

M Street RADIO MARKETS

This section lists each of the over 400 **M Street RADIO MARKETS** in the United States. A Station is generally included in a market if it is licensed to a city in that market or considers the market to be a primary focus of its marketing activities.

For each listing, the market name is followed by all states served, Metro and Total Survey Area populations (TSA), the M Street 1990 market rank (M St.), the Arbitron 1990 market rank (ARB), the number of Arbitron surveys per year (#), the Birch 1990 market rank, the date of the rating surveys used for the market, followed by AM and FM stations in dial order.

Metro and Total Survey Area population figures are based on the 12+ population estimates of Arbitron, if an Arbitron-rated market; Birch, if the market is rated by Birch but not Arbitron; Willhight, if the market is rated by Willhight but not Birch or Arbitron; or M Street, if the market is not rated. M Street rank is based on total population estimates for the M Street-defined market area, which is defined by postal zip code rather than counties. The market definitions of Arbitron, Birch and Willhight are influenced by stations purchasing each company's ratings services, and do not necessarily coincide with each other or with M Street.

Arbitron and Birch estimates are for persons 12+ Monday-Sunday, 6 AM to midnight, average quarter hour shares from the Metro Survey area. Ratings for each market are for the most recent survey period available at press time since Spring 1989, from the following survey dates:

	<u>Arbitron</u>	<u>Birch</u>
Spring	Mar. 30 to June 21, 1989	Mar. to May, 1989
Summer	June 22 to Sep. 13, 1989	June to Aug., 1989
Fall	Sep. 21 to Dec. 13, 1989	Sep. to Nov., 1989
Winter	Jan. 4 to Mar. 28, 1990	Dec. to Feb., 1989-90

Willhight survey dates are given separately for each Willhight-rated market. Since each ratings service adds and drops markets from year to year, there will be some markets with 1990 ranks but no surveys yet conducted, and some markets with survey information but no 1990 market rank.

For more information on ratings and copyright information, see the **ABOUT RATINGS** section at the front of the book. Estimates are Copyrighted and may not be quoted or reproduced without prior written permission of the Copyright owner. For more information on the format descriptions for each station, see the **FORMAT CODES** section at the front of the book.

As with other sections of the book, **M Street's RADIO MARKETS** are a condensation of data collected and are revised on an ongoing basis by M Street. Please call or write us with updates, corrections, or inquiries for customized applications of our market data.
