| May 4 & 11 | H O X O | 760 Panama City, Panama | 5,000 | 3:00 - 3:30 | N R C I |

W P G M.* WBDS-1570 was purchased by the Montrose Broadcasting Corp. on 1/6/64, and the calls were changed to WPGM on 2/15/64. Their sister station, WPFL-1250, has just celebrated its tenth anniversary on the air. WPGM is planning on running a Proof of Performance Test on Thursday morning, April 30th, starting around 1:15 a.m., E.D.T. (12:15 a.m., EST). Says Mr. John Rejmer, CE of WPGM, "It would indeed be interesting to get a bunch of reports." Well, he'll have three other 1570 stations on at that time; CKLM, CHUB, and XERF, but we do hope many of you will be able to latch onto the signals from WPGM. We thank Mr. Rejmer for notifying us of this up-coming Proof of performance run, and we hope he gets those reports by the number! ERCooper.

W N R K
Ed Satterthwaite advises us to be on the lookout for ETs from the new WNRK-1260, in Newark, Delaware. He has suggested using Monday mornings for ETs, with TT and/or band music, to catch your ears.

ATTENTION! ANNOUNCING CHANGE IN V/S LIST!

RUSS EDMUNDS has suggested that he take over the compiling of the v/s list, and this he will do, with your Editor's approval and appointment. We will tell you more about how he will handle this section of DX NEWS in the future issues, but in the meantime, may we urge everybody to help get the big master list started by sending all your late v/s to RUSSELL EDMUNDS * 24 Rossllyn Court - Little Silver, New Jersey - 07739. As an alternative, if you wish to enclose them with your Musings Reports, you may, but be sure to put them on a separate piece of paper, so they can be forwarded to Russ from time to time? Russ will cut a stencil with the latest v/s every time he has a full page of them, and we hope you'll send those new v/s to him directly, so that we may have a nice full page of v/s for the May 16th issue (in three weeks). Thank you all, and our heartfelt thanks to Russ Edmunds for volunteering to take over some of the workload. He is very enthusiastic about this, boys, so let's make sure we keep his interest sharp by sending him a nice bunch of v/s real soon - for the 5/16 DX NEWS!

Roy H. Millar - Box 91 - Marysville, Washington - 98270

Hello, and Goodbye foo, for the last of the weekly issues of DX NEWS. I always hate to see this come about, but guess we can't hold back the changing seasons! A tip to "Tape DXers" - the new type 290 of 3M Co. appears to be a major break-through for such as myself who have rather unique problems relating to automatic recording. This type 290 comes in 7" reels, 3,600 feet, and appears to be very strong and stretch resistant. I suggest a test-real; see for yourselves. Resuming my listing of 100 foreign reports of this season which I started in last Musings with 50 listed therein; again, underlined are new loggings of this season; * indicates verified; and # indicates actually only a tentative report, which if verified would constitute a new logging - so, to it: HJGE-1033*, YSLA-800, KINY-800, HRN-670, IYZ-800, XELO-800*, YSAX-800*, YSC-1015, HOK-640, OBX4X-895, 2WN-1580*, XEW-900, OAX4A-854, YNX-750*, KHBC-970, Radio Americas-1165*, XEJ-970, JOLF-1310, KICY-850, HLCA-970*, PRH9-840#, KAHU-940*, Radio Peking-640, JODR-1120, LZD-1000*, EBC-881, SABC-1025, SABC-1034, HIL-790*, XENU-1550*, Radio Peking-1420 AFRTS-790, XET-990, XECL-990, PRB6-1200#, 4WK-880, TIW-775, HJKH-650, Radio Moscow-1250 TISR-1125. That's 40 more, so will lay off until next Musing. I should have ten more to list by then to round out the 100! Absolutely nothing new in way of Domestic DX to report since last issue; veries are in from KSKY-660 and 2WNpl580, the latter being surpassed in distance by only 5PI and 2CN among 2kw-ers verified. 73.

Henry J. Wilkinson Jr. - 6620 Beeman Avenue - North Hollywood, California

Finally finished the country lists by continents and have forwarded them for publication. After thoroughly checking many many medium wave logs and up to date world Atlases and maps I came up with additional countries to be added. These lists are strictly for countries who have stations on the BCB as the NRC is a BCB DX Club. I fully realize that there have been several issues of these lists in the past several months but we now have a solid foundation to build on. Please watch Pete Taylor's section for additions and deletions. Long Distance reception has bogged down in the last two weeks but the DX season, as a whole, was quite fertile in this locality. Veries this season so far are: Radio Belize-834, JOIU-780 JOAF-1120 3YW-1460 JOWF-1460 4QN-630 JOEF-920 JOBF-1200 HLCA-970 Radio Union-1573 Radio Barbados-795 Radio Norte-1505 YVLL-670 Radio Tic Tac-555 YVQJ-1080 F.E.S. of USSR-656 and YVLH-660. Reports out to the following: JOUC-820 JOFK-770 J.B.C.-770 Radio Pueblo-1525 YVPF-910 YVQQ-770 HJFF-121- Radio Ecuatoriana-855 Radio Grenada-1575 YSCB-1175 JOPC-1070 YNAG-1475 YSS-655 Radio Senegal-764 Radio El Sol-982 KHAI-1090 Radio Cumana-720 Radio America-890 Radio Columbia-1195 and Radio Mia-645. One of the better seasons since 1955. To Glen Kippel: Sorry to have missed you but I work nights. 73s to everyone.

Bob Pietsch - 124 Locksley Avenue - Apt. 3 - San Francisco, California - 94122

Latest additions to the logbook include: 4/5- CHEC-1090, 3:34am. 4/11- Finally got one of my most sought after stations, KICY-850 4:29-5:03am, almost like a local between periods of fading, also SS station behind but unIDable. KBGO-1580 5:23am, and WCBS-880 6:04am very weak. As for latest veries, KGMS-1380, KCTY-980 KGHF-1350 KCRA-1320 KFLY-1240 KGVO-1290 KNGL-930 CHED-630 CKLW-800 and CJCA-930. I was at Rich Yeald's house for DX gathering 4/11 with good time had by the ten people there. It was a pleasure to meet you, Bob LaMotte, Dave Prather, and Bill Wilson. My totals: logged 437/199, countries 13/8, states 34/31, provinces, 5/5. 73s.

Andy Rugg - 16 Lake Breeze - Pointe Claire, Québec

Greetings from Pointe Claire's most Northwesterly DXer! DX has been nil but new veries are: v/r- WAPE-690. v/l- WNJH-1580. v/f- Radio Barbados-795, the last one being country #36 verified, with Uruguay and Sengal tardy and Jamaica a lost cause. HJW: You left Barbados off the list. Also since 1958, hams have counted each of the islands in the Leeward and Windward groups as separate countries. Why not be expedient and write the American Radio Relay League in West Hartford, Conn. for the ham country list? It covers everything! Jacobs, McLauchlan, Rugg, Simmons and Griffiths make Quebec back Buffalo 100%! Ron Schiller: KZIX-600! I don't even daydream about that one! 73.

Fred Van Voornees - Box 162 - Lemoyne, Pennsylvania

I've lost Steve Mann's address. Mail to 192 Staab Lane, Westbury, N.Y. returned. Does anyone have Radio Amateur Call Book? He is K2CJN. If you have address, please tell me. Please ask in DX NEWS if anyone can help. (Hi, Fred - any DX down there? -ERC)
AS THEY SAY IN NUKUALOFA, TONGA, "ZCO." "ZOUNDS! CONTRIBUTE OFTEN!" (Dunikowski).
BUT ONLY ONCE A MONTH NOW FOR THE SUMMER PERIOD. EVERYONE DXing IS ASKED PLEASE TO SEND IN A MUSING FOR THESE ISSUES. LIMIT, 30 LINES; ONE REPORT PER MEMBER. PLEASE!

John Sampson - 23 Terrence Terrace - Freehold, New Jersey - 07728

Hi everyone. DX has been almost non-existent for the past month or so because of the new baby. I am just, finally, getting back in the swing. The only thing I've verified in the past month is WNEB-1230, in Worcester, Mass. with a 5am s/on. They verified promptly and nicely. MM 4/13, I heard ZBM2-240 on their AM show and WNBH-1340 at 6am s/on just before WMID's. 4/14, found WHZN-1300 at 5:45am s/on. Had tried to get this when it was WUHT with no success. Joe F., thanks for your card on Sierra Leone. I agree since both Ron and I got four letters from Ghana stating we did not hear them on 1200 kc/s. In fact, they have no ECB outlet. Looks like Sierra Leone, then, if they answer. ACE in Puerto Rico appears to be on 1200 now. I've heard EE there after 4:30 am, but no ID yet. I will probably have to wait till next Fall for this one. I will definitely be at Ron's the 28th. Looks like he's going to have to rent the Asbury Park Convention Hall to accommodate everyone, hi! The get-together should be a ball. Still plan to go to Buffalo. Ray, I'll get that other dollar for First Class postage to you, hopefully at Ron's, so I can save 5¢ postage, ni. 73.

Joe Fela - 167 Goodwin Avenue - Newark, New Jersey - 07112

Verifies since the last report are v/l's from CKSL-1290 CJSS-1220 WHLM-550 and WCSS-1490-DX as well as a v/q from KTOK-1000 and a v/r from KDEM-800. To DX: MM 4/6- 12:48am, TGUX-1020 with "Radio Americana" ID in SS; 1:00 s/off on 1480 of two-three stations, one of which apparently WTHI; 1:08 s/off CJOY-1460 in the clear; 1:10 KXLF-270 good, WSAI-1360 best ever heard here at same time; 1:15 KTOK-1000 noted, must s/off around 1:30; 1:24 WOOV-1340 TT; 1:32 KGWR-1500 ET/TT; 1:38 WNDY-1500 ET/M; 1:42 KSTP-1000 u/WNDY noted inviting DX reports, saying the previous MM was good for DXers as they got many reports; 1:59 WJBK-1500 ID on ET; 1:55 WTOL-1230 atop channel; 1:58 s/off WGBI-910 to return at 5:30; 1:59 WSTH-860 ET/c/w mx; 2:17 WCLO-1230 ID on r/c; 2:20 WJOB-1230 ID in the clear and then faded right out (caught the ID on tape and sent it to them but no answer yet); 2:30 KGA/WINU-1510 even, WINU on its r/c; 3:09 to past 3:30, old rr records on 950, no IDs and signal weak but above KIMN, any guess? 4/12- 12:43 am no CBF-390 but CMBC there well above S-9 (is CMBC now NSP?) 12:53, ZEBI-960 atop channel and sounding like a cheap imitation of WABC-770, hi; 1:03, PRH9-840 noted with a weak but steady S-3 signal; 1:10 CEA-1070 noted off but three others there all battling it out. 4/13, MM was a washout here. Did note a few things: 12:40, c/x mx on 1190 probably KRDS out static too great to ID it; 12:45 c/w mx on 1310, guess CFCM, WKNR right u/it. 12:50 WRC-980 s/off; 1:03 VOA NX on 1340 had me stumped until it IDed as ZBM2. 4/14- 12:32am, WDAR-1360 ET/M (s/off came at 12:39); 12:50 WCNC-1240 f/c; 12:59 ET/TT with CW IDs on 790, couldn't make out the code as it was given poorly - who? 1:05 WDEL-1150 s/off; 1:15 WCVA-1490 r/c; 1:34 TT on 1240 with IDs every two minutes, think WSDR; 2:00 KCHR-250 r/c-TT easy and topping channel from time to time (still a non-verifier?) 2:01 s/off WJPS-1330; 2:04 CJOC-1220 S-5. 4/15- 1:24am, WCOY-1580 ET, mostly with two engineers talking to one another; 1:37 WBCH-1220 ET/TT. 4/16- 12:32am WNEW-1130 off so WCAR/WGNY there about equal; 1:02-1:11 s/off WIRV-1550 ET/M; 1:19 BB on 960, think Braves' Network, who? 4/17- 1:20am s/off KBUR-1490 ET/TT (or f/c - just about made out call/location). Right u/it was ABB station on the Cincinnati Reds' network, who? (I IDed WOHI, Joe -ERC) 1:25 WNEW-1130 off again this AM (but back the next day). WCAR atop this time alone. Just about out of room to 73 & Buffalo '64.

Ted Weiser - 19 Fairview Avenue - Schuylkill Haven, Pennsylvania - 17972

Time to check in with a report from this area. I'm having a poor season all around. I had to work nights till February. I did get a few of the NRC DXes using Admiral five-tube portable during coffee break; WWSF-1400 NNRC, KCCL-1460-TEST. WVMT-620 NRC but no reply. WSNE-1410 TEST. WPRE-560 TEST, WTOL-1230 NRC. WFAW-940 TEST but no reply. KXLW-1320 TEST. Other verifies in are WWGO-1450 WYNN-540 WSEM-1000 WVON-1450 WHRY-1600 WFLS-1350 WWYN-1260 WTOT-980 and WMSG/WCEF-1050. And WVOB-1520 who was heard on RS, thus a nice personal letter instead of the usual v/f, one like Roger Winsor would like to have. I have so many reports out - some on the second and third try. On fourth try, WEEZ-1590 netted a nice QSL, two reports on RS and two back about five years ago on DX. Looking for some of those easy ones for some but hard for me after a few reports like WYAL-1280 WANS-1280 WDAX-1410 WEAS-900 WOVE-1580 WJES/WAFS-1570, WYCL-1580 WYNR-1390 WSKT-1580 etc. The past two seasons I netted 100 & 105 verifies. I have 43 so far this year so it looks like I'll get half way there. I guess my best catch was CBN-640 a real rough one in WFAW-940, wish they'd verify. Two others who failed me, KMIS-1050 after nice catch, & WABD-270. We both reported them, Ernie, on the same AM, like last year WKTK-1370. Guess I'll hang in there for the summer. 73.

Hal Robie - 351 South Street - Medfield, Massachusetts - 02052

Not much here for news right now. Most interesting is a letter from Radio Moscow in answer to a letter I sent referring to the situation on the evenings of 1/27-28 when the USSR interval signal faded in over Radio Andorra-998 at 5:56pm and lasted until 6. Nothing else could be clearly IDed, although a man's voice could be heard briefly but indistinctly. (The announcer on Radio Andorra at this time was a woman). No list here shows Kishinyov on at that hour, so I wrote asking about their hours of broadcast and stated what I had heard. Reply says, "Thank you for your letter of 3/23 and the reception report on Kishinyov, Moldavian Soviet Socialist Republic. According to info received from our technical department, we found out that the call signal you heard from 22:56 to 23:00 GMT belongs to Radio Kishinyov. At this hour this station closes down and the language was Moldavian. Unfortunately, we do not verify reception reports from local stations. Do you listen to Radio Moscow's North American Service?" Etc/etc. This may not be an official verification, but it states in black and white that the signal I heard belongs to Radio Kishinyov and I personally consider it to confirm my reception, brief as it was on those two occasions. I was unable to pick up the signal again, although I tried nightly for some time. One of the nice things about this hobby is its flexibility within the limits of one's own conscience. My log includes only those stations I know I've heard. There are no tentatives unless subsequently verified, and tentatives aren't reported unless it is pretty certain theirs is the station heard. Even on these rare occasions I usually request a verie only if they can be certain beyond a dubt. On those stations positively IDed I'm willing to accept a most loosely worded statement as long as it is an apparant attempt to confirm. When time permitted I was more or less a purist, going back for clarification of statements, sending PP for signature specifying exact frequency if verie listed more than one, etc. It's easy to go overboard, but I wonder if it's necessary in most cases. Lately I've taken to filing a copy of my original report with any verie that requires clarification on a minor point. For my own purpose I find this is a fairly satisfactory solution.

Mike Bugaj - 197 Boston Road - Middletown, Connecticut - 06457

Just a short Musing this time. One verie in from KDEM-800, Burt Oliphant is the CE. They sent my report back and he typed the rest on the bottom. Montana is state #45 verified and the rest will probably have to wait until next winter. Some late news is that WLIS-1420 will build new studios for AM and FM. Their studios almost got burned down in a forest fire a few weeks ago. Two stations logged this week are 4/13- WLIJ-1580 @ 7:13pm and 4/14, WBOC-960 @ 6:37pm. Unusual CX this week with unnn CJCE-920 blasting in with 40db at 6:30pm on 4/15. Also on 4/15, CFRB-1010 way o/WINS-1010 at 7 pm. Just barely heard WINS. I guess that's all for this Musing, except for a reminder to any of you interested to give the FM band a try, since DX to pretty good here and it's not even May yet. For example, WDEL-FM in with excellent signals on many mornings. So, have fun, and 73s.

Richard Gula - 56 Sears Street - Middletown, Connecticut - 06457

DX for the week has slowed up here considerably for two major reasons, namely school and lack of listening time, in parallel with that rotten static. Here is "all" the DX for the week: 4/11 PM- WKOX-1190 @ 5:58, WHLD-1270 @ 6:37, WTID-1270 @ 6:44, WWYN-1260 @ 8:49. 4/12 AM- WCOG-1320 @ 5:49, WCHB-1440 @ 8:01 s/on, WCEM-880 @ 4:45, WSDC-1560 @ 6:26, WGBB-1240 @ 8am. MM 4/13- WOOD-1300 @ 1:12 f/c, WOSC-1300 @ 1:31 ET, WARK-1490 @ 1:34, WATC-900 @ 1:36 f/c, WKWF-1600 @ 1:40, KYSN-1460 @ 2:01 s/off, Mexico City-1410 @ 2:11. 4/18 AM- Ernie, who s/off on 1290 @ 1:36 with SSB? (I think this might have been WHIO as they were on late with Cincinnati BB -ERC) WKMT-930 @ 1:47 with Special test program, WQMN-1320 @ 1:52 f/c. 4/19 AM- WKMT-1220 @ 6:05. This AM I heard about four different s/ons on 1560 @ 6, 6:15 and 6:20 but I couldn't get IDs from them. If anyone has info for any station on 1560 with s/on at these times, please let me know. A few veries have come in: St. Lucia-840, v/c WICC for a Conn. verie at last, v/l from KELO-1320 for first S.D. verie, and last a verie typed on the bottom of my report from KDEM-800 for their special DX program back in March. So, from my four veries I got one new country and three new states which is pretty good for one week. Totals now run like so: 886 logged, 71 veries, 39 countries logged, 14 veried, 48 states, 43 veried, & nine provinces, five veried. The season is rapidly coming to a close & I hope it's been as good to everyone as to me. Ken Murphy - how about a letter? Warren Brown, what is your correct address? Sorry I wasn't home to see you. Better luck next time. That's about it for now, so let's DX and fill up those summer issues, okay?

Bill Fleming - 1927 North Market - Shawnee, Oklahoma - 74801

Greetings to NRC members from Oklahoma's only NRCer. Thre finally, completed my first DXing goal. I've confirmed all the Stortz stations. I started BCB DXing in the Winter of 1962 when KOMA sent me a QSL. KOMA is my favorite listening station & I wrote them complaining about being in a null at night. This caused WLAC and WCKY to slop over on 1520. I had heard about QSLing in SWling but didn't know BCB would confirm. I started writing to KMOX WHO KFAB WLS KOA etc. Thus I got started on BCB DXing. My second Stortz was VHB Kansas City. The third was WDGY Minneapolis which had all the Stortz stations listed upon it. Finally I got KXOK St. Louis. Recently I got WQAM, Miami, v/c for 1/20/64 and finally WTIK, New Orleans, the last Stortz, came in for 1/20/64. Also very recently I passed my 200th verie. The Lone Star State accounts for 40 of my veries (wow!). Recent veries include WCOA test, WIRC WJBO KRSY WQOK WTAR KFRU WBNS KBGO KVOR WLOP WDSU KFDI WTIK WOWO KSCB KCHC KSJB CBK KALO XEMO CFCO & KLVI. Recent catches include KFIF WLAY KLTR WGEM CKDM WRAj-test WSEL-test WRIP-test KOKX-test KPRE KPHO WEAU (first Wisconsin) XETRA-news KVET WTMC WCIN KOKA & KYOK. (none of these has been mailed). Well, that's all for now. 73s & Happy DXing - the season's 'bout over.

David E. Pope - P. O. Box 173 - Crescent Beach, South Carolina - 29531

Latest veries are: WARO-dx CHOW WMBD WSVS CFPL WBNX KRKD KOKX WACT WEYE WVOB-dx WOKJ WQXL WKSC WAYN CBK WARK WGBA WYZE WGOO WGH (after third report) WJBO-dx CFRA KALO WWIN WTLN and Paramaribo (Radika), Suriname verified a report of 3/4/63 for country #54 verified. That made the verie total stand at 577; 99 foreign veries. WACT-1420 @ 5am s/on; WVOB-1520-TEST in quite well. WOKJ-1590 (3/12) signing on at 5:00. WDOM-1540 signing off @ 6:15pm, 3/17. 3/19- WQXL-1470 in with test @ 1:20. CBK-540 logged 1:14 for first Saskatchewan station. 3/23- WJRC-1510 testing with excellent signal at 2:25 and much later. 3/24- WCKM-1250 logged very briefly @ 6:30 s/off. 3/25- WJLM-1480 testing with fine signal around 2:13. 3/26- WPTL-920 testing with excellent signal @ 2:20. WGYW-1430 testing @ 2:40, weak signal. 3/31- WTLN-1520 in with ET @ 12:48, much QRM from WKBW. KALO-1250 o/WRYT at s/off 1:03; WRWJ-1570 very weak @ s/off @ 6:58. 4/2- WWIN-1400 atop very nicely @ 2:00; WWXL-1450 in with test @ 2:28. 4/6- KKCM-1500 testing @ 1:35; WIKC-1490 testing @ 2:00; KGNO-1370 in @ 2:17, very weak. WJCO-1510 testing with excellent signal @ 1:44. KNX-1070 in very strong at s/off, 2:57. 4/7- WRFB-1410 atop with NX @ 5:41, but faded out very quickly. WNCA-1570 s/on o/u WLSC @ 5:47. WCPC-940 quite strong with Mississippi NX @ 7:03. 4/14- WREL-1450 having f/c @ 1:10, weak signal. WCVI-1340 f/cing @ 1:35, quite strong. And finally WGLI-1290 atop frequency @ 2:07. That's about it this time. I almost forgot, I ordered a Hammarlund HQ-180A RK last week, just couldn't wait any longer after reading about BD's & RBS' fine catches. Best DX for everyone. (Swell, David - and thank you -ERS)

Daniel Miller - 1121 Parkway Avenue - Covington, Kentucky - 41011

I hope everyone is having more luck with veries than I am. None in two weeks. Piti-ful. DX goes like this, by date: 4/7- Two new ones on 1500 fighting it out, WNDY and WGIC. WNDY puts in a very poor signal here because of directional antenna, so no log has been possible yet. They seem to reach a very small peak about 4:30pm. Also WVNA-1590 in/out 9:45-10:45 w/WAKR QRM. 4/10- WROK-1440 S-3 @ 1:40am. Nice for 500 watts. 4/12- WOHO-1470 S-7 @ 8pm. 4/15- New country in YSS. They are listed as 655 but I would swear they are closer to 663-4. In SS but call given often, and use some U.S. rx mx. Slogan "Radio Nacional." Since someone expressed an interest in carrier current college stations, this may be of interest. Several days before Christmas WFIB, operated by the U. of Cincinnati held open house which I attended. They operate on 800 kc/s. using an XR for each formitory, each radiating about ten watts. They are on a 24 hour sked and use all Gates radio equipment. Very complete studios and CE asked me to see if I could hear them here. So far no go. Here's a bit more on "Radio Caroline on 199." They program an entirely musical sked with four DJs. British officials are complaining on the grounds they are seriously interfering with ship to shore radio messages (hi). Incidentally, Popular Electronics has instituted a second award program with awqrd's being issued for 20, 30, 40, 50 states verified. The award is a very attractive seal to attach to the monitor certificate. See latest issue for details. As a slosing thought my support rests 100% with the NRC & always will. You cannot improve on PERFECTION.73.

Dan Phillips - 271 East 8 Street - Cookeville, Tennessee

Well, another TA verie slipped in, this one from Monaco-1466 for #2. Yean. The Loop Plans are finally in Pop's hands now so all you great DXers can get busy and try to build them. They aren't perfect but maybe y'all can figure them out. Well, the (P. 6)

April 25, 1964

D X N E W S

6

(Dan Phillips) season is about over but static still not too bad so maybe a few stations can still be logged. Must run, so best of DX to all, and good luck Looping your Loop, hi. (Our sincere thanks to you for these plans, Dan! -ERC)

Frank Merrill Jr. - 10693 Saline-Milan Road - Milan, Michigan - 48160

DX has been very slow here lately. 3/29- WCKOY-1310 2:00 (thanks for tip, John Daller). 4/8- KUOM-770 SSS skip 8:00 s/off. One verie in, and not one "stinken" verie. It was from VDEL-1150 for the DX Special! The v/s pointed out that I was Member of the Month in the NNRC, and was I surprised, as that is one of the pages I have usually skipped! Hæn't reported to any stations fdr a while, except for the domestics on 3/23, and the Africans. Also I am asking 3GI-830 if it was they that I heard when I heard a station on 830 syng New York on 2/17. This station was fading terribly, and the Zedders were excellent that AM (remember 4YA). It was as weak as the still unID Argentinians (?) on that frequency, and you (Ernie) said that WNYC was not NSP yet, and what's more, EE was heard on 830 around 4:45am. Am awaiting answer. Also, I reported to 4YA-780 on what was heard, and I hope they verify; the same to Dakar and Sebaa Aioun. The station on 830 was in EE for sure. Ernie, is WNYC on this early? (5:13). (No; s/on 5:55 -ERC). I guess I can talk about the get-together at John Daller's some more, as this is a topic here that exceeds DX by far! He called me on 3/24 inviting me down, and was I happy to get the call! We were talking for an hour! When the time came (3/28), we were taking about veries, and all types of DXing, and everytning that DXers talk about! Really was fun, and I diin't even have a chance to get real acquainted with all the DX-ers there (the get-together was "only" eight hours long!). This is not the last of the get-togethers, either! Sheldon Miller will probably be skiing me (or seeing if you prefer); I hope he can make it! And Tom Sherman will be seeing me this summer! He has tried to see me many times in the past, so I am extra-anxious to see him. That late will be sore-neck date, as he stands 6'5"! He is my first correspondence, which started all of seven months before I joined the good old NRC. If I ever get a car, I may drive all over the state and see DXers galore. I know I'd like to, and seeing each DXer would be worth my spending about \$20 for gas (my car will probably average about 5 MPG, hi). John Daller's house was my first chance ever to meet a serious DXer. Got myFB Logs Saturday, and they are good! Guess I am near 30 lines so I'll say 73s and best DX and hope to see you all some time. 73.

Don Eggert - 1925 East Bowman - South Bend, Indiana - 46613

Hi everybody from the northernmost NRC member in Indiana. CX have been at the lowest point since last summer. Almost no SSS. According to my log April of '63 was a good SSS month, for me, as mahy Tennessee, Mississippi and Alabama stations were logged. I didn't listen last MM as we had a thunderstorm, as usual, hi! I guess the time has arrived to sit back and listen to the Chicago White Sox win the pennant this year. In the "for what it's worth" department, eight states can be heard at noon: Indiana, Michigan, Ohio, Kentucky, Missouri, Illinois, Iowa, and Wisconsin - and one province, Ontario! Logged this week are: 4/11- WAGC-1560 with ET/M at 1:33am and WKEE-800 at 1:42 also ET/M. Veries this week are, v/l KSOO (state #33) and v/q KYW (three months). I now have available to anyone the complete network of stations carrying the White Sox games from WCFE, Chicago. There is a total of 90 stations in 11 states on the net. Please enclose a 5¢ stamp. Totals are 37 stat.s heard, 33 veried, four provinces heard and two veried, and to date, 448 stations logged. 73 and good DX from the home of the Fighting Irish of Notre Dame. (Hi, Don - please double space? - Thanks. ERC)

Roger Winsor - 3306 South Clinton - Berwyn, Illinois - 60403

It's been a bit since I last mused, so here goes. No new stations recently, and only a fw veries as summer is really showing signs of approaching. Latest is Chi-radio is WJRC now on RS 7:00-7:30 this month on 1510. No SSB s/off. Big band, etc. dx with few commercials & many IDs. Nothing on WYLO yet. Sunday WJRC 8:00-6:30, no SSB. Only a bit of DX as I start rolling again. 4/9- WBAA f/c-TT 12-1:30, WABG-960 1:30-2 rr nx, KMAQ r/c finally after four months of trying. WSIV noted here vavy strong now that they're on 5,000w. Same for WHFB-1060. I see here WIRA-1400 was granted 1,000/250, same for WTTB-1490 Vero Beach; KAAA-1230 also. Veries here very slow but then nothing has been sent out either. Received recently are: KWYO KLMR WLDs WHAB. KLMR/WLDs v/q, the other two v/l. Reports out to WBAA WABG KMAQ and that's all. I want to thank everybody in appreciation for what they've said to me as of late in my correspondence with various members. It is great to be hitched up with a swell bunch of guys. 73. AS THEY SAY IN MOBILE, ALABAMA, "WABB." "WE'RE ALL BUFFALO-ROUND." SEPT. 5-6-7!

Richard Cochran - Sweet's Corner, Nova Scotia

Greetings from the NRC Farm representative! Are there any other farmers in the house? My official capacity is V.P. in charge of gathering eggs, feeding hens and sharpening ~~knives~~. DX 4/8, At 4am finally got California - KFI-640 while CBN off. Big Deal! Went looking for WILS-1320, they were u/o a c/w mx station. Tried for CFMB-1410, only WING at 4:30. 4/10, made it 36 states with KSL-1160 with very good signal 2:30-3. 3:00, KXYZ-1320, WPOP-1410 AM, so no CFMB. On MM 4/13 WOSC noted on 1300 o/WERE at 1:44 w/f/c, still on, 2:13. Frequent IDs. Also TTer on 1230 at 2:12. 4/15- WCOY-1580 w/"Engineering, Operation and Modulation Test". Some mx, tones, mostly two technicians comparing voltage readings. First noted them 1:37, went till 2:35. After the technicians had been checking readings, etc. for 20 minutes, one of them said "Gosh, I guess we don't need this carrier on any more." So they s/off to return a 6am. CBA off at 3:00 for second Wed. AM in a row; regular? Sure welcomed list of CBC relays - answers a lot of questions! Veries very slow; only three. v/1- CJRW. v/q- CBI, second from CKOY for 12/28/63 report. New v.s, Jack Daly, Manager, and also sports commentator. Anyone who wonders where Sweet's Corner is won't find it on a map. I live seven miles E of Windsor, home of the AN OC on 1450! RX is a decrepid old Rogers-Majestic, vintage 1936. Antenna is homemade TV aerial. The old RX is a bit bad on harmonics, but what wouldn't be with a Navy Code station one mile away? Oh yes, I will trace CHNS and CJCH SCs for KRNT (two for one). To Mr. Rugg in Quebec, I might be going to Mac. in the fall if the egg price is good, hi! Nova Scotia CBC relays are all FF except CBAC-540 and CBAP-1140 s these two are the only ANers. FF relays sked approximately 5:00-11:00. 73.

Charles Reh - 34 Garrison Avenue - Leamington, Ontario

DX is getting worse all the time as shown by these few stations logged in the last two weeks. 4/5- WAUK-1510 (ex-WAUX) 7:30pm s/off; 4/6- WOOW-1340 f/c 1:27am; WHBU-1240 f/c 1:33am; WSTH-860 ET 3:25; WICE-1290 4:20; WCGC-1270 4:30 s/on; WGBA-1270 4:32 s/on; WEGO-1410 5am s/on; WMOH-1450 5:05 s/on; WEEF-1430 7:30pm s/off. 4/10- WPGM-1570 (ex-WBDS) 6:44pm s/off. 4/13- A very poor MM with only two new ones logged. KGPC-1340 r/c 2:40am; WHTC-1450 ET 3:45. CKWW was off MM 4/6 but back on AN MM 4/13 so I guess not a regular s/off. Attention SCers - I have plenty of CJSP and CKLW SCs that I'd like to trade. Till next issue, bast DX & 73s.

Wayne Plunkett - 124 John Street - Weston, Ontario

First, a word of thanks to Ray Edge for all your help with US stamps over the past season. Bill Stone: Real nice to see you again on 4/8 & to learn you're hitting the dials a bit again. Important: To all TV & FM DXers, how about dropping me a line as would be happy to correspond with you & I have a proposal to make re TV-FM DX. Since last report: 3/16- Log on CJNR-730 for about four minutes prior to 12:01 s/off; long time not heard WCBF-680 very briefly @ 12:04; WEAN-790 s/off 12:07; ID from KCKW-1480 at end of r/c 2:05 just barely readable; log on much wanted KBOI-950 off and on 2:03-2:06 s/off. CJCH-920 pounding in at 2:15. Who had TT-580 around 2:19? Too much CKEY here. Slept through WVOB-TEST, drat! Also 3/16, log on WANT-990 6:12-6:15pm s/off to return 6:30am; WINR-680 with NBC NX 7pm but not good enough for log. 3/17- WKNR-1310 murdering local CFGM after midnight - this has been happening more and more in last few weeks; good log on WGPA-1100 holding its own with KYW 5:08-5:09 - bring on KFAX, ni. During March often heard SSB s/off on 950 at 7:14 but never could get clear ID - possibly KXJK- anybody know? 3/19- Finally added KLOU-1580 to heard log @ 1am but not good enough for log. 3/20- WELD-690 noted briefly 6:02; WCPS-760 clear ID @ 6:15; WPTS-1540 s/off 6:16 right after CHFI; WLDS-1180 probably the one u/WHAM @ 6:57 but not sure. 3/21- TT-1520 during WKJR r/c time, but when they IDed WKBW had the Beatles, hi. WNOE-1060 blasting WECV 7pm. For those who can get CHUM-150 half decently in the evening & like the rockers from out of the past, give a listen to the "Grooveyard" on Sat. PM 9-12, really great with "Ghoul Barbara", fang mail, & lots of sick jokes, hi. 3/22- Had WX in EE on 1580 1:59 & then seemd to go off, mentioning 1,000w- who's this, KLOU? Nice catch in KGHL-790 2:07-2:10 SSB s/off just u/WTAR; with CBL off, carefully watching 740- just two real weak ones after 2am & static bad. WCIN-1480 on top 6:05am; WACE-730 6:32; WFOX-860 s/on 7am; WSEP-1580 s/off 6:45 with Dixie - haven't answered three month old RS report yet; another brief log on KDAR-1550 7:59-8:01 s/off during CBE lull. 3/23- WIBW-530 in 12:01 WWRN-620 s/off SSB 12:05, return 6am; hockey-950 at 12:10 fooled me - it was WIBX. WKBH-1480 new 12:25; another new was WKBO-1230 12:30 "Dynamic Radio." KSDN-930 s/off 12:55-1 to return at 6; XEHF atop 1370 after 1am, ET-1520 o/KOMA noted 1:55, forgot about it. didn't ID. Now know it was WDGL. KFRU-1400 NX 1:56. ID WJRC-1510 3:17. Broadcasting says address is Lincoln, Ill.? (Listed by FCC as Joliet, as they IDed -ERC)

Ben Dangerfield - 202 Governor's Drive - Chester, Pennsylvania - 19013

The WX is hot, but the foreign DX isn't, and very little is being added these days. I must admit that for a three week period in March, I didn't submit any reports, domestic or foreign, so apparently I am now reaping the harvest - nothing. I did get a welcome verie the other day from 4YA-780, but it does not increase my log. I had verified 4YA in 1960, but that was on the Philco, and I wanted to verify for the HQ-180. Anyway, a very nice letter accompanied the card this time. This was a 2/10 log. Back to MM 3/30 No HIBZ-1340 DX here, either, but I also had ZBM2 for a minute or so. Later on 3/30, found WSVS atop 800 at 6pm, and WMBL atop 740 shortly afterward. WORA was in quite well on 760 until 6:30pm. A little bit of TA activity on 4/1; nothing exceptional. 4/4- Mystery station on 885 kc/s. again to 9pm s/off. I began to get an idea of who it was. 4/5- Enjoyed a visit from Bob Foxworth. First time I had seen Bob since White Plains. MM 4/6- Some static and a bunch of AN Cubans, but I heard 2NA-1510 with a fair signal. Earlier, I had discussed this one with Bob, who heard their signal the week before. MMs are sure not encouraging any more; there's so few clear channels, and 'twill be even worse come DST. 2NA in to WAC s/on @ 5am. 4/8-9, EE programs and BBC NX on 885 kc/s., plus hours on air and other factors led me to believe this station might be Montserrat. They were going to change frequency tentatively, and I never did hear 'em on 845 kc/s. Also on 4/9, I found CJIC very strong atop 1050 at 11:30pm. MM 4/13- Too much static to do any good. During the evenings of 4/13-14, some very good reception from Spain, North Africa, and Portugal; also Monte Carlo. 4/15- Tirana-1088 and Zagreb-1133 were good around 11pm, and for about a half hour afterward. Some other TAs too, and WCSC was atop 1390. I plan to get to Ron Schiller's on May 24th.

Ralph M. Johanns - 11 East Chippewa Street - Buffalo, New York - 14203

Correct 4/18 DXDD for 1490, weekly s/on for that (10/5) CKCR, the s/on I don't hear & they don't answer me, as I'm not supposed to hear CKCR. They're directional away from here; WBTA one reason. SM 4/19- 1490 had the WOLF AN and 860 had CJBC AN-CBCing, first time noted. 1270 got WLBR 6:29 s/on. 4/18- WX poor and no KWFT-DX came through the wSUN and it disappointed me. 910 had RS o/WSEA @ 5:45, then "in the rain" took CKLB Oshawa AN from 6:20-7:12am for a report, as my old 1950 v/1 is for 1240 kc/s., 100w. Before this took the weekly s/on by WVOP-970 @ 4:57am, as my pal WEBR waited with OC until 5:00:30; even got a couple pieces through the OC who remained so till RS s/on 5:30am (WVOP has reports from me as far back as 1960 and unanswered.) 4/17- The long 980 TTer didn't say a word to me; 600 had KSJB/WCAO? ANers and KSJB had a W-W-O- commercial - I thought it was WCOM, La.! Nuts. Then tried for that WCVF Murphy N.C. again @ 5am s/on. He sounds like that (not WTAC) but KSJB QRMd. 4/16- 1490 @ 5:47am SSB and s/on; next, a puzzle - 1370 @ 5:55 SSB; 5:56:15, pause, then W---, is licensed to Adams Broadcasting System operating with 500w. to SSS, W---/FM with 16,000w. on---; studio at ---, XR at ---? All cut by SSB WSAY s/on @ 5:58:15. Ernie, I'm lost on that one, you know? (I don't have list of owners, Ralph - a wild guess is WKFD, Wickford R.I. reported to s/on 5:45am -ERC) Before that on 690 @ 4:15am was SS "programa racional" (Castro), then the TT @ 4:19, mx @ 4:31 & 4:34:30, "Ice Radio Canada" the BBB net & CBF starts. 1310 had CKOY with NX @ 6:01, but CFGM took over again. 4/15- r/c WCCN with Phelps of Minneapolis, the r/cs of WFIX & WSOY also heard. 4/13- r/c-TT WPAL-730 ID @ 1:11am, then 1400 noted my pal WYSL testing w/mx till near 2am, then 2:25 a TTer @ 2:28 said WPAY, Portsmouth, O. and WJET AN then. v/1, CM, WPIT-730, Pick-Roosevelt Hotel, Pittsburgh 22, a Rust-Craft station like local WWOL, gave no info. v/1, WBEX-1490, Carlisle Hill, Chillicothe, Box 244, Ohio, has a Tepee on v/1. Info was in DXDD. v/1, CM WCSS-1490, Middleme Road, Amsterdam, N.Y. r/c third Wed. 12-12:15-m, sked 6am (SM ?)-11pm. K. Moffitt, CE, had a lot of work with new controlroom equipment etc. and so delay for 2/17 DX answers. My local QRM will also go EDT and I'll stay EST @ 2:45am EDT, hi. 73.

Henry R. Marbach - 2 Overlook Road - White Plains, New York - 10605

Latest additions bring verie total to 97. Should have over 100 by next report, although I haven't done a lot of DXing. Veries which have been added are WFBC WKBR WSAR WAIR & WTOP. New foreign catches are 4WW-1325 4/16 with light mx and announcements in FF from 10:22-10:40pm; Cubans on 550 and 560, Radiodiffusion Senegal-764, YNC-1115 from 10:24-10:28pm s/off. Domestically WAIR-1340 (while looking for HIBZ-DX), CKJL-900 w/CHML all evening 4/14, WKBR-1250, WSAR-1480, CKOY-1310, & WERE-1300. Sure wish I could do more DXing but trying to keep my school marks up & studying my Chemistry extra hard, since I haven't been doing well in it, busy with Track, playing Basketball, trying to get summer job to earn money for a car and trying to prepare for college keep me busy. 73s and good luck to all DXers, and the METS.

Chris Lucas - 89 Round Hill Road - Fairfield, Connecticut - 06431

For the first time in quite a while, I got some decent DX. On 4/20, MM, I logged eight new stations, bringing my total to 595. WKWF-1600 @ 1am SS often mentioning Cuba KWLA-1530 @ 1:13am r/c, WKSK-1600 @ 1:46am r/c, a CBC station on 1190 either in Newfoundland or Labrador which I can't find listed anywhere - Help! I heard them from 1:59-2:05am, but static too high to get ID. KFYO-1410 @ 2:09am r/c for state #40, WTHB-1550 @ 2:35am r/c, XEJP-1150 @ 2:49am SS, and WNGA-1600 f/c @ 3:30am. Static was very high last night, which made IDs of several other stations impossible. I hope to see a drop in the noise level. Only two veries in during the past week: WROK with v/q, and WSOR v/1 with CM. Total veries now at 71. Some of the better recent loggings (none of which is really good) are WALE-1400 @ 5:16pm on 4/14; WEDO-810 u/WGY @ 7pm s/off on 4/15 CHNO-900 and CJBR-900 @ 7:30pm on 4/15; WLIJ-1580 @ 1:06am on 4/18; WEND-1580 @ 6:56pm on 4/19. Just how do some of you log well over 1,000 stations? It seems as though I'm running out of stations to log. I'm completely satisfied with NRC, and the r/c list surely ~~has~~ helped me out on MM 4/20. Each issue of DX NEWS has arrived promptly at 10am MMs. KWFT did not make it here with 4/18 DX; WSUN took over entire frequency with 10 db signal. No sign of WCWC test on 1600, either. Who was station with TT all morning on 1600? Had about S-6 from 1am until after 3:30. That's all for now from Connecticut. 73s to all. (I think your 1600 TT is the AN Cuban Jammer, Chris - ERC)

Ron B. Schiller - Box 456 - Marmouth Beach, New Jersey

One new logging and a few veries comprised the week's DX activity. The lone addition was WPGM-1570 ex-WBDS on RS to 6:45pm s/off on 4/12. Re-reported loggings were WRXO-1430 at their 5am s/on and WDON-1540 at their 6:45pm s/off, both previous non-verifiers for me. New veries: WMNB-1230 pretty letterhead and friendly v/1, including CM, newspaper about the station and picture postal of WMNB. WARN-1330 v/1 on a second try, #76 from Florida. CFCF-600 an attractive elongated QSL in bright red letters. Letter from GNC-610, took two reports. BBC-1295, the most specific ever received from a BBC station: "I confirm that the signal you heard was the BBC European Service on 1295 kc/s. The programme you heard was 'English by Radio'." Mr. C.J. Dobner was the understanding letter writer on that one! Amazing for BBC! WBEJ's friendly letter made it 1,380 in the fold out of 1,692 heard. CX generally rather mediocre these days, though I did ear unnn CKEC-1320 New Glasgow, N.S. at their 11:10pm s/off, saying s/on is 6:50 AST daily. 'Tis the time of year when a young man's fancy turns to f/ups and other stuff, mostly the latter, hi! Did manage a few f/ups midst Sunday's rain; yesterday it was 85° and the first opportunity for the beach this year for me. Looking forward to May 4 and the get-together. As they say in Berlin; RIAS (989) RON INVITES ALL SERIOUS DX-ERS. 73. (how about silly ones, like me, Ron, hi -ERC)

Gary S. Collins - 26 Holly Street - Cranford, New Jersey - 07016

Hi gang. DX is continually nil with school finishing up in a few weeks. I now have a schematic for the \$-23, so don't any/more send - that, thanks to Ed Satterthwaite. Some nice veries in: KLMS (nighttime pattern "with fingers N, NW, WSW, SSE."), KCTX (second to KRDS as best 250w.), KDBM with non-directional CM, CMCA, Sottens-764. CMCA was printed on a vintage postcard of the Roberts Tobacco Co., country #31. Sottens verified on f/up to good old Ronald Green-SBC, on the SW-type card, #32. Only European holdout here has been, strangely, VOA-1196. I sent that report to Washington. Was this wrong? I now have 14 countries verified in both NA & Europe. Good DX.

Russ Edmunds - 24 Rosslyn Court - Little Silver, New Jersey - 07739

Hello to all and wake up, all you who owe me letters and/or SCs! Thanks for the SCs, J. Daller! Veries in: WPTF WAPE. A new image for my collection: WKBW on 800! Well, Canada visits Little Silver as well as Marmouth Beach! 4/14- The Toronto vs. Detroit hockey game on CBC EE network. Reports out to oldies: CBA CBN CBM. New loggings with reports: CKCR-1490 CJBQ-800 u/CJLW; CKAR-630, XKCY-920, WKWS-960. Also unnn CKLE-1350 for report. Also logged CMJL, Camaguey, Cuba. Canadian with game also noted on 1300, who is it? DX: 4/15- A station on 590 (perhaps 580) from 9:30-9:50-m with "Washington Senators BB Network" - who's this? 4/17- 6:27-6:32pm, WUST-1120 for meager report. All my pictures are developed - they include WGTO WIOD WQAM WBLE WMEJ. C. Datwaller, write! All this week's flurry of activity leaves me with totals: 486/89. Will see all the local gang at RBS' 5/24! Hopefully waiting for SCs from WKIX and WYNS! Doesn't anyone need WITH WQOK WABC? Will be going to school at Syracuse next year, so it looks like Buffalo for sure! 73.

AS THEY SAY IN KANSAS CITY, "KMBC." "KEEP MORMOUTH BEACH CROWDED" - on Sunday, 5/24, in the afternoon. The local boys are coming - Ray Edge is coming, too - are YOU?

Rich Heald - 733 Arbor Drive - San Leandro, California - 94577

Well, gang, I finally outdid Pete Taylor, hi. His QTH is only 13 airline miles from here and he claims he's never heard an Aussie. Well, last MM (4/13) I got not one, but two Aussies and another New Zealander. From the opposite direction, I got three new Alaskans, one of them being AFRS-Elmendorf AFB, Anchorage. See Pete's column for details. As for domestic DX, on 4/13, it was simply fabulous. Up until this time, I had never heard South Dakota, then I got two from that state within 35 minutes. Here's DX for 4/13: CJJC-850 @ 3:05am s/off; KFQD-730 @ 3:30; WQOK-1440 @ 5:25am; KOAM-860 5:59 am s/on; KS00-1140 @ 6am w. WX for S.D.; KEZU-920 @ 8:34am, and CJGX-940 @ 7:01am s/on. Foreign DX is listed in the IDXD. 4/17- KBMX-1470 @ 8:56pm topping KXOA/KUTY; and KRDG-1230 @ 11:48pm PST. 4/18- KMEL-1340 @ 4:06am s/off. 4/19- KZ00-1210. Veries have drifted in during the week. Vls from KBET KDBM KFAR KOKA CJVI. v/q from WSMB & KOGO. Let's get busy and report to Your Club - just two pages in IDXD! I know a lot of you are DXing and just not reporting. So come on, Cowles, Oldfield, Labotte, Prather and all the rest of you! REPORT! Thanks to Larry Cowles and Jerry Conrad for the tape. Thanks to Randy Seaver and Frank Merrill for the SCs. I'll try to return some SCs as soon as possible. My KOBV SCs are nearly depleted, and KYA and KEWB do not put out SCs. KEWB sends one copy to record stores and KYA puts out an SC in the Sunday San Francisco ~~Examiner~~ Examiner. However, I can send some old KYA and KEWB SCs. Well, I hope that with the NRC DX NEWS coming out once monthly that everyone will DX, then report. Guess that's it for this time. 73s and good DX to all. Oh, John Oldfield, Greg Jones and Paul Hoffman, where are you? A note from the v/s at KFAR, Fairbanks. Fairbanks was hit by the quake on 3/27, but no damage done. KFAR's sister station KENI in Anchorage had the top 40' of their tower knocked off, but they were back on the air within five minutes on auxiliary power. As of 4/16 the tower had not been repaired.

Bernie Duffy - 77 Livermore Avenue - Staten Island, New York - 10302

The only recent verie that I've received was my report returned by KDEM, Dillon, Mont. marked "Reception Confirmed!" 4/20, I added WISM-1480, Madison, Wis. @ 1:50-2:00, and WSEM-1500, Donalsonville, Ga. @ 2-2:15, through heavy static.

Wayne Plunkett - 124 John Street - Weston, Ontario

As might be expected, DX has sure fallen off lately, but still have some catching up to do so here goes. 3/23- TT off/on on 1300 most of AM, but never heard any IDs from WHLI ditto for try for WJBO-1150-DX - somebody there besides WCOP but didn't ID; CHEC-1090 didn't make it this MM & WDEL-1150 can be heard most MMs at their 12:30 s/off. Also 3/23, WJCV-910 @ 6pm; unID on 1520 u/WKBW, had c/w mx @ 6:55pm followed by Lord's Prayer @ 6:58 - who? Little-heard WFAR-1470 on top @ 7:25. 3/25- ZNS-1540 boomin in after CHFI off. 3/26- WCBG-1590 at 6pm; log on WXVA-1550, 6:02-6:08, through CRE/CHFI slop; WKOK-1070 with CBX NX @ 6:15; WEEP-1080 way o/WTIC; WCLE-1570 s/off 6:45. 3/27- WBCM-1410 s/on 5am; WAKY-790 5:20; WBNF-1290 s/on 5:27; log on WWHG-1320, 5:30 s/on to 5:36. 3/29- Got a log on much desired WKTY-580 off/on from 12456-1:01 s/off - directional pattern is quite unfavorable for reception in southern Ontario - this station gave me very nice reception on visit last summer & was happy to learn that CKEY would be moving from 580 to 590 since they had been receiving complaints of nighttime QRM from CKEY. After lam, WTAC & WMT battling on 600; two hours behind on 790 so probably KGH; logged previous SM; WXVA-1550 heard again @ 6:15 s/off. 3/30- WJAC-850 s/off 12:00 to return @ 5:30; two SS on 1190 - believe HJCV besides XEWK; XEQR-1030 very nice signal around 12:15; log on KONO-860 from 12:13-12:24 when killed by XEWO; one I've been looking for a long time, WNAX-570 logged 12:53-1:01 with cl mx & Lord's Prayer at s/off, return @ 5 am CST. Took a lon on KVOO-1170, 1:03-1:10 s/off, no trouble at all, to return 5:30am CST. This left a real weak one, wonder who? KCRG-1600 ID on ET @ 1:23; ET-1460 heard 1:25-1:30, mentioned 1,000w. & played Dixie, calls sounded like K--F, so letter of inquiry to KBSF. Staying on 1460, happy to log KDON 1:31-1:40; you fellows in E, who do you heard on 910 Mms 1:30-2 besides WBSA? Who had strong TT-1150 1:50? KS00-1140 al lone, 1:55; finally got log on my season-long mystery on 620 which as I thought was KTAR, 1:56-2 s/off. One on 910 was WGBI, seemed to s/off around 2am. On 1450 thought I heard mention of Washington, so maybe WOL. End of --CK NX on 920 @ 2:04, had WX that seemed too mild for S.S. Marie, so possibly needed KECK. KBOX-1480 Silver Dollar Survey. unID ET-1440 soft mx & OC 2:15-2:25; jazz-1460 2:25-2:30, WCers, would this likely be KDON, or who? 3/31- CMCA-730 powerful 11:30pm; YVLT-830 or so, R. Miranda completely clear 11:35 with (BB?); also noted SS-1000 u/WCFL, couldn't ID. 73 till next issue. AS THEY SAY IN FALFURRIAS, TEXAS, "KPSO." "KEEP PLANNING on SCHILLER'S OPENHOUSE 5/24

NEXT ISSUE ON MAY 16th

Deadline date in Brooklyn and San Francisco will be Tuesday, May 12, and in Mendota, Wednesday, May 13. We want our summer DX NEWSes to be jolly-well fat and newsy, so please be sure to mark down on your calendar a note reminding you to send in your reports to DX NEWS. Also, get those verie-signers to Russ Edmunds, address on Page 1! Let everyone please take note that Pete Taylor's International DX Digest needs support! Send Pete all your foreign DX info for the 5/16 issue, and you overseas NRCers, please get your reports and info to Peter, also! Let's make certain this tremendous section stays tremendous, with its tremendous Editor, Peter Taylor! DO IT NOW!

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Veries: v1, WPGM-1570; v/r- KDEM-800-TEST; v/q-CBLL-1400 (Longlac, Ont., 20w.). By the way, this one was heard again u/WWIN/WJET MM 4/20 @ 3:15am with Beethoven. 4/17- A day off (for the METS' opening at Shea Stadium! Wow - what a traffic jam - oy way!) and a little DX session beforehand, viz: 4/17- WRNY-1350 r/c-TT 12:06-12:09 off, about even with the others on RS there, but no IDs heard, as Ralphie told us a few months ago, so must remain tentative. 12:16am, TT u/WKEW-1520, unIDed. Unn WMNS-1360 ET/TT @ 12:55. Another wild image - WPTR/KXEL both heard on 1580 about half their 1540 volume! What happened to cause this? Cincinnati BH net on late with game from Los Angeles netted me WOHI-1490, logged 1:23-1:29 s/off (Att: J. Fela!) KWVY-1470 r/c-TT easy now with WSAN off AN; u/WMBD nicely. MM 4/20- WAKR-1590 off, but OC there all AM, WAKR's? Unn KQV-1410-AXR ET/TT, 1:49. Usual ET/M from WMMP-1590, unn, 2am. SS-1295 RS, unIDed, weakish signal - who is this one? Unn WFBL-1390 AN ET/M o/WYNR. Tentative to WNBS-1340 r/c-TT, off at 1:35 sharp. With WGH-1310 AN off, got log on AN-rr WKNR-1310, u/CKOY AN. Once again, WSEM-1500 on r/c-M, 2:15-2:30, this time u/KSTP. Unn WRSJ-1560 ET most of AM, extremely weak here, probably their 25Gw. job. Key stations for major league BB: National League: Chicago; WGN-720. Cincinnati- WCKY-1530. Houston; KPRC-950. Los Angeles: KFI-640. Milwaukee: WEMP-1250. New York: WHN-1050; WGY-810. Philadelphia: WFIL-560. Pittsburgh: KDKA-1020. San Francisco: KSFO-560. St. Louis: KMOX-1120. American League: Baltimore: WBAL-1090. Boston: WHDH-850. Chicago: WCFL-1000. Cleveland: WERE-1300; WWVA-1170. Detroit: (days) WWJ-950 (nights) WJR-760. Kansas City: KCMO-810. Los Angeles: KMPC-7710. Minnesota: WCCO-830. New York: WCBS-880. Washington: WTOP-1500. For network affiliates, I suggest writing either these stations or the ball clubs themselves. So long, and see you all in 21 days. Excuse me while I go lie down in the middle of the Long Island Expressway, hi.

LAST OF WEEKLY ISSUES - SUMMER SKED BEGINS IN MAY

Well Pop Edge will take a good rest until the May issue comes up. The P.O. loused up 1st class mail this week as Ernie's stencils did not arrive until Friday noon despite mailing in Brooklyn as usual. But all DX News' will be mailed as usual Saturday morning, April 25th.

INTERNATIONAL DX DIGEST

EDITED BY PETER V. TAYLOR, c/o KFOG, 420 TAYLOR ST., SAN FRANCISCO, CAL. 94102

HELLO DERE! DON'T LET THE ARRIVAL OF APRIL FOOL YOU INTO THINKING DX IS DOOMED. LOTS OF THINGS AROUND. HOW ABOUT FOLLOW-UPS IF YOU FEEL YOUR SEASON'S SEEN BAD? MEANWHILE..

MAREBACH, 2 OVERLOOK ROAD, WHITE PLAINS, N.Y. 10605; (GN) GORDON NELSON, 19 IRMA AVENUE, WATERTOWN, MASS.; (RH) RICH HEALD, 733 ARBOR DRIVE, SAN LEANDRO, CAL. 94577

AROUND THE WORLD (ALL FROM RSDXB)

ALGERIA--- ARABIC NETWORK: 980KCS MON & THUR 0130-0430 AND 0600-1930, AND OTHER DAYS 0130-1930. FRENCH NETWORK: 890KCS WEEKDAYS 0130-0400, 0600-0930, 1200-1800 AND SUNDAYS 0200-1800. KABYL NETWORK: 1421KCS 0130-0400, 0700-1000, 1300-1800.

MALI--- EE ON 1430 +SW (1430KCS) AROUND 0800 AND 1530.

NETHERLANDS ANTILLES--- OUR WEEKLY CHANGE! THE LATEST IS THAT RELAYS OF RADIO NETHERLANDS OVER THE 500KW XR ON 800KCS WILL BE 1630-2030 IN SS DUTCH & EE WITH RS DUE TO START MAY 3RD.... SO SOME TESTING SHOULD ALREADY BE TAKING PLACE. WHO'LL BE FIRST TO HEAR THEM?

SURINAM--- THE LICENSE OF AVROS WAS WITHDRAWN ON FEB 5. REASON UNKNOWN. ORGANIZATION NOW BUYS TIME FROM OTHER STATIONS.

MISC. SORRY ABOUT THE SLOPPY TYPING-- THANKS TO CONJUNCTIVITUS. ONE MORE WEEKLY ISSUE WHICH I HOPE IS JAM PACKED. KEEP THE REPORTS COMING IN DURING THE SUMMER AND DON'T LET DX INACTIVITY (IF YOU MUST!) KEEP YOU FROM KEEPING HANK WILKINSON INFORMED OF YOUR VERIE TOTAL CHANGES FOR THE SUPREMACY RATINGS AND BEN DANGERFIELD INFORMED OF CONTEST ENTRY ADDITIONS. I AM IN FAVOR OF STUDIO LOCATION-COUNTED VERIES NOT XR. TAKE NYC-- ALOT OF NJ XRS, AS DID JOHN CALLARMAN IN 4/18 Musing. THIS IS THE WAY I HAVE IT IN MY BOOKS. THAT'S IT FOR THIS TIME. WORK ON SPLITS THIS SUMMER-- CONTEST GOOD FOR QUITE A WHILE YET SO KEEP IT UP! - PT
