DX NEWS

SEVERAL SPECIAL TEST BROADCASTS COMING THIS WEEK

W W N Y

We wrote up this station's DX test last week, but now we have more info on it. Reports go to Mr. Michael R. Yorkovig, Director of Engineering, W W N Y, Box 211, Watertown N. Y. 13602. The test will be on their NON-DIRECTIONAL antenna, since it is after 4 a.m. They'll be on before 4am though, directionally, with annual Proof of Performance test. The 4-4:30 program was taped in advance. Our thanks to Mr. Yorkovig!

W B E U

WBEU will be conducting a series of tests between 2:30 and 4:30 a.m. and their FM will also be testing on 98.7 mg/s. Parts of the test will be in FM stereo. They will verify all correct reports with return postage enclosed. The 960 spot is usually fairly good on Mondays, so let's hope many hear WBEU, a rather rare one. Address: WBEU Radio, Engineering, Dept. DX, Box 951, Beaufort, S. C. 29902. JOE FELA, JR.

W C K B

WCKB will be on the air with a test broadcast for about half an hour at 3 a.m. on what should turn out to be a clear channel. We do not know just what sort of test this is, so we can't tell you in advance, but on 780, we should all find out easily enough. WCKB is 1,000 watts, non-directional. Send those reports to Mr. Joseph Kotlas, WCKB Radio, Box 431, Dunn, N. C. 28334. Thanks Mr. Kotlas. ARTIE KRASS

W P E T

This friendly station, which has stood by for other 950 tests, will now run one of its own, and they would very much like to hear from everyone, everywhere. Be sure to tune in. There'll be records and time checks, and test info, and plenty of station IDs. Send your reports to Mr. Steve Ingold, Chief Engineer, WPET, P. O. Box 3458, Greensboro, N. C. 27402. Our thanks to Mr. Ingold. WALTER FAIR, JR.

W L T H

This special test will encounter a couple of all-nighters, but we are sure WLTH's non-directional kilowatt will penetrate them for you. The all-nighters? Two Canadian 40 watters! So hardly anyone should experience trouble. We don't know what sort of test WLTH will conduct, so let's find out by tuning in. Reports go to Mr. Ron Borden, Chief Engineer, WLTH, 3669 Broadway, Gary, Indiana 46409. Thanks Mr. Borden. DAN T. SHOAF

W C P A

Joe Cooper, son of our publisher Dick Cooper, a DJ at WCPA, will be at the mike as his station conducts a maintenance test with 1,000 watts non-directional. Joe promises an interesting program with some surprises, so be sure to tune in. CHML will be the only "fly in the ointment". You may phone in (NOT COLLECT!) to 814-765-5541. Address Joe Cooper, WCPA Radio, Box 1032, Clearfield, Pa. 16830. Band music and easy to ID items will be used. Special QSL being prepared. Thanks, Joe! JOE COOPER

INFO FROM THE IRCA

KARI-550, asks you to prepare your own verie for signature and a self-addressed stamped envelope. Should be easy - in the WEST.

CFJC-910, will be DXing with 10,000 watts. No other info than this.

KAPS-1470, will test, using their normal type music, adult pop. Send reports to Mr. David P. Hebert, Chief Engineer, Box 70, Mt. Vernon, Wash. 98273

All except W W N Y will be on MONDAY, FEBRUARY 27th. A real busy morning!

SORRY ABOUT THAT! Something went wrong with Ernie Cooper's typer and pages 10, 11 and 12 are a "mess". We're sure Ernie was not aware of it, but will have it corrected for next week. Page 1 and 2 were done over here in Kittanning, but we didn't have time to cut the other stencils. A little patience and you'll be able to read 'em.

Dave Whatmough - 284 Main Street West - Hamilton, Ontario

My verie total reached 400 today w/the arrival of a v/f for KXEN-1010 Test of 1/30, first verie on that frequency. 740 is the only one not QSLed now. Other veries in last two weeks include: v/1- WLDY WTLD WZYX & WPIT (returning my stamp). v/c- WREL WSUN KQV (w/postage due). DX improving on stations from 540 to 800 w/addition of new 4½' loop. It's not as good as the small loop at the other end of the band however. One thing I noticed was on 620. I used to hear WHEN w/S-1 signal during the day. W/new loop WHEN is S-5 & turning loop to S, WHJR S-2. This is at about 1:15pm. DX as follows: 1/29- WINE-940 in for fairly good report w/CPM much weaker than usual. 1/30- Best MM yet for Specials w/four heard. CKBW-1000 I&C w/pop & c/w mixed. KXEN-1010 w/cv/w & one or two IDs heard u/CFRB who were probably on AXR 10kw. This was a real surprise as I thought KXEN would have had a null in this direction. KCLR-1530 in well despite WCKY's efforts to ruin it by testing. KIMM-1150 weak signal one hour late, 4 am w/YL announcer. It's a good thing they did come on lateor XEJP would have clobbered them. Anyone know the K-call on 1150 that s/off @ 4am u/KIMM? 2/1- WMBS-590 @ 12:30 w/CKEY looped out. 2/3- SSS good. WNYC-830 5:45-6pm report sent. WSVS-800 s/off @ 5:45. c2/5- SSS good also. WELD-690 w/c/w mx @ 5:35 followed by WCYB until 6pm when WVOK took over the frequency. No sign of CBF. Also noted was WCHA-800 mixed w/CKLW/WKKEE/WSVS @ 5:40. MM 2/7- No go on Specials. One new one heard, WNAK-730 w/emergency broadcast, s/off @ 1:10. KRSI-950 w/HI YL @ 1:17. 2/8- PM- WBBO-780 u/WBEM 5:35. RJR-720 s/off @ midnight level w/WGN & unID SS. This SS had S-9 signal at times during evening, I think either HJAN or YVOR. Anyone know for sure? Strong SS also on 670 & 700. Strong SS on 840 turned out to be HJBI w/another weaker one underneath. I'm still hoping for PRH9. Totals now 1,325/400 - states 38/43, provinces 10/7, countries 21/7. 73s & C U in 14. (PRH-9 is Portuguese, Dave, not SS -ERC)

Sheldon Remington - 170 Forest Hill Road - Hamden, Connecticut - 06518

DX has been pretty good, but only four veries: v/q- WNLK CKLW WLS. v/1- WLOF. Latest DX: 1/15- CMCD-760 @ 2:15 w/WJR off. 1/20- WNLK-1350 I&C @ 6pm. SM 1/29 WINE-940 TEST was heard fairly well o/u CBM, darn. R. Jamaica-550 (what's call?) s/on 4:47 for country #13, reported. WNAV-1430 @ 5:15. MM 1/30- CKBW-1000 DX heard well 2-3:30 & I sent them a 90 minute report. 1010 was tough, w/WINS TT & CFRB RS, but I heard a KXDNID @ 3:30. WEVD-1330 finally @ 1:30, completing NYC. Nothing heard on the KLOE-730 TEST, too bad. I toured KLOE last Summer on way to Colorado. KCLR-1530 barely @ 4:17-4:28 u/WCKY test for my 300th station logged. SSS 1/30- WKBA-1550 @ 5:25; WRIZ-1550 @ 5:30. 2/1- WXVA-1550 @ 5:35; WFTC-1550 s/off @ 5:45; WGPO-540 s/off @ 6:15pm; CBT@540 @ 7:30pm for my sixth province. 2/3- WFBR-1300 way u/WAVZ @ 8:18pm. 2/4- WDAK-540 good @ 6:20pm while Ray Terlaga was here - bet he didn't like that, hi. I've arranged a TEST w/WAMY-1580, & am trying to get them to ID w/Code as well as voice; will send info shortly. I have lots of WPOP WAVZ WDEE SC traders. 73 & may CX improve

Pete Taylor - 8 Endicott Road - Arlington, Massachusetts - 02174

This is simplu to advise you all that WXHR has applied for a call change to WCAS (for Watertown-Cambridge-Arlington-Somerville) & the calls will change, w/FCC approval, some time in March. It seems that CBL never goes off, but perhaps we'll try to ran something through between now & March in the early hours. I'll let Ernie know. Those of you in Mass. without veries should report the station soon, & those of you in Brooklyn should probably cry a lot, hi! If you hear someone who sounds like he used to be a Texan & is shivering on the air, it's probably John Callarman, who's on AM Sun. afternoons (& FM Saturday nights). The firect studio line is 617-933-6313. John has moved into his new home on the beach, using the Atlantic Ocean as a ground system, attempting to compete w/the Admiral Nelson Signal Magnet. I've been pretty busy w/the AM & FM stations, but did hear the BBC-;295 in FF & EE from around 2:15-2:30am 1/30 w/ either pattern change or s/off @ 2:30, this on a portable while in bed w/the chicken pox. I have moved into the above address, & have heard Surinam-725 without too much trouble despite WNAC splatter, which will get worse when they go rr soon. 73.

Joe Kureth --- 817 West Stayman Drive - Ellicott City, Maryland - 21043

DX has slowed down but I managed to get all but one of the 1/30 TESTs. Nice v/1 for WAZA TEST w/CM. KENO sent a v/c in six days for state #38 verified. 1/30- Unn KLAJ- w/CJRN & WWRL test on 1600 @ 2:55. CKBW DX in I&C. WAMO-860 ET/mx end @ 3:15. KXEN u/CFRB w/IDs & TT. At 3:15 I thought KIMM had forgotten their TEST but came on later; heard until 4:25 w/YL announcer who couldn't seem to get the call straight, hi. KCLR-1530 TEST in u/WCKY IC who IDed - very loud! WIVK-850 on new frequency @ 5:24pm. 1/31 WLD-830 s/on 7:15. I began classes 2/6 but snow 2/7 curtailed it & KEYD TEST. I wonder what they're doing in Chicago.

Bill Bens - 5575 Spruce Wood Drive - Cincinnati, Ohio - 45239

DX CX here have been very poor lately, compared to Nov. & Dec. 1/8- 3:35-4:02am, WHAZ-1330 TEST o/u KFH, no sign of WHOT. MM 1/9- KLAJ-1600 on RS @ 3:30am, w/WWRL off' 1600 sounded 100% clear except for KLAJ. At SSS, WATM-1590 @ 6:14pm. 1/12 was a fabulous night to the S. Heard were WAPI-1070 o/WIBC @ 5:59pm; KDFN-1500 @ 6pm, KOB-770 @ 6:30-6:50pm o/everything. Unbelievable! Then @ 6:44pm, KSKY-660 s/rff; WYLD-940 @ 6:58pm; KIXZ-940 @ 7:04pm; WINZ-940 @ 7:14, battling KIXZ; WFUN-790 7:16pm w/poor signal. Next DX was MM 1/16: WBNB-1000 Virgin Islands s/on @ 5am w/SSB, s/on announcements, V.I. march song, w/terrific signal. On 1/17, SSS: 5:52pm, KBA-830; KFAL-900 @ 6:04; & 250w KSIR-900 @ 6:29pm s/off. SSS on 1/18 brought WWGM-1560 5:54 pm & KVOL-1330 @ 6:24pm. I had a nice chat w/Frank Merrill a couple nights ago on the landwire. A tip for you Mid-West DXers: KYND-1580 Ariz. is heard @ s/off every night @ 7:45pm, & KDAY-1580 Cal. cal he heard @ 8pm s/off. By the way, KYND is only 10kw (not 50kw) prior to s/off. 73 from the Shack of the DX Duke.

Bob Shaw - 235 Columbus Street - Elyria, Ohio - 44035

Some DX of late. 2/2- A rotten SRS session; finally in desperation I nulled WERE on transistor & got WSYD-1300 6:30am ending Va./NC WX forecast. KRRV-910 s/off-SSB lam. Unn KFVS-960 r/c real good so report 1:06-1:15; IDs every two minutes. WNOR-1230 1:18. WRDB-1400 r/c-TP as per list 1:56. Who was 2:04 s/off-SSB-8:50? 2/4- WDAY-970 ID snuck in @ 1:05, sounded like rr? 2/6- FINALLY! WDEL-1150 s/off w/very fast SSB 12:30 o/unk all-talk, state #42. WISM-1480 rr 12:35. 2/7- XEUN-860 12:14am real well w/unID TP & unk, maybe KONO. KOA noted then S-9 w/no sign of WJW! Anybody catch TP-1340 12:30-12:45? I muffed all three IDs. KAKC-970 rr lam. Veries are WKYC & WKW v/q, poor WPLO v/f, written a month before postmark, nice KXEN TEST v/f, & most friendly v/l from KLVI. When I joined the NRC, I picked it for many reasons, but one was the interesting bulletin as opposed to others. I think that the livelier bulletin, the more new members we are going to attract. And for those of us new members I think we want a bulletin we can discuss extraneous matters in at least a little, & one we need not worry about having reports cut from. Also, as we attract new members at least some are going to Muse, & such a limit on size has been set up cannot be held forever. So I must second Steve Weinstein's motion of a hike in dues to keep the chatter in the bulletin that represents the best DX Club there is going, & make membership even more interesting. I would support a 50% increase, if need be! 73.

Bob Zwier - 383 West 17 Street - Holland, Michigan - 49423

DX has been about 50-50 again this week. MM 2/6 wasn't real good w/only the following heard: WVOP-970 s/on @ 4:55 & KNEA-970 s/on 5am. Also I noticed some Nicaraguans on w/ER, & as I don't have a logbook for calls, I would appreciate some help on these calls. They were noted on or around (the selectivity isn't the best, hi) 75C, 960, & 1000. (YNX-750; YNLJ-965, & YNIS-1000 -ERC) Then tonight I did my first real SSS of 1967 w/one logged for sure & many other questions: The one logged (date is 2/9) is WAMY-1580 @ 6 27 & probable s/off @ 6:30 as I heard an SSB there. Also noted strong was WWUN but unn. Now for the questions which some of should be able to answer. I heard a s/off-SSB on 1600 @ 6:30?? 1390 SSB @ 6:45?? S/off w/no song on 1580 @ 7pm whose calls sounded like KSES or KFES. Nothing like this in VJ, & I didn't have the tape recorder on at the time, so I can't be too sure about these guesses. Then on 1580 @ 7:05 I heard the end of a program called "American Profiles" led by a man named Bob Johnson?? Any help on these will be appreciated & rewarded by a promo item if you want it. Veries back from HJLQ-1515 w/pennant, WHKY for DX. Totals now are 611/191. I will probably be going down to Florida the last full week in March, so you DXers do down there, beware. That ends it for now. 73s & good DX. PS- In case you don't already know for sure, those two questionable 2/20 DXes are for 3/20. The KLE-730 TEST didn't show on 1/30, & another date is being arranged.

Tim Davisson - 1504 First Street - Lakemore, Ohio - 44250

2/8. DX: SSS on 2/6 found WCKB-780 NC overriding WBBM, from 5:52-6pm. WBB-780 NC was also in there, but not as strong. 2/8- 6:54-6:57pm brought KCAB-980 Ark. w.ABC NX @ 6:55:10pm, signals fair; K???-980, s/bff @ 6:59:45pm, mentioning Mo., & 250w. (No 250-watters on 980, Tim -ERC) Anyone know who? KIXZ-940 Tex. momentarily topping channel, report out for 7:03-7:14pm. Veries: v/q- WIS-560 SC, for SSS reception on 1/28. Semi-local WHBC-1400 occasionally stays on till lam, w/talk-sell-in show, so there goes one hour of weekday AM DX. 73.

PLEASE EXCUSE THE APPEARANCE OF THIS ONE PAGE. ONE STENCIL IN THE BUNDLE HAD NO PROTECTIVE FILM ON IT, SO WE DECIDED TO USE IT ANYWAY & THE o & O cut through sometimes.

Bill Nittler - 4590 South Julian Street - Englewood, Colorado - 80110

Hello again to everyone in the NRC who might remember me. I was a member for nearly ten years until I dropped to devote my time to keeping the IRCA operating along w/other Denver area members. I am 32 years old, married, & have five children. I am a bank officer, by trade. I am quite active in the Junior Chamber of Commerce, currently serving as a vice president of the Colorado Jaycees & thinking about going for President. My RX is an HQ-180... Verification total is 2,256 - I do not keep a heard total. I still need Vermont to complete the 50 states & have 37 countries verified. Oh yes, I am also Secretary-Treasurer of the IRCA. Loggings since 2/1 include: 2/1-KSON-1240 RS & s/off @ 3:46-4am; WAIK-1590 ETing @ 4:45. 2/6- KSRA-960 & KYSS-910 heard on r/cs per list. YNX-750 running AN w/ERS, HJBI-840 running AN w/"Carnival", HJKR-12020 just plain AN & surprise mx & ID from CJSS-1220 announcing test @ 3:53 & then quick fade. Recent veries here include: KCLR-1530 KXEN-1010 KL0L-1530 XEBBC-1470 WKZO-590 KDFW-1500 KPUL-1150 KLLA-1570 KWIC-1530 WCAZ-990 & KWBC-1550. Reports still out to these on Specials: WSME-1220 KASI-4430 WAVO-1220 KMFB-1520 & KIMM-1150. 73. (Welcome back, Bill! Your reports are most welcome again! -ERC)

Mike Northam - 1840 Agate Street - Apt. 2 - Eugene, Oregon - 97403

Veries: v/l- KSYC WJNU-OM KINT. v/q- KLAQ KGEM. v/c- WAPA (country #9). DX (?): MM 2/6- KENN-1390 f/c 2:45-3 announcing they would verify reception reports (not too many of those left, eh ERC?) KIGO-1400 f/c-DT 3:15-3:28; KXIV-1400 good mx, best level yet 4am; many YNs on for ERS, including YND-675 YNKW-885 & newie YNX-750, all IDed between 4:05 & 5am. Several unID SSers: 1370 @ 3:10, especially. My trip E was very enjoyable, but apparently in vain (except for the nice chat on the landline w/ERC), as I have since accepted a job in Portland, Ore. I will be going into educational research there about 3/10, so correspondents, watch for address change. No problem in my helping w/'67 Convention, as it's only 120 miles away. I notice tere seems to bd quite a bit more activity re Convention bids this year than last. Pittsburgh, Boston, & Charlotte, I've noticed in particular. Pittsburgh & Boston seem like the best from a viased point of view (mine). Personally, I'd sort of like to go to Boston although it is maybe a little far off in the future to worry about such things, np? I agree 100% w/Steve Weinstein (1/28 DX NEWS, P. 10) on this point.

Don Kaskey - Box 235 - Hotel El Rancho - West Sacramento, California - 95691

CX continue to remain good this week but only a couple chances to listen. On 2/3 I had an unID ETer 3:08-3:19 repeating the song "Honky Tonk Beat" on 1580k, any ideas? On 2/6, a beautifu. DX AM. It reminded me of the early 50s. EC heard all o/the dial. Even KROY & KABL shot up for short periods. KENN-1390 on f/c-TT 2:45-3, KIGO-1400 same, 3:15-3:30, KSRA-960 Salmon, Id. on f/c-TT 3:15-3:30 u/KABL, KWIZ-1480 ET again w/ID @ 4:05, WKCW-1420 Va. through WHK/KCCN @ 4:06 announced as "Big K on your dial" & playing c/w. KYSS-910 Mont. f/c-TT 4:18-4:30, WYLD-940 La. on ET/TT, ID @ 4:32½. SRS-225 Surinam breaking through @ 4:44, SS on 675 good here @ 4:46, probably YNW. (It's YND, Don -ERC) Arkansas station-1500 w/ID @ 5:10 but missed town, call sounded like KZNI but must be KGMR, definitely said Arkansas, heard u/KSTP-TT. WKBW-1520 RS 5-5:30 u/an unID ETer. The unk had been playing mx & then had OC on o/WKBW but no ID heard. WMEX-1510 L&C 5-5:30, no WLAC OC QRM noted this week; CFAC-960 Alta. nice signal @ 5:35 w/KABL off, KLEO-1480 Kansas way on top @ 6am s/on w/SSB; KBAT-680 Tex. good here 6:07 o/QRM. Many many more noted but these were the only ones I tried to copy. I should have gotten some of the stations on 1490 but somehow missed the IDs. On 2/9 up for an hour or so but no new ones, so a copy was taken on KLIX-1310 Ida. for another shot at a verie. The new year hasn't brought about an improved policy for veries from the US stations, only four more this week: KSTR-620 KMON-560 KMYC-1410 & KTBE-1220. The last two make 181 from Cal. verified. I had a nice visit from Bob Pietsch last Sunday. Thanks again for the handbook, Bob. Try as I might I couldn't get him to give me the secret of how he verifies so many that won't answer me. Probably enclosing half a \$5 bill w/the rest to be sent upon receipt of a verie! Statt saving up for Eugene everyone, it's going to be a ball. (EUGENE IS THE SCENE!)

Andrew F. Rugg - 16 Lakebreeze Avenue - Pointe Claire, Quebec

No new veries. DX hasn't been good either but I have little time for it. On 1/17 WEAS-900-TEST was logged on second set from 2:03-2:16am. but no verie back yet. Only other newie was on 2/7 when KEYD-1220-TEST was barely plucked from u/an UnID ET/M between 2:46-3:01am. Uncle Same didn't forget Sam Simmons even though he had moved to Canada. Sam has been drafted & was in Fort Dix NJ a few weeks ago. Where he is now I do not know. I still can't get Tirana-1214. 73.

Philip L. Sullivan - 94 11 Street - Troy, New York

Hi everybody! I've been in the NRC for about a month now so I'd better Muse & introduce myself. I'm 23 (or will be by the time this is published) & a graduate student in Electrical Engineering at Rensselaer Polytechnic Institute, othersise known as RPI or "the 'tute." I got my Bachelor Degree in EE (not English) here last June & I hope to get a Masters this June if I can find time to study between DXing, hi! Equipment: Hammarlund HQ-100C, modified by addition of Lafayette mechanical filter & extra i.f. amplifier & the replacement of the 5Y3 rectifier (like I got it last week), & an Ampex 861 tape recorder. Previous DX experience: I've been BCB DXing since 9/64 & before that did mostly SWL (I still do some, mostly in Summer). But some listening on BCB. I am a member of IRCA since 9/65. I do more listening than reporting as evidenced by my current totals: states 42/13, provinces 9/1, countries 31/13, total stations 504/25. Best catches: KORL (4942 miles) Cairo-773 (5520 miles). R. Caroline N. 1520 (3131 miles), KENO (2236 miles). I got KORL my first night of DXing (9/28/64) & w/the thought that "if I could hear Hawaii the other 49 states should be easy" I took up BCB DXing. I've since learned better but it's great fun anyway. My thanks to Tom Holmes as it was through him that I learned of the NRC. Incidentally Troy is not my home (thank goodness!) - I just go to school here. Home is Solon, Ohio (between Cleveland & Akron). Recent DX: HRVH-1040 1/12 @ 12:56am, YNKW-885 1/13 @ 8:30pm, PJD2-1295 1/14 @ 9:30, TICA-1175 @ 11:30, HJBI-840 @ 11:30 1/16, TIOS-825 1/18 11:48, R. Caroline S-1187 2/3 7:48-9:25pm (some people have called me a domestic DXer, hi). And, would you believe, in over two years of DXing, w/503 stations logged up to last night, I hadn't heard XERF & Wolfman Jack? Well this morning ended that as I heard the sound u/CFOR/CKIM. I hope I can go at least another two years without another experience like that! Yikes! Getting verbose, so I had best s/off. 73 & good DX to all. (Welcome to the NRC, Philip! Do you know NRCer Chris Lucas at RPI? -ERC)

Charles R. Rader - 22 Robert Street - Hamburg, New York - 14075

Listening has been confined mostly to MMs, & for the CX Specials. CX generally have been quite bad. Here's my DX, from the beginning of Jan.: 1/2- WFTC-960 heard well on their r/c w/s/off @ 12:15, & WTLK-1310 using c/w mx for a test 1:19-1:43. 1/9- While trying for the KASK Special WINU-1510 TT at same time, 3:18-3:32. 1/16- WINT-1270 1:50-2:35 w/TT, heard well o/KFJZ but had only one ID in 43 minutes, hi, & KETX-TEST-1440 in fairly well 3:09-3:30 using mx. 1/19- Up for the WISN-1270 DX but TT only heard u/o WXYZ & no IDs. 1/23- WSGB-1490 2:21-3 heard quite well o/WKNY & some CHYM for their DX w/march mx. I missed WZYX-1440 TEST who I understand came on half an hour late. Oh well. 1/29- WINE-940 heard OK, 3:14-4:02, w/march mx & TT, & no thanks to CBM who were still on, hi. 1/30- CKBW-1000 was impossible to miss as they boomed in here for their NRC DX 2:12-3, using c/w & rr; KXEN-1010 3:01-3:30 slipping in between records from CFRB w/c/w mx & KCLR-1530 heard 4:18-5, fairly well using march & c/w mx, w/occasional IDs from WCKY who were also testing at the same time. Glad to have been able to make the get-together in Brooklyn back in Nov. A really good time had. Thanks again, ERC, & maybe I can make another one in the future. I might also mention I am now collecting/saving QMs. If you do not save the ones you get w/veries, how about sending them my way? And thanks! Before I forget again, I want to welcome Joe Skurzewski into the Buffalo area NRC clan. & say "welcome back" to Ken Lyons. That's it - 73s & good DXing!

A v/1 in today via m mom from WHKY. Also semi-local WHMF v/q. DX has picked up considerably recently, maybe because of -20° temperatures. 1/30- CKBW-DX in fair @ 2:50-3; very disappointed when KIMM didn't show up till later. I strained my ears trying between 3-3:30 then called it quits. WMBD-1470 @ 3:45 before retiring. 2/1- WCRV-1580 s/off w/lymn @ 5:28pm, WITC-1550 s/off 5:43; I caught these while looking for that fantastic DX everybody else gets on 1580 & 1550. How come we can't do it, Gene? 2/3- WHBC-1480 s/on-SSB @ 5:30, WJDY-1470 @ 5:35, WBCM-1440 @ 5:47, CKBC-1360 @ 5:49 unnn, WTAR-790 @ 6:20, WSWA-550 c/w @ 6:30am. Later, CJRN-1600 @ 4:45pm, CBZ-970 I&C @ 4:59, WHUN-1150 @ 5, WCAR-1130 u/o WNEW @ 5, CFDA-1380 FF @ 5:16. 2/4- Much-wanted WVPO-840 Pa. u/WRYM @ 5, WAEB-790 weak w/rr @ 5:08, WJWL-900 on top @ 5:15, WINE-940 o/CBM @ 5:24, WGHQ-920 s/off @ 5:29, WGH-13k0 unnn but rare here w/rr @ 5:34pm WKNX-1210 weak u/WCAU @ 5:40, first time anything heard u/them. 2/8- Unnn WHWB-1000 w/good signal 4101pm, WADK-1540 u/WPTR @ 4:50, WESO-970 @ 4:57, WGSM-740 5:30-5:45 s/off & WMBL-740 @ 5:33-5:44 s/off. WPIK-730 @ 5:35 w/announcement that "All Fairfax Co. schools will be closed tomorrow." I didn't know it snowed down there, hi, Al Merriman WCP5-760 much-wanted @ 5:46pm s/off. 73.

Duane Giese - Box 69 - Columbia, Missouri - 65201

It's been some time that I have been in these pages so I think it is high time I let y'all know I'm still alive & still DXing a little now & then. As you can see I'm not where I was last year when I last sent a report in as I have moved here in the latter part of '66. Some DX so far this year is as follows: 2/7- AM, KEYD-1220 2:32 in I&C, also noted local KFRU-1400 off that AM. I cannot say if they are off each Tuesday or not but I will look into it. 2/6-MM- WNAK-730 1:10am s/off after being on for snow emergency. WLBI-1220 1:39 till 1:47 w/f/c. KELD-900 3:35 in fairly good for its TEST No sign of KBAB-1490 that morning. 1/30-MM- KCLR-1530 4:27 in good but w/QRM from WCKY. KHAS-1230 w/ET till 3:19. Also KIMM-1150 was heard but one hour before & after the time that they were to be on, how's that for a prize goof? I guess it pays to try before or after the time they are to be on for a TEST or you may never get them. 1/23-MM- KWFR-1260 1:15-1:30 w/r/c. WSGB-1490-DX in very good @ 2:11 till 2:30. WDVA-1250 2:44 w/WREN off but later they came back w/test. I have also noticed WREN off on the est MM same that time. KBHS-590 3:11 for IRCA TEST. WZYX-1440 3:34 in fairly good w/very interesting TEST. KOGM-1580 local station here is now using its new call letters of KTGR. DXing here in the daytime is much better than it was in Springfield, Mo. as I am able to get more stations & at a greater distance than I did when I lived down there. It must be those hills in that part of the state that cut down on the signal strength of some of the stations. For instance, the stations in Joplin just about 60 air miles away had only a fair signal. 73.

Walt Breville - 9127 Coral Drive - St. Louis, Missouri - 63123

A phone call to KXEN revealed that they got out fairly well on their TEST of 1/30. As was expected, reports arrived from Texas as KXEN's signal is highly directional to the SW. The farthest reports came from Tampa, Fla. & NY. They received close to 80 reports. The only disappointment was they didn't get out to the WC. On other occasions, the farthest reports ever received came from Japan & Nova Scotia. As for DX, nothing earth-shaking to report, but here goes. 1/19- A try for the WISN-1270-DX was unsuccessful, but I managed to catch WDNT-1280 Tenn. f.c 3:15-3:30am, KQV-1410 completely o/WING w/rr for a real surprise @ 4:01am, WHOC-1490 Miss. f/c ended @ 4:30am, WSSO-1230 Miss. f/c 4:35-4:45 w/IDs every minute, WCSC-1390 SC 5:02am s/on, WJCW-910 Tenn. 5:38am s/on. MM 1/30- A strong Mexican or SS playing SS-rr on 1150 completely covered KIMM TEST which was not heard. Was this XEXZ, Zacatecas? KCLR-1530 Ralls, TEST strong enough to use transistor RX. 2/5- I enjoyed greatly a visit from Duane Giese this weekend, DXing this SM we both heard CKX-1150 Man. real strong reporting 14° below @ 1:46am, KOLF-1320 Neb. good @ 2:07am s/off, WCOG-1320 NC @ 3:03am, KJBC-1150 Midland, Tex. ET noted 3:20am. MM 2/6- KXLF-1370 & KBAB-1490 DXes didn't make it, KBON-1490 Omaha made several brief but good spurts in while trying for KRAB. KFLD-900 Texas TEST no sweat, the only Special caught this AM. WJH-1260 in w/real good signal @ good c/w mx 4:07am. Veries: KCLR for TEST was real sharp v/l, v/qs from MEEL KQV WKRC WAPE, v/l, WCOJ KNIN. 73.

Lynn Brooks - 4654 Stanford Avenue - Wichita Falls, Texas - 76308

DX still not plentiful here due to heavy workload & not to the good CX. MM 1/9- CKWX 1130 3:34am, no luck on WTAW-1150 & I believe I read it wans't on anyway. Sat. 1/21 KSAM-1490 DX 3-3:30am in at times, but lots of QRM from KTOP & KNOW. Wed. 1/25- No luck on KWBA. Thu. 1/26, KYNM-1400 NM 6:47pm, KIFS-1400 Tex. 6:57, KBZZ-1400 Colo. 7:03pm. MM 1/30- KXEN-1010 IRCA Test in good w/c/w @ 3:20am, KCLR-1530 TEST in good 3:56-4:59 w/marches & c/w, WLIK-1270 Tenn. 5:10, WXYZ-1270 5:29. MM 2/6- No KXLF-1370 DX due to SS station & no KBAB-1490 but I did catch KBON-1490 Neb. 3:02 u/KTOP. WIRL-1290 Ill. 3:11, KFLD-900 TEST 3:27-3:56 w/good signal, WYLD-940 La. 4:00, KHOS-940/Ariz. 4:07-4:35 w/good signal, for 250w, WMBH-1450 Mo. 4:47 (tentative report sent). Tue. 2/7- KPUR-1440 6:36pm, 2/8- KMA-960 Ia. 5:58am s/on & NX, WIBC-1070 6:14, KDFN-1500 Mo. o/KSTP, unnn KRNy-1460 7:01 NX, unnn KFRM-550 Kans. 7:07. 73 & good DX.

Bruce Reynolds - Route 2 - Warrensburg, Missouri - 64093

Not too much DX, but this item of interest. KMBC-980 & KMBR-FM will be sold by Metro-Media to Bonneville International (KSL, WNYW etc.) if the FCC OKs. KMBC-TV didn't sell, so there appears to be a possibility of a call change. 2/5- WAPI-1070 ET/OC w/ID @ 1:49am. MM 2/6- WKJG-1390 was AN for snowstorm, noted 2:03am & on. Mystery SS heard on 750 @ 3am (see IDXD), KFLD-900 TEST in well @ 3:38am, & CJMS-1280 in FF Q 4:35am. I needed KEYD, but too tired to try on 2/7. Veries are slow, as is the 2/4 DX NEWS. V/f from KXEN TEST in three days & v/l from WDXL-1490 for r/c. 73.

I have greatly enjoyed my membership in the NRC during the past year & get a great deal of pleasure from reading the "Musings" & IDXD each issue. Actually I have been a member of NRC since 1946 w/the exception of a couple of years recently, but I haven't done any DXing since 1958 until this season. I am strictly a foreign DXer & always have been since starting the hobby. Gordon Nelson chastized me, & other of my kind, recently, for accepting the benefits & enjoyments of the Club without contributing anything. This Musing is an attempt to salve my conscience. My RX is a homebrew consisting of 16 tubes & four transistors. It has two mechanical filters & a Q-multiplier at 455k & eight tuned circuits at 100k, a 400-2100 cps audio filter, & an RF Q multiplier. The antenna is a 70' vertical & the ground system consists of several 200 to 500' radials. I also have a Hammarlund SP-600 & a Collins 75S3, both of which are for sale. The SP600 is a 20 tube set that is one of the best BCB DX RXes available. It is much better than the popular HQ-180 in my opinion. I'll sell this one for \$175 if someone wants it & can pick it up. If anyone wants plans for a loop antenna let me know & I'll send them photocopies of some plans I have. (Thanks, Ray, for the loop plans & we're glad to have you aboard in Musings -ERC)

Curtis D. Engberg - 60 Concord Road - Wayland, Massachusetts - 01778

TA DX almost non-existent for me since Christmas. 12/27- WANV-970 r/c heard @ 12:15 am. That evening while driving my boy to a High School dance, KRS-725 came in on the radio in the Volvo like a clear channel w/no trace of WGN or CKAC! 1/4- HJCU-735 "R. Tri-Color" @ 8pm. Adm Beida-529 & Oran-548 both in clear for Ramadan from 8:30 to 9 pm s/off. Both were heard clearly again the following night, but that was the last of the TAs here. We were out of town o/the New Year's weekend, so missed any possible DX there. 1/9 was a total bust on Specials here. All frequencies covered by powerhouses or locals. Only CBC on 1530 new here, assumed CBAQ. At 11pm that eve, I noted two Sses on 1020 & very little KDKA, no IDs, though. Two Sses also on 900 w/no CHML. At midnight a strong Cuban s/off on 1040 w/no WHO. 1/15- YVPE-910 "R. Aero-puerto) ID @ 12:45am. At 1:05am R. Barbados-780 s/off followed @ 1:20 by another SS s/off on 780 which sounded like El Salvador, but no positive ID to me. Any ideas? There's a new new "Guat" there, Curt! -ERC) 1/16 was a good MM for me. KMPL-1520 way o/KOMA @ 1:52am. WAAO-1530 f/c 2:15am was strong. KETX-1440 TEST clear @ 3:12am. 1/17-- WEAS-900 Special heard @ 2:02am. Nothing to report for the next week or so as I was away from the dials & off to Minnesota for pay last respects to my father who suffered a heart attack after an operation. I did tune in 1/30 while staying w/my mother in Minn. & heard WMBH-1450 @ 1:25am & WELO-580 @ 2:04 s/off. KXEN-1010 TEST heard shortly after 3am, but no sign of KIMM even at that close range. XEJP dominated 1150. KAYO ID also heard on 1150 @ 3:14am. KLOE-730 was not heard. KCLR-1530 not heard either, although someone on 1530 earlier, but whoever it was never IDed, hi. FF TAs finally noted again 2/4 on 1554, etc. 2/6- The best TA opening of the year! One very strong o/KOMA-1520 sounded like Russian! 1502 1475 1466 1457 exceptionally strong. I would sure like to know for sure, but I suspect from IS @ 1am that 1502 was Warsaw. First TA ever noted on 1511 here, but too difficult to separate from 1510 to get a decent ID. TA also noted on 1367 new here in what appeared to be FF, but unID. L&C ID of R. Nacional de Nicaragua on 750 @ 1:15am. No TAs noted at that end of the dial. BNci to 1484 for first really clear signal ever noted there. At 2 am announced the 7:00 BBC NX & every word intelligible! I sure hope this continues.

Here's my newsy Musing for you! DX: 2/6- KDXU-1450 @ 2:55am w/f/c; KEEN-1370 @ 3am s/off w/Lord's Prayer; KAAA-1230 w/TT 3:10 ID; KEHX-1370 s/off @ 3:29; no sign of KXLF, I don't think they were on; KFLD-900 on TEST @ 3:35 w/phonetic IDs & c/w mx; piano mx on 1370, could this be HJKX? (Probably is - ERC) At 3:46; someone on 1370 came on w/five short carrier bursts, pretty strong, but no ID; KXIV-1400 @ 4am w/NX; unID TT-1390 @ 3am on; KCBC-1390 @ 4:05, & KRZY-1450 @ 4:07 SID. v/q in from KOMO, brings total to 63 now. I agree w/W_einstein, all DX in one Musing is really dull, & if allowing people to discuss other things in DX NEWS means raising the dues, that's fine! NRC membership is worth twice as much as we're now paying. Good DX to all. 73

ON THE STATION'S STATIONERY

THIS IS PART OF MY VERIFICATION LETTER FROM RJR-550 (E.R.Cooper)

Dear Sir,

23rd Jany. 1967.

"We appreciate your very comprehensive report of our 1/2 programme content as this is of great assistance in checking against our programme logs. In so many cases we are presented with such little inforamtion that identification is impossible and a considerable waste of time is involved. Therefore, if you could advise your members to ensure that sufficient and reasonable information to effect an identification, is included, you would be doing us a great service. It would appear that in many cases listeners hear a trace of a transmission on a particular frequency and then consult the World Radio Handbook to see which stations might be possibles and when writing for a confirmation, hope for the best." (signed) W. G. Matthews, Chief Engineer.

Mr. Matthews is receiving a copy of this issue of DX NEWS, and we thank him for cueing us in as to the above. We urge hkm, and in fact, all CEs everywhere, NOT to verify or even reply to that type of report he describes. We hope & trust that some of these did not come from NRC members, for we have noted that many of us have recently written to RJR, particularly their 550 outlet. All their stations' mail should go to the address you'll find in "Verifications" in "International DX Digest", this issue. We remind all once again, to make every report one you'd not be ashamed to see here in DX NEWS.

Verifies: v/1- KSRJ - ~~some KSRJ~~ ~~WV~~ v/q- KRM - WGB. DX: 2/6- KRM-500 6:30-6:45p
 s/off o/a FJB w/o CKL for a married couple. Also copied KBUY-1540 (ex-KCUL) from
~~some KSRJ~~ 7:02-7:12, c/w. No verify from a Dec. KCUL report, so a 1/10 sent along
 for that, too. 2/9- KVV -1320 r/c 1:45-1:58a o/a MCGG. Then at 5:30: KDMN-830 5:14
 p s/off followed by WBB-1100 copied from 6:02-6:07, & an WBJC-310 from 6:22-6:36
 especially to get one of their nice talks about verifies. 2/10- KQICN-1310 r/c 1:15-
 1:30a. Later on, long tried for WJM-730 copied from 6:15-6:28p s/off o/a WJLR.
 2/11- Two more 000ers logged: WDC 5:47-6p s/off, & WGY-900 from 6:16-6:30 s/off.
 And then probably a best 884- catch at, 250w. WMT-1570 @ their 6:50am s/off. I got
 a great tape of their s/off announce. I sent it along w/a written report. 2/13-
 CJO-1290 copied from 2:23-3:05am on their AM show. Good news, a wasted morning.

Bob Foxworth - Box 5283 - Raleigh, North Carolina - 27607

The good evening LA CX have all finished considerably w/o a "merchandise" will have TA
 & TP reception less than I'd hoped. A dozen common TAs were noted on 1/30, though.
 DXes have been good here w/MSGB KBHS KCLR KJEL all reported. KBHS verified in less than
 a week even though I'd previously verified them on a TEST back in 1958 when WBEI was
 the only interference on the channel. I must be gettin' old! KBUY-1540 noted atop
 WBS around 7pm 2/9 & WMS-810 Murreesboro, Tenn. atop WBJC @ 6:25pm 2/8 w/KCNO ID
 heard @ 6:30. Can someone please send me the time of KJID-1580 Tempe Ariz. s/off, as
 I still need this one? Times wanted for Feb. & March. One day of Aurora on 2/7, w/
 WKJB-710 & WERA-990 noted w/good signals free of QRM around 6:25p. The next/night it
 was all WOR/WGBS on 710 & WNOX/WHOO on 990. Also on 2/7, the new 4WEJ-890 heard in
 the clear w/good signals. Jeff Ross: Your "Yayhacks'day" is really the Swedish "Jag
 elsker dig", used by Don Ingram of WABC when he goes off, hi. It means "I Love You"
 w/the "you" being the third person plural. Now that's hard to know, eh? CSL today Fr.
 CTR-730 for a Dec. report, view postcard. Also a v/q from PJD2 at long last, so 1/10
 sent. Remember - Tom Holmes doesn't really know what noise is - I do! I'll bring
 some w/s, a couple tons worth. 73, I I sure hope I'll be able to hear the WCKB-780
 TEST - tough catch here, hi. A slight chance I'll be in Boston 3/4. Good DX.

Here 2/6 specials were FG. On 1170 @ 12:20-1:55am was WVOO-bus in Tulsa, then
 plunked on OC & so (2nd case WVA s/on, taking it two hours earlier back AM; 840 had
 Pidas del Caribe-Castries going fair; 1490 had poor TT through WOPA AM-IEI to 3:09, no
 KBAB DX able to get through three AM & @ 3:14; one talks of Mardo Gras & said "Here
 in New Orleans, come on down" etc. Who's he? On 675 was 3:30-4:25 etc. loud YND w/ER
 & louder got noted @ 4:27: 126e as R. Rumbos (YVLL) giving AM & SW calls & locations
 & continued OK to 5am, when Castro started. 2/6 had very strong WJBI-840; Ondas Car-
 ibe de Castries, Santa Marta, Lucia, Radio Nacional noted 4:05 & right into the sing-
 ing USB of WHPB 4:58 & later; KMYD's TEST 9r/c) was fair & got the Cornbolls CJSB as
 company. got v/1, CM from KJLF-1370 on 3/10 to GM & the CM v/led it OK (1/2 2/13/66
 RM report). Well, WJIR-1360 250w was 3/4/65 Copper-shipet varie, they went to 1370
 in '30 & 500w, then changed call to KJLF in '40. v/1-2 from KJEL-Test. v/1, WLDY-1340
 Led's dith, & Cornell Wise; Led's dith got its name from a wealthy Mrs. Smith who was
 one of the first settlers; They enclosed a movie wallet/calendar running 1966-69 separate
 steel folded, glossy & cute. Bill Stone's DAK3 was read the day after leaving & is
 gathering icocicles now (hi). A month & a week from now, spring, & ERC'll feel much
 better, & so too. So long for now & 73.

I was sending out reports, but only one valid report this week, & thanks to Dr. Cooper,
KMLL-TRST. DX Down the week, & a pretty good week if I do say so myself. 2/8- the SS
on 1518 is not Spain or Colombia - it's definitely Dominican Republic, "R. Puerto Y"
in 6:36-7:33pm w/severe Aurora & absolutely NO signal from KBN-1520. On 1520 proper,
CMT in 12C on local programming, 7:26-8:25pm. 2/11- WTD-1270 [unclear]-4:12 when [unclear] took
over. I reported, third time, now that they are verifying, w/stand [unclear] v/s. Also
heard on 2/12, & the two reports combined. Also on 2/12- WBLO-1470 tentatively IDed
6:50 s/on, then 5:01 s/on by the one I was looking for, WQWR, c/w. Then WRBD-1470
s/on 5:11 o/all, [unclear] WBG-1150 5:28am s/on to 5:50, [unclear] [unclear]. After 6a, a [unclear] on
1575 quite strong, w/ID. Unid heard were WOP-970 6:05, & WMT-1480 s/on 5a-6. FJD2-
91295 heard s/off 11:05pm. 2/13- [unclear]-1020 w/KDKA's AXR test, & when they put o
their main IR, out it went, TGUX? (I think TGUX is ME then, though). Nothing excit-
ing till 2:47- when I discovered HCFV2-805 rolling in 8-6 & reported. [unclear], another
R. Tricolor, was aligned off 670 & is on about 676, & AM-88, not reported, as more ex-
otic stuff found on 830, where I logged a real goodie in LTB, R. Rosario, 4:27-4:54a.
s/on of YVLP, R. Miranda. LTB had another week 88 w/then, another Argentinian, I
think - WCCO was off, hatch, so watch 830 for another MI WCCO silent period & try for
them! WED-820 was also off, & I logged R. Guyana, in Oyata, Venezuela, 5:22-5:36a.
WVJ-890 in [unclear] o/Cuba 5-5:20, w/x/lophone x till 5:15, then 10 religious program.
nice ID in 11C 5:14, an esp. one, for another of my "lead-pipe catches." Then in the
evening, a dumb-luck one. I loaded on 1450 C 5:13pm, & lo & behold, she reports on
top, & held for three minutes, including some nice local stuff - from Arch-wanted
[unclear], Barry, VA! They came back in & on top 5:56pm with [unclear] [unclear] reports, for a real
goodie. This evening on 1490 C 6:03pm, 2/14, seldom-heard WDLC, Fort Jervis, NY nice-
ly on top for a couple of minutes - so local boys, watch these two channels!
Everything's in, some nice tips, lads - keep 'em coming! C U 7/

The above interesting Fla. data was obtained by Robert Kelley of Milwaukee, Wis. via personal calls on stations during a recent visit to Fla. Many thanks mon for your support, SSS DX near non-existent here & tests mostly not hrd. JMB

- 780 Barbados. S/on 0400 w/ drums, plays favorite mx and gives time in AST, at 0500 Castro's hum got in. On 2/8, loudashell (local native carnival, Ralphie?) thru-WBEM. (Johanns, N.Y.)
Nicaragua. YNW-2 hrd here from 775. (Silvera, Jamaica)
Guatemala. TGHB, Super Radio ID w/call occasionally and many "Super Radio" slogans 1/18 from 0001, for a few minutes nicely in clear. (Millar, Wash.)
- 782 Portugal. CSB9 powerful 0139 w/ "Sloop John B" in PP. (Ed) 2/6.
E. Germany. Burg quite high 2030 w/ "Strangers in the Night" on organ. (Ed) 2/3.
- ***790 Canal Zone. ACA-20 (not sure AC- call still in use) used to ID as WSCN, now just "SCN", Southern Command Network. (Oops, my slip. Ed) Hrd here even weakly days. Plays US R&R NSP and // to 1420, same power. (Silvera, Jamaica)
- 818 Egypt. In weakly around 2330 on 2/11. (Robie, Mass.)
 825 Costa Rica. TIOS good enough for a try at reporting by tape 0100 1/14. (Millar)
 840 Nicaragua. YNAV hrd 0210-0255 on 2/6; then loudest yet 2/7, noted 0405-0520, gives a type of bell or chime and "Amigos de la noche, Ondas Caribe en Santa Marta y Lucia, esta radio nacional de Castres". (Johannes, N.Y.)
Mexico. XEFG u/WHAS w/S6 signals, 0645-0652 2/8. (Fair, Texas)
Colombia. HJBI, Santa Marta noted AN last few days before Lent. Unn. "Ondas Caribe". (Cooper, N.Y.)
- 845 International Waters. Britain Radio hrd 1755-1800 on 2/6, too much WHDH for the eardrums. (Morss, Mass.)
- 880 Guatemala. TGJ, R. Nuevo Mundo in clear several times from 0700-0715. Only QRM was WRFD. (Fair, Texas)
Mexico. XETZ, Tequila loud 0800-0840 when TP takes over. Call sounds like TR. Felicitades. (Hoogerheide, Ore.) 2/10.
Venezuela. YVMP, Barquisimientto s/on 0500 after anthem. ID's as "R. Lara" and uses call often. Should be easy on WC as all alone. (Hoogerheide, Ore.) 2/10.
Unid Oriental. Quite loud w/ mx and YL announcer. Pgm and mx appear Chinese. At 0900 voice stopped for 30 seconds of silence. Then 5 pips appeared about 2 sec. apart. Then regular pgm started up again. Are these typical of S. Korean time pips or do Chinese HS outlets also have pips like this? (Hoogerheide, Ore.) 2/10.
Unid SS. Hrd on 12/19 0430-0500, ID's as "Union Radio" & "R. Caribe". (Cooper, NY)
- 881 England. Good 0147 on 2/6. (Ed)
- 885 Nicaragua/Montserrat. Even signals 2030 on 2/13, but YNKW on top more of the time. Bad low frequency het. (Conrad, Ky)
- 890 Venezuela/Unid SS. A jumble before and after 2200 on 2/8. Made out one as a Venezuelan, probably YVLW. Another had semi-classical mx, possibly hymns, but couldn't ID. WLS nowhere. (Dangerfield, Pa.)
- 900 Costa Rica. R. Ateneas, San José hrd 1/30 0500 w/ID, Mex mx. (Hauser, N.M.)
Venezuela. YVMD, R. Mara here now over a year! (Silvera, Jamaica) 10 kw.
- 950 Japan. JOKR, Tokyo, good signal 2/6 0400-0600. (Kaskey, Calif.)
- 1025 Colombia. HJER, R. Pacifico quite dominant on 2/8, especially 2125-2200. No one else noted. (Dangerfield, Pa.)
- 1034 Portugal. CSE2 strong in PP at 0100 w/mx, announcements, 2/4. (Calkin, N.B.)
 1040 Venezuela. Ed's unid 0500 s/on here is YVLB, 10 kw. (Silvera, Jamaica)
 1040 China. Peking nice signal 2/9 0800-0900. (Kaskey, Calif.)
- 1115 International-Waters. R. 270 1800-1845 on 2/6, deep fades but plenty for a report report. (Morss, Mass.)
- 1120 Guatemala. TGRR ID 2357, 1/14, first time positively ID. (Millar, Wash.) Hrd w/ R. Reloj ID during KMOX pause 2000. (Reynolds, Mo.)
Unid SS. Very weak, but in SS at 0415 on 2/6. Worked hard but no soap. (D'field)
- 1129 Colombia. HJCO, Emisora Sur America, Bogotá hrd on MM 1/23 0505-0520 fade. Listed on 1130 in WRTVH but definitely off freq as indicated by powerful het. Sigs were about S9 for first 10 minutes, then a slow fade. Native mx and talk. (Fair, Tex.)
- 1140 Japan. JOBR probably the UFO at 0350 2/6. First time in weeks. (Godwin, Cal,IRCA)
- *1160 Peru. Randy Seaver corrects the time his unid OEX- hrd to 0601, not 0501.
- 1178 Okinawa. VOA back again at usual time 0830-0930 2/9. (Kaskey, Cal.)
- 1180 Colombia. HJFX, Manizales, "La Voz de Ruiz" is either AN SM's or else s/on early that day; logged here 0530-0600 on 1/15, about S5 w/ WHAM off SM's. (Cooper, NY)

- 1187 International Waters. R. Caroline tremendous signal 2100 2/7. (Morss, Mass.) Very strong 2/3 2330 w/ hit mx and announcements from the "Caroline Charts" and again the same day around 1730 to past 1900. Familiar "Caroline - The Sound of the Nation, the Sound of the Land" played often. (Calkin, N.B.)
- 1196 Germany. VOA, Munich very strong in Russian 2/7 at 2200. (Morss, Mass.)
- 1200 Unid EE. Hrd w/ very weak signals 0245-0302 & on, 1/2, played a comedy record at 0245, w/ what sounded like a semi-British accent - Any Ideas? (Cooper, N.Y.) I've seen several references to N.Y. Bootleggers on this freq, Ernie. (Ed)
- 1205 France. ORTF, Bordeaux fair 0000 1/31. (Wood, Ind.)
- 1214 England. BEC R&R 0215 2/6. So the major Europeans are back. (Wood, Ind.)
- 1220 Colombia. HJKR, Bogotá, R. Juventud seems AN MM's. (Cooper, N.Y.) Yes. (Ed)
- 1260 San Andres Island. HJHU, R. Morgan. I doubt if in operation; only coastal Central/South American within 600 miles not heard, if only for daytime reception. (Silvera, Jamaica)
- 1280 Peru. OA___, R. Noticias announces 1260. Probably in Lima, strong - 10 kw or more. Noted to 0030 daily. (Gleason, Ecuador, IRCA)
- 1286 Czechoslovakia. CS1 w/ light mx weak but audible 1730 2/3. (Calkin, N.B.)
- 1295 England. BBC European service in FF at 0030 up good 2/2. (Calkin, N.B.)
- 1304 Unid TA. Mx and singing 2/3 at 1743. Perhaps Szczecin? Barely audible but carrier quite strong. (Calkin, N.B.)
- 1322 International Waters. R. Dolfijn very good w/light mx show, gene rally theatrical types, not hit. All announcements in Dutch. Very good 2/3 around 0100. (Calkin, N.B.)
- 1325 Netherlands Antilles. PJA10, Aruba loggable here Monday PM's (WEVD/WPCW off); s/off just after 2300 in EE and Dutch. Also was AN 12/26 AM. (Cooper, N.Y.) LA mx 2/4 at 2040. Good signal. (Calkin, N.B.)
- 1331 Italy. RAI Common Wave was a pleasant surprise 2/4 from about 1720 on. Weak and hard to separate from 1330 but enough for report. (Calkin, N.B.)
Unid TA. Signs off nightly 2000. Probably Spain, as strong on 1/31, but not readable. (Dangerfield, Pa.)
- 1335 Ecuador. HCOF4, Chone, R. Chone is new w/ 2kw; here from 1340. Strong in Lima on 1/1 at 2330. (Gleason, Ecuador, IRCA)
- 1370 Mexico. XEHF, Ciudad Obregon, Son. on until about 0500 2/9, loud. (Kaskey, Cal.)
Japan. JOKD topping freq 0600 on 2/6. (Kaskey, Calif.)
- 1375 St. Pierre. ORTF w/ talk in FF at 1705. (Calkin, N.B.)
- 1376 France. ORTF up w/ light mx 1705 2/4. ORTF QRM'ing ORTF, Hi. (Calkin, N.B.)
- 1382 Ecuador. HCHA2, L.V. del Rio Queveda was noted here on 12/26 at 0230. Weak. (Gleason, Ecuador, IRCA)
- 1393 Colombia. HJTJ, R. Cerete fair 1/30 to s/off 0130. Taped 3 ID's, JAC and I agree that two are "R. Cerete" but disagree about the third. May use echo? (Ed)
- 1403 France. Common Wave very good w/ ID, IS and talk 1700 on 3/4. (Calkin, N.B.)
- 1421 Germany. Radio Saar fair but readable 1601 2/4, easily separable. (Calkin, N.B.)
- 1439 Luxembourg. Ads, hit mx, etc. before 1600 2/4. (Calkin, N.B.) Back on 1/22 as strong as ever at 0215, completely atop the freq. (Dangerfield, Pa.)
- 1442 Panama. HOC was strong 2235 1/22. Mixed with TIMMC. (Gleason, Ec., IRCA)
- 1457 England. Clevedon/Bartley w/ Radio Play at 1550 2/4. (G. Calkin, N.B.)
- 1466 Monaco. US Hits up-to-date from as early as 1533 on 2/4. (Calkin, N.B.)
- 1475 Austria. Wien good in GG 0100 2/5. (Calkin, N.B.)
- 1502 Poland. Warsaw w/ light mx and announcements from 1520 on 2/4; IS at 1600. (Calkin, N.B.) Warsaw I believe, very strong on 2/10 from 2100 to s/off at 2200. Language sounded like Polish. Surprised, as no other TA's in At that time. (Dangerfield, Pa.)
- 1518 Dominican Republic. Now it's HIBL, Id'ing often as R. Pueblo. Very strong all evening 2/8, and WKEW barely audible. Not the same one I heard a few weeks ago. (Dangerfield, Pa.) HIBL is the SS here, positively ID'ed PM or 2/8, 1836-1933 w/ severe Aurora completely killing WKEW. (Cooper, N.Y.)
- 1520 Cuba. CMDX same time as HIBL above w/ no WKEW, local pgms. Had hoped for WRAI but no luck. (Cooper, N.Y.)
- 1529 Vatican. R. Vaticana w/ clear IS, ID, into SS 1545. (Calkin, N.B.)

- 1535 Colombia. The one I hear here is SS. Was rather strong 2112 on 2/8, w/some sort of speech. (Dangerfield, Pa.)
- 1538 Senegal. Dakar fair but hard to copy 1845 on 2/9. No comparison to 764. (D'field)
- 1578 Portugal. CSB5 very good 0105 on 2/4. (Dangerfield, Pa.)
- 1562 International Waters. R. Veronica w/ hit mx in Dutch as early as 1535 on 2/4. Hrd daily in February. (Calkin, N.B.)
- **1580 Dominican Republic. HIWJ, R. Samana is new stn hrd 1723 2/4. Pgm was "Bailables del Domingo"; call per NARBA list in past issue of IDX D. (Silvera, Jamaica)
- **1586 Germany. Langenberg; this is routine for some, but I got WEEZ off on SM 1/22 and took a fine log on this one, particularly strong 0200-0240. (D'field, Pa.)
- 1616 Ecuador. HCCS2, Radiofonica Centro Sideral de Daule, Daule noted here on 12/26 from 1560. (Gleason, Ecuador, IRCA)

VERIFICATIONS . . .

R A N D O M N E S S . . . Nice phone chats with Walt Fair and Jerry Conrad this week... Jerry thinks he'll be able to make it to the BIG GET TOGETHER March 4th and 5th... Space limitations this week forced me to holdover Silvera 3 page YS- list until the big issue next week... Am also holding back some other stuff, including 14 pages on selectivity and Mechanical Filters, and 10 pages on Chinese Radio... Hope to see you all in Boston... Tnx for the support and good DX...
