\$49,920 A Year Isn't Free

In today's age, you can save money and still get the desired results.

Let's talk satellite, specifically Great American Country satellite, and it's cost to you. Drake-Chenault/Jones has set a market price on population. Like you, we appreciate rate integrity. During this past year several of the satellite-delivered formats, specifically, commercial carriers have chosen not to charge for their services.

Really?

Let's put the phrase "free satellite" to rest once and for all.

- These satellite *networks* sold \$112 million worth of your air time in 1991...this doesn't appear to be free air time.
- Drake-Chenault/Jones sold *none* of your air time.
- Let's do a Drake-Chenault/Jones exercise. Let's use, for an example, a rate of \$20 for a 30 second commercial. For the sake of this exercise we are not interested in showing you any time period except your most sought after two days of the week, Thursday and Friday drive times. These two commercial satellite networks require you give them 2 minutes/hour or 4-30 second commercials x 6 hours drive time on Thursday x 6 hours drive time on Friday.

48 commercials x \$20 = \$960/week or \$3,840/month
or \$49,920/year worth of free satellite.

End of conversation. Let's talk.

U. S. National Radio Networks
Edited by Greg Monti

Around M Street, Greg Monti is known as the king of networks and prince of area codes. In his alter ego, Greg manages technical aspects of the rebuild of public radio's satellite interconnection system.

For 1991, M Street counts 86 network audio services, provided by 49 networks and programming suppliers. This marks a small decrease in network audio services (there were 88 in 1990) and a small increase in suppliers (there were 47 in 1990). We've also attempted to list the frequent marketing agreements between organizations.

A number of other companies, not listed here, offer state, regional and sports network services.

Satellite, transponder and signal format are given where available. Signal formats listed as FMSCPC are receivable on single channel per carrier analog demodulators. FM Sub signals may be received on video subcarrier or "FM-squared" receivers. Digital formats like Scientific-Atlanta's DATS - and its new version, SEDAT - generally require the appropriate, proprietary receiver.

As always, M Street welcomes your comments and updates!

Keep Up-to-date with Shortwave!

With these two fine publications

Review of International Broadcasting

Opinion and information about worldwide shortwave
 and satellite programming; equipment and media reviews.

DX Listening Digest

Country-by-country information on station times, frequencies, future plans, programming.

*Subscribe to RIB or DXLD—10 issues for \$25 in USA, US\$26 in Canada or both for \$3 less—
 \$47 in USA, US\$49 in Canada. US funds on a US bank or postal money order.
 Payable to Glenn Hauser, Box 1684-MS, Enid, OK 73702*

**And listen to the ONLY non-government program about shortwave,
 WORLD OF RADIO,**

on WWCR, 15690, Fridays 4:15pm, Saturdays 6:30pm, Mondays, 1pm CDT/CST.
 Also on WHUS & WPKN, CT and WOI & WSUI, IA. Check for times.
 Produced by Glenn Hauser.

Give your newsroom a special edge

*Your scanner has a nose for news.
Now give it a set of ears.
Give it a subscription to
National Scanning Report.*

Everyone who runs a serious news operation knows the value of a scanner. But few news professionals realize the full potential of this incredible radio. It's more than police and fire. Catch raw, **unedited** "as it happens" news from the people who make it.

If it uses radio, chances are that your scanner can hear it -- from the local SWAT team to Air Force One.

We'll even tell you how scanner listeners are using their scanners to tap in to cellular car phones and cordless telephones. (This information is provided to the news media as background information only. Listening to cellular car phones is illegal. Monitoring cordless telephones is legal in most areas.)

Your scanner can do it all. We'll give you the frequencies and tell you how.

For a one year subscription to National Scanning Report, send \$17.50 to P.O. Box 291918, Kettering, Ohio 45429. Or use your Mastercard or Visa and call toll free, 1-800-423-1331. Mention the M Street Radio Directory and get a custom frequency print out for your county (please specify county) at no additional charge.

National Scanning Report. It's like giving your scanner a new set of ears.

*Computer***SUPPORT**

System design and integration for micro-computers and networks.

Database design.

Third party software support.

Nationwide support services for LANs and WANs.

Computer sales.

Field services for software houses.

We are experts at networking--we can make all your hardware and software work together for maximum results and profits. Our support specialists are experienced broadcasters.

STAY INFORMED

M Street has a full range of services to meet your radio information needs:

The M STREET RADIO DIRECTORY: Now in its third edition. Radio's premiere affordable reference book.

The M STREET JOURNAL: M Street's weekly newsletter of FCC applications, allocations and actions, format activity, and radio news. An indispensable index to the events of the industry. Annual \$99.00 subscription includes a copy of the next edition of *The M Street Radio Directory*, plus discounts on multiple copies.

LABELS, LISTS & REPORTS: M Street's radio industry database is updated daily - formats, addresses, phones, fax, ownership, markets, networks, technical facilities, and much more. We can produce - quickly and affordably - the information you need, in the form you need it. Mailing labels, phone lists, market reports, or any other customized package with whatever combination of criteria you need.

CUSTOMIZED ON-LINE SERVICES: Some of radio's biggest players have learned that we can track their data faster and more efficiently than they can! We can create any combination of access to M Street data, alone or in combination with your database, with customized reports and updating. Ask us for ideas and details.

To order *The M Street Journal* or *The M Street Radio Directory*, simply return the order form. Or, for more information on our customized information services or any of M Street's information products, call us: 1-800-248-4242. Let us show you how M Street's accurate, timely, comprehensive, affordable radio industry data can help you work smarter and more cost-effectively!
