Re:

Gentlemen:

A typographical error was made in the listing of the identification of the new McMartin transmitter installed at KPET. The correct identification of the new transmitter is "EA-1K".

As indicated in our letter of March 19, 1977, in compliance with Volume III, Section 73.63(b) of the Commission Rules, KPET Radio, Inc., licensee of KPET, Lamesa, Texas notified you of the proposed use of our replaced main transmitter as the auxiliary transmitter; this old transmitter remains installed in the same place, as the main transmitter, and is coupled to the main antenna system and no changes in technical characteristics are involved.

The new McMartin EA-1K transmitter is type approved by the FCC for operation from 250 watts to 1,000 watts, and KPET is operating at authorized power of 250 watts. The licensee will update information on file with the FCC in the next license renewal application, as provided in Volume III, Section 73.44 of the Commission Rules.

Should you have any further question please let us know.

Sincerely,

Galen C. Gilbert

Section 1

UNITED STATES OF AMERICA
FEDERAL COMMUNICATIONS COMMISSION

APPLICATION FOR RENEWAL OF
BROADCAST STATION LICENSE

INSTRUCTIONS

A. This form is to be used in all cases when applying for Renewal of Broadcast Station License. It consists of this part, Section I, and the following sections:

- Section II, Renewal Application Engineering Data
- Section IV-A Statement of AM or FM Program Service
- Section IV-B Statement of Television Program Service

B. Prepare and file three copies of this form and all exhibits with the Federal Communications Commission, Washington, D.C. 20554

C. Number exhibits serially in the space provided in the body of the form and list each exhibit in the space provided on page 2 of this Section. Date each exhibit.

D. The name of the applicant must be stated exactly as it appears on the current license.

E. Information called for by this application which is already on file with the Commission need not be refiled in this application provided (1) the information is now on file in another application or FCC form filed by or on behalf of this applicant; (2) the information is identified fully by reference to the file number (if any), the FCC form number, and the filing date of the application or other form containing the information and the page or paragraph referred to, and (3) after making the reference, the applicant states: "No change since date of filing." Any such reference will be considered to incorporate into this application all information, confidential or otherwise, contained in the application or other form referred to. The incorporated application or other form will thereafter, in its entirety, be open to the public.

F. This application shall be personally signed by the applicant, if the applicant is an individual; by one of the partners, if the applicant is a partnership; by an officer, if the applicant is a corporation; by a member who is an officer, if the applicant is an unincorporated association; by such duly elected or appointed officials as may be competent to do so under the laws of the applicable jurisdiction, if the applicant is an eligible government entity; or by the applicant's attorney in case of the applicant's physical disability or of his absence from the United States. The attorney shall, in the event he signs for the applicant, separately set forth the reason why the application is not signed by the applicant. In addition, if any matter is stated on the basis of the attorney's belief only (rather than his knowledge), he shall separately set forth his reasons for believing that such statements are true.

G. BE SURE ALL NECESSARY INFORMATION IS FURNISHED AND ALL PARAGRAPHS ARE FULLY ANSWERED. IF ANY PORTIONS OF THE APPLICATION ARE NOT APPLICABLE, SPECIFICALLY SO STATE. DEFECTIVE OR INCOMPLETE APPLICATIONS MAY BE RETURNED WITHOUT CONSIDERATION.

STATEMENT OF AM OR FM PROGRAM SERVICE	Name of Applicant KPET Radio, Inc.
Call letters of station KPET	City and state which station is licensed to serve Lamesa, Texas

PART I

Ascertainment of Community Needs

1. A. State in Exhibit No. 4 the methods used by the applicant to ascertain the needs and interests of the public served by the station. Such information shall include (1) identification of representative groups, interests and organizations which were consulted and (2) the major communities or areas which applicant principally undertakes to serve.
- B. Describe in Exhibit No. 4 the significant needs and interests of the public which the applicant believes his station will serve during the coming license period, including those with respect to national and international matters.
- C. List in Exhibit No. 4 typical and illustrative programs or program series (excluding Entertainment and News) that applicant plans to broadcast during the coming license period to meet those needs and interests.

NOTE: Sufficient records shall be kept on file at the station, open for inspection by the Commission, for a period of 3 years from the date of filing of this statement (unless requested to be kept longer by the Commission) to support the representations required in answer to Question 1. These records should **not** be submitted with this application and need not be available for public inspection.

PART II

Past Programming

2. A. State the total hours of operation during the composite week: 113.5
- B. Attach as Exhibit No. 16 one exact copy of the program logs for the composite week used as a basis for responding to questions herein. Applicants utilizing automatic program logging devices must comply with the provisions of Sections 73.112(c) and 73.282(c). Automatic recordings will be returned to the applicant. Exact copies of program logs will not be returned.

If applicant has not operated during all of the days of the composite week which would be applicable to the use of this form, applicant should so notify the Commission and request the designation of substitute day or days as required.

3. A. State the amount of time (rounded to the nearest minute) the applicant devoted in the composite week to the program types (see Definitions) listed below. Commercial matter within a program segment shall be excluded in computing time devoted to that particular program segment (e.g., a 15-minute news program containing 3 minutes' commercial matter shall be counted as a 12-minute news program).

	<u>Hours</u>	<u>Minutes</u>	<u>% of Total Time on Air</u>
(1) News	12	17	10.82%
(2) Public Affairs	2	13	1.91%
(3) All other programs, exclusive of Entertainment and Sports	6	18	5.55%

- B. If in the applicant's judgment the composite week does not adequately represent the station's past programming, applicant may in addition provide in Exhibit No. _____ the same information as required in 3-A above (using the same format) for a calendar month or longer during the year preceding the filing of this application. Applicant shall identify the time period used. Applicant need not file the program logs used in responding to this question unless requested by the Commission.

4. List in Exhibit No. 5 typical and illustrative programs or program series (excluding Entertainment and News) broadcast during the year preceding the filing of this application which have served public needs and interests in applicant's judgment. Denote, by underlining the Title, those programs, if any, designed to inform the public on local, national or international problems of greatest public importance in the community served by the applicant. Use the format below.

<u>Title</u>	<u>Source*</u>	<u>Type*</u>	<u>Brief Description</u>	<u>Time Broadcast & Duration</u>	<u>How Often Broadcast</u>
--------------	----------------	--------------	--------------------------	--------------------------------------	----------------------------

5. Submit in Exhibit No. 6 the following information concerning the applicant's news programs:
 - A. The staff, news gathering facilities, news services and other sources utilized; and
 - B. An estimate of the percentage of news program time devoted to local and regional news during the composite week.
6. In connection with the applicant's public affairs programming, describe its policy during the past renewal period with respect to making time available for the discussion of public issues and the method of selecting subjects and participants.

See Exhibit No. 7

*See Definitions

7. Describe briefly the applicant's program format(s) during the past 12 months (e.g., country and western music, talk, folk music, classical music, foreign language, jazz, standard pops, etc.) and the approximate percentage of time per week devoted to such format(s).

Country and Western Music - 86%
 Religious Music - 5%
 Spanish Music - 9%

8. State how and to what extent (if any) applicant's station contributed during the past license period to the over-all diversity of program services available in the area or communities served.

See Exhibit No. 8

9. Was the applicant affiliated with one or more national, regional or special radio networks during the past license period?
 Yes No . If "yes," give name(s) of network(s): Texas State Network - Voice of Southwest Agriculture
10. State the number of public service announcements broadcast by the applicant during the composite week: 78
11. A. If this application is for an FM station, did the programming duplicate that of any AM station? AM Application
 Yes No . ("Duplicate" means simultaneous broadcasting of a particular program over both the AM and FM stations or the broadcast of a particular FM program within 24 hours before or after the identical program is broadcast over the AM station—Section 73.242(a) of the Rules and Regulations.)
- B. If the answer is "yes," identify the AM station by call letters; describe its relation to the FM station; and state the number of hours each day in the composite week that were duplicated.
12. A. In applicant's judgment, does the information supplied in this Part II adequately reflect its past programming?
 Yes No .
- B. If "no," applicant may attach as Exhibit No. _____ such additional information as may be necessary to describe accurately and present fairly its program service.
- C. If applicant's programming practices for the period covered by this statement varied substantially from the programming representations made in applicant's last renewal application, the applicant shall submit as Exhibit No. _____ a statement explaining the variations and the reasons therefor. No substantial variation.

PART III

Proposed Programming

13. State the proposed total hours of operation during a typical week: 112
14. State the minimum amount of time the applicant proposes to devote normally each week to the program types (see Definitions) listed below. Commercial matter within a program segment shall be excluded in computing time devoted to that particular program segment (e.g., a fifteen-minute news program containing 3 minutes' commercial matter shall be computed as a 12-minute news program.)

	<u>Hours</u>	<u>Minutes</u>	<u>% of Total Time on Air</u>
(1) News.....	<u>18</u>	<u>15</u>	<u>16</u> %
(2) Public Affairs	<u>4</u>	<u>10</u>	<u>3.7</u> %
(3) All other programs, exclusive of Entertainment and Sports.....	<u>6</u>	<u>35</u>	<u>8.5</u> %

15. Submit in Exhibit No. 9 the following information concerning the applicant's proposed news programs:
- A. The staff, news gathering facilities, news services and other sources to be utilized; and
- B. An estimate of the percentage of news program time to be devoted to local and regional news during a typical week.

16. In connection with the applicant's proposed public affairs programming describe its policy with respect to making time available for the discussion of public issues and the method of selecting subjects and participants.

See Exhibit No. 10

17. Describe the applicant's proposed programming format(s), e.g., country and western music, talk, folk music, classical music, foreign language, jazz, standard pops, etc., and the approximate percentage of time per week to be devoted to such format(s).

Country Music - 56.5	Public affairs - 3.7
Spanish Language & music - 10.8	News - 16
Middle of the road music - 4.5	Other programming - 8.5

18. State how and to what extent (if any) applicant proposes to contribute to the over-all diversity of program services available in the area or communities to be served. Thru total involvement in Community Affairs, KPET will provide a local service not available to Lamesa and Dawson County Residents from other stations. This includes full coverage of Local News, Civic Affairs, Sports Activities, educational programs, and entertainment features of a local nature. An aggressive program to discover the continuing and changing needs and interests of the potential audience will assist in this area. The purpose of the applicant is to serve all segments of the population with a superior radio service. Agricultural programs, and Spanish language programs will be included. The applicant proposes to increase the scope of service by providing expanded coverage in areas described.

19. State the minimum number of public service announcements applicant proposes to present during a typical week: 120
20. Will the applicant be affiliated with one or more national, regional, or special radio networks? Yes No .
If "yes," give name(s) of network(s): Texas State Network and Southwest Agriculture News Serv.
21. A. If this application is for an FM station will the programming duplicate that of any AM station? Yes No .
(*Duplicate* means simultaneous broadcasting of a particular program over both AM and FM stations or the broadcast of a particular FM program within 24 hours before or after the identical program is broadcast over the AM station—Section 73.242(a) of the Rules and Regulations.) Does not apply
- B. If the answer is "yes," identify the AM station by call letters; describe its relation to the FM station; and state the number of hours each day proposed to be duplicated.

Does Not apply

PART IV

Past Commercial Practices

22. Give the following information with respect to the composite week:

	<u>All Hours</u>	<u>6 A.M. - 6 P.M.</u>
A. Total broadcast time	<u>113 hrs 30 min</u>	<u>83 hrs 30 min</u>
B. Time devoted to commercial matter:		
(1) Amount in hours and minutes	<u>14 hrs 58 min</u>	<u>12 hrs 40 min</u>
(2) Percentage	<u>12.07 %</u>	<u>14.89 %</u>

23. State the number of 60-minute segments of the composite week (beginning with the first full clock hour and ending with the last clock hour of each broadcast day) containing the following amounts of commercial matter:

- A. Up to and including 10 minutes 78
- B. Over 10 and up to and including 14 minutes 30
- C. Over 14 and up to and including 18 minutes 5
- D. Over 18 minutes 0

List each segment in category (D) above, specifying the amount of commercial time in the segment, and the day and time broadcast.

None

24. A. In the applicant's judgment, does the information supplied in this Part IV for the composite week adequately reflect its commercial practices? Yes No _____ .
- B. If "no," applicant may attach as Exhibit No. _____ such additional material as may be necessary to describe adequately and present fairly its commercial practices.
- C. If applicant's commercial practices for the period covered by this statement varied substantially from the commercial representations made in applicant's last renewal application, the applicant shall submit as Exhibit No. _____ a statement explaining the variations and the reasons therefor. No substantial variation

PART V

Proposed Commercial Practices

25. State the maximum percentage of commercial matter which the applicant proposes normally to allow during the following segments of a typical week:

- 6 a.m. - 6 p.m. 30 %
- All hours 30 %

If applicant proposes to permit this level to be exceeded at times, state under what circumstances and how often this is expected to occur, and the limits that would then apply.

Not to be exceeded under normal conditions. During Election Campaigns, it is possible conditions may require an exception, and the excess would be political advertising in such cases. (22 minutes maximum; average no more than two (2) hours per week only during campaign; excess above 18 minutes will be political advertising.

26. What is the maximum amount of commercial matter in any 60-minute segment which the applicant proposes normally to allow?

18 minutes

If applicant proposes to permit this amount to be exceeded at times, state under what circumstances and how often this is expected to occur, and the limits that would then apply.

See response to Paragraph 25

PART VI

General Station Policies and Procedures

27. State the name(s) and position of the person(s) who determines the day-to-day programming decisions and directs the operation of the station covered by this application and whether he is employed full-time in the operation of the station.

Galen O. Gilbert - President - Part time

Joe L. McCullah - General Manager - Part time

Jimmy Young - Station Manager - Full Time

28. A. Does the applicant have established policies with respect to programming and advertising standards (whether developed by the station or contained in a code of broadcasting standards and practices) to guide the operation of the station?

Yes No .

B. If "yes," attach as Exhibit No. 11 a brief summary of such policies. (If the station relies exclusively upon the published code of any national organization or trade association, a statement to that effect will suffice)

29. State the methods by which applicant undertakes to keep informed of the requirements of the Communications Act and the Commission's Rules and Regulations, and a description of the procedures established to acquaint applicant's employees and agents with such requirements and to ensure their compliance.

A continuing study of FCC rules and regulations is made by the President of the company, with regular reports from the company Washington Counsel, Russell Rowell. The company subscribes to Perry's "Broadcasting and the Law", BM/E, Broadcasting Magazine, and other trade publications. Regular staff meetings will be held to acquaint all staff members with developments and changes. This plan will insure full cooperation of the staff in line with Federal Communications Commission requirements. It is the applicant's intention to comply with all such requirements and to serve the public fully.

30. If, as an integral part of its station identification announcements, applicant makes or proposes to make reference to any business, profession or activity other than broadcasting in which applicant or any affiliate or stockholder is engaged or financially interested, directly or indirectly, set forth typical examples and approximate frequency of their use.

None

31. State the number of station employees: 8. If the station has or proposes to have ten or more employees, state in Exhibit No. _____ the number of full-time and part-time employees in the programming, sales, technical, and general and administrative departments. Do not list the same employee in more than one category. However, if an employee performs multiple services, this may be so shown by identifying him with his various duties e.g., if two employees are combination announcers and salesmen, the list would include an entry of "two programming-sales".

PART VII

Other Matters and Certification

- 32. Applicant may submit as Exhibit No. 12 any additional information which, in its judgment, is necessary adequately to describe or to present fairly its services and operations in relation to the public interest.
- 33. The undersigned has familiarized himself with paragraph 9 of the Instructions to Section IV-A concerning signature requirements and in light of its provisions does hereby:
 - A. Acknowledge that all the statements made in this Section IV-A and the attached exhibits are considered material representations and that all the exhibits are a material part hereof and are incorporated herein as if set out in full in the application form; and
 - B. Certify that the statements herein are true, complete, and correct to the best of his knowledge and belief and are made in good faith.

EQUAL EMPLOYMENT
OPPORTUNITY PROGRAM

Name of Applicant

KPET Radio, Inc.

Call letters of station

KPET

City and state which station is licensed to serve

Lamesa, Texas 79331

Applicants for construction permit for a new facility, for assignment of license or construction permit or for transfer of control (other than *pro forma* or involuntary assignments and transfers), and applicants for renewal of license who have not previously done so, file equal employment opportunity programs or amendments to those programs in the following exhibit. Existing licensees and permittees at the time of the effective date of this form are not required to file an equal employment opportunity program until filing for renewal of license.

PART I

Submit as Exhibit No. 13 the applicant's equal employment opportunity program for the station, and its network operation if the applicant operates a network, indicating specific practices to be followed in order to assure equal employment opportunity for Negroes, Orientals, American Indians, Spanish Surnamed Americans, and women in each of the following aspects of employment practice: recruitment, selection, training, placement, promotion, pay, working conditions, demotion, layoff, and termination. The program should reasonably address itself to such specific practices as the following, to the extent they are appropriate in terms of station size, location, etc. A program need not be filed if the station has less than five fulltime employees or with respect to any minority group which is represented in the area in such insignificant numbers that a program would not be meaningful. In the latter situation, a statement of explanation should be filed.

1. To assure nondiscrimination in recruiting:

- a. Posting notices in station employment offices informing applicants of their equal employment rights and their right to notify the Federal Communications Commission or other appropriate agency if they believe they have been the victim of discrimination.
- b. Placing a notice in bold type on the employment application informing prospective employees that discrimination because of race, color, religion, national origin, or sex, is prohibited and that they may notify the Federal Communications Commission or other appropriate agency if they believe they have been discriminated against.
- c. Placing employment advertisements in media which have significant circulation among minority-group people or women in the recruiting area.
- d. Recruiting through schools and colleges with significant minority-group or women enrollments.
- e. Maintaining systematic contacts with women's, minority and human relations organizations, leaders and spokesmen to encourage referral of qualified minority and women applicants.
- f. Encouraging present employees to refer women and minority applicants.
- g. Making known to all recruitment sources that qualified women and minority members are being sought for consideration whenever the station hires.

2. To assure nondiscrimination in selection and hiring:

- a. Instructing personally those of your staff who make hiring decisions that women and minority applicants for all jobs are to be considered without discrimination.
- b. Where union agreements exist:
 - (1) Cooperating with your unions in the development of programs to assure qualified minority persons of equal opportunity for employment;
 - (2) Including an effective nondiscrimination clause in new or re-negotiated union agreements.
- c. Avoiding use of selection techniques or tests which have the effect of discriminating against women and minority groups.

3. To assure nondiscriminatory placement and promotion:

- a. Instructing personally those of the station staff who make decisions on placement and promotion that women and minority employees are to be considered without discrimination, and that job areas in which there is little or no female or minority representation should be reviewed to determine whether this results from discrimination.
- b. Giving women and minority group employees equal opportunity for positions which lead to higher positions. Inquiries as to the interest and skills of all lower paid employees with respect to any of the higher paid positions, followed by

(CONTINUED ON NEXT PAGE)

assistance, counselling, and effective measures to enable employees with interest and potential to qualify themselves for such positions.

- c. Reviewing seniority practices and seniority clauses in union contracts to insure that such practices or clauses are nondiscriminatory and do not have a discriminatory effect.
4. To assure nondiscrimination in other areas of employment practices:
- a. Examining rates of pay and fringe benefits for present employees with equivalent duties, and adjusting any inequities found.
 - b. Advising all qualified employees whenever there is an opportunity to perform overtime work.

PART II

Assignors and transferors other than in the case of *pro forma* or involuntary assignments and transfers, and renewal applicants file the following exhibit:

Submit a report as Exhibit 14 indicating the manner in which the specific practices undertaken pursuant to the station's equal employment opportunity program have been applied and the effect of these practices upon the applications for employment, hiring and promotions of women and minority group members.

PART III

Assignors, transferors and applicants for renewal file the following exhibit:

Submit as Exhibit 15 a brief description of any complaint which has been filed before any body having competent jurisdiction under Federal, State, territorial or local law, alleging unlawful discrimination in the employment practices of the applicant, including the persons involved, the date of filing, the court or agency, the file number (if any), and the disposition or current status of the matter.

ASCERTAINMENT OF COMMUNITY NEEDS

In line with policies outlined in the Federal Communications Commission Primer On Ascertainment of Community Problems by Broadcast Applicants, as amended, the Applicant hereby incorporates by reference it's earlier application. (BAL-8010, FCC Form 314, Filed October 5, 1973, and granted Feb. 28, 1974)

The applicant has made re-contacts with a sizeable number of Community leaders and has confirmed no appreciable change in their viewpoints as to Community Needs, Interests, and problems. These re-contacts were made during the current month (April) and include approximately 20% of the total interviews included in the earlier Survey. It is the belief of the applicant that the plans for programming which were made following the Survey and Analysis made approximately 8 months ago are still viable and responsive to the needs of the community and area. Consequently these plans are now being implemented following the completion of Assignment processes in March of this year. Exhibits 20, 21, 22, 23, 24, 25, and 26 of the application referred to above are considered to be responsive to the subjects addressed. In cases of any evident development, additional data is included in this application with appropriate notation.

TYPICAL AND ILLUSTRATIVE PROGRAMS OR PROGRAM SERIES

Reference is hereby made to Exhibit No. 5, Federal Communications Form 314, BAL-8010, Filed October 5, 1973, and granted Feb. 28, 1974. This exhibit includes a listing programs broadcast regularly by KPET during the past 18 months, and falling in the areas described. The exhibit is considered to be responsive to the question.

STATEMENT REGARDING NEWS COVERAGE AND FACILITIES

A. The local news director is in charge of gathering local news and preparation for broadcast. The Station Manager gives assistance inasmuch as he will normally have continuing contact with leaders in the community and other news sources. Other staff members will assist with coverage of news as they make contact with people of the Community. Directo programs are broadcast from locations of news happenings periodically.

Staff members watch for news material and it is their responsibility to give full assistance in this area. Complete and professional coverage is being provided. The staff members primarily charged with program responsibility work on special features, interviews and other programs. The news effort includes both English and Spanish language programs.

In addition, KPET has the service of the Texas State Network, the American News Network (thru TSN), the Southwest Agriculture Network, and the United PressInternational Teletype news service. Additional assistance is received from listeners in various locations where KPET is heard. The station also has the 24 hour per day National Oceanic and Atmospheric Administration Weather Service.

B. Approximately fifty per cent (50%) of news program time is devoted to local and regional news coverage.

POLICY ON PUBLIC AFFAIRS PROGRAMMING DURING PAST PERIOD

Reference is hereby made to Exhibit No. 7, Federal Communications Commission Form 314, BAL-8010, Filed October 5, 1973, and granted Feb. 28, 1974. This exhibit is responsive to this question, and is appropriate for practically all of the past renewal period, during which time the licensee was the Conner Corporation. Since the applicant became the licensee of the station, it's exhibit No. 24, which is a part of the application described above, has served as the policy statement in this area. The applicant believes that the two exhibits mentioned here (No. 7 and No. 24) cover the subject of this question both during the period of operation prior to assignment of license, and for the short period since the assignment.

CONTRIBUTION TO DIVERSITY OF PROGRAM SERVICE

Reference is hereby made to Exhibit No. 9, Federal Communication Commission, Form No. 314, BAL-8010, Filed October 5, 1973, and granted Feb. 28, 1974. This exhibit is responsive to the matter of contribution to diversity of program service during a large part of the past renewal period. Since assignment was made to the applicant in March, 1974, the plans outlined in answer to Paragraph 18, Section IV-A, of the application described above have been implemented. These parts of the application are responsive to the question regarding diversity of program services both prior to assignment and since assignment.

STATEMENT REGARDING NEWS COVERAGE AND FACILITIES

A. The local news director will be in charge of gathering local news and preparation for broadcast. The station manager will give assistance inasmuch as he will have continual contact with normal sources of news information. Other staff members will assist with coverage of news as they make contact with people of the community. Direct programs will be broadcast from locations of news happenings periodically.

Staff members will be instructed in watching for news material, and it will be their responsibility to give full assistance in this area. Complete and professional coverage will be provided. The staff members primarily charged with program responsibility will work in the news area on special features, interviews and other programs. The news effort will include both English and Spanish language programs.

In addition, KPET will have the service of the Texas State Network, the American News Network, and the teletype news coverage of the United Press International. Additional assistance will be solicited from listeners living in other communities of the coverage area. The station will continue to subscribe to the National Oceanic and Atmospheric Administration Weather Service with its twenty four-hour per day coverage.

B. Approximately fifty per cent (50%) of news program time is expected to be devoted to local news and regional news coverage.

OPERATION POLICY

The applicant will rely basically on the Broadcasters Code of Ethics of the National Association of Broadcasters. Variations from the National Association of Broadcasters' Code of Ethics are the following:

1. A limited amount of time will be allotted for Commercial Religious Broadcasts in order to achieve a balance in this area of subject matter.

2. The station will not accept advertising for alcoholic or narcotic products.

3. Tobacco advertising will be rejected.

4. Maximum limitation of commercial content of programs will vary as outlined earlier in this application. This variation will be primarily during periods of political elections as explained previously.

ADDITIONAL PROGRAM INFORMATION

Local radio service will be provided with a number of special broadcasts to be scheduled as appropriate conditions develop.

Through programming information previously outlined and the continuing effort to broadcast timely material, the residents of Lamesa, Dawson County and surrounding areas will have available an outstanding local radio service.

In view of the importance of farming and related activities in the coverage area, the applicant anticipates continuing efforts to meet the needs described elsewhere in regard to agricultural programming. The varied needs of the residents of Lamesa will be considered in regular and special programs. In addition, the residents of the surrounding area in Dawson County and adjacent counties will be considered. The needs of the elderly will be studied, and programming will include coverage of this segment of the population. The important area of youth education and recreation will receive the attention of the applicant. The applicant will concentrate on finding the answers that are most acceptable in coverage of all controversial topics. Constructive action will be encouraged in all of these matters. The applicant believes that the very complete and full survey recently made, and the continuing

studies to be made, will serve as a guide to determining the route of our service to the people of West Texas.

KPET has outstanding studios and transmitter facilities, and an outstanding staff, assuring complete service. The stockholders of the applicant represent three veterans of radio broadcasting service, with twenty two years (22), seventeen years (17,) and ten years (10) of service, respectively. This background of experience will mean much to the growth and success of KPET and to the service of the station in Lamesa, Texas.

EQUAL OPPORTUNITY PROGRAM IN EMPLOYMENT PRACTICES

The Equal Employment Opportunity program to be followed by the applicant in the operation of Radio Station KPET in Lamesa, Texas will be as follows:

1. To assure nondiscrimination in recruiting:

a. Notice will be kept posted in the office of Radio Station KPET informing applicants of their equal employment rights and their rights to notify the Federal Communications Commission or other appropriate agency if they believe they have been a victim of discrimination.

b. A notice in bold type will be included on the employment application informing prospective employees that discrimination because of race, color, religion, national origin, or sex is prohibited, and that they may notify the Federal Communications Commission or other appropriate body if they believe they have been discriminated against.

c. Employment advertisements will be placed in media having significant circulation among minority group people in the recruiting area when recruitment is to be undertaken.

d. When recruitment is undertaken, schools and colleges with significant minority group enrollments will be notified of openings.

e. Regular contacts will be maintained with minority and human relations organizations, leaders and spokesmen, to encourage referral of qualified minority applicants.

f. Present employees will be encouraged to refer minority applicants. In addition, present employees will be encouraged to refer women applicants.

g. Information will be supplied to non-recruitment sources indicating that qualified minority members will be considered whenever the staff has openings, as will qualified women.

2. To Assure Nondiscrimination in Selection and Hiring:

a. Staff members of KPET who make the hiring decisions will be instructed that minority applicants are to be considered without any discrimination. No union exists or is anticipated.

b. The use of selection techniques or tests which have the effect of discrimination against minority groups will be avoided.

3. To Assure Nondiscriminatory Placements and Promotion:

a. Members of the staff of KPET who make decisions on placement and promotion will be instructed personally that minority employees will be considered without discrimination. Women employees will be treated fairly.

b. Minority groups or employees at KPET will be given equal opportunity for positions that may lead to higher positions.

c. Any seniority practices will be reviewed to insure that such practices will be nondiscriminatory.

4. To Assure Nondiscrimination in Other Areas of Employment Practices:

a. Examination will be made of rates of pay and fringe benefits and if inequities are found, these will be adjusted.

b. All qualified employees of KPET will be advised whenever there is opportunity to perform overtime work.

EXHIBIT NO. 14

Part II
April 26, 1974

KPET is a small market station operated with a small staff. Turnover of personnel has been very low, and existing staff members are considered as permanent employees. The applicant will follow the policy of giving any person from the minority group applying to the staff the fullest hearing and every opportunity. Women will be given similar consideration.

Lamesa, Texas has a comparatively large Mexican- American population plus a small negro population. The present staff of KPET includes one Mexican- American broadcaster who has been with the station for many years. In addition Mexican Americans and Negroes who are qualified will be given full consideration when future openings occur. KPET management will encourage young people having an interest in radio broadcasting in their preparation for work in radio or Television to attend acceptable schools such as Elkins Institute in Dallas, Texas. KPET will continue its affiliation with Texas State Network and scholarships furnished by the Texas State Network are available to members of minority groups desiring to attend Elkins Institute.

A written notice notifying applicants of equal opportunity rights will be posted in KPET studios. Applications by members of minority groups and women are encouraged. The applicant will notify members of the Mexican American citizenship and other minority groups of opportunities in broadcasting through Spanish language broadcasts, as well as English broadcasts. KPET employees will be encouraged to refer qualified applicants to management.

Due to the small staff and the small market operation, KPET has less opportunity for new employees than metropolitan stations. However, a completely fair approach will be taken in selecting and the employment of personnel. The staff has no union agreement, and employment is on a more or less informal basis. Management of the station will consistently seek and encourage members of minority groups and women, in preparation for and employment in broadcasting. Personnel of the station will be instructed regarding this policy of non-discrimination. The applicant has a working agreement with officials of Elkins Institute whereby qualified graduates, including members of minority groups and women are referred when available.

No complaints have been filed alleging unlawful discrimination
in the employment practices of the applicant.

President

KPET Radio, Inc.

Dated 25 March, 1977

KPET - LAMESA, TX

PRE-FILING ANNOUNCEMENT

On August 1, 1975, KPET was granted a license by the Federal Communications Commission to serve the public interest as a public trustee until August 1, 1977. Our license will expire on August 1, 1977. We must file an application for license renewal with the FCC by April 1, 1977. When filed, a copy of this application will be available for public inspection during our regular business hours. It contains information concerning this station's performance during the last three years, and projections of our programming during the next three years. Individuals who wish to advise the FCC of facts relating to our renewal application and whether this station has operated in the public interest should file comments or petitions with the Commission by July 1, 1977. Further information concerning the Commission's broadcast license renewal process is available at the KPET Studios, Radio Road, Lamesa, Texas, or may be obtained from the FCC, Washington, D. C. 20554.

This announcement was broadcast on the following dates at the times shown:

Feb. 1, 1977 - 8:19 AM
Feb. 16, 1977 - 4:25 PM
March 1, 1977 - 9:00 AM
March 16, 1977 - 2:05 PM

KPET - LAMESA, TX

POST FILING ANNOUNCEMENT

On August 1, 1974, KPET was granted a license by the Federal Communications Commission to serve the public interest as a public trustee until August 1, 1977. Our license will expire on August 1, 1977. We have filed an application for license renewal with the FCC. A copy of this application is available for public inspection during our regular business hours. It contains information concerning this station's performance during the last three years, and projections of our programming during the next three years. Individuals who wish to advise the FCC of facts relating to our renewal application and whether this station has operated in the public interest should file comments or petitions with the commission by July 1, 1977. Further information concerning the commission's broadcast license renewal process is available at KPET studios, Radio Road, Lamesa, Texas, or may be obtained from the FCC, Washington, D. C. 20554

EQUAL OPPORTUNITY PROGRAM IN EMPLOYMENT PRACTICES

KPET does not employ more than 10 persons, and is therefore not filing a formal Equal Opportunity Employment Practices report; however, in answer to the question of "General Policy" (Attachment A, Question I) KPET management acknowledges responsibility in assuring nondiscrimination in hiring and employment.

The Licensee will afford equal employment opportunity in all personnel actions without regard to race, color, religion, national origin, or sex, and will continue to follow an Equal Employment Opportunity program previously adopted, which is designed to fully utilize the skills of minorities and women in the relevant available labor force.

The Licensee makes every effort to assure fair treatment of all applicants and employees regardless of sex, race, national origin, religion, color, or age. Altho the KPET staff is small, Lamesa having a population of less than 12,000 people, whenever an opening occurs, efforts are made to secure any and all qualified applicants. Announcements are broadcast and ads run in available publications describing the opening and inviting all applicants and stating that the station is an Equal Employment Opportunity employer.

KPET will continue to hold to a policy of equal opportunity to all applicants regardless of race, color, creed, sex or age. KPET management will encourage employment of minority group and female persons who are qualified and will assist interested persons who may lack qualifications to schools giving training in this field, and listing of manuals, books and other reading material which may be helpful in gaining qualifications for employment in radio broadcasting.

The KPET staff of 9 persons now includes 3 women employees, and 2 members of minority groups (Spanish Surname).
