MARBACH BACKS US

"Enclosed is a check for another year in the NRC. My first year has really been fabulous, thanks to the wonderful work of Ray & the editors. Also the cooperation & help which I have received from fellow members has been terrific. Thanks a lot for making my BCB DXing more enjoyable." \*Henry Marbach - 2 Overlook Road - White Plains NY-10606

The Coast-to-Coast CBS Radio Network had an AN show on Sunday, 1/26 (until 5:00 a.m.) commemorating the 30th anniversary of the FIRST AN Radio Show, conducted by Arthur Godfrey. Stations WNY-790, Watertown, N.Y. & WKNE-1290, Keene, N.H. advised us they would be on during those hours on this date, Sunday, January 26th and wanted reports.

Henry J. Wilkinson Jr. - 6620 Beeman Avenue - North Hollywood, California

It is difficult to believe that the Venezuelan stations are verifying so promptly, especially for those DXers who logged their stations on the ER of 12/2. It is gratifying to know that they have had a change of heart of late. Reception CX have suffered somewhat since the holidays out in this area. It is my understanding that CX will become definitely better between 1/10 & 1/20. Replaced my tap & lead-in wires of my inverted L antenna last week & found signals to be stronger than before the change. My tap wire was "scaly" & quite corroded. Veries in from "Radio Union"-1573, Santo Domingo, D.R. on a report of 12/10. Their verie indicates frequency as 1590 kc/s. Prompt reply & verie from "Radio Barbados"-795 for a report of 12/25, gave me country #48 from California. Lots of LAs on split frequencies being heard between 5:30-7am. Best time for WC DXers to log CA & SA stations, other than the more southerly & easterly SA countries is during this time for the months of January & February & part of March. Recent reports are "Radio Norte" Costa Rica-1505, YVPF-910 YVLL-870 YVQQ-770 HJFF-1210 & "Radio Ecuatoriana"-855. Have nine foreign veries in so far this season & 12 reports still out. It seems that no matter how much I try I don't seem able to verify more than 25 to 30 foreign stations a season. Good health & good DX to all.

John C. Johnson - 625 Park Street - Sheridan, Wyoming - 82801

Not too much to report again this week. I wonder why DX has dropped off? It isn't spring is it? Hi. Now to DX: 1/6- KJKJ-1400 @ 2:45-3am with r/c, for first station logged in 1964. KGVW-630 @ 3-3:15am with r/c, & KLYQ-980 @ 3:33-3:45am with their r/c. 1/10- KFJB-1230 with r/c @ 3:15-3:30. So totals are now 621/440. Contest points: Letterama: 43, & Domestic, 73. With the additions of the following veries: v/1- KSTN-1420 & CJJC-850. v/q- CFCN-1060 KKHI-1550 & KING-1090. The KING veri isn't too neat. It looks something like WNOE-1060's. But, a real welcomed veri. The KKHI veri was for a report sent last September. I think KKHI waited till the end of the year to verify the 1963 reports as a fellow DXer here in Sheridan got his veri from them the same day I did, & his was for a report sent last March! Hi. 1/6- At 3am, u/KGVW's r/c was CKOV-630 with their s/off. I didn't get enough for a report since KGVW was stronger. Will try again next MM though. KYOU-1450 s/off is 2am at least on weekdays. KATI-1400 will take on the CBS Network on 1/26. This info from Murray. 1/7- From about 7:55-8:10pm KOMA's main 50kw. XR, which they call "Bertha", went off the air. Their AXR wasn't coming into this area at the time, but KACY-1520 was. I recorded the 8pm ID, but sent no report. I sent for the new VJ #5. The VJ Logs are the best I have ever used. If you want a real nice looking program sked & CM folder from KTWO-1470 you can get one free. They were running promos on them, send them your name & address on a postcard & ask for the free program sked. Address is KTWO Radio, 4200 E. 2 St., Casper Wyoming, 82602. They might have a limited supply. To Bryan & Keith Wilson, ALL VOA reports, BCB or SW, go to Washington, D.C. If I am wrong, let me know. Also, KRLA-1110 does verify. To Henry Wilkinson: Sounds like a good idea to give out these certificates. Well, that's all for this week. Maybe I'll have more DX next week. 73s.

Paul Kirkpatrick - 229 West Chestnut Street - Souderton, Pennsylvania

Hi! Am sitting through what the WXman calls the worst storm of the season. Looks it, too! Lots have been happening since last report, so here goes: 10/14- CKRB-1460, St. Georges de Beauce, Que. with 2:00 DX; WMBD-1470, Peoria, Ill. @ 2:14. 10/15- WCHE-1520 West Chester, Pa. new local heard @ 4pm. 11/30- WNOX-990, Knoxville, Tenn. @ 11:00 through WIBG. 12/2- WPGC-1580, Morningside, Md. @ 4:45. 12/8- CKBC-1360, Bathurst, N. B. @ 12:08am for Province #4; WDAK-540, Columbus, Ga. @ 13:12. 12/13- XEWA-540, San Luis Potosi, SLP, @ 11:14. 12/14- WFST-600, Caribou, Me. with f/c @ 12:10 through WIP-610. 12/21- WGIG-1440, Brunswick, Ga. 12:08 f/c; WHLD-1270, Niagara Falls, 12:11 with a giant S-9plus f/c & WKJR-1520, Muskegon Heights, Mich. f/c @ 12:18. 1/9- WYOK-690, Birmingham, state #26 @ 5:23pm & WAIT-820 Chicago @ 6:10. Big news is I now have a recorder. Taped some DX but nothing spectacular so far. SCers, SOMEBODY must want some WIBG-990 SCs! Roger Winsor, boy, you've sure got yourself in a mess! A loud amen for Glen Kippel's verie proposal. Rich Heald, welcome to the image-haters! club! I have a WRCV-1060 on 1974 that's so powerful it practically knocks out WCAU-1210. Frank Merrill, I tried your formula for determining distances that was in the NNRC bulletin & it works! Now why not try making it easier to work out! Here's a mystery - on 12/24 an unID TT on about 635 kc/s. was logged 10:35-11:02pm. Any guesses? Will have to get the new VJ Log. If it's anything like the last one it'll run a close second to DX NEWS for being the PCBers' best source of info. Got a new alarm clock yesterday & it's QRM is enough to knock the MM blues out of anyone! 73.

January 25, 1964

Harold S. Williams - 50 Third Avenue - Seymour, Connecticut - 06483

Not much in "quantity" DX to report but I did manage to get a few good ones as follows: 12/11, at 4:50-5:30pm I was happily surprised to log WVMT-620, Burlington (Tyndall-Land Vt. with an S-7 signal almost completely covering WVNJ, thanks to my directional loop. Since I'll be at work during their 1/13 sked DX I was quite happy to log them. Being heard daily on RS now. 12/23- Tried to log WXXW-1600 Troy NY on listed f/c & heard WLNQ, Sag Harbor, NY with s/off at 12:18. No reply to my 10/28 f/c report so a second report sent. I do not believe that WXXW was on as listed because after WLNQ s/off, only WKWF Key West's SS was heard. Heard WFBM-1260 Indianapolis with TT 2:32-2:50 through QRM. This station is my holdout champion, being first reported 4/3/49, my report #83 & current report number is 2,506. Nothing new heard on Christmas morning. 1/4- WDW-1440 Dowagiac, Mich. f/c-TT 1:45-2 as per f/c list. DX mail: On 12/6 v/1 in longhand WSHN-1550 Fairmont, Mich.; 12/30 QSL card from WFEM, closing a long blank space in my verified log. 1/8, a nice v/1 from CFSE-1425 (they announce as 1450), Senneterre, Que. for a real prize since my report was not a perfect one. That makes 45 Quebec veries for 46 reports. 1/10- V/1, WVMT-620 Burlington, Vt. with mention of the 1/13 DX & Hank Tyndall's assistance, & 1/11 QSL card from WNMP-1590, Evanston, Ill. for 11/25 ET report, making verie total 2,284. Soon to retire from work, because of "old age" so may give up DXing, nothing definite yet. I "may" renew my NRC membership for another year. 73.

Roger Winsor - 3306 South Clinton Avenue - Berwyn, Illinois - 60403

Things have been really hopping at this den during the last week. As far as veries - forget it, with only one in from KOSG, Pawhuska, Okla. after only four days after I sent them the report. Many old stations signing off during twilight hours & too numerous to mention. 1/8- WIFE/WRR/CFGM all fighting it out @ 12:55. KOLY-1300 noted on f/c 1:10-1:30, WSMB with good ID @ 1:30, first time I've heard them in four years. WDSU & WYLD all morning long. Log taken on KSEL from 2:40-2:55 for first time for them in about three years. WLAV noted at 2505 with good old WJOL off the air. UnID TT on 1580 from 1:45-2:15, CBJ? Off to bed. 1/9 really came through with KMIS testing 1:10-2:00. I called them up & they mentioned my name & Ev's & the NRC. "LBK-1360 TT/mx noted from 1:45-2. WYLD on RS again for second night with CBM s/off 12:00. WIOU TT ID @ 1:30 mentioning intermittent operations during the morning. 3:15-3:30 brought about the un-ID TT on 1430, also heard about 2:30. That is the second month for them. Anybody get an ID? TT on 1230 @ 3:00 along with WCFO. They IDed but WEDC was too strong again. I did manage to block share-timer WSBC earlier in the evening for WDKA to come through. KOTE also had r/c per list. 1320 TT 1:15-1:20, KMAQ? Log taken on 50,000w. CKOY really booming in at 2:18-2:21. Letters off to CKOY "SAO KMIS WYLD KOLY & KSEL. Ev reports WCSJ-1550 on RS as of 1/11 but nothing up here. 1/11 brought about KDFN s/off for second 1500, hi. KMAE noted 5:30 on 1600 s/off for first time in a while for them. KATZ really comes in up here as of late. All these times CST as I keep forgetting to mark EST. 1/13- WSNE came through just at the end with Raunchy & then ID. Immediately afterward WHAG came on real loud for the whole TEST. I was at work though & couldn't listen to the test. WQXL noted s/on 5am EST along with WFBL WCVP WOKJ on 1590, not 1550 as noted earlier. CKEY had first time as "Radio 59" over WOW. I just got my DX NEWS & boy is it thick! Lots of goodies. Of course all those Seabrook info had been given by me already from Broadcasting which gets them immediately from the week. Total stands right at 1,780 with WQXL. Two weeks ago I didn't have any Columbia S.C. stations; now I have two. Any info as to when WFRM-600 s/on? I sure would like to hear them. WVMT-DX came through 4am. with phonetic IDs, pretty weak through CK-62. Did WNAD test at all? I heard TT on 640 during the whole night but then WBBM was also so it might have been slopover. WIRC also had 5am s/on along with WPKY, both Hickory NC.

Mike King - North Eastham, Massachusetts - 02651

Well it's 1/14 here & we are digging out of a snowstorm. Some locals were on AN because of the storm. I have a few things to report so here they are. 12/30- WFOA-870 heard @ 3:45am, then WACB-1380-TEST @ 4:15. Finally WXXW-1600 heard at 4:45. Two veries are in, WACB with card & map & a card from KIMA for their DX program on 1/29/62. I have the following SCs for anyone who wants one: 2GB WPRO CKRC & WORC plus a few other odd ones. So that's all for now & I hope to have more activity next time. 73.

Thomas R. Hill - South Gillies, Ontario

Not much to report at this time but here it is: Only one verie received this month. It is WSPR-DX. New loggings: KLIF-1190 KBMO-1070 CJGX-940 KIME-1490 WOLF-1490 WARK-1490 WVMT-620 WSNE-1410 WHAG-1410. Reports sent to WVMT WSNE WHAG. While writing this I heard KM J-750 at 8:45am. My thanks to Ray Edge for his help. 73.

Ed Drumm - 14 Dale Road - Wethersfield 9, Connecticut

Finally back again after a long delay. I am sorry but just don't seem to have the time to listen much lately, but did get a few new catches. But first for the benefit of other NRCers, WEXT-1550 in West Hartford, Conn. s/on @ 7am EST & s/off usually at 4:30pm. I visited WEXT's studios. They are completely automatic, everything is made up ahead of time & on tape. Only thing live is newscasts. I asked CE David Zadek what his future plans were & he said they would like to expand to unlimited time & a clear channel frequency. I don't know when/if this will happen. Also WINE-940 is definitely on the air & were noted here. Seems they have continuous mx with IDs on the quarter hour. Oh yes, one other thing. I noted under "Facilities" (1/11 NRC) you listed WHYN's power increase & said "This has always been listed as Holyoke?" As far as I know Ernie, WHYN is Springfield, Mass. as they do ID that way. It could be that the tower/XR could be located in Holyoke only a few miles away. Well, enough of that, new DX: (New?) 11/18- WBAA-920 2:50-3am NRC DX, WISZ-1590 3:10-3:20 testing. 1/6- WKIX-850 6:45-7:15 pm. 1/13- WINE-940 3-3:30pm, CKBW-1000 3:28-3:54pm. CKBW had such a good signal I wanted to take advantage of it so sent my first report of some months out. Thanks for the card Ernie & good DX in '64. HOPE to see everyone in Buffalo in '64.

David E. Pope - Box 173 - Crescent Beach, South Carolina - 29531

Recent veries are Marseilles-674 KCUL WJAR WJMJ NDR-1586 HOU-1025 WFOY WHEE WSPR WPVA "Radio Dakar" Senegal, verified 9/29 report for country #50 verified. First verie of the year was from "Radio Barbados". They asked me if by any chance I was the David E. Pope of Birmingham, Ala., WBLG WBMG WQAM WCMC KFH CKNX WHCU WSAZ WOLS CSB5-1578 Wbfd KCCL WKMT WCOA & finally Sottens, Switzerland. They greeted me over the air on 12/21. Switzerland was country #52 verified. DX: WCMC-DX made it quite well on TEST, KIMN-950 in quite well 12/23 @ 3:57; WSIZ-1380 atop, very clear @ 5:40 on 1/5; WNOG-1270-DX was o/u the Cuban, very interesting program. WMTC-730 signing off @ 5:45 on 1/7. Also on 1/7 caught WAGC s/off at 6pm. 1/8- WTID-1270 testing @ 1:15; WRAJ-1440 was logged on test @ 1:10 on 1/10. WVMT-620 DX was o/u WSUN, my first Vermont station. WSNE-1410 had an excellent signal, as well as WHAG. CKDM-730 was logged @ 1:32 on 1/14, first Manitoba station. On Christmas morning, I received a very surprising phone call from Ron Schiller - thanks, Ron. Best DX to all, but not too many foreign veries for some;

Wayne Plunkett - 124 John Street - Weston, Ontario

DX generally is good with four-five new ones heard during the average week, but the percentage of DX Specials received is way down from last year unfortunately. Since last report: 12/25- Mystery on 1580, at 3:04 said "Thank our listeners - all the way from Cal. to S.D." (?) dunno who this was. Finally got one of my most wanted Ontarios, CFCH-600 briefly around 4pm u/WFRM (none too soon as CKEY-590 is splashing all over 580 & 600). 12/26- WWML-1470 ID on r/c @ 12:31; good midday DX so logged WFBG-1290 o/usual CKSL; real surprise, WPPA-1360 atop 12:30-12:40; little heard WHOF-1060 logged 4:23-4:26 (bothered by CHUM slop); WCLW-1570 4:28; logs on WPDx-750 & WKEE-800, 4:30-4:50; new catch WFRB-560 s/off 5pm; WRIC-540 s/off 5:14; log on CKVM-710, 5:50-5:56. 12/27- A great AM. WDAF-610 way o/WIP 12<sup>3</sup>/<sub>4</sub>55; KSJB-600 NSP; CKRC-630 powerful; CHUB-1570 o/u CKLM 1:30-2:05, by far best heard since CKLM hit the air; KUTT-1550 ended f/c @ 1:40; WCLE-1570 ID on f/c @ 1:44 - not in list (no XERF this AM); CKDM-730 nice signal so log from 1:47-1:54; KGO-810 no trouble with WGY off Friday AMs; KMON-560 topping WIND nicely 2am (WCLE KGO KMON new); tried in vain to dig out unk on 1600 u/WAAM after 2am, MST, so probably needed KLAK. 12/28- Got around to logging CKSO-790 1:02-1:06 s/off, CKCK-620 nicely after WTMJ s/off; CJRL-1220 s/off 1:11; CBN-640 mixed with KFI 2am; another new one here, WGAN-560 2:04 (#14 on 560); ID barely heard from KWEW-1480 r/c but no log possible - will try again; WCUB-980 8:26am; WSBT/WHAK/WTCH all messed together on 960 8:30; WTHM-1530 topping WCKY 4:57; FF-900 barely audible way u/CHML 6pm, are CKJL & CKTS both FF? I know CJBR is. 12/29- Got brief log on CKGB-680 at 1am s/off; CJKL-560 s/off 1:12; CJRL-1220 announcing as AN this AM; WTTN-1580 log from 5:02-5:08; WCAW-680 real good 5:10-5:15 when change of pattern left them buried; KCHA-1580 s/off 5:29; WAPL-1570 s/off 5:30; KLCN-910 booming in 5:40; KRCB-1560 5:49 u/WQXR; KGM0-1550 through CBI at times; KNIM-1580 s/off 5:57; KKJO-1550 6pm; KLTR-1580 s/off 6:13. 12/30- Poor MM. WHOM/W SAR-1480 both s/off 12:01; heard Oh Canada on 1450 @ 12:02, maybe needed CFJR. Anybody know their s/off time? CKEY-580 s/off 12:05 to 5am, then tested on 590 with mx & infrequent IDs. WRYT-1250 alone 12:15 (CHWO off MMs now I think). Is the CBC AN mx on 920 CJCH? WWGO-1450 AN MM; same CBC mx on 1090 around 3:30. Note Carlon Howington says CBLK 400. relay in Kirkland Lake - how did they ID for you? 73.

George Greene - 1527 Sunset Avenue - Akron, Ohio - 44319

Hi all. Several veries & a few new stations this week. New stations are: 1/6- WCSC-1390. 1/11- WDIA-1070. 1/15- WRAD-1460. Reports sent to WTIK-690 KNOE-540 & WLIV-920. Report sent & veries received from: WMPS & WMAZ-940. Also veries received from CKPC-1380 WAVE-970 & WAAM-1600. Be sure to include plenty of commercials when you try to verify WMPS-680. I sent them a taped report. Here is part of the letter they sent me as a verie, "I suggest that on any future reports you list as many commercials as possible because only through them are we able later to identify our program content." Mondays's mail brought me an envelope with over 50 KGBS SCs for January, which I obviously can't use. Ken Butterfield, would you like these? Or anyone else? I still have plenty of extras from WAKR WHLO WHK WCKR WAMS KNAK WLEE WOKY KGBS for anyone. Write for a complete list of traders. That's about all for now. 73.

Paul R. Hoffman - Founders Hall - Box 108 - University of Dayton - Dayton, Ohio - 45409

It's back to the old grind after a much-appreciated vacation at home. I did some DX out of McLean, Va. over the holidays with my transistor with a few surprises. 12/23- WTMJ-620 for report to the only state heard but not verified from McLean. 12/24- WGOV-950 Valdosta, Ga. with test @ 12:20am; WAJR-1440 @ SSS. 12/25- Heard the new Radio Rebelde on 720 @ 2:41am with good signal nulling WGN with the directional antenna; WIST-1240 3:29am. 12/26- WIOD-610 @ 2am; XEDM-1580 in with good SS 2:09am for report; WWJ-950 at SSS. 12/27- WSHF-1290 Sheffield, Ala. on test heard from 1:26 to 2:17. 12/31- WIFE-1310 AN, ex-WISH; good SSS with WETT-1590; WLOS-1380, on a frequency usually covered by WEAM-1390; & WWYN-1260 right through local WWDC-1260. 1/1- WATR-1320 for report just after midnight; WSCR-1320 @ 12:30am. 1/5- WEET-1320 test @ 1:30, an unID Mexican on 1440, surely XELZ with 1,000w. could not have such a strong signal on a small transistor. It was a steady signal for over an hour beginning around 2:00. Any ideas? Then WHOK-1440 ID @ 3am. 1/6, MM- WAOK-1380 test 2:26; WBNX-1380 @ 2:30; KXYZ-1320 @ 2:50; KFH-1330 in real good for report @ 3:07 for a state never heard before from Virginia; WPRO-630 @ 4:02, & WXXW-1600 @ 4:13. I didn't expect to get anything with the transistor so I was pleasantly surprised. Veries are already in from WBEN Buffalo, WIST Charlotte N.C., WTMJ Milwaukee, XEDM Hermosillo & WSHF Sheffield, Ala. There was some DX here in Dayton just before Christmas. I'm running out of space so I'll just list the better ones & ignore the nearby logs. 12/13- WNAX Yankton, S.D. for my first log from that state; Radio Belize in at 6:39 for the first time. 12/16- XEJP-1150 Mexico City good @ 2:19 for report, CJOB-680 Winnipeg @ 4:02; KWFT-620 Wichita Falls Tex. @ 5:29. 12/17, heard the XERL call on 1570. 12/21- KFJZ-1270 Fort Worth; WICC-600 Bridgeport, Conn. Veries here from WNAX WBVL KFBK WSUN & KXOK all v/q; WGRV WMJU WOI KHUM verified 500w. test from Santa Rosa, Cal. with a real nice letter, & WEMP all v/l. I'm not in a position now to get an RX better than my Hallicrafters S-120 for some time anyway & was thinking about a Q Multiplier to boost the effectiveness of the S-120. Does anyone know where I could pick one up cheap? Or maybe there is something that would be better for me than a Q Multiplier. I'd sure appreciate any suggestions or help. Best DX to all. 73s.

Russ Edmunds - 24 Rosslyn Court - Little Silver, New Jersey - 07739

Welcome to Lee Rand, the first of my correspondants to join. I expect at least three more soon. Well, two weeks ago I said I'd start reporting weekly - I'm off to a fine start after missing last week! Ron Schiller & I will try for a WHTG TEST. Ernie (or anybody) who is CBC on 1600 MMs? 2- Who is my mystery station on 540 in Bridgeville (no state)? 3- Who's the SS on 1530 or thereabouts MMs? Somebody please answer because I'm getting annoyed trying to log them! Did anybody else log outlaw WOBQ-1040 Boston in 8/61? Veries - 1/6, WCMC-DX & WACB-DX. 1/7- WQOK. 1/8- WPTR & WBAB. 1/10- WQXR. 1/9 brought me a delayed Christmas present in the form of a Hammarlund HQ-100 with which I immediately logged Barbados-795, & Belise, British Honduras-834. DX: 1/1: WQVA-1530 s/off u/WCKY, 5:17pm. 1/12- WSAV/WMFD-630, fighting it out from 5:00 to 5:25. Still can't get Jones Log #5 locally. 1/13- No school due to blizzard, so WEJL-630 at 12:35pm, WHP-580 @ 12:28-12:31; WHNC-890 @ 1:12; WQXR image on 550 all day tentatively WCRV-1580 u/WPAC. S-5 Belize-834 carrier scream @ 8:07pm; CEM crucifying WINE-940 @ 1:16pm. Missed all specials this MM due to a faulty alarm clock; more fun tomorrow (1/14) - no school! Reports out to: WHP WSAV WLAC WGTO (5:28-5:34pm, 1/12) WMFD WQVA & second to WBOF-1550. 73s.

AS THEY SAY IN ROSWELL, NEW MEXICO: "KBIM." "KEEP BUFFALO IN MIND." SO, AS THEY SAY IN NASHVILLE, TENN., "WNAH." "WHY NOT ARRANGE to be on HAND?" LABOR DAY WEEK-END!

January 25, 1964

John Edward Sexton - 34 Maple Crescent - Asheville, North Carolina - 28806

Have some news. Belize on, but no Barbados. Twenty-two new stations since last report. As to Henry of California Musings of 1/4 issue I have heard well over 1,070 stations but do not collect veries, although I have some. To get veries takes money & a lot of preachers like myself have to think twice before verifying a lot. Being also a minister I can say 95% of my stations are as accurate as possible. My tape recorder also acts as a verie to me. I feel that the NRC ought to give credit to us "less rich" members who don't verify but do "catch" stations. (1,000 stations is a great many for 5 1/2 years of BCB DXing). At least maybe a special certificate for a little merit. Members, please comment. I have a surprise next week! AS to DXing, 1/11, WLVW-770 RS 5:07pm u/o WABC. WFNC-940 6:08pm u/CEM. 1/12- WJBD-630 RS atop the dial at 6pm. KSUD-730 s/off 6:15pm. 1/13-MM- KALO-1250 ex-KAJI RS 12:30am, AN? WIOD-610. XEAD-1150 real strong. Where was XEJP? Is XEAD 1kw? Also WCAZ-990 1:17am "In the Centre of Illinois". WRBI-980 some ET I guess, went off 1:15am. My 1430 station saying "Good Night & Good Morning" at 3am was old WIL-1430. WHSL "Whistle Radio" in strong on MM over everything; 1490. Got new VJ Log - real good but WFGW-1010 Black Mountain 10kw.D not listed - do list, NRCers. 1/13- WIMS 5:38pm. WGOH-1370 has TT on 1/14 @ 1:33am. 1/14- WJMW-730 s/off 6pm. 1/15- CMCQ-1420 in nice - assume it's the Cuban on that frequency, EE NX, Commie speaker. 1/15- WDOS-730 around 7:15pm u/CNCA. KNCK-1390 some kind of test @ 1:08am. 1/16- Great day. WRBD-1470 s/off 5:45pm. WGEA-1150 s/off 6pm. VOA-1180 Marathon (after trying five months) from 6-6:30pm, jammer over it, CMK, also 1180 (no ID heard though). CMCH-790 still giving WAKY a time 7:15pm. CMBL-860 fair & from 8:30pm-12:15am heard an SS under WMAQ - mentioned "Radio Diabe" also say "La Republica Dominicana" & last two words in ID are "Centro America". "La Voz de Diaz" believed to be an HI station since I think it's Dominican Republic. Frequency is between XERPM/WNBC-660 & WMAQ-670, assume 668 kc/s. - please if anyone knows where it's at, let me know via DX NEWS. At first I thought it to be the Honduras station HRN-670. This station IDed as Radio Diale or Diabe (De-aab-a). The last two words of the ID were Centro America & also I heard them say "La Voz de Diaz (or dinos). If it was that on those grounds I'd say HRN. Also mentioned "Panamericano" but the thing I think it is is an HI due to frequent mention of Republica Dominicana. What is HRN's slogan???

Ernest J. Wesolowski - 1416 Pasadena Avenue - Omaha, Nebraska - 68107

MM 1/13, lucky #13, was my best morning of the season. To start out, CBN-640 in St. Johns, Nfld. was heard almost in the clear with CBC NX, ID, & instrumental mx beginning at 4am. I didn't know until the playback of the tape that Newfoundland was on the half hour in time - that is, 1 1/2 hours ahead of EST. This is my Eastern-most station on BCB. Then the next three came on 1410 when WSNE WHAG & KQV were heard. The latest v/ls are KCCL & WHAG. V/c from KQV. Today member Jim Lee & ex-member John Draus stopped in. We drove to Lincoln, Neb. & checked on the new KNBE-1530. There are no towers, or XR yet. The land is about five miles SE of downtown Lincoln, & will be 5kw. D and will employ a four-tower directional antenna. Direction of pattern is unknown to me. Some other late loggings are WRUF-850 & WRFD-880 for which the latter I sent no report until today, 1/18. Oh yes, almost forgot my mystery station on 830 with s/or at 6:30 EST with GSQ, followed by an announcement of which I could not even tell what language; then another anthem or instrumental mx. Believe it may be the 20kw. outlet from Castries, St. Lucia Island. Any help, Ernie Cooper? (I think St. Lucia is back on 840 now, Ern, but not positive -ERC) Had a nice visit with Woman Killman in Council Bluffs, Iowa. Another tonight along with Darl D. & Edd Bentz. All for now so 73s

Gary S. Collins - 26 Holly Street - Cranford, New Jersey - 07016

I can't remember where I cut off list time so I'll start at 1/13, MM. CKEY-590 @ 12:12, WMBS-590 : 12:15 (test on AXR); KLAK-1600 @ 2:40-3:04 RS ('Clock Radio'); KCBC-1390 @ 3:30 RS, WKKW-1600 @ 4:23, WEBB-1360 5:05 son, CKLV-1370 @ 3:58 (this is believed to be the station which mentioned "weekly f/c". 1/14- WEMB-1420 @ 12:33 (r/c, but seemed to go off @ 12:40). Veries from WGHN, WDOV. SCers, still a few WRSU Carrier-Current XR of Rutgers State University for trade for a few Cms. Good DX.

Don Erickson - 24360 Myers Street - Sunnymead, California - 92388

SPECIAL - IMPORTANT. I have some good news for the many NRCers who have been clamoring for Loop plans. I don't know why I didn't think of it before but you can all get set by writing JOHN T. TWEEDIE- Box 103 - Oakhurst, N.J.-07755. I have these plans filed somewhere but have given up trying to complete a loop. The plans are probably pretty easy for a person with some electronics knowledge & others can probably get (P3

January 25, 1964

D X N E W S

(Don Erickson) help. When writing Johnk Please - DON'T FORGET to enclose return postage. I believe John has a good supply of them. They are done by some sort of photocopy method. Good luck to all with the plans. (Perhaps we should not write to John T. just yet, but let's wait until we hear directly from HIM as to whether he has such plans and would care to send them out - ERC)

Tom Colthurst - 2330 F Street - San Diego, California - 92102

Spurred on by the gigantic 1/11 issue, I too will muse. Friday AM 12/27, 2:59 s/off of KIDD-630, Cal. over KOH-630, Nev. CHEC-1090, Alta. RS rr with KING, Wash., 4:13; on Ernie's tip from 12/21 DX NEWS, Barbados-795 good signal at 5:13am; XENU-1550, Tams. at 7:07 with mail order ads for "Smoknomor", poor signal. 12/31, noted KBLA-1500, Burbank Cal. at 1:10pm with daytime ETs. That afternoon; KXEW-1600's Ariz. 7:15 s/off; & KWSO-1050, Cal. 7:45 s/off. More PM doings: KOLQ-920, Nev. 1/6 over KRAM, Nev. & KVEC, Cal. at 7:51; KTIM-1510, Cal. same date, at 7:49 atop the pack. 1/7- XEJ-970 Chd. led KBIS & KCHV at 8:10. MM 1/13- KICA-980, N.M. @ 7:51am on RS tip; KRAI-550, Colo. managed its 8:02 s/on beneath Ariz.'s KOY. No DXes heard here yet, because of school limited listening time. Veries, few & far between as witnessed by my horrendous contest totals include: JOIB-750 JOBB-830 KBLA-1500. v/q- CHEC-1090 KRSA-1570, Barbados-795, v/fs & ls, & v/cs from KOST-840 & KDOG-840, two experimental stations in San Diego & El Cajon, respectively. Local KSON-1240 c/w, has brought on KSEA-FM to simulcase, so that San Diego joins the ranks of those progressive cities with stereo c/w, WCsers, keep up the great showing in these pages, & a SCALDing 73 to you all.

George Junak - 1606 North Altadena Drive - Pasadena, California - 91107

Hi from the NRC's youngest DXer. DX here hasn't been real hot. New DX: 1/2- KPRO-1440 10:51pm, KSRO-1350 11:08pm, KCKC-1350 11:32pm. 1/3- KFBK-1530 9:23pm. 1/4- KSFO-560 10:20pm. XELO-800 10:29pm. 1/5- KOMA-1520 5:19am. KMJ-580 5am. KRUX-1360 10:27am. 1/6- KEWB-910 s/off 4:00am. KNBR-680 s/off 4am. KSUB-590 4:03am testing. 1/7- KIDD-630 10pm. 1/12- KYNO-1300 9:54am. KT00-1280 s/on 10am. KCRA-1320 10:03am, 1/13- KAFY-550 5:03am. K???-1340 5:59am. 1/15- XEW-900 9:46pm. That's all the DX I have this time. New veries: v/qs from KOGO KFBK XELO KSRO. v/ls from KOMA KFMB. That's all this time, so 73s & best DX to all. Oh yeah, all times EST.

Harvey Young - McAlister, New Mexico - 88427

Greetings from Eastern New Mexico's only ECB DXer. Right into DX: 1/10- KSDO-1130 in San Diego 7:08pm. 1/13- I decided heck with school & training, I just had to get in one MM this season, hi! WQXR-1560 led off @ 12:58, u/KPMC. Sounded like they were signing off but lost signal in about two seconds & could not tell. (They s/off 1:05am Harv -ERC) Next CJVI-900 at 3:29 s/off, quite weak, for my first B.C., KISN-910, Vancouver, Wash. at 3:52 with lots of QRM; IDed as "Kissin' Radio". WRBC-1300 Jackson, Miss. @ 4:17, asking listeners to write if they were listening, as the station had to know in the interest of the sponsors if AN broadcasting would be practical. At 4:30 KHOS-940, Tucson, Ariz. put in a wonderful signal for power, pushing AN CBM on 940 right off frequency, followed at 4:41 by CKWX-1130, Vancouver, in quite well for second B.C. in same MM. 5:05 brought KXIV-1400 Phoenix on top the mess for a couple minutes, to wrap up that MM. All above were on RS, all times EST. I heard AN SS on 890 with constant NX, I believe, with pips quite often, several times in & out, but never strong enough to ID. Sounded like Cuban programming, right? Other DX: 1/14- KCPX-1320 in Salt Lake City 7:27pm briefly. 1/15- KFEL-970 Pueblo, Colo. 9:50am in fairly well for short time. Latest morning DX I have ever heard. Veries are v/l from KTKT-990 & v/q from KSJB-600, N.D., state #32. I sympathize with you people who can't hear KOB-770. It just barely puts in a signal here! None of the recent Special Tests heard. To all you TV DXers: waiting for summer? Me too, ni. 73s.

~~Saryx...Callina...xx26xHollyxxStreet...xxStanfordxxNewxxJernxx...xx9XQis~~

Willis K. Lewis - 2514 Belmont Boulevard - Nashville 12, Tennessee

Yippee! Big news here is ID of WNAC-680. Clear but weak, calls heard @ 4:29 & 4:30, the latter nearly even with KNBR test ID & o/CJOB RS 4:05 to past 4:35 on Long John show. V/l received 1/17. Other DX: 12/11- KOL-1300 3:20 RS or ET/M for 20 seconds or so with KVOR/WERE out for #1 most-wanted perhaps, including WNAC. 12/14- KROE-930 f/c-TT ID 2:20 w/WKY changing record. 12/16- CFCO-630 RS NX 4:00. 12/17- WKTY-580 ID 11:55pm, long needed, through junk. 12/23- KOOK-970 RS 1:30, lots of QRM. WSPR-1270-DX inf fine. WCMC-1230 DX OK too (Thanks, ERC). WNAC in OK at times today. 12/26- WGRD-1410 ET/M 2:06. WTAW-1150 ET/M 2:15-2:20. 12/28- WARU-1600 s/on 5:30. 12/29- KVRB-1360 in OK - first ID ever by code here. KGB call weakly @ 2:50 for another (P. 9)

January 25, 1964

(Willis Lewis) great one. 12/30- KVVY-1370 f/c-TT 1:10. WMBM-1490 RS or ET 1:25 o/all. 12/31- WKBZ-850 RS @ 10:58pm in snow. 1/6- WSHF-1290 ET/M 2:23 s/on. KBTA-1340 f/c-TT 2:40. 1/13- KIJV-1340 f/c-TT 1:25-1:30. KMHL-1400 f/c-TT 2:26. WWMT-620 DX, TT, mx, weak but clear IDs @ 3:35 & 3:50 (WSUN fadeouts). There was one, I feel, of the most sought-after fulltimers by DXers North & West of here - thanks, Hank Tyndall. CBN-640 RS 4:03, ID said "27 till six." WHAG-1410 DX TEST. 1/14- CJCH-920 RS 2:31, QRM, wild CX. 1/16- WNAG-1400 f/c-TT 3:25. 1/18 (today)- WQMN-1320 f/c-TT u/KXYZ 1:50 KVCV-600 & KSJB even 2:32-2:34 w/KOGO fadeout & no FCC/WCAO, CX West. Most successful month of DX in long, long time. You fellows lined up some excellent DX TESTs. To all: Get WNAC-680 4:00-4:45 MMs (KNBR s/off to WAPA s/on) if possible. First phase of trade to Philco approved by FCC. Good suggestion, Andy - o/\*over, U/-under, w<sup>o</sup>-with, for useful symbols. Now for KIRO-710, only needed U.S. fulltime 50kw. here. Picked up VJ Listing today at Electra Distributing Co. here. (Thanks, Willis, so much! -ERC)

Joe Fela - 167 Goodwin Avenue - Newark, New Jersey - 07112

Veries since last report are v/l's from WSHF-1290 WAGN-1340 & WNOG-1270-DX, & v/f's from WHAG-1410-TEST, WCMC-1230-DX, & WCVI-1340-DX (with QSL card also). Veries stand at 503 now, 1,101 stations heard. To DX: 1/3- 6:15-6:28pm, KOAM-860 up to S-9, CJBC not there at all. 1/5- CHNS-960 very strong around 12:04am, quite unusual. 12:07 s/off of LA on 1505, played "Pomp & Circumstance" - who? 1/6- WIFE-1310 (ex-WISH/WAWE) @ 2:30am guess AN on MMs; 2:32 KEYS-1440 DX in very weak to weak but logged; 2:51 WSHF-1290 on ET/rr atop channel; 3:16 KIMN-950 noted at S-7 level; 3:30 WNOG-1270-DX very weak, much QRM from CMCJ; 3:44 WCVI-1340 DX copied. 1/8- 4:51pm, WHNC-890 battling WLS, WCBS splatter & two or three images on 890. Quite a bit of competition (hi!). 4:55, WMAZ-940 solid S-9. 1/13- 2:10am, BBC-1088 & BBC-1457 in but both quite weak; 2:36 "Command Radio" or "Demand Radio" in Toledo noted AN on 1230, guess WTOL; 3:02 WKBI-1400 NNRC DX copied OK but on early; 3:33 WWMT-620 DX in but rough with WSUN & CKCK (I guess) QRM; 3:56, KCBC-1390 for a report; 4:08 WSNE-1410 TEST in S-8; 4:30 WIBW-580 doing pretty good on 580; 4:32 WHAG-1410 TEST in well over S-9 but some QRM from KQV-TT & OC; 4:56 s/on WAEL-600 with SSB, announcement in SS by a man, then announcement in EE by a woman 5:00am s/ons noted of WSPA/WKAZ/WXGI-950, WRNL-910, WILK/WONE-980, WADO-1280 & WBCM-1440. 1/17- 7:05am, WPQR-1360 in the QRM. 1/18, 11:12pm, CHOK-1070 better than CBA; CJKL-560 in pretty good from 11:33 on or so; 11:59 CBL-740 saying they'll be playing dance mx AN long so SM silent period is either no more or only occasional. 1/19- 12:00 am, KTRH-740 just a whisper u/CBL; 12:04 CJAD & SS-800 in well u/CKLW. Wish WINS-1010 would do something about their modulation. They splatter from 1040 kc/s. right down to 970, & make DXing impossible on these frequencies. Oh well, what else could you expect from a Westinghouse station, hi! 73s

Sheldon Miller - 840 80 Street - Miami Beach, Florida - 33141

Greetings from the Western Hemisphere's most Southerly BRG'er! The brand new VJ Log is in & I must say it is an amazingly accurate publication for U.S. & Canadian stations. The only thing I question is the listing of WGBS-710 as 50kw.N. I am sure they are 10 kwN & have spoken to their engineer to confirm this. Otherwise, Miami & South Florida info is all correct. However, a word of caution as to using their foreign listings. They are way off somewhere in outer space as far as Mexicans are concerned, with some listings like XEX-500kw, XEQ-150kw., etc. They are evidently using the NARBA lists, & any connection with reality is purely coincidental. Their Cuban list is wrong, as anyone doing any foreign DXing at all knows. Incidentally, I would heartily recommend Roi Schatz' Cuban list of two issues ago as the most accurate available. DX & verie situation is terrific here, with excellent CX nightly. Newly heard stations have included WMAL-630 Washington with AN program, think they're directional to protect Cuba so maybe a good catch down here; CJCH-920, Halifax in fairly well on several MMs; KFVB-980 Los Angeles s/off MM 3am; KHVH-1040 Honolulu in weak most SMs before 3am when PRG2 has an S-9 s/on; WJEM-1150 Valdosta, Ga. with ETs, WDCJ-1220 Jax. for call change; brand new WSHF-1290 Sheffield, Ala. also testing one morning; WKNR-1310 Dearborn, with rr; KIMA-1460 in quite well most MMs before 2am s/off, good for distance & my most distant NA station; WWHY-1470 Huntington, W.Va. testing; WIXI-1480 Irondale, Ala. s/off 6:15pm; KSTP-1500 St. Paul finally on MM RS; & finally, new WCCF-1580 Punta Gorda, Fla. behind local WWIL. Veries have been received from WLCB KCCL-dx ZFB1 WSHF & HIBZ. Reports still out to WGBY KFIF KYND & KIMA. Finally, I would strongly advise all DXers to take advantage of the current Brazilian cycle, with Portuguese all over the dial each MM. Dozens of 'em are available just for the listening. 73.

Len Kruse - 1675 Glen Oak Street - Dubuque, Iowa - 52002

The latest DX at this den included the following 14 stations logged in 1964 thus far. On 1/4 Station WPHN-1560, Liberty, Ky. was heard on a f/c from 4:15-4:30am, while late that same afternoon I logged Station KPCN-730, Grand Prairie, Tex. with its RS from 6:15-6:30pm, topping the frequency. Then on 1/5 the new AN station WIFE-1310, Indianapolis, ex-WISH, was heard from 4-4:30am, QRM'd by both WKNR & WRR. An ET was logged on 1/6 from the new WINU-1510 Highland, Ill. from 1:43-1:58am. Incidentally, correct earlier reports that the calls were WINV, it definitely is WINU. Also on 1/6, Station WBG5-1560 Slidell, La. was heard on a f/c at 1:45am. Station WLWN-1560, Nashville, Tenn. the year-old 10kw. daytimer was logged for the first time on RS from 5:30-5:45pm with QRM from WDXR. Thanks to a tip from Ev Johnson, I logged the test from Station KMIS-1050 Portageville, Mo. on 1/9 from 2:20-2:50am, with heavy interference from ANs XEG & CHUM. The NRC DX from Station WVMT-620, Burlington, Vt. was a most welcomed catch for me, as hearing the state of Vermont is so rare at this den, so the 1/13 logging from 3-4am was great! Also happy to follow with the logging of a TEST from WHAG-1410, Hagerstown, Md. on 1/13 from 4:30-5am, the final five minutes found WING on with its RS to interfere. The third logging on 1/13 was Station WKKW-1600, Troy, N.Y. with its RS from 4:30-5am, with some of the usual QRM, mainly ANer KIAK. On 1/14 Station WAAC-1300 Terre Haute, Ind. was logged on f/c-TT from 1:17-1:30am, with some KVOR QRM. Then in late afternoon on 1/14 Station KDFN-1500 Doniphan, Mo. was heard on RS for the first time from 5-6:15pm, when they s/off. The latest verifications received for my collection, which now totals 3,743, included the following: KRCB KBEW KNBI WWJC KFDI WAAM WVAK KCCL WPHN WINU WKNR KMIS WGEN. (Welcome back to Musings, Len! -ERC)

Roy H. Millar - Box 91 - Marysville, Washington - 98270

DX? Yessir - 1/4- KBVU-1540, Bellevue, Wash. ID @ 11:20am; first day on RS. 1/12- KEHR-883 s/off 12:02am, announcing on 880; HELP! Later in morning, "Ici Radio Canada" ID on 610 @ 6:32am, CBXI? 1/13- Biggest "domestic" morning of season; batted 100% on DX Specials with all three tried for heard, i.e.: WNAD-640 strong with IDs @ 3:12 & 3:30am, LA QRM; WSNE-1410 very weak, but logged 4:06-4:29am, with KWBB ET blocking part of time; WHAG-1410 one ID only at 4:40am, but indeed welcome. Also added WLAQ-1410, Rome, Ga. RS 5-5:55am. Also a great deal of LA activity during this period, all reported to IDXD. Above KEHR-883 logging prompts me to take a few lines to review DX of the "peanut whistle" stations I've heard here in Western Washington. I classify these in several categories, i.e. (a) the CBC relay stations, ranging in power from 20-40w. (such as CBXI-610) of which quite a few have been verified on basis of assuming reception is from closest of the relays, if more than two on a given channel. Most distant verified to date is CBRF-730, Fernie, B.C. somewhere around 365 miles I believe. (b) Remots of BCB stations operating in area of 1605-1610 kc/s. Will detail those verified in this sector some other time - these do constitute an interesting phase of our hobby. (c) Carrier current operations of colleges, churches, etc. Only two logged here, and perhaps these should be considered the same station. First logged was a station on 657 kc/s. using no call, but IDing as "Voice of the Philadelphia Church" which is located in Ballard area of Seattle, Wash. some 15 miles from my then DX location. They verified as a carrier-current operation, 10w. output to power lines. A very recent logging in this category is same "Voice of the Philadelphia Church" from my Marysville location, probably 30 miles distance, now using call of KFPC (or KXPC?) & on 662 kc/s. They have not answered my report and tape of this reception. Probably would not want to acknowledge reception at this distance! (d) Clandestine operations. Above KEHR is most recent; very obvious semi-juvenile record "hop" with live audience. Only other was a "Cool Radio" KOOL, approximately 1605 kc/s. announcing as 1610, very juvenile, high school or younger operator. Never did pin down this "KOOL" baby, but have good tape that's fun to listen to. 73.

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois - 60403

Right to DX. Sm 1/12- New WBSJ-1550 heard well during the day on RS; WAGC-1560 s/off at 6pm. MM 1/13- Probably the best CX of the season. Luckily, three needed DXes heard: WVMT-620 100% readable; WHAG & WSNE, both 1410, both in like bombs in spite of KQV OC. Two new Canadians also logged, apparently both AN: CBN-640 around 3:30am & CFCO-630 at 4:30. Only other new one heard during the week was Friday AM when WHIR-1230 was heard to s/on @ 6am. Five veries received this week: CFCO WHAG KFDN WTIZ KWR AS THEY SAY IN LANGLEY PRAIRIE, BRITISH COLUMBIA, "CJJC." COME JOIN THE JOYOUS CONVENTIONERS" - This LABOR DAY weekend, in BUFFALO! MAKE THOSE LONG-RANGE PLANS NOW!

Larry Bassett - 4419 Elmwood Avenue - Royal Oak, Michigan - 48073

I'm down, but don't count me out. It's been many a week since my name has appeared in these pages, & I am sure that my followers (hi) have missed my stunning observations. The DX season is here in name only. As far as I am concerned it might as well be summer for all the time I have had to DX. Between being a senior in HS & holding down a job after school, I have been lucky to get in any DXing at all. About the time I'm finishing up my homework it's DX time, but I'm usually so tired I would rather go to bed! I was up on 1/6 & managed to dredge up three new stations: KEYS-DX faded in for about 30 seconds at 2:32 with an ID, but they were gone as fast as they had come. I also picked up WHSL-1490 in Wilmington, N.C. at 2:48 & WCVI-1340 NNRC DX @ 3:30. I have quite a few SCs here & would like to hear from anyone else interested in SCing. The old year went out with a bang as I spent a hectic two days in New York City. I wanted to give some of you guys in that area a call, especially Ernie, but forward-looking me left the addresses at home on the desk! Ever try to figure out a N.Y. telephone book? (I'm in the BROOKLYN book, Larry -ERC) I enjoyed a call today, 1/19, from John Dallar. Sounds like John will be an outstanding NRCer. In fact, Michigan has picked up quite a few members since I joined. Couldn't be my influence, could it? I owe letters to quite a few people, & I'll try to get them out as soon as possible. Best DX & successful 1964.

Peter V. Taylor - c/o KFOG - 420 Taylor Street - San Francisco, California - 94102

Say, this has all the earmarks of a Domestic report, hi! KRSA-1570 in Salinas is about even here with KCVR in Lodi. Haven't checked the map but they are about equidistant. The new KGBA-1430 is on the air serving the San Jose area. At this location, KARM in Fresno tops them day & night, even though KGBS is about 50 miles away. They aren't too directional! On Saturday 1/18, KHQ-590 was readable at 2pm local time which is unusual KFI KMPC KNX are generally readable in the daytime here but KGBS KABC & XETRA are rare daytime catches - all heard around 2pm PST. On SM 1/19, an unID was testing on 878 with U.S. pops; first noticed 4:58 & gone by 5:18. No ideas on this one at all. Identical programming noted on 990 1010 1050 5:21-5:40am with no ID on half hour, assume it was BBC AN net. Who was the 1050 one? Same noted on 1550 about 5:55, CBE I guess. KFRE-940 OC AN & KWOW-1590 AN c/w. I am quite convinced local KPAT was on 11kw. 6:05 & I have noted this before. They simply don't come in S-9x 20 on 250w. Four carriers noted between 1177-1180 around 5:55am. At 6:00, 1178 & 1180 brought two VOAs; 1177 seemed Chinese & 1179 unmodulated. Foreign readings, KHVH S-7 5:15 & Peking S-9x20 5:45; 2GL-320 S-8 5:20, HJED under? Chinese S-7 1420 5:42 & Kurming-700 even with WLW 5:45. 3LO-770 best ever heard S-9, 6:10. Barbados there on BFO but not audible, 4:58. Doubt if their DA will help out here. Thanks, Ernie, for your continued efforts on a fairly thankless job, & 73s.

Bob Pietsch - 317 San Fernando Way - San Francisco, California - 94127

DX of late includes: 1/6- KLYQ-980 3:45am f/c. 1/7- KPRL-1230 12:01am. 1/12 brought one of my most wanted stations, VOA-1040, Sugar Loaf, Fla. 7am in SS, but they were really murdered by Radio Peking, also KLVI (?) -560, 7:40am in Beaumont, Tex., apparently ex-KFDM, anybody else heard this? 1/19- CKLW-800, 4:59am. Veries of late: KWSO-1050 WHAS-840 KGBA-1430 (they are 1,000w. directional fulltime, & first went on air 12/19/63) & KFRR-660 written on my report after one f/up. Saw Pete Taylor at KFOG on 1/4 for a few hours of DX gab. Totals now 416/172. 73s.

Ken Butterfield - 624 Arthur Street - Plymouth, Michigan - 48170

Latest DX is very little as RX broke, & at the writing of this letter, 1/17, my set is still in repair. Yoiks! Latest DX: 1/11- KYND-1580 4:30am f/c & state #41. 1/12-WTRY-980, 1:20am. 1/14- WEMB-1420 12:30am r/c. WAVZ-1300 1:25am. CKOY-1310 (WKNR went off Tuesday @ 1am) 1:05; KCHR-1350 1:45am r/c. Totals are now at 632/471. Veries since 1/13- v/q- WTJH WCVI-dx. v/1- WLBH WSGC CKAC WLSE WFUN WKLE WHEN WKIX & WIVV (country #6). Domestic contest totals are at 144 (darn that Tracy & Robbins, hi). Well that's it so 73s, best of DX, & does anyone have plans for a lopp (one that works, hi).

Bernie Duffy - 77 Livermore Avenue - Staten Island, New York - 10302

I got two nice items by mail recently, VJ Log #5, & WACB's beautiful colored picture postcard verie. KCCL WCMC & KUDL sent v/ls, & WNMP an attractive postal, so "the mailman is doing all right by me." Reading Nittler's reference to KYCN-1340 I got sustantiation of hearing a "Kissin' Radio" atop the mess 1/6 @ 3:15am. Till then I was unaware there was such a station - thought I was "hearing things." 1/13 I added WNAD-640 WSNE/WHAG-1410 & WKBI-1400. Thanks, Don Erickson for the KNWC & KRSI DX tips. I relayed them but was unable to log any worthwhile catches 1/20 due to the HNL.

John C. Johnson - 625 Park Street - Sheridan, Wyoming - 82801

More DX to report this week. My totals are now 630/442. Latest DX is as follows: 1/12 - CJRL-1220 @ 1:40am to their s/off @ 2:07am for a f/up report. 1/13- KELO-1320 2:10am to s/off @ 2:15 for a f/up. Then CHQM-1320 from 2:15 to 2:50am for a f/up. KRAI-550 with their r/c @ 2:26-2:35am. Then from 2:55 to 3:35, WNAD-640 in with their PoP TEST. Real good signal after KFI s/off - got three IDs. 1/14- Morning DX in the way of KACY-1520 from 11:56am to 12:15pm for a f/up report. 1/15- KRBC-1470 with an f/c-TT @ 1:10-1:25am. WCCN-1370 with their r/c from 2:30-3. KCHY-1590 @ 5-5:33pm for a f/up. 1/16- KHUZ-1490 with r/c @ 2:04-2:15am & then KXYZ-1320 fighting with CHQM from 3-3:20am. On an SSS KSCO-1080 from 7:58pm to 8:14. Lost their signal completely at 8:14 when they switched to 500w. KSCO is the 60th California station I have logged. 1/17- WEBC-560 from 12:40am to s/off @ 1:05 for a f/up report. KBUR-1490 with r/c 1:05-1:20am. KRIZ-1230 was coming in from 2:16-2:20, but with only four minutes of log, I didn't bother to send a report. I didn't get too many veries this week, only two, hi. V/1 from KLYQ-980 for an f/c. KLYQ is the 27th Montana verie for me. And a v/f from KFJB-1230 for an f/c. The WX here is real nice. It got up to 57° yesterday, 1/16. I wonder if spring is here, hi. For those interested: A Salt Lake City car dealer is giving a blonde, brunette, or red head free with the purchase of a new car. That is, a blonde, brunette, or red head WIG, hi. Anyway it's a very interesting commercial to watch on TV. I hope the veries start coming in, m. That's going to be about it for this time. 73s & the best of DX to all of you.

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Veries over the last fortnight from: BBC-1088 (doesn't specify channel or location but definitely verifies!) WSIM-1270 KCCL-1460 WHAG-1410 KEYS-1440 WRSL-1520 WLEO-1170 who varied both 1/6 3:58 s/on & RS & 12/25 special AN) & CFNS-1170, Christmas Special to 4:08am s/off - they said they cannot DX now but to watch for them next Christmas AM, hi! (WWVA was silent last 12/25, allowing WLEO & CFNS to get in). DX: 1/11- WGLB-1560 on ET-TT-OC (ID sounded like WGLP to me also), with QRM from ET-band mx from WBOL-1560. WBOL unkn. ET/M on 1580 2:52 & on, unID. 5:31pm, St. Lucia-840 u/WHAS, unkn. after hearing unkn WBAI-740 u/CBL @ 5:01 while looking (in vain) for WBCI. 1/13- WVMT-820-DX about even here with WSUN-AN, much welcomed, & nice show, and my thanks to Hank Tyndall. WSNE-1400 test in nicely, mostly OC & announcements, little mx. WHAG-1410 followed with their TEST & above S-9 here, fine signal. Unk TT-1380, 4:13-4:18. 1/19- CEM-940 off; someone with a plug for "the church of your choice" there @ 3:43. SS on about 1252 unID; too sleepy here to fight for the ID, hi. 1/20- WSEM-1500 f/c-M, 2:25, seems to be every-other-month as not heard third MM in December. 2:45am, electric organ mx on 1210 under WHN image, unID, could have been Brasilia. Who had ET with banjo mx on 1290 2:57-3:10 or so, no announcements heard, atop here. No KNWC here, all the Cuban Red & an AN from KIOX, with WKYR s/on @ 3:57; killed all. Noted unkn CFLV-1370 s/off 4:02am after what they said was a weekly DX-Test, in EE, to return in FF @ 6am. Santo Domingo station s/on 4am on 1525, nice signal. Has a Sousa march, then "noticias" (NX in SS). WINS-1010 was featuring some crazy sort of test with their carrier recurring about every five kilocycles from about 920 to 1070 until 4:15, & after that nonsense stopped at 4:14, a very weak KRSI-dx was logged on 950 with few IDs. My SS mystery on 830 again heard s/off, this time at 11:31pm. Sheldon says it's YVLT. ~~xxx~~ Any local get-togethers being planned? Please excuse the mess near bottom of Page 8. My DXing is enhanced by the Gleason Log; the Vane Jones Log; & added this week was the brand new 1964 World Radio-TV Handbook. All are essential & I recommend all of em

VANE JONES #5

This brand new excellent Log is out. If you can't find it locally, send \$1.95 to Mr. Vane Jones, 2525 East 36 Street, Indianapolis, Indiana - 46218. No BCB DXer should be without this "right hand" so get yours right away.

WORLD RADIO-TV HANDBOOK

This is hot off the press, and no one who tunes the BCB for foreign stations should be without it. The price was originally announced as \$3.25, but it is \$3.50 this year. You may get yours by mail from Gilfer Associates, Box 239 - Park Ridge, N.J. - 07656.

PLEASE REMEMBER -

Lately a couple of you have been forgetting two of our cardinal rules in Musings. We have a limit of 30 lines of DX NEWS space to each Musing; only one report per issue per member; & please double-space your reports to make it easier & faster for your Editor to inscribe your words onto the stencils. And let's have piles of Musings! 73

Add the following calls to C.P.List- KVBR-1340- Brainard, Minn. 250

WSHC 1590- Collierville, Tenn. Via L.Kruse-Ia.

I noted all CBC Stations signing off air on WED Morn.-01:08- Ev.

Perhaps CBE stayed on.

All for this week Thanks fellows.-and perhaps We can have a full one next issue. Sure Like the Big Bulletins. past 2 weeks. Ev.

1320 WHIE Griffin, Ga S/on 0501 Ralph Gaskins C.E. (Johanns-Bflo

1550 WTTC Towanda Penn, Studios destroyed by fire-New Years (Johanns)

Ray B Edge-325 Shirley Ave-Buffalo N Y 14215. Nothing new here as to DX but I did re-report "Radio Barbados" since they concentrated their signal to the North and Northwest. Did not note any decrease nor increase in strength, seemed the same at this den. Since "CKEY" moved to 590 Kcs it seems that they do not slop over as they did when on 580. Probably got all new equipment. Early evening listening seemed to indicate that there have been several good AMs for DX in past few days.

To those wanting a Jones Log and they are not as yet available in their area it is suggested that they send \$1.95 direct to Van A Jones, whose address is found else where in this issue. Johanns says his Yearbook was received the end of December.

To all, please insert this sheet in its proper order, which is after Musings page 12. This being the last stencil run off causes this page not being in its proper place. Thanks and good DX to all.

EDITED BY PETER V. TAYLOR, c/o KFOG, 420 TAYLOR ST., SAN FRANCISCO, CALIF. 94102

WELL HELLO THERE! NICE TO HAVE YOU WITH US. THIS WEEK'S KILOCYCLE KAPERS ARE LIKE:

- 555 YNS M YNS CHINANDEGA, NICARAGUA IDING AS "R.TIC-TAC" 1/10 2130, POOR, LOG (BD)  
 570 CM.. LA MERCEDES, CUBA "R.REBELDE" HERE FROM 650 (RFS)  
 615 YNM MANAGUA, NICARAGUA LOGGED s/OFF 2302 1/11, ROUGH QRM BOTH SIDES (RHM)  
 625 TIRICA SAN JOSE, COSTA RICA. SURPRISED ME WITH VERIE CARD RE MY 10-6-61 REPORT.  
 SIGNED BY SARA MARIA MORA AND ONE OF THE BEST WORDED CARDS RECEIVED FROM  
 AN LA (BD) (YOU KNOW WHY? DAVE GLEASON JUST VISITED THE STATION! - PVT)
