United States Overview

Comparison of various market, owner and station factors with the entire country provides useful indicators of its potential. Below are several nationwide benchmarks:

National Totals	
1996 Population ¹	267,540,600
1996 Retail Sales ¹	\$2,465,147,126,000
1997 BIA's Estimated Gross	
Television Advertising Revenues	\$18,257,500,000
Television Households as of Jan 1, 1998 ²	97,933,630
Cable Penetration as of Nov 1997 ²	67%
VCR Penetration as of Nov 1997 ²	84%
<small>¹ per Market Statistics, Inc. ² per Nielsen Media Research</small>	

National Growth Rates		
	<u>'91-'96</u>	<u>'96-2001</u>
Population (POP)	1.1%	0.8%
Households (HH)	1.0	1.0
Retail Sales (RS)	6.2	4.0
Effective Buying Income (EBI)	2.2	4.0

National Viewing Averages	
Network Stations	51%
Independent Stations	1%
Public Stations	2%
Other Viewing	46%

1996 National Ethnic Breakdown	
Asian	3.7%
Black	12.7
Hispanic	10.8
White	82.7

National Revenue Ratio Averages			
	1991	1996	2001
Revenue/Retail Sales	\$6.98	\$7.26	\$7.78
Revenue/Capita	\$50.23	\$66.88	\$83.77

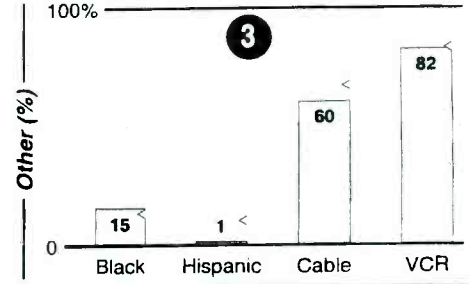

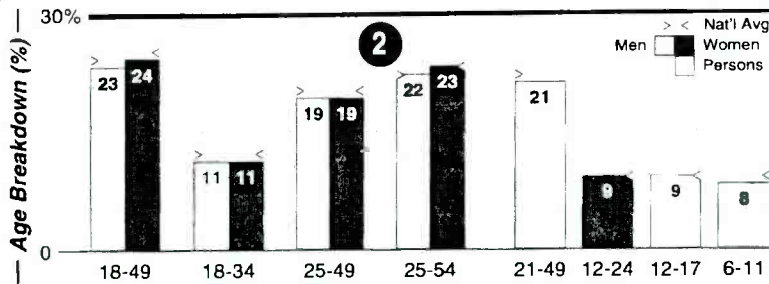

1996 National Income	
Per Capita	\$15,555
Median Household	\$33,482
Average Household	\$42,191

Market Overview Key

1 Market Statistics

DMA® Rank: Designated Market Area is a Registered Trademark of, and is defined by, Nielsen Media Research (see Copyrights). The rank is based on the number of television households in the market.

TVHH: The number of television households in the market.

Pop: The projected 1997 population estimate of the market from Market Statistics, Inc. (see Copyrights).

Retail: The projected 1997 total retail sales expenditure in the market from Market Statistics, Inc. (see Copyrights). **M** = millions and **B** = billions.

Gross Rev: This is BIA's estimate of the gross advertising revenues for this market for 1997. **M** = millions and **B** = billions. The revenue estimates represent total time sales including local, regional and national spot sales, plus political and network compensation. The figures do not include trade and barter, production or promotional revenues.

HH Inc: The average 1996 household (HH) Effective Buying Income (EBI) for 1996 from Market Statistics, Inc. (see Copyrights). The arrow to the right of the figure indicates either a growth (up) or decline (down) as compared to the national average (see p. v)

2 Age Breakdown

This is a graphical presentation of the gender and age percentage breakdown in the market for 1996. For comparison purposes, the national averages for the various categories is indicated in the corresponding bar by a ">" or a "<."

3 Other Demographic Data

Ethnic Population: The percentage of the market's Black and Spanish-speaking population is portrayed in this chart along with the national average indicated by a "<" mark.

Cable: The percentage of cable television penetration in the market is portrayed graphically along with the national along with the national average indicated by a "<" mark.

VCR: The percentage of households in the market owning video cassette recorders is represented along with the national average indicated by a "<" mark.

4 Technical Attributes

Technical information is secured from the FCC through Actions and filings for construction permits.

Ch: The number of the over-the-air channel at which the station is located.

p: A "*" in this column indicates that this is a Public station.

Calls: Listed in order of channel position are the licensed call letters of the television stations.

City of License: The city from which the television station is licensed to operate as designated by the FCC.

PWR: The visual power in kilowatts at which the station transmits.

HAAT: Height above average terrain of the station's center of radiation (antenna) with respect to its surrounding terrain in feet.

Polar: Indicates the station's antennal polarization: HOR = Horizontal; CIR = Circular; ELI = Elliptical.

Latitude: The station's latitudinal transmitter coordinate.

Longitude: The station's longitudinal transmitter coordinate.

5 Rep and Affiliation (Affil)

Rep: This is an abbreviation of the station's advertising representative according to a table found in "Keys & Codes."

Affil: The national network affiliation with which the station has an agreement to rebroadcast a significant portion (ten-plus hours) of the network's programming (see Keys & Codes).

6 Ownership

Ownership changes and information are gleaned from announcements in the trade publications, press releases, market contacts, FCC filings and other sources.

St: The year the station first went on the air.

Owner: The most recent owner or proposed purchaser of the station. A proposed purchaser is indicated by a "p" next to the Acquisition Date (Acq).

Acq: The date (Year Month) the station was acquired by the most recent or proposed purchaser.

Price: Presented in thousands, this is the sales price paid for the station. To the right of the price you may encounter a code that signifies the type of transaction (See Keys & Codes). NOTE: Because the actual sales price of a station or group may vary from the reported price, caution should be exercised with respect to the use of these data.

7 Contact Information

Listed numerically by Channel, the station's GM, mailing address, phone and fax number are listed as well as the owner contact name and phone number. See "TV Station Personnel" for other key contacts at the station and "Group Owners" for more detail on owners of more than 2 stations.

8 Station Shares

BIA is licensed by Nielsen Media Research (see Copyrights) to provide Nielsen's estimated survey results for the percentage of total Households Using Television (HUT) tuned to the station. This graphical presentation profiles the ratings for both the **Total Day** (Sunday-Saturday, 9:00 AM to Midnight) and **Prime Time** (Eastern and Pacific Time Zones: Monday-Saturday, 8:00-11:00 PM and Sunday, 7:00-10:00 PM or Central and Mountain Time Zones: Monday-Saturday, 7:00-10:00 PM and Sunday, 6:00-10:00 PM). The station's channel and network affiliation are included. The bars indicate the Total Day and Prime Time shares for the station averaged over the February, May, July and November, 1997 ratings periods. These data are Copyrighted by Nielsen Media Research (see Copyrights).

9 Market Summary

This graph summarizes the shares (averaged over the past four ratings periods) for each classification of station and indicates the national percentages for comparison with a < mark.

Network: Major networks: ABC, CBS, FOX, NBC, UPN, WB.

Ind: Commercial stations in the market not affiliated with one of the major networks above.

Public: Public broadcast (non-commercial) stations in the market.

Other: Over-the-air stations outside the market as well as cable (non-broadcast) viewing.

Keys & Codes

General

B	Billion
DMA	Designated Market Area. DMA is a registered service mark of Nielsen Media Research, and is used pursuant to a license from Nielsen Media Research.
HAAT	Height Above Average Terrain (shown in feet)
M	Million
TVHH	Estimated Television Households as of 1/1/98
*	Denotes a non-commercial station

Codes After Sales Price

+	Sales price is amount listed plus notes, stock, or debt.
al	Station sold for assumption of liabilities.
c#	Indicates parent and satellite stations in the market.
cp	Indicates sale of a station construction permit.
d	Distress sale.
dn	Donation.
e	Estimated sales price.
g	Group sale.
g#	Parent/satellite of a group sale.
na	Not available
a	No cash consideration.
p	"p" after the date acquired (Date Acq'd) indicates a proposed sale.
st	Stock transfer.

Station Representatives (Rep)

ABC	Cap Cities/ABC Spot Sales
Airwa	Airwaves, Inc.
AmMed	American Media Sales
Asian	Asian Television Sales
Blair	Blair Television
Boltn	Jack Bolton & Associates
Brcst	Broadcast Spot Sales
CBS	CBS Television Stations
Centr	Century Television Sales
Cntmp	Contemporary Media
Doty	Doty & Associates
Grp W	Group W Television Sales
HRP	Harrington, Righter & Parsons, Inc.
Indep	Independent Television Sales
Inter	Intercontinental Services, Ltd.
Katz	Katz Communications, Inc.
Landn	Landin Media Sales

Station Affiliation

ABC	ABC
C&P	CBS and United Paramount Network
CBS	CBS
CNA	CBS, NBC, and ABC. Any combination of the first letters of these three networks means dual affiliation; i.e. C&A would mean CBS and ABC.
DRK	Dark
EDU	Educational
F&P	FOX and United Paramount Network
FOX	FOX
HSN	Home Shopping Network
IND	Independent
INF	Infomall (<i>inTV</i>)
NBC	NBC
NOA	Not On Air — Station under construction
P&W	United Paramount Network and Warner Brothers
PBS	Public Television
REL	Religious
SAT	Satellite station
TBS	Turner Broadcasting System
TEL	Telemundo
TEV	Televisa
UPN	United Paramount Network
UNI	Univision
WB	Warner Brothers

Lazar	R.A. Lazar Co.
MMT	MMT Sales, Inc.
NBC	NBC Spot Television Sales
Paxsn	Paxson Television Sales
Petry	Petry National Television
Rosln	Roslin TV Sales
Sitel	Seltel
Spot	Spot Time, Ltd.
Svali	Savalli Broadcast Sales
TBN	TBN Media Representatives
Telmn	Telemundo
TelRp	TeleRep
Turnr	Turner Broadcasting Sales, Inc.
UNI	Univision
Wallc	Hugh Wallace, Inc.
Young	Adam Young, Inc.

What are your stations worth?

Where are your revenues going?

What is your stock worth?

Where are multiples going?

BIA Knows.

For over 14 years BIA has been the leading provider of consulting, financial and information services to the broadcast industry and has performed over \$25 billion worth of valuations.

From tax appraisals to operational audits, BIA helps your operation perform.

Our broadcast experience is legendary and our commitment to your success is unparalleled. We're much more than a partner, we're part of the team. Call us today.

At BIA, our solutions simply work.

Investment Banking and Financial Advisory Services

for the Communications Industries

- ▶ **Equity and Debt Placement**—to meet your long-term needs with attractive and creative capital structures.
- ▶ **Lender and Investor Negotiation**—to insure that you receive the price, terms and flexibility that you deserve.
- ▶ **Relationship**—with knowledgeable equity players and media industry lenders in the country, for transactions from \$5 to \$75 million.
- ▶ **Acquisition Analysis**—to provide you with the terms of unique funding alternatives available that are a critical determinant of your price offer.
- ▶ **Analysis of Financial Alternatives**—through the use of sophisticated financial modeling and years of expertise, BIA Capital can determine the best financing structures for you.
- ▶ **Successful Completion of Engagements**—with careful analysis of your needs and the skills we can bring to a deal before we accept an engagement. Your success is as important to us as it is to you.

For an informal, confidential discussion of your debt or equity needs, call Gregg Johnson or Charles Wiebe.

Sheldon Hoffman, Vice President, Sales
Interactive multicolor LED display systems are available with many features for today's digital environment. The IDN System indicates tally, source identification, machine assignment or any status/information desired by changing the color of the text or by changing the entire message. The IDN System can also provide video server status, clip identification, audio/video monitoring, error reporting in addition to multiple tally levels and source pathways. The IDN System can be integrated with routers, automation systems or PCs to provide a virtually seamless and programmable information display network. New products include: a line of high density displays utilizing VFD technology; the Tally-back module which solves the dilemma of how to provide tally to sources such as cameras when they are assigned to a router; large indoor and outdoor LED signs for displaying news headlines, super-titles, scores and the BCD Encoder for conveniently accessing any of 32 pre-stored messages on a display via a contact closure.

Sheldon Hoffman, Vice President, Sales

Interactive multicolor LED display systems are available with many features for today's digital environment. The IDN System indicates tally, source identification, machine assignment or any status/information desired by changing the color of the text or by changing the entire message. The IDN System can also provide video server status, clip identification, audio/video monitoring, error reporting in addition to multiple tally levels and source pathways. The IDN System can be integrated with routers, automation systems or PCs to provide a virtually seamless and programmable information display network. New products include: a line of high density displays utilizing VFD technology; the Tally-back module which solves the dilemma of how to provide tally to sources such as cameras when they are assigned to a router; large indoor and outdoor LED signs for displaying news headlines, super-titles, scores and the BCD Encoder for conveniently accessing any of 32 pre-stored messages on a display via a contact closure.

To that end, we have been involved in the creation, production and promotion of television specials for more than 20 years. We continue to develop the annual Sea World/Busch Gardens Special for the Busch Theme Parks Division of Anheuser-Busch, Inc.; recently presented The Journey Inside, the educational computer special, on the Sci-Fi Channel for Intel; package and distribute Zoobilee Zoo for Hallmark; and are responsible for an additional 25-plus projects per year. We are currently working with General Motors and other national sponsors on a major package for the American Film Institute entitled "100 Years...100 Movies" celebrating the "best hundred movies" for the first hundred years of movies. A 3-hour prime time special on CBS during the Spring of 1998 and a ten-part series on TNT over the Summer are but a part of this one-in-a-lifetime marketing program.*

How well do you know your stations?

BIA

Your Internal Audit Team

Regulations changed and consolidation has become the new challenge. Now it's time to make sure your investment performs as well as it sounds. There's a simple solution to avoid penalties and establish accountability, an **operational audit**.

BIA offers operational audits to help leading broadcasters maintain compliance and develop conformity for all stations. We review everything from your accounting records to your public files and help you stay informed and on track.

For over 14 years BIA has been the leading provider of consulting, financial and information services to the broadcast industry and has performed over \$25 billion worth of valuations. We're much more than a partner, we're your very own internal audit team. Call us today.

At BIA, our solutions simply work.

RADIO

Hicks Named "Radio Executive of the Year"
Steve Hicks, Capstar Broadcasting Partners' CEO, has been named "Radio Executive of the Year," by Radio Ink magazine. According to Capstar, Mr. Hicks, a 30 year veteran of radio broadcasting, formed Capstar Broadcasting Partners in June 1996 with the Dallas private investment firm of Hicks, Muse, Tate and Furst Incorporated. Since their formation, Capstar has purchased / contracted to purchase 329 stations in small to medium sized markets with combined

Primestar Delays Going Public
Primestar Partners LP, a consortium of several major cable companies, decided to delay plans to become a publicly traded company as, according to the company, regulatory approval is taking longer than originally expected. Primestar is waiting for the FCC to approve a deal which would allow the company to absorb high powered satellite licenses owned by TCI Satellite Entertainment. Dan O'Brien, President of Primestar commented, "We've had consistent and regular meetings with the FCC and the Justice Department. We expressed to them the urgency (of the situation), and asked them to make this decision as quickly as possible. While there is no guarantee, we do feel comfortable and confident that we will hear not later than the second quarter." Until then, they will combine some of the individual companies' satellite businesses into one privately held corporation known as Primestar, Inc., by the end of March. 02/12/98

MEDIA

OmniAmerica Closes on Two Tower Companies
OmniAmerica, Inc. completed two transactions in excess of \$50 MM (total) involving broadcast towers and wireless communications sites in Miami, Orlando and Tampa, FL, Dallas, TX, and Milwaukee, WI. The acquisition of TowerCom L.P. of Jacksonville, FL, included two existing towers in Florida and a tower under construction in Milwaukee. The second purchase was of Miller Transmission Tower Company of New York, the leading broadcast tower owner in the Dallas - Ft. Worth market. Carl E. Hirsch, OmniAmerica's President/CEO, said, "These two transactions represent further steps toward our goal of establishing OmniAmerica as the leading owner and operator of broadcast towers and wireless communication sites in the U.S." 02/10/98

WIRELESS COMMUNICATIONS

World Access Signs LOI for Cherry Communications
World Access, Inc. signed a letter of intent to acquire Cherry Communications, Inc. (dba Resurgens Communications Group) for an undisclosed amount. Resurgens is a facilities-based provider of international network access and has been operating under the

Put the analytical power of BIA's research and consulting team behind you.

Custom Research

When you need help pulling together specific data or could use the skills of a financial analyst, BIA can help. With our proprietary databases, network of information resources, and a staff of professional researchers, analysts and engineers, we can help you achieve success. From a simple mailing list to an in-depth market research project, BIA can turn it around for you quickly and economically.

Market and Competitive Reports

Put the skills of our analytical team behind you with BIA's market research reports. Our analysts can provide you with comprehensive market reports or we can provide you with data tables to make your own analysis—the choice is yours.

Data Searches

BIA's research team is ready to put together the data you need to plan your next strategic move. From a simple list of the Country radio stations serving the Northeast, or as detailed as a comparable sales report for a potential station acquisition.

Mailing Lists

When it comes to marketing your product to the broadcasting industry, turn to BIA. Simply give us your criteria and we will use our leading *MasterAccess*® software to get you results. Your search can be as simple or as complex as you want. From a simple list of the stations in your market to a more comprehensive list of all the U.S. independent television stations with a Nielsen Total Day rating of more than a three-share, we are your source for broadcasting contacts. We can provide your list on disk or labels.

Call us today and find out how we can customize these services to meet your needs and budget.

Web: www.biacompanies.com

Founded in 1983, BIA is the leading provider of strategic financial and information solutions for the communications industries offering reference books, newsletters, software, custom research, consulting services and investment banking assistance, including:

Investing in Radio® Market Report—quarterly market-by-market investment reference guides.

Investing in Radio® Ownership File—a guide to radio owners and the critical information on the stations they hold.

BIA's Radio Yearbook®—the most comprehensive, easy-to-use directory of radio stations, their personnel and owners.

Investing in Television® Market Report—quarterly market-by-market investment reference guides.

Investing in Television® Ownership File—a guide to TV owners and the vital information on the stations they hold.

BIA's Television Yearbook®—the most comprehensive, easy-to-use directory of television stations, their personnel and owners.

BIA's State of the Industry Studies—for both radio and television analyzing the historic and predicted industry and ownership trends.

BIA's Wireless Communications Market Report®—the premiere market-by-market guide to the wireless industry profiling all 493 BTAs.

BIA's Wireless Communications Ownership File®—a comprehensive listing of wireless owners, where they operate and how to contact them.

BIA's Wireless Communications Yearbook®—contact information on a market-by-market basis for the major PCS, Cellular, Paging and SMR competitors.

The BIA Monitor®—weekly faxed newsletter covering the latest financial transactions in the telecommunications and broadcast industries.

BIA's Strategic Report Series—BIA's industry experts' analysis of timely issues affecting media and telecommunications.

MasterAccess® Analyzer Database Software—the most powerful, flexible tool available for analyzing radio or television stations, markets, owners and more. Add-on modules are available to create station coverage maps and station ratings performance rankings.

BIA Services

Publications — You get communications industry contact and analytical information with BIA's media and telecommunications directories and market-by-market investment guides.

Research — Our research department can quickly provide the facts you need on stations, systems, markets, owners or coverage maps. Simply give us the informational parameters you require, and we'll prepare your report promptly.

Software — With *MasterAccess®* database software, you can have media and telecommunications information on your own computer in seconds. Updated quarterly, you know the information is fresh. Add-on modules are also available for coverage maps. Internet on-line capabilities available in 1998.

Consulting — Through BIA Consulting, Inc., the nation's premiere communications financial and strategic consulting firm, we can provide you with detailed appraisal and valuation studies, due diligence reviews, business plans, strategic consulting and internal operational audits. Over the past decade, BIA Consulting has conducted appraisals of thousands of media and other telecommunications properties.

Finance — Through BIA Capital Corp. you can receive expert investment banking assistance helping you to raise debt and equity for acquisitions and refinancings.
