [redacted] Concordia, Kansas. | 1240 - [redacted] Cambridge, Maryland |
| 600 - [redacted] Tyler, Texas. | 1280 - [redacted] Stockton, California |
| 690 - [redacted] El Paso, Texas. | 1290 - [redacted] San Bernardino, California |
| 690 - [redacted] Saint Louis, Missouri. | 1290 - [redacted] Ocala, Florida (from 1490) |
| 920 - [redacted] Cortland, New York. | 1360 - [redacted] Southern Pines, North Carolina |
| 920 - [redacted] Feribault, Minnesota. | 1400 - [redacted] Grand Forks, North Dakota. |
| 990 - [redacted] (or KFDX) Beaumont, Texas. | 1420 - [redacted] Lufkin, Texas |
| 1110 - [redacted] Caguas, Puerto Rico. | 1490 - [redacted] Ruston, Louisiana. |
| 1230 - [redacted] North Adams, Mass. (100 W.) | |
- WATCH FOR THESE SOON: 1500- KCRG
 610 - [redacted] Houston, Texas; 1190 - [redacted] Vallejo, Cal. 1540 - [redacted] El Paso, Texas
 550 - [redacted] Atlanta, Ga. 1280 - [redacted] Rochester, NY 1430 - [redacted] Newark (opens 11/19)
 940 - KVAL Amarillo, Tex. 1340 - KNAI [redacted] Pauls Valley, Okla.
 1470 - [redacted] Janestown, N.Y. 1490 - [redacted] Fairbairn, W.Va. 1490 - KFAS [redacted] Col.

Lefty Cooper - Brooklyn, N.Y.

Conditions poor all week here. Varies in from WARC KROD WBIZ WGWV WLAM letters, and cards from WYOS & WSWN to bring total to 1376. 11/14 - Logged early shows of WGFQ & WOUK for reports. 11/16 - WAIT FB on its DX, but no WJVB. Hope they weren't on before WINS signed off. 11/17 - Up all AM and logged KLOU WNNB (100 watts and much stronger than 250 w. WKOB in same city) WGAP and the DXes from WHIM & WKCB. WHIM also on earlier with test, and WKOB on most of AM running concurrent test with WNNB. Phone call from Ralphie told about WKRT, but when I tuned there, the carrier was gone. 73s till 11/29.
