SEE PAGE 12 FOR NOTES ABOUT THE CHRC-1490 & KREH-900 SPECIALS

On Monday, January 28, Station WDOG-1590, Marine City, Michigan, conducted a special TEST broadcast (info from Don Roller) from 4:45 to 5:27 a.m. (their regular s/on time) but notice of this test was received here one day too late for the last issue. However, you alert NRCers probably knew about it, for it was plugged by WMEI-1370 on their regular Monday morning DX-TEST on 1/21 at 4:45-5:00 a.m., and by the 1/23 KFRO-1370 DX show for the NRC. We do hope you all heard this program. Michael J. Schweder, CE NASWA, above, is a group called the North American Short Wave Association.

TWO SPECIALS ON MONDAY MORNING 2/4/63

C F R C - 1490 - Kingston, Ontario, 3:00-3:30 a.m., E.S.T.

Here is a real challenge to the NRC DXers - a 100-watter on a "graveyard" channel, in the Queens University station, CFRC, which is student operated. This station, down through the years, has always been a DX-minded station, having DXed many times in the days gone by. There will be distinctive music on this program, plus several periods of 400-cycle tone. We are looking forward to an excellent DX program, and everybody give it that good old NRC try! Send your reception reports (or thank-you notes) to Mrs. Margaret Angus, Director of Radio, Caruthers Hall, Queen's University, Kingston, Ontario, and your verifications will be forth-coming. SAM A. McLAUCHLAN.

K R E H - 900 - Oakdale, Louisiana, 6:00-6:15 a.m., E.S.T.

This is KREH's regular frequency check, and there will be cycle tone and IDs at very frequent intervals. KREH is owned and operated by the Louisiana Broadcasting Service. This program is NOT being "dedicated" to the NRC, as it would violate FCC rules, but he calls upon us to listen for his f/c and to send in reception reports. "He" is Mr. Joseph Costello III, the Chief Engineer of KREH. Mr. Costello would be especially appreciative of tapes, if you are so equipped. At any rate, give them a try and add a very friendly station to your log books. Mr. Costello will be looking for your reports and will also be happy to verify your correct reports. LARRY SCHWARTZ

Allan Tirevold - R.R. 1 - Terril, Iowa

I received my new RX. It works like a charm, except that it had a broken S-meter (darn). I'm going to get another by way of the guarantee. I got hot New Year's Eve. (So did I, Allan, hi -ERC) Catches are: CHAT-1270 @ 11:30pm; KARK-910 ET @ 1:30 with TT; KWCO-1560 @ 1:35; WHAR-1340 @ 2:30am (power only 250w.?). WIDU-2:38am, unID FF on 660 or 670 mentioned Ben Bella & Ben Usef @ 10:23pm 12/28. Also WNBC-660 KFI @ 8:59pm & WABC-770 @ 9:44. I sent out about 60 reports, the last six months' work. I put up three new antennas; WNW/ESE 75'; N/S 50'; & NE/SW 55'. Ernie, where are you? I got my Vane Jones Log last Thursday, looks promising. Whoever's asked about the Star Roamer write me at the above address & I'll tell him all I can. Anybody know how much for an FBIS Log? Halph Johans, why don't you write me a letter explaining the story behind the writing on the matchbooks? I'd better s/off & give someone else room to let off steam./

Bill Stone - Box 543 - Stouffville, Ontario

1/13- Up for CFUN, all I got was WINS S-9, WPOP S-6 KQV S-7; WIGL-970 s/on SM is 6:12 am, no SSB. WWSW s/off 6-7:30am. 1/12- Is KFQD on till 5? Heard pop American dance mx time program 4:30-5 on 730 kc/s., ID @ 5:00 covered by static burst, S 3-4 level; WRTL-1460 Pantoul, Ill. on with ET till 4 when WBNS s/on. Great morn for western signals, CKDM off AN second morn in a row I've heard 'em s/off 2:03. 1/11- After CKDM s/off CKLG in at S-7 level; WXMR on f/c 1:46-1:59:30 TT, lots of IDs. WERA OK on f/c-TT & V; no DX done 1/8-9. 1/7- CJMT received through KTOE program; CHLO-680 easy but someone trying to break through him; CKNB-DX easy, could have been another like CJMT; but thanks to engineer at KRSI was not so. He gave IDs only at 4:00 & 4:01. WIMA-1150 s/on 4:56 dominated channel till CKOC hit at 5:03, usually WCUE; 1340 2:40 TT WJMB till 2:50, Defense of Nation test. CBI DX was as expected, only got two IDs & mx was unreadable. They did bring in WITA with S-9 signal, so reported to them. KXEL is still splattering all over. Often cannot read a signal on 1550 due to them. XERF is off AN stuff SMS, only FF station heard. The 730 mystery has been solved - HCLI, "Radio Umina" in Manta, Ecuador, accounts for the Indian type mx. Veries coming in nicely - WTHM KDAB WBAB CHR8 (the program was Greek, not Italian as I thought) WQXI PJAG WOSH CKVD WCDS WIGL WNCA WEVE & WCCF. What's happened to WSDC KHOK & WJOR veries? Getting poor results from SS stations too.

Ronald J. Musco - 124 Park Avenue - Windsor, Connecticut

After a rather long delay, it's back to the dials in my new location with a new rx & a few interesting items to kick things off in Baltimore. 1/13- Brought ZFBL-960 Bermuda for my first from there at any location - a Test @ 2:10am. HJED-820, up to S-9 2:45-3 with EE ID @ 3 giving address & asking for cards & letters. WCLS-1580 s/on 4 with WWIL already there. 1/14- WSIG-790 test, ID @ 2:26am. BBC-881 doing well, nearly S-9 at times, 2:45-3. WCCR-TEST in well 4:15 but no sign of WAGM here on 950. The frequency brought the s/ons of WKAZ & WPET @ 5, however. At 4:45 the s/on of British Guiana on 560 equal to & above WQAM apparently giving call as an abbreviation of the owner - BGBS, British Guiana Broadcasting Service. Finished the morning with 5:00 s/on of WRFC-960. All of the above fortunately gotten on the trusty tape recorder which really helps in figuring out information & getting out accurate reports later. Many other calls heard but time & CX didn't permit copying or recording all of them.

Only DX to report is the logging of WCCF-1580, Punta Gorda, Fla. on 1/4 5:45-5:59pm s/off. They had a tremendous signal, equal to that of WPGC-1580, a 10kw local. In fact at first I thought it was WPGC on late. Today 1/16 KAAV-1090 in under local 50kw WBAL @ 5:30 with rr. For those of you who keep surveys, I have found some WWDC-1260 charts I'll send 'em for an SAS. Will be home in Mass. at beginning of Feb. & hope for some good CX. Oh by the way, WDON-1540 is now playing cw, so don't anyone get fooled!

Who s/off on 970 at midnight with SSB? And can anyone in this area hear a station on about 737 kc/s. during the evening & who is it? I think it is a college station or an illegal XR out w/ncn? For now, 73s.

I haven't been doing much DX lately but I hope to make up for it over the weekend. My only new loggings are: 1/11- CBF-690 @ 7:50pm in FF, & 1/13 WQIK-1280 with s/on 5:30 am. I also noted WION s/on @ 6am but not enough for report. I also heard GRCA with ID in EE they said they wanted to hear from their listeners. They gave address as Box 6591, Havana, Cuba. Veries are coming in a little faster. Latest ones are: KSD WRC WNOP WFLA WBLG CKWS WACT WEMB WJAN after f/up WIRL WGBA WXLW & WOOF. WEMB says they have r/c second Tuesday AM each month 12:30-12:40am. Does anybody know the skeds of KGB & KXL? I wonder if they are on M's. I still have plenty of WKLO surveys. Sorry I can't seem to get old of WAKY surveys. Can't think of anything else, so 73s & DX.

No DX trails are being blazed here, but a few interesting things pop in once in a while. On 1/13, KBGO-1580 on RS 2:36-2:48 s/off to return @ 5:20am CST for an unusual sked; CHQM-1320 RS 4:02-4:30 RS with KDIA spill & a mighty weak signal, protecting KCRA/KCPX I preseurp; CFUN-1410 DX sounded like RS, what I heard of it. WEYY-1580 Talladega PoP turned into ET due to troubles, 4:35-5:31; WCLS-1580 RS 4:48-5:02 & KEWI-1440 RS 5:12-5:26. Verie in from JOQL-1400 klw, Kusuro, for my best TP, 12/10 reception. Thanks, Len Kruse, for the fine f/c list. (Larry Godwin did the f/c listERC

Between 11/28 & 1/15 I was fortunate enough to have heard material for reception reports to the following radio stations: KSHA-860 for TEST 12/4; KRZY-1580 on an ET same AM; KVEG-970 on RS 8:00-8:09 Saturday 12/15; to KEYC-1460 for their DX on 12/17; to KMAK-1340 AN same morning, & to Joan Callarman at KPDN for DX 12/7 also; to KGUD-990 on RS 10-10:12am MM 12/24; to KVRD-1240 on r/c MM 1/7; & to WCLSp1580 RS from 4:12 to 4:40 ?? 1/14; & best of all, to WCGR-1550 TEST 1/14. Veries have been received from: KSHA-860 KGUD-990 WCEN-1150 KVRD-1240 KPDN-1340 WCDS-1440 mimeod form letter; KALF-1510 QSL card; KMAD-1550 form letter; KRZY-1580 QSL card & KETO-1590. DX noted that might help another DXer are: JOQR-1130 IDed at 3:30 MM 12/10; KVOD-730, ex-KKGM s/on @ 9:15 Saturday 12/29, so might be heard that early this month also; WISA-1390 was heard on RS from 5:25 MM 12/31. Otherwise, still no Jones Log, nor Broadcasting Yearbook; no KEYC verie. Will persons who arranged for the special TESTs be responsible for veries from the stations? None yet from KELR-1460 & KHOK-1560. Need to send second f/ups to two. Don't forget your wives and/or sweethearts on Valentone's Day. And best wishes to all in hearing & collecting veries from those distant hard-to-hear stations.

Here's the latest DX at this den. The morning of 1/7 was profitable to my DX Log, as four new additions heard for the first time. The brand new WJCO-1510, Jackson, Mich. was heard on ETs from 2:07-2:30am, & heard well with their 5,000w. of power. The second logging was Station KACY-1520 Port Hueneme, Cal. logged with its RS from 2:28-3am, when they s/off in the clear, as KOMA was off the air for maintenance purposes. Station CKNB-950 Campbellton, N.B. was logged with its DX from 3:30-4 although I had to log them through KIMN which was on till 4am with its RS of programs. Then the fourth I final logging of the morning was the 5,000w. WJAB-1440 Westbrook, Me. heard with its RS s/on @ 4:30am, & in the clear till 4:40 when WQOK took to the air. The DX sked from CJMT-1420, Chicoutimi, Que. was not heard, as Station KTOE in Mankato, Minn. began its first all MM program, & they really "boomed" into this den; & I wanted to hear CJMT very much. And I also wanted to log CBI-1140 Sydney, N.S. with its planned DX but they just would not come through. The TEST from WCGR-1550, Canandaigua, N.Y. was heard on 1/14 from 4-4:30am, & in the clear for a new logging. The WAGN-950-DX Presque Isle, Me. could not be heard, & missed another one I would have loved to log. On 1/15 I heard WSKT-1580, Colonial Village, Tenn. with a f/c from 3:39-4am, well over AN WWII for a new catch; then at 4am another new Tennessee station for me was Station WNOO-1260 Chattanooga, Tenn. with a f/c, & playing organ selections, from 4-4:15am, well on top of AN WNDR. The latest verifications received at this location included: KIFG-TEST WCDS-TEST WPTN-TEST WJCO WJAB & a colorful QSL from WJOR-TEST.

Hank Holbrook - 4710 Edgemoor Lane #200 - Bethesda 14, Maryland

Only five new ones since my report last week. Logged & reported: 1/13- WLIJ-1580, Shelbyville, Tenn. fair through QRM @ 6pm s/off. Only TEST program noted on 1/14 was WCGR-1550 Canandaigua, N.Y. from 4:04 to 4:31am with good reception. Also caught KRSI-950 St. Louis Park, Minn. @ 4:32 with final announcement after test program. Had a good signal. That evening heard WCCF-1580 Punta Gorda, Fla. @ 5:57pm s/off, just about in the clear. 1/17 brought WBLU-1480, Salem, Va. from 6:55 to 7:15am fair to poor through very heavy QRM from jumble of stations. A flock of veries have been received of late - letters from KEZU-920 WBUC-1460 WXVA-1550 WFRB-560 WXYJ-1340 WZUM-1590 WAGL-1560 KNOE-540 WESY-1580 KEYC-1460 WAUX-1510 WITN-930 WLCY-1380 WVOP-970 KMCD-1570 WCDS-1440 CFGM-1310 KIFG-1510 KTOE-1420 WFYI-1520. PP card back from Jamaica Broadcasting Corp. verifying 12/17 reception on 560 620 700 & 750 kc/s. This brings BCB verie totao to 2,027 stations in 77 countries

Late DX around here goes like this: 1/8- CJLX-800 7:38pm during a CKLW XR failure & my furthest Ontario. 1/10- WKAZ-950 4:59am s/on. 1/14- WYNR-1390 3:30am AN, WCGR-1550 4:16-4:30am TEST, KRSI-950 4:31 conduding ET to return RS @ 7am EST. I just made it on that one; all I heard was "--ark, Minn. cancluing ETs." etc. After that an OC on 950, so no WAGM. 1/15- CBK-540 7:33am, WPIT0730 10:29am, WARO-540 11:29; WRIC-540 5:23pm, WFRO-900 5:29pm. I now have seven stations logged on 540. 1/16- WBAM-740 6pm s/off, KRMG-740 6:08pm. I also think KTRH was down there. 1/17- KWVY-1470 very weak @ 6pm, WOHO-1470 dominating @ 6:30pm. Totals are now 368;76 with the addition of v/l WCGR-1550 (with travel folder) v/f WINX-1600 with CM, v/q WCCO-830, v/c WKAZ-950. Reports are out to WFPG-1450 & KNBR-680 (that's transcontinental DXing for you!)

Dallas John - 337 South Stewart - Lombard, Illinois

1/9- My first TAs of my DX career. At 6 there was a signal on 1466, & rather than try to mush through the foreign language, I skipped down to 1214 where the BBC was coming through, despite WCAU's best efforts. At 6:55 they had some NX program (previously mx) & at 7 they s/off with Big Ben & GSQ. I then went up to 1586 & heard NDR fairly well, but not for a report. They seemed to s/off at 7:50. 1/10- WSJM-1400, wow! But then over Ray Kraul's favorite, WOPA, came KRIP @ 8:51pm. 1/12- The r/c from KUSD-690 was heard well from 5:40-6, when CBF s/on. I had given up on hearing them on SSS - how did you do it, Jeff Lob? CHGB-1310 the FF station dominating from 5:48 to 6:04 with folk mx. 1/14- WCGR's TEST strong, 4:00 & on. What is Paul Kallinger doing on KXEL anyway? While on 950 for WAGM, KRSI in Minn. came on at 4:28 with an OC ET with IBs at 4:28 & conclusion at 4:32. However, WAGM wasn't heard. There was another OC on a good deal of the time after 4:32. WCGC-1270 has 4:30 s/on Mon-Sat & were heard well under WKYR @ 4:41 & on. A station with a call like WTPC s/on 1370 at 6am, 5kw, owned by -- City BC. They say "TPC in '63." What is it? I tried for the four r/cs on 1340 earlier in the morning, but when WRIT wasn't coming in, WJOL managed to filter through my loop somehow. Veries are WSTV-1340 CJMT-1420 CHFI-1540 CHOW-1470 WGMW-1380 WACT-1420 KOB-770 KNCM-1230 KORS-1340 KIFG-1510 & KCPX-1320 QSL with a footprint on it!

CBM-940 RS s/off 1:10 to return RS @ 6am. 1/15- r/c-M WDMG-860 topping Mexican; r/c-TT WSIZ-1380. 1/14- WCGR TEST was early on & lasted longer. James Gangler - 2801 Chesterfield Avenue - Baltimore 13, Maryland

DX since last report: 12/31- KAIM-870 & KNDI-1270 in around 3am. KNDI was about S-5 for ten minutes, & I heard several "Candy Radio" IDs. 1/3- SS on 1115 @ 7pm, & IDing something like "En Punta, capitol de la ??- Radio Punta --" & also mentioning 10kw. Donde esta? 1/7- KICK-335 Santiago de los Caballeros, Dominican Republic IDing as "Ondas de Yaque" @ 7:45pm with a very good signal. 1/8- Hilversum II-1007 @ 1am s/on; DDR-1043 weakly @ 1:30. 1/9- Hilversum I-746 in well 2:35. 1/10- Stavanger, Norway in weakly on 1313 @ 2:07am & at 8:10pm I heard CSB9-782 with some difficulty on a six transistor BX & on 1/11 on the same little portable 3AM2-1466 & BEC-1052 were causing hets at their frequencies. Deutschlandsender-782 heard later @ 11:21. 1/14- 1502 Poland? in very strong after 1am & tentative sent; BEC-881 in like semi-local for an hour & fadeout @ 3:39; At 4 while waiting for an ID of KAIM-870 I heard instead an SS announcer say "Buenas Dias, Paraguay - Buenos dias, Americas." This was probably LRA in Buenos Aires so a tentative sent. WWL OC came on @ 4:04 to ruin any further log of that one. Veries are coming in very slowly: v/c- KMAN-1530-TEST KCBS-740 & KNDI-1270 for Hawaii #2. Semester finals are next week so not much DX then but will try WBNB DX.

David Tussman - 116 Mount Vernon Street - Middletown, Connecticut

The NOISE has visited Middletown for the first time recently & so DX has been partially curtailed. It completely ruined what seemed like a very promising MM 12/31. However, I did get these: XEWK-1190 @ 12:15. KGBS-1020 @ 12:45, CBK-540 @ 1:10, really booming in at s/off & I wish I had reported them, KLIF ET/M 1:25, CKRC-530 @ 1:56, CFPL-980 with "Night Watch" @ 2:15, WFLI-1070 ET/M covering KNX @ 2:25, & I also heard what sounded like HJJX back on 770. I have heard them evenings under WABC since then. Without the noise I probably would have gotten lots of WC-ers as XETRA was booming in even at midnight. 1/1- Noise again so only got WJAS-1320 1:15. WWHY heard at 5:27pm s/off as was WANT-990 @ 5:29pm. 1/6- WBMD-750 s/off 5:02pm. Good evening for TAs even with my modest RX & heard a station with VOA programs on 1196 & an FF on 1205. 1/9- WSVA-550 with NBX NX @ 5pm, WVKO-1580 on top 5:15pm, & WESC way under WNBC with rr @ 5:30. 1/13- WCFR-1480 test with cw mx @ 2am, CKSL-1290 with AN rr, CHEC-1090 s/off 3am for new province. Great CX ?? of 1/14 & no noise, so got KPMC s/cf f 2am, KPRC-950 real strong @ 2:06 s/off, & with WICC-600 off briefly before 2:35, got KOGO ID @ 2:30. BBC-881 was coming in real nice @ 2:05 & later, & XERB-1090 was weak under an OC @ 2:45. Also heard faint sounds on 870 & at moment KAIM is #1 most wanted station. 1/19- CKDM 730 in clear @ 1:50 for report, & KCBS-740 weak with ID after NX 2:06. Noise back again 1/20 & CKSM-1220 @ 2:15 only one heard. Ernie, my R. Reloj in Panama was heard on 1015 kc/s. so maybe this was your unIDed SS heard here same date. (Thanks, Dave - ERC). Veries from WCPS WSB VP4RD PJA6 WCCO WSAO WTOP WELI (postage due!) WBAL WVNJ WCBS WWL WURVA CBW (v/q & v/l in big folder with CBC Times) XERF KYW & KMOX. Robert L. Harper, GM of WCPS says in his v/l that my letter was "one of the best we have received concerning a report of reception of our station." Ahem! Points are 32/18 & foreign about 30. Totals are 534/34, states 41/20, provinces 7/3, countries 22/5. Will be up tonight trying for that great WBNB DX! 73s & best of DX.

WNAC-680 OC & IDs 5:15 & on. WPVA-1290 Petersburg, Va. s/on 6 for a report to replace a FP card. WING-1410 s/on SSB 6:40am. WNVA-1350 Norton, Va. s/on 6:45. WGHM Millington, Tenn. 3:15 test cw mx. Portugal-665 very strong 3:20am. WCOP AN MMs again, WPRO also. WCGR-1550 Canandaigua N.Y. TEST 3:56 TT, mx after 4. Veries. VOA-1040 CKBC a bit indefinite, WJCO on WILX stationery & Radio Veronica whd/said mine first correct American report. Can't believe Hank Tyndall wasn't ahead of me on this one. Said also v/c enclosed, but no card - glad letter verifies. 1/16- KDFN-1500 Doniphan, Mo. on ET 2:37 over WJBK. 1/17- KCBS-740 finally logged for a long needed one. FM, Radio Zaragoza-782, Zaragoza, Spain 5:04-5:55pm. TAs very good. Arabic on 1115 had me stumped. Portugal on 1061 good at 4:45, but passed it up for Zaragoza.

Renewed my membership in a really great Club. This past year has been a real boost to my DXing, thanks to NRC, & I hope the coming years will be the same. Missed a few issues, so my DX goes back to 12/17. XEYC-1460 DX 3:21am, poor signal, but reported; WFUN-790, 4:02, WBVL-950, f/c 4:41; CJCJ-920 5:01 (s/on?) 12/23- WGLI-1290, 3:46am; XEAI-1320 3:59 "Radio Ah-EE"; WHOK-1320, 4:02 s/on; WBLF-1330-DX 4:42, reported. Radio Caribe (HIU-860) 5:06am. 12/24- CFCF-600, 1:04am s/off; KARK-920, test 1:30; KFDA-1440 r/c 1:45. 12/31- WAME-1260 (RS?) 12:16am; WGH-1310 1:53. 1/7- CJMT-1420 DX 3:10 FF. Others not tried for. 1/14- WCGR-1550 TEST 4:12, reported: KRSI-950, ending test at 4:28, followed by OC, WAGM? WKAZ-950, s/on at 4:59. Questions: Is there a BBC around 1460 kc/s.? If so, what's the power? How many watts does Morocco-935 run? What's the location & power of XETRA-690? When does PJA6-905 s/off? Veries: WPOP-1410 (finally), rubbet stamped post card, WJAB-1440, KIFG-1510, v/l's, WCGR-1550 v/l, CM, & folder about Canandaigua, ZEM1-1235, "Radio Bermuda", picture post card, verie on back, & KIAM-1530 mineo card. Well, I guess that's it. 73 & best DX to all. THIS IS, FOR THE CHINESE, THE YEAR OF THE RABBIT. IN THE N.R.C., IT IS THE YEAR OF DENVER. HAVE YOU BEGUN TO PLAN YOUR VACATION SO AS TO INCLUDE THIS BIG CONVENTION?

Now the Hectic Holidays are over. Will get out a feeble report. Len, Cowboy Norm, Sam & the rest of the CPC have made this season seem like the good old pre-war days. The stations actually came on, as sked, & we could hear 'em! With my log, when you can add 18 new ones in three WMs, it is worth a big THANK YOU. I pitied anyone within 100 miles of WBNX, when the WBZI TEST was on, They were mighty tough, even way up here. XEYC was very strong. It was easier to savvy the names of the cities than the names of the DXers. Managed to clean up a few USA holdouts with an old dodge used only prior to Christmas. I sent out seven Christmas cards to managers, with nice letter, tear-stained plea, & PP card. Got five of them back. After 39 years of DX, you get real wily! This was ninth try at KSEE-1480 & please note what must be a successor to Tony Garcia, "Bill" Sinclair signed the card "Manager." Seventh try on WTLK-1570 got my card signed but it is scribbled, purposely, I believe, so you can't read it. Am proud of 1570. I have 68 USA calls listed on this channel & all are confirmed but WAPC WMLO WAKU KUXL & report out to latter. With XERF & CKLM to buck, that is a good condition. On Radio Americas-1165, C. Stanley wrote, "Radio Americas is leasing the facilities of old Radio Swan. We are a different station using same equipment in same location. We have no secrets but it seems to be fun for the magazines to think so." Thus, it would seem as if we could count this as a "new" station in logs - what do you think, Ernie, Pete, et al? (I have already done so, Hank, hi -ERC) I sent report on VOA-1180 direct to Marathon, Fla. The VOA-1040 to Washington. Got two VOA cards back in same envelope, both marked "Marathon Station relaying VOA" & mailed from Washington. The return address was "U.S. Information Agency, Washington 25, D.C." Hones' Log in today, worth the money & delay. While actually DXing, I refer to my typed log - easier to read, has ample room for changes, additions & is always kept current.

Bob Grass64 - 69-62 218 Street - Bayside 64, New York

DXing has improved considerably here & recent catches with my new RX include: 12/31-KING-1090 @ 12:37am EST coming in S-5; KRLD-1080 @ 1:08, XETRA-690 @ 1:18 S-5 with "Extra NX over Los Angeles", KNBR-680 @ 1:30 & HCJB-700 with peppy little signal heard at 2am. Same date, WFLI-1070 test smothered KNX @ 2:27 with rr mx. I celebrated New Year's four times: Once with WNBC-660 (EST); WBEM-780 (CST) KSL-3160 (MST) & KFI (PST). 1/7- Around 1:15am caught WJNC-1240 test with S-9 signal. DXing 1/14 yielded KOMA-1520 at midnight, KFBK-1530 @ 2:00 with weak signal, @ CFRB-1010 @ 2:20am, following WINS s/off. The following stations can generally be charted in my area during the day-time hours: WARM-590 WPRO-630 WPTF-680 WACE-730 WEAN-790 WGY-810 WOWW-860 KDKA-1020 WBZ-1030 WRCV-1060 WTIC-1080 WBAL-1090 WBT/WNAR-1110 WRUN-1150 WJJD-1160 WWVA-1170 WHAM-1180 WCAU-1210 WJLK-1310 WWHG-1320 WLDB-1490 WTOP-1500 WJMJ-1540 & WPAC-1580. Recent veries: WHLI XETRA KRLD. Locals WGSm-740 & WGLI-1290 soon to go 5kw; WFYI-1520 soon to increase power to 50kw. Does anyone know if WWRL-1600 has gone 50kw? It sure doesn't sound like it has. (No such permit for them or ANY USA regional station, Bob -ERC). I have to cut it short - finals are coming up. 73s from Long Island.

Bill Wilson - 1126 Alameda de las Pulgas - San Mateo, California

New stations: KVRD-1240 3:47 f/c-TT under KROY; KGEE-1230 AN heard for a moment at 4 & on & off all morning; KCAL-1410 ETing 4:36 to past 5am; KTOE-1420 4:50-5 s/off (what kind of sked is this?) cw mx; WKMI-1360 behind WSAI. All of the preceeding on 1/7. On 1/14: KUDI-1450 4:18-4:30 (contrary to CX of Frequency List); WWVA-1170 cw @ 5:20 (new state). New veries: KTOO-PP KGHF KEDO KVEL KVRD v/1, WKNX WACT WGBA v/q. Three much-wanted cards there. KQMS-1400 was not AN on either 1/7 or 1/14, so I guess the 12/31 AN show was a one-of-a-kind. So long for now & best of DX for all.

Bryan & Keith Wilson - 220 5 Avenue - New Westminster, British Columbia

Since almost three weeks of 1963 have rolled by another Musings is due. Well 12/31 KMAK-1340 Fresno ID @ 5:46, was on with their "Soundathon" similar to local CFUN-1410 on AN playing the hits of previous years. First station in the new year was a treat - JOLF-1310 Tokyo ID @ 5:30 in Japanese. This station has rough interference from others but pulled through at times with S 7-8. On the same AM from almost the other side of the world came WQXR-1560 N.Y. S 7-8, easy @ 6:50. 1/14- KPRC-950 Houston s/on 5:45; KILT-610 same place @ 6:30 & WYLD-940 New Orleans in @ 6:15. CX must have been good for the S Central U.S. that AM. Veries: v/1, WIXI-1480 KBAT-680 KBZY-1490, QSLs from WMAK @ 1300 WCKY-1530 KCBQ-1170 KSUB-590 & CBE-1550. We're looking forward to the DXes of 1/21, new state & province can be logged them. Nothing much left to say without wasting space except "Vive l'NRC" & au revoir & 73s until another short while has elapsed.

Bob Foxworth - 2715 Kilgore - Apt. B - Raleigh, North Carolina

Time to report. Big DX on 12/31, heard KAIM-870 at S-8 peak briefly, much fade. S-9 plus tape on KXLF hotshot NX announcer. Had a few guys listen to it down here, & it tickled them to death. Taped lots of jingles on KXLY-920, best about 2:45. The Mex on 620 was XEUB. Due to New Year's fiasco, didn't have time to report, but I did get letters & tapes mailed to Guadeloupe-640 & St. Lucia-830, finally logged through WNYC with my outdated, antiquated old loop on Christmas afternoon. My sincere thanks to Joe, Allen, Jeff, Ken & "Senor Cerveza" Cooper for the visit Sunday 12/30. It was a real pleasure to have you out to my well-heated third floor. Had to make up for having a frozen radiator. Finally unplugged it New Year's Day & poured \$6 worth of antifreeze down its thirsty throat. Look at all the DX I missed. Oh yes gang, if you reported WKIX-850, give 'em time to answer. No, I don't work there, but I know the CE. He's a busy man & last time I looked there were many letters. WKIX does verify. This is essentially what Jim Ernst, Glen Kippel & Mark D. Valentino have said (who's he?). Letter in from Bill Stone on the WERA test. Hopped in the V-2 (hitting on two cylinders this week) & went to the nearest hilltop. Weak TT through WAKR & another about 12:15, then WOWY in Clewiston Fla. came in atop on a f/c, s/off at 12:25, to return at 6am. I never did hear my former boss, hi. Thought I had KYOK at 12:30, not sure, WOWY is a definite logging. Reason Glen K. hasn't had Kashmir yet - they are on 1489.9962 & he was on 1490.000. Be sure to drink smurge. Whoever heard WLCX-1490 on 1607 kc/s. had a studio/XR relay, used when doing a remote broadcast. Have you heard the latest NX? Somebody reported hearing South Africa on 1250 from a Denver suburb, but Glen K. missed out on it because he was on the air at Station KICM. Back to books, so 73.

Ron Schatz - 8065 Crespi Boulevard - Miami Beach 41, Florida

In answer to my composite report of 11/14 on Marathon-1180, Dry Tortugas-1040 & Liberia-1565, I received a QSL from Washington stating "The VOA is pleased to confirm your reception of our program transmitted by VOA on 11/14/62." W. E. Dulin signed the card. Of course I have no idea which combination of the three outlets was verified so I'm returning the card with a f/up. VOA-1565 is my prize catch so I want them verified properly. Antennas #5 & 6 will be in operation at this den as of 1/20. Each is a 100' T-type with the E/W line running over the N/S line. The leadins will be selected by alligator clips if a switch isn't found. Antenna #4, meanwhile, will be taken down & sold to the first sucker to come along, so are any of you quantity DXers interested? Hi. DX was nil on the week of 1/13 because of a lack of time, but meanwhile I'll try to answer a few of your questions from the 1/12 DX NEWS. Andy Rugg: HJBJ has moved to 640; 1530 is HJFB "La Voz de la Sabana." Wayne Plunkett: 800 is either CMJS in Ciego de Avila or CMKL in Santiago de Cuba or both. Slogan is "Reloj Nacional." XEMH-1270 in Merida on MM. HJAZ-1060 at 7:30am? Stan Morss: No comment, hi! Don Roller: 888 was HRZN "Radio Pinares." Larry Schwartz: How about HRNQ-770? Bill Stone: 920 is probably a Mexican AN; HJAF rules the frequency here. Pete Taylor: My "Radio Melodia" 1040 is either Colombia or Mexico; CMCX is "Radio Rebelde" relay. HJKN-1281 s/on circa 4:30 or 5:00. HI-- 1115 is "Radio Santo Domingo" so it can't be HICN. I hope I've been able to answer a few of your questions from past issues this time. So until next week, for Stan Morss' sake, a merry Christmas to all members vined in Holy Matrimony!

Ralph R. Hartman - 127 South Columbia - Naperville, Illinois

In my last report, I forgot a station heard 1/7, Radio Minuto-1140 @ 4:18 while trying unsuccessfully for CBI-DX. 1/14- KNDI-1270 S 6-7 surging briefly above the HNL @ 2:32. KYND-1580 ET/M @ 3:25. WCGR-1550 TEST 4:19-4:31 S 3-6 with sidebands from KXEL. WPLB-1380 @ 5:01 s/on. 1/15- WBTS-1480 "test broadcast" not f/c, 3:15-3:30 with slight KBOX. 1/16- WEXL-1340 DD @ 3:34. KOLT-1320 @ 2:00s/off. 1/17- WHLP-1570 ending ET/M @ 4:07. 1/18- KABR-1420 1:34-1:37 f/c-TT. WLTC-1220 ending f/c-M & audio test @ 5:05. Seems to me that this one has strayed about 150 kc/s. S 7-9. V/f: WBOF WKIX ZFB1. V/1: KSUM WQOK WBOL WCGR-TEST (amazing, four days up & back & a TEST at that!) 113 points for the Contest. 73s.

Henry Marbach - 2 Overlook Road - White Plains, New York

Very little DX to report & no QSLs this week. New stations logged were WOAI-1200 & Radio Minuto Nacional-1200, SS, location unknown. I wonder if anyone has received Jones' Log? At first they said it would be ready in late September or early October. Then they said it would be ready in December & still have not received it. 73s. AS THEY SAY IN FREEPORT, LONG ISLAND, "WGBB." "We're Getting Better & Better!" BUT AS THEY SAY IN NEW YORK CITY, "WNYC." "We Need Your Cooperation!" Don't forget to Muse!

DX NEWS

Wayne Plunkett - 124 John Street - Weston, Ontario

Three Cheers - Jones Log arrived finally on 1/16! DX since last report: 12/24- KZON-1190 logged between 1:30-1:50 in EE - sure hope they verify; SS on 1200 sounded like broadcast from an echo chamber - who? WVLC-590 1:57, KOE-770 best ever heard, 1:55-2:05 s/off; KXLY9920 & KIMN-950 both good; KBOM-1270 r/c ID @ 2:25; WKBN-570 off AN (only WMCA); Colorado on 740 - more likely KSSS than KVFC; around 2:45 on 860, weak station seemed to have some sort of propoganda on behalf of John Birch Society! Then talked about stereo mx seven nights a week & s/off @ 2:57 with announcer's name being Ron Ashman. Cal. men, would this be KTRB? (Sounds like XEMO here -ERC) Another unk with ET on 770 had ID @ 3:07 but briefly garbled - heard again at 3:11 with "Day in, Day out." please, anybody else hear this one? WAOK-1380 AN well over WBNX; just not my morning as another unID test on 690 with real old records shortly after 3:30 - half way through "Strawberry Blonde" seemed to leave the air. 12/25- WCAW-680 12:01am; PJAG-905 made it fairly well at times despite strong CHML - they s/off @ 12:31. 12/29- WELI-960 4:15pm, WRIC-540 4:30, WNRG-940 for a new catch, foreign language on 1480 @ 5:07, could this be little-heard WHOM, Ernie? (If SS, yes -ERC) 12/30- CKRB-1460 8:20pm with hockey in FF. 12/31- Real great MM- KWWL-1330 12:23am with blurb about providing staff for Conrad station; KELO-1320 1am; WOOD-1300 f/c began at 1:02, WCOA-1370 s/off 1:08, two minutes after WSPD. KXLF-1370 1:10-1:30 by far strongest yet. CKCK-620 quite good so took log; SS-620 with U.S.A. pop records, 1:40-1:45, XENK? XEMO-860 with studios in some hotel in San Diego. What station on 940 has religious in EE around 1:55am? KOLO-920 briefly @ 1:57 before KXLY really poured in; KFRE-940 2am. At 2:17 while logging KXLY, another using PST could be heard under, no ID. KAIM-870 almost surely station in briefly at 2:30 & then @ 2:55. Waiting for reply to tentative report. XETRA-690 so strong could be barely heard on portable transistor. Weak station in EE on 750, KXI fits but not sure; CBU-690 in fair @ 3:10 s/off, leaving AN WTIK alone; WELI-1070 like a local with test 3:20-3:25; ZFBI-960 acknowledging reception reports during AM. Radio Tiempo-740 heard most MMs after 4am; clear ID from YVQO-650 @ 4:34. Is WFUN-790 AN MM? Sounded like they @ 4:38. (Yes -ERC) WICE-1290 WHLS-1450 & WOLF-1490 @ 5am.

John D. Hathaway - 4701 South Milam Street - Amarillo, Texas

1/15- WACO-1430 12:40; KGHF-1350 1:01. 1/16- KEEN-1370, 2:29; WCCN-1370 2:30 r/c; WKMK-960 2:49. 1/17- KNEB-960 v/1 for January f/c. 1/18- WJOR-940 v/q for DX; KSWO-1380 8:25pm; KOKA-1550 8:59; Radio America-1165 9:25pm. 1/19- KLEO-1480 1:12; KLAKE-1600 1:43; KXYZ-1320 1:46; KSJB-600 1:58; KXEL-1540 2:54; KXOL-1360 3:06; KOZE-1300 3:08; KTLN-1280 3:12; KBAT-680 6pm; WDIA-1070 6:03; KFRM-550 6:30. 1/20- KAKO9970 2:07; KKHI-1550 2:11; KBG0-1580 2:52. Best 73 & DX.

Bernie Duffly - 77 Livermore Avenue - Staten Island 2, New York

I find Jones' Log to be a masterpiece - same can be said of Godwin's f/c list! Without such, & those who compile DX NEWS, our hobby couldn't amount to much! Recent DX-ing done by me netted the following: 1/15- WMES-1570 Ashburn, Ga. @ 3-3:15 midst CKLM/XERF, WDMG-860 Douglas, Ga. @ 3:15-3:23, with KWGO, Salt Lake City, faintly in the background, as both f/ced. That same morning (third Tuesday) WSKT-1580 Colonial Village, South Knoxville, Tenn. tested : 3:30-4 with a fine signal for a 250 watt. 1/21, WBUY-1440 Lexington, N.C. came in well with its NNRC DX @ 4:00, & WBNB-1000 Charlotte Amalie, V.I. came through poorly due to QRM by an SS @ 4:16-4:33. Latest veries are v/l's from KTOE Mankato, Minn. & WCCR, Canandaigua, N.Y.

Ernie Cooper - 438 East 21 Street - Brooklyn 26, New York

V/l's from WCCF-1580 WFLA-970 & WBOL-1560. The 640 Hindu is not Radio Guadeloupe. I was listening to Radio Aeropuerto-640 on 1/19 starting at 3:37 when suddenly at around 3:45 a louder OC came on about 1 kilocycle above them, sounded five loud, booming gongs (indicating it was 5 am there) and made a brief announcement in an unrecognized language, and then played a short National Anthem. Guadeloupe would use La Marseillaise, n'est pas? Then into the Hindustani chanting. Radio Aeropuerto gave several calls, among them HOM or HON, so is in Panama. HOK is listed on this frequency - is this our new SS AN there, perhaps? 1/30- SM, unns WEET-1320 s/on 5:13; WBNZ-1450 on top AN; unk SS-550 on top @ 5:16am. The other Radio Aeropuerto-910, Caracas, with a fine signal 5:28-5:37 and on. 5:48, someone mentioned S.C. on 1300, unIDed. Station with cw behind CKLM-1570 @ 6:48am, unID. No sign of the 1560 6:45 s/on this week. No play on 1500 behind Elder Michaux' service on WTOP-1500 either; "Join the Marines" type snow @ 6:55, still unID. 1/21- Static like Fourth of July here, but did get our WBNB-1000 DX in & out with the "Cuban Minute Man." OEs on 1320, 1550 2:30-4, unID. 73
