NOTES &c FROM NJPC.....

A few missing and/or overlooked credits from prior issues: The centerfold in Vol. 42, No. 2 was sent in by Brian Vernon. The HLDA spread in No. 3 was courtesy of Clarence Freeman.

In anticipation of starting in on the Receiver Reference Manual shortly after the final completion of the log, we would like to invite any interested volunteers to submit reviews of the following:

- 1) The Hammarlund line of receivers (featuring at least the 180, 150, 129X or 145X, and SP 600)
- 2) The Hallicrafters line of receivers (featuring such as the SX133, SX130, SX99 and others). We would like to have completed articles by December 10. Length should be no more than 4 to 6 pp. each (that's all we've got room for, hi).

FLASH TIPS & SUCHLIKE

Joe Plonka reports that CKTA, Taber Alta, puts a good deal of signal to the east, as he hears them well at his Chaplin, Sask. QTH, but rarely hears the parent station CHEC. He notes numerous IDs for CHEC, but only one for CKTA per half hour; towers are located at Cranford, Alta. Reports go to CHEC in Lethbridge.

WOND DX TEST 10/28 was indeed on. WLOR TEST 11/4 not noted by RjE, Frank Dailey, but I believe Frank said it was Musco who did hear them. Too much CKAC/XEX here. KHUB TEST not attempted by any of us. KHYM was hrd 10/29 in the midwest by Karl Forth, KGHO apparently didn't get past KAAA to the east.

Cx have been kinda poor, tho' the A-index is getting lower as of 11/5. Probably won't stay low, in view of the past many months' record.

New stations, skeds, changes, etc.

GREAT BRITAIN - In response to my request in a recent DXN, Terry Greenhill of Hertford, England supplied the following list of Independent Broadcasting Authority stations that are on the air.

FREQ.	LOCATION	STATION	POWER/ANTENNA	DATE ON
557	London	Capital Radio	500-WD	10-16-73
719	London	LBC	500-WD	10-8-73
1151	Birmingham	BRMB	3000-DA	2-19-74
	Glasgow	Radio Clyde	4000-DA	12-31-73
	Manchester	Piccadilly Radio	4000-DA	4-2-74
	Tyneside	Metropolitan Radio	2500-DA	7-12-74
1169	Swansea	Swansea Sound	500-WD	9-30-74
1546	Edinburgh	Radio Forth	1600-WD	11-74
	Liverpool	Radio City	5000-DA	11-74
	Sheffield	Radio Hallam	1000-DA	10-74

A new transmitter site is being built for the London stations. When it is completed, LBC will move to 1151 and increase power to 25 kw and Capital Radio will move to 1546 and increase power to 100 kw. All of the stations have FM's that simulcast with the AM's. Our thanks to Terry for this info.

INTERNATIONAL WATERS - Radio Nova Internationale (former Radio Nordsee International) should now be on the air from the Mediterranean area. The MW frequency will be 1610 khz. Address for reports will be RNI, c/o A.J. Beirens, Room 207, Doverlaan 7, B-8380 Zeebrugge, Belgium. 2 IRC's required for return postage. (Paschke)

MALTA - The Deutsche Welle Relay is due on the air 11-3-74. Frequency will be 1570 khz. with 600 kw. Schedule is as follows:

TIME	LANGUAGE	TARGET AREA
0400-0445	Arabic	Near East/North Africa
0445-0520	Turkish	Turkey
0520-0550	Arabic	Near East/ North Africa
1400-1450	Arabic	Near East/North Africa
1500-1750	German	Central/South Asia & Near East
1800-1850	Turkish	Turkey
1900-2055	Arabic	Near East/North Africa (Paschke)

NZDXRA says that 1800-1857 will be used for the African Service (in conflict with above) and 2102-2159 for European Service. I suspect it will be some time before this schedule is finalized. (ED)

And now, whats actually being heard.

550 -CUBA CMAN R. Rebelde, Pinar del Rio heard for first time here in NYC during aurora w/familiar IA mx, propaganda, usual px. 0720 10/19. (Shaftan)

570 -NEW ZEALAND 2YA Wellington, 10/20, poor 1416-1430 w/MbR type mx, announcer mentioning each record in detail, 1430+ seemed to be a show w/sing-a-longs. Faded for great lengths of time, in o/u KVI. (Vernon)

600 -UNID 0715-0745 stn in SS w/variety of mx, frequent announcements of "Radio Libertad marca el tiempo" (R. Libertad checks the time) and EST 10s, so suspect the HJ. Was about 100 Hz high, and very rough copy. 10/28, (Gleason)

640 -GUADELOUPE GRIP noted here w/YF px, mx, beautiful ID at 0000 caught only when tape was replayed. 10/19 strong aurora. Dominant at first but later u/RADIFA on same freq. Stayed u/Cuban all evening. New ctry. (Shaftan)

-SUIKINEN RADIFA f/in 0005 10/19 w/weird wailing o/GRIP for about 15 (Cont)

640 -SURINAM (Cont) mins when CMQ overtook them. A good bet for this country before CMQ or WHLO fades in. Tnx to Richard Wood for tip. (Shaftan)

647 -USSR FES was S4-5 at 1136 on 10/28. (Wilkinson)

655 -NORTH KOREA Radio Pyongyang outlet was S5-6 at 1138 on 10/28. (Wilkinson)

700 -COSTA RICA (Tentative) Radio Reloj assumed here per steady diet of IA mx. Too much WOR to get a positive ID but 120 kw HJ not on per WRTH 74. Breaks between songs w/SS talk fits Reloj format per several years of monitoring on SW 6006 which I assume was // though couldn't check. TI #2 in 2 weeks. 0355 10/20. (Shaftan)

720 -JAPAN JOFB/JOKD S6 at 1331 on 10/28. (Wilkinson) // (Vernon)

-HAWAII KUAI Kauai 10/19 fair but wavy, maybe of tip value. Had CBS Mystery Theatre as I tuned in 0940-0959 then s/off, no SSB, only heard once here.

725 -NORTH KOREA R. Pyongyang outlet was S5-6 at 1141 on 10/28. (Wilkinson)

735 -NORTH KOREA R. Pyongyang outlet was S5 at 1143 on 10/28. (Wilkinson)

810 -MEXICO XERSV Ciudad Obregon, Son. 10/22 0345. In good w/many IDs. U/KGO. According to info in Ciudad Obregon, there is no such station there. WRTH has address listed as AP 75, Ciudad Obregon, Son. Who's right? (Lobel)

820 -SOUTH KOREA HLCN Kwangju was S7-8 at 1230 on 10/28. (Wilkinson)

830 -JAPAN JOBB Osaka was 20 db over S9 at 1215 on 10/28. Always gets louder as morning progresses. (Wilkinson)

840 -PANAMA Radio Libertad 10/20 0750-0810 w/Caribbean style tropical and romantic songs, YL ancr and PSA's such as "drive safely for the revolutionary progress of Panama". Very good signal, and improved up till tune-out, when 100% readable. (Gleason)

-SOUTH KOREA HLKY Seoul in // to HLCN-820 at 1232 on 10/28. (Wilkinson)

850 -COLOMBIA HJKC Emisora Nuevo Mundo, Bogota overriding unid MoR stn and unid TTer 0816 10/20. Getting to be quite regular in this QTH. SS talk but no mx noted. (Shaftan)

860 -NEW ZEALAND 1YZ Rotorua 10/17, fair 1111-1115 BBC program "Commentary" about USA/USSR detente, then femme ancr w/TC and also said that programs continue (on what sounded like) stns 1,2,3 and 4-1-C. "Other stns and (I think "Western" program listeners, we're now closing down until 6 o'clock tomorrow morning. We wish the listeners goodnight". Freq went blank except for unid SS stn. Fair sig but much static (tentative), 70% readable. (Vernon)

877 -NORTH KOREA R. Pyongyang outlet w/S8-9 signals (best ever heard) w/musical program at 1225 on 10/28. (Wilkinson)

890 -AUSTRALIA 5AN Adelaide must be this. 10/17 but poor, mixed bag of mx, inst and rock, male ancr w/heavy Aussie accent 1410-1425, then mx. Caught sig again at 1431 w/end of a band record. Was not GSQ, new anthem? (Vernon)

-SOUTH KOREA HLKB Pusan was atop JOHK at 1239 on 10/28 w/comedy and musical program. (Wilkinson)

-UNID (Asian) 10/17 fair to good at times, w/male and femme ancrs talking between asian mx 1120-1130, then just male ancr, 1130+ heard between asian mx. At 1134-1137 a man talked, and caught "18197---? Road" then talk again, followed by "California, American", asian mx followed, no idea as to language at all. Any ideas? (Vernon) HLKB would be my guess. (ED)

Singing jingle and time every other record; inst version of same jingle between the "double play" records. Jingle same as XEQR-1030, but in ranchera style. ID by call, w/freq and power at 0500, and into more mx. 10/24. (Gleason)

990 -MEXICO XECL "Radio Mundo" Mexicali, BC. Very excellent sig heard on 10/22 0255. Many very distinct "Radio Mundo" IDs. Haven't heard this one in a while. (Lobel)

Greetings! On the weekend of 9/28 I took a DXing & photography excursion to coastal N.J. & L.I., equipped with, among other things, my Sharp Z-2500 portable RX, & a cassette machine. Daytime listening 9/28 from Ship Bottom N.J. was interesting. Boston stations heard: ~~WEEI~~ strong; WRKO fair w/WCBM; WEEI weak. 9/28, night, at Oceanville, N.J.: IAs stronger than they are around Boston. 10pm, WAPA P.R. alone on 680, strong. 10:15, Surinam-725 bothering the 720/730 Cubans. 10:20, HILR-860 alone, no CJBC. 10:25pm- Camaguey, Cuba-1030 ATOP WEZ! WEZ better later on. 10:47, HJCY-810 Sutatenza, killing WGY. Also heard: CMCI-760, Cuba-590 w/Led Zeppelin way atop WEEI; WLEE-1480 o/WSAR/WHOM. 9/29 in Riverhead, L.I.: Reception more "normal", IAs weaker. 11pm, Colombia-1070, fair. 1510 a real jumble - in ten minutes, CJRS, WNLC, WMEX, WIAC, & an SS alternated dominance. 1250 was all WJVA, no WKER/TAE. TA hets not noted. Daytime, 9/30, from Montauk Point, I sat in the car and scanned the band, preparing a "spectrum analysis" chart of signal strength of each station on each frequency. No real surprises - coastal stations, from WHEB-750 N.H., to WPAR-790 Va. (u/WEAN) & inland stations as far as W. Mass. & the Albany N.Y. area were well heard. Meanwhile, back home, another IA session unfolded on 10/20: 11:28 pm- XERF-1570 u/CKLM. 11:40, three-way battle for 940 w/Mexico, Venezuela, and CBM. Midnight, beautiful s/off for HJJB-830, taped. 12:10, Cuba & Mexico in dogfight on 730, little CKAC. UniDs: 11:25pm, background mx, on 1524.6. 11:29, SS topping CBU-1580. 1:37pm, potent SS talk station on 1205 w/TX checks every minute, equal to WCAU. Very interesting. For now, 73s, amigos.

JOSEPH FELA - 150 Robert Place - Plainfield, New Jersey - 07080

Greetings. It's been a very bad Fall for FM DXing, thus I find myself back on AM prematurely. A brief re-intro might be in order due to my long absence from these pages. Age here is 32 & am employed as production manager for a plastics concern in Newark. I've been an NRC member for about 13 years, although, at this point, I'm primarily an FM DXer w/a little TV & AM thrown in. AM only when FM & TV are totally dead. Recent DX: 10/20- 6:44pm s/off WTTX-1280, Appomattox, Va. murdering local WADO. 7, WIBB-1280 s/off, 7:05 someone chopping up loud WPOW badly, ended Mutual NX & seemed to ID as WIAT-1330, WFBC in the background. 7:08, WCOG-1320 on top w/SID, rr. 7:12, WEUP-1600 s/off o/WWRL. 7:15, WLIJ & WEYY-1580 s/off. WBUD-1260 either on daytime pattern late or way off DA this date - unusually strong (even for daytime reception). 10/22- 6:40pm, WNCT-1070 on top w/FB promo but I was looking for WHYZ, 6:45 s/off WKLM-980 w/another (maybe WAZS) in th3 background; 7:01 Earl Nightingale ending on 1230, then a bunch of Dayton Beach stuff & a WSEB ID, fair on top of the jumble. 7:09, c/w atop 1260 this evening w/"O.K." IDs, WQCK Miami? No WBUD at all. 7 14, WERD-1400 on top w/a heavy RB format. WSEB was #1,900 heard. I expect to have the new FREQUENCY CHECK LIST completed sometime between 11/20 & 12/10, so please send any f/c info you may have to me NOW. 73.

REMEMBER, REPORTS TO MUSINGS MUSTVBE DOUBLE-SPACED. DEADLINE IS EVERY THURSDAY, NINE DAYS BEFORE THE DATE OF THAT ISSUE. THIRTY LINES IS THE MAXIMUM PER MUSE.

ERIC HAVEMANN - 71 Madison Street - Pequonnock, New Jersey - 07440

Hi. I just joined the NRC (Vol. 42, #1), so an intro is in order. I am 16 & a junior at Peq. Twp. High School. I've been DXing since 1970 or so, thanks to my brother, who got me into this. Unfortunately he now finds watching TV & CBing much more enjoyable any more, especially @ 2am or later, hi. I started keeping a rather poor log about eight months ago. Not including the many locals, I have logged 217 stations. Also 35 states, five provinces, & six countries. Maybe with the help of NRC's Domestic Log, I might try to get a verie from one of them! My RK, for no longer than I can help it, is an ancient Metz (love that name! -ERC) console w/six tubes & four bands. My antenna is a 180' LW, ppinting N/S. Yet, they keep pulling in the DK. KKA-1560 has been heard here, as in just about every other part of the country, so I hear. Other Summer goodies include WDAK-540, KAAV-1090, KRLD-1080, WOKJ-1550, WFOR-1490, KVOO-1170, WFTB-620, KLRA-1010, KHJ-1250 w/ID as "Los Radio" according to my tape. Please excuse lack of details, as I never expected anyone would be interested in them except me. Also some tests: WKIK-1370, WSLW-1310, WEED-1317 (?? -ERC) WDLR-1550 & WFGC-1580. Since I have become interested in sending QSLs & I have access to an audio generator, does it help to specify what frequencies stations use when on the air for a TT? Anyway, now that everybody is so thoroughly filled in on my DX history, hi, I might as well relate some of my recent accomplishments (would you believe all?). 10/1-7 I heard these: WFLO & WCHU were both fighting it out on 870. Didn't bug me any, both were new here. (WCHU maybe? -ERC) Later CHOW faded in long enough for a quick ID - not "See-How" according to a certain column edited by a fellow in Ohio! Then next evening someone was coming in between WWO & WQAI. He said something about Venezuela in SS or some similar language. Could I be right? Later saw WRIX, CKLY, WFTB, CBW s/off for my first Mamitoba STATION. They mentioned FM frequently. This was MM. M re next week on that night & DX since then since I am out of room. On one last thing - who was the TTR who IDed "This is a test from-----" @ 9:37pm ELT 10/22 on 1590? See you soon. 73. (Welcome to the NRC, Eric! We hope you'll Muse often! -ERC)

JEFF KOSNET - 1194 Huron Road - North Brunswick, New Jersey - 08902

Hi, everyone! It's been about six months since I last wrote, so I decided to put in an appearance although I have little to say. With school (Northwestern University, Evanston, Ill.) & a part-time job, I have little time to DX. Maybe some MMs as my first class isn't till 10, but my roommate can't stay up all night just for me, so, it looks like I'll be fairly inactive until Christmas. A little DX 10/13, & I heard a mysterious rocker, which played no RX & no commercials on 1500 from 10:30 to 11:30. They IDed constantly as "X-Rock-15", sounds like an XE but I left my Mexiglen list at home & I never heard an EE XE on 1500 anyway. On 10/22, a little skywave DX in the morning, & I heard KKOK-630, WMT-600, & KSD-550 all after 10:30. One good note - the earlier sunsets are giving me chances to get in some SSS DX before work at the University Food Service. ERC, I see where WERA is giving a TEST next month. Best of luck to you, & congrats on 12/12, whatever for. 73s to all & I'll Muse again soon.

PETE KEMP - 13-B Fleetwood Avenue - Bethel, Connecticut - 06801

Greetings. I just received a QSL from WBMD-750 in Baltimore after eight months. Attached was a cover letter saying the engineering department has recently expanded, so they will put a little bit more time into answering DXer's reports. Two weekends ago, I met Frank Dailey, Ron Musco, & other NRCers at George Kass' apartment in West Haven. It was quite a get-together. George, ~~Tom~~ & I took a side trip to the studios of WFIF-1500 in Milford, to see the facilities and to find out why they don't respond to DXers' reports. After seeing the station & meeting the engineer we can understand why. Aside from obtaining the XR tower's telephone number the most earth-shattering information we got was that the new engineer's name is "Sparks", original, isn't it. The local power company is installing a main feeder cable for a condominium, development around the corner. The power line interference has been so bad than even AM car radios in the area are being affected. I guess that I'll just have to sit it out. In the meantime I have ordered a Sanserino Loop & have been getting the rig in shape for the DXing season. So much for now. 73.

DON'T FAIL WHEN WRITING TO STATIONS FOR VERIFICATIONS TO ENCLOSE RETURN POSTAGE. THIS HAS BEEN A NATIONAL RADIO CLUB COURTESY SINCE TIME IMMEMORIAL!

Well, gang! It's a fine total of 587 dial twirlers who desired to share such a great mutual interest thru the National Radio Club. These 10 pgs. are current as of bulletin #30, 30 Sep 74. My apologies to any that may have been left out due to various errors on mine or others behalves. And as for errors? Well.....I'd like to be above such, but can't promise it, hi. Many thanx to the NJPC for their fine assistance & patience, too. May this list appear annually, grow longer each time, & someone be around to type it!

CHRIS LUCAS - 22 Morris Street - Danbury, Connecticut - 06810

Another week at the dials, mostly logging in regulars at this new location. Sixty-three added, to bring total heard to 144. New Britain on 910 is now WRCC, ex-WRCH. On 10/21, SSS somewhat Auroral CX brought in WKD-1310 S.C. @ 6:45pm, & WERO-1310 Ga. @ 6:50. I visited the latter while in Georgia earlier this year; small operation. WERO has never been logged in Fairfield; in fact, at Fort Gordon (Augusta) WERO was quite weak, even though they weren't far away. It looks like 1310 will be a good SSS channel here; pesty WJLK N.J. is much weaker here on groundwave than in Fairfield; in fact, WJLK hasn't been logged here yet. WMEI-920 was in beautifully on 10/22 @ 8:06pm w/weaker WJAR looped out completely. SM 10/27 brought KKAA "K-K-Double-A"; 560 on first attempt, so now S.D. is an easy state here in the N.E. KKAA dominating @ 1:15am, NX @ 1:30. That evening, first SSS during [redacted] showed two stations on past legal s/off: WITC-1550 Pa. L&C @ 6pm s/off, ½ hour late! Right after WITC s/off I heard RIZ-1550 s/off @ 6:01. Is this correct call? It sounded more like WRHC, but then signal wasn't that strong. [redacted] now, ex-WRIZ -ERC) Definitely Coral Gables anyhow, w/10,000w. WFLR-1570 doing fine @ 6:31 s/off, 61 minutes late! Everything else heard has been routine. I erected an LW the other day, about 25' heading NNE to tree, then about 100' to the W to a garage roof. It varies between 10 & 25' above the ground. I was too tired to do much DXing MM 10/28. 73.

Greetings. DX: 10/18- Strong Aurora, see Alan's column for Las. KPLT-1490 believed the one w/spot & FB pre-game @ 8pm; KZOL-1570 a weakie surprise u/XERF @ 8:06pm w/FB promo; KKIM-1000 Religious program to 8:30 s/off, & KPET-690, never heard before, booming in @ 11:50pm w/BS FB scores, in well for ten minutes, then lost u/XETRA. 10/20- WMOP-900-TEST easy u/XEM @ 1:06am. JON E. PRANKINS - #305 Polaris Apt. - Site 11, Box 1 - Yellowknife, NWT- KOE 1HO

Hello again. Looks like I won't be getting any time to DX this Winter - I am presently working seven days a week. I work as a computer programmer for the Territorial Government during the week and do the morning shows on the weekend on CFYK-1340 plus the many LPRTs. CFYK feeds the LPRTs in Fort Chipewyan, Alta. (1450) & Uranium City, Sask. (880). Of interest, as well, is the new LPRT in Fort Rae, NWT (not to be confused with Rae-Edzo, which also has an LPRT) on 1200k! By the time you read this, construction should be underway on the new CBC Radio/TV facilities up here, which should bring locally produced TV & better radio to this area. All TV is presently by Anik satellite from Montreal or Vancouver. Sked on CFYK/MacKenzie net LPRTs and, presumably, CHAK-860, is 7:55am-1:15am w/SM s/on @ 8:58am, ELT. S/on is w/non-vocal Ch Canada & s/off w/Ch Canada & GSQ. I enjoy Yellowknife very much, but both the Territorial government & the CBC here have a history of mis-management, although things are looking up for the CBC. 73.

MIKE COLLINS send is the New England Whalers (World Hockey League) radio network: WTIC-1080 Hartford, Conn. WARE-1250 Ware, Mass. WSPR-1270 Springfield Mike also tells us KEEN-1370, San Jose, Cal. has signed a two-year contract with California Golden Seals - also KKIS-990 Pittsburg, & KIDD, Monterey, Calif.

GEORGE SEMKO - 46 Arcade Avenue - Buffalo, New York - 14226

Hi! This is my first Muse, so I'll introduce myself. I am 13 years old, and have been DXing for about two years. The rig here is a DX-150A, the antennas are a 75' LW plus an SM2. Totals are, 267 heard in 33 states, with 93 verified in 24 states. Late t veries are: v/l- WDEE WABJ WSAR. v/q from WMCA WMBS KFAB KPNW. The only thing I've heard in the past week was the CPC TEST from WMOP-900, Ocala, Fla. Those CPC tests are great, but most of them are on school nights. How about some of you guys fixing up some TESTs for the Christmas holidays? One problem this season so far: I checked the radio and the SM2 with a VIM meter and found there is a short somewhere, I'm lucky it's a small one. I'm running out of room so I better close, 73s for 75 to Fred Osterman & Dave Solomon and also to the rest of the membership. (Welcome to the NRC, George - and a renewed salute to BUFFALO, a city great in NRC annals! Muse often! -ERC)

HARRY J. HAYES - 1418 West Mount Royal Avenue - Apt. 2 - Baltimore, Maryland 21217

The WMOP-900 Ocala TEST made it here I&C last night, 10/20, from 1:05 to 1:30am. Test consisted of c/w songs mixed w/TTs. IDs were irregularly spaced on an average of every three or four minutes. Typical ID: "This is WMOP Ocala Fla. at 5,000w on the air for test purposes." An AXR test was conducted @ 1:28 w/a switch to 1,000w. Reception after switch was fair. Thanks to Mr. Labelstein and WMOP for a welcome addition. A report is on its way. Not too much other DX being done due to a heavy college work load. 10/17- 6:52pm WMAZ-940 Ga. in good. @ 7:12- WAGC-1560 Centre, A-1 in fair u/WQXR w/s/off w/mentions of studios on Route 411. Also mentions of Cherokee country. 10/18- WISL-1480 Shamokin, Pa. really putting up a good fight w/WLEE-1480 Va. @ 7:15pm. 10/19- 7:45pm CMCI-760 Cuba w/the usual minute-man stuff. In fair, no WJR. 10/20- 1:07am, WMOP-900 TEST. At 1:40, WSID-1010 Baltimore testing w/supreme mx till 2:04am. I wonder how many caught this one? 73s.

RAY ARRUDA - 6 Wilbur Avenue - North Dartmouth, Massachusetts - 02747

DX has picked up considerably since last report with several reports out. New stations: WCAP-980, CJBK, CHLO, to make total of 43 from Ontario. I also logged & reported KKAA-1560 SM 10/27 w/fair signal alone on frequency for State #45. Please help: On 10/22 @ 8pm, who had c/w w/CBS NX u/WUNR - WRWL? (No a chance, Ray - WRWL is NN 100% -ERC) MM 10/28 was not good with KHUM and KGH0 TESTs tried but not heard. CPC TEST record is now 0 for 5. Two v/l's back from WNEF-1290 & WGLB-1560. I would like to say a few words on writing reception reports. Those who have joined any Radio Club in the past year or so & are relatively new to DXing always keep your reception reports as neat and as accurate as possible. NEVER be demanding and ALWAYS include return postage as a common courtesy. This type of practice will make the hobby rewarding, give you a feeling of self satisfaction, & result in a higher percentage of verie returns. Mine is 86%, 73. (That's an old N.R.C. custom, Ray, which we hope marches on! -ERC)

JACK HATHAWAY - 2109 Tamarack Court - Champaign, Illinois - 61820

The KDDD-800 TEST for 10/14 was heard here in the Midwest & v/l already back. 10/28- CMKL-600 1:12am La Voz de Cuba. WLW-700 1:37. KYW-1060 2:14 while trying for KHYM TEST. There was also interference from an unID SS. Finally @ 2:28 I got a clear ID for KHYM, very difficult to copy but I got a few more bits of data as the program went on & I sent a report. At 3:03 I finally IDed the SS as R. Encyclopedia, CMBQ, Habana. CMGB-1560 3:08, Reloj Nacional. I could not hear the KGH0 TEST for the second week in a row. Best 73 & DX.

ERNEST R. COOPER - 438 East 21 Street - Carrier Route 52 - Brooklyn, N.Y. 11226

My heartfelt thanks to the N.J.P.C. for their strong backing statement for my remarks about single-spaced reports. These last few work days are busy ones (one of my main reasons for retiring) & I have to close this issue out a day early, folks - sorry! DX on MM 10/28 resulted in the usual - zilch. TTers noted on .490, 1580, 1590 @ 1:45am, also local WQXR-1560. Tuning for the KHYM-1060 TEST I noted KW s/on @ 1:56 & they ran OC & TT, and no sign of KHYM. At 2:06, an FFC topped 1230 but I didn't stay with him. I think that was old-reliable WTTI ETing on 1530 around 2:15, & who was the talk-talk AN on 1500, WDEE? WOR-710 on/off w/TT & one with upbeat MoR & no announcements between selections - does this fit CJRN? Last two .IRCA Monitors have been TWO pages - what goes?

First I've a request from the membership. Joe Fela will be doing a new f/c list between the end of November and the first 2 weeks in December. So any of you with useful info should get it out to Joe very quickly. If Joe can devote the time he does every year the least we can do is help to make the list as accurate as possible. Send all info to:
Joe Fela--150 Robert Place--So, Plainfield,N.J.--07080

Get a note from Ron Sibbitt of CKJD 1250, sez he got about 10 reports on the test of 10/18. Most DXers only heard tones thru the WTAE-WREN-WEMP-CRWO mess (which is more than I heard!!). He also informs us that CKJD will go AN-6 with a NN SP 0005-0600, starting November 4th. (EGAD, I'm not sure just which is worse, CKJD going AN-6, or my turning 30 that day--nice present Ron...HNB)
