

WAPA is Puerto Rico's first  
10,000 watt station.

Puerto Rico is the \$200,000,000 market  
in the Caribbean where the Americas meet.

**"THE VOICE OF THE CARIBBEAN"**

680 kc — San Juan, Puerto Rico — 10,000 watts

**WAPA**

**FIRST in POWER—PROGRAMS—PERFORMANCE**

*Represented by*

**PAUL H. RAYMER COMPANY**

**José Ramón Quiñones**  
*Owner*

**Harwood Hull, Jr.**  
*General Manager*

WAPA reaches all Puerto Rico and beyond to  
the shores of South and Central America.

Puerto Rico has more radios per 1,000  
people than any country in the Caribbean.

# YOU CONTROL TIME AND AUDIENCE WITH SPOT-BROADCASTING!

“SPOT-BROADCASTING” means simply putting  
on your radio show at *desirable times* over  
individual stations.

It is the opposite to buying stations ‘holus-bolus’  
(either regionally or nationally), without regard for  
different time zones or listening habits.

When you *spot-broadcast*, you are really building  
your *own* network . . . tailor-made to suit your time,  
coverage and budget needs. You select the stations  
that cover *your markets*, choosing from twenty-  
nine All-Canada stations across the country. You  
select the peak *local times* you want for best effect,  
unhampered by time-zone troubles.

Whatever the nature of your radio problem: timing,  
coverage, budget or all of these—ask the ALL-CANADA  
man to help you with spot-broadcasting!

# **YOUR ADVERTISING DOLLAR...**

*on CFRB each advertising dollar buys*

**2,795 potential radio homes after 7:00 p.m.**

**3,475 potential radio homes between 6 and 7 p.m.**

**5,195 potential radio homes at other times.**

**O**N CFRB you reach more listeners per dollar than on any other Toronto station. That's why CFRB's advertisers keep on using the station year after year.

Ask them why they stay! Perhaps they won't quote figures or facts . . . but they'll give you the *real* answer. They stay because they get results! They stay because they reach *more* radio homes, *more* prospects for their product . . . selling an audience that's been growing for twenty years!

## THREE LITTLE WORDS

# "All In One"

EVERY BROADCASTING STATION strives to capture a larger share of its potential audience.

EXPERIENCE proves the importance of selecting your library service with great care . . . if it is to produce the results *you* want.

- More and more stations have found after careful comparative analysis that Associated is THE basic-plus service—a service which can do a full time programming job . . . broad in scope, skillfully balanced, flexible for programming and strong in commercial utility.
- The Associated family of subscribers *has more than tripled* in size during the last two years alone!
- Associated produces only *one* transcribed radio program service . . . no "partial" libraries . . . a *complete* service for every station budget . . . ALL IN ONE.
- We invite you to write for complete details.

## Alan Ladd

starring in  
Radio's New Half-Hour Adventure Thriller

# BOX 13

Alan Ladd—Paramount Pictures' great star—plays a part tailor-made for him . . . a man of action . . . a daring, versatile fiction writer who *advertises for adventure* . . . and gets it the *hard way!* 39 shows in series.

FOR RATES AND AVAILABILITIES  
WRITE, WIRE, OR TELEPHONE

*Mayfair* TRANSCRIPTION CO.

8511 SUNSET BOULEVARD  
HOLLYWOOD 46, CALIFORNIA

\*It happened in San Francisco, where the first Hooper on "Box 13" was taken. The time—10-10:30 P.M. The station—ABC's KGO. The Hooperating (and get this)—8.0—That's 33 1/3% of the total audience. And this was only the seventh show of the series! There's proof that given a great name motion picture star in the right vehicle with superb acting, direction, music and stories, you can get hordes of people to listen—it's happening in dozens of markets.

Ready to go to work for you, that nationally known network star Tommy Riggs and his lovable Betty Lu in a new series of open end fifteen minute transcriptions for five-a-week spotting. You can program this series day or night. They will sell for you, they will get and hold an audience for you. Each program a show in itself with typical Tommy and Betty Lu comedy situations along with favorite songs by both of them. National accounts that have used these two on the networks know their pulling power. Now you can use them for local or national accounts, and here's the pay off, arrangements can be made to have Tommy & Betty Lu transcribe personal commercial messages that will do a real selling job for your client.

# NOW READY!

A BRAND NEW SERIES

*15 Minute Programs  
5 Times Weekly*

# COMEDY! SONG!

*At a price  
you won't  
turn down*

*Wire or Write*

### ATTENTION ADVERTISING AGENCIES!

Many of you have used Tommy and Betty Lu on the networks, now you can use them for national spot campaigns, let us know now the markets you wish protected.

SERVICES OFFERED: Keystone Broadcasting System is a transcription network principally covering BEYOND-METROPOLITAN markets from coast-to-coast. Its affiliated stations are joined together in a national system by means of transcription, eliminating wire charges. At time of going to press, the network includes 325 affiliated stations. 24 fully scripted sustaining shows per week, filling 1 hour per day, seven days each week, to a total of 7 hours per

week. This is the only national, full-sized network in the United States offering national radio advertisers the opportunity to cover the BEYOND-METROPOLITAN markets exclusively, in a single transaction, by means of electrical transcription. The System offers its facilities in group network time periods from one hour down to five minutes, and also makes available announcement periods of one-minute, half-minute and 25 words in length.

used time to merchants, industrial and professional business firms on short term contracts who ordinarily never use or buy radio time from their immediate station. NRF is the house of specialized campaigns known from coast to coast as one of the finest and cleanest cut concerns in the feature business. Ask the stations that have used NRF service. A repeat performance every time. NRF has worked with more new stations opened or just opening than any other concern. "Veterans of Victory," "Boost and Buy" and "Radio on Call" are feature presentations. Spot announcements and half hours make up great programs. Coast to coast.

# ASCAP

For more than a generation\* the American Society of Composers, Authors and Publishers has helped to build great commercial enterprises whose life blood is music.

Radio program builders long have known that ASCAP is an unfailing source of music—that the vast repertoire of the Society and its associates the world over yields material for their every possible music requirement.

Members of ASCAP are proud that their creative work has been a potent factor in the great development of radio in the United States. Now, on the threshold of radio's greatest year, they unite in a salute to the entire industry.

By **DEEMS TAYLOR**

*President, American Society of Composers, Authors and Publishers*

THE American Society of Composers, Authors and Publishers now is in its 35th year of service to commercial users of music and to its members. It begins the year 1948 with a writer membership (composer and author) of 1888, and a publisher membership of 306. When Victor Herbert and eight associates formed the Society in 1914 the entire membership was a little more than 100. Its licensees number more than 37,000. Its chief purpose is the protection of its members' music performing rights. This is done through a system of licensing commercial enterprises making use of music.

Perhaps the most significant trend of the Society in recent years has been its amplified service to the symphonic, concert and recital field. In the early years the Society's licensees were chiefly in the popular music field, with its membership largely men and women creating music of the popular type. The Society now follows the pattern of similar Societies in other countries, including in its repertoire music of the standard or serious type as well as popular music. The trend is reflected in the increasing proportion of standard composers within ASCAP's membership. The ratio of the standard to popular members is one to two.

The users of serious music in steadily increasing numbers are finding the ASCAP repertoire a valuable source of important program items, and the simple machinery of the ASCAP license a highly desirable asset.

In radio's increasing use of serious music the enlarged ASCAP repertoire has been found particularly helpful. ASCAP, including the creators of every conceivable type of music for every conceivable use, has grown to be truly a national institution, its membership representing every state and territory of the U. S., as well as other lands whose creative talent has found a home in America.

There are 159 women members of ASCAP, the proportion of women in the serious field being larger than that of men. Whereas there is one serious music composer for every two in the popular field, the division of women is about equal in the two fields.

In January 1948 the Thomas Y. Crowell Co. published the ASCAP BIOGRAPHICAL DICTIONARY which includes data covering every member of the Society.

ASCAP has headquarters in the RCA Building, Radio City, with 25 branches throughout the country. Deems Taylor is President. A Board of 24 directors through its revolving Executive Committee of three members exercises supervision of the affairs of the Society. Administrative executives include Herman Greenberg, Sales Manager, in charge of all licensing activities; George A. Hoffman, Comptroller, in charge of accounts, finance and general personnel; Richard F. Murray, Manager of Foreign Relations, in charge of foreign matters, all internal statistical departments and publicity department; Herman Finkelstein, Resident Counsel. Schwartz & Frohlich are general counsel.

# BROADCAST MUSIC, INC.

By *CARL HAVERLIN*

*President*

**I**N EXISTENCE but seven years, BMI is a symbol of an industry's initiative in creating the competition which freed it from a monopoly that once threatened its very economic life. During this time, broadcasters have not only carried out their original competitive plan but have brought into being an organization of international musical importance.

Today all but four of the broadcasting stations of the United States and Canada, as well as national and regional networks are BMI licensees. In addition, there are close to 2,000 hotels, night clubs and other establishments where music is performed, licensed by BMI.

Apart from its affiliations with established societies and music publishers, BMI as a matter of policy has opened and developed new sources of music by American composers, creating a vast repertoire that otherwise might never have seen the light of day. BMI has stimulated and encouraged in this way, hundreds of talented young writers and new publishers, thus building up its reservoir of music in all fields—popular, folk, educational and standard. The acquisition of new properties is a continuing process in the realm of American music. Available for BMI licensees are nearly 50,000 recorded and transcribed compositions of every description.

In August of 1947, Associated Music Publishers, Inc., became a wholly owned subsidiary of BMI, making its vast store of music of the world available to BMI licensees. Early this year seven leading Italian publishers assigned their U. S. performing rights to BMI, the deal involving some 5,000 compositions and copyrights, adding to the BMI store of Italian popular, operatic and other serious music.

BMI's foreign reservoir of music has been built on a practical foundation. The house of Breitkopf for instance, is not only the greatest music publishing firm in Germany but the oldest known publishers of music, dating back to the days of Bach. Apart from Continental affiliations, BMI has the largest catalogue of Latin-American music-rights extant, including that of the societies of Cuba, Chile, Colombia, Mexico and Brazil. These foreign rights are supplementary to the catalogues of more than 1,000 American and Canadian firms affiliated with BMI, a well rounded repertory.

**OFFICERS** of BMI are: Carl Haverlin, president; Sydney M. Kaye, vice-president and general counsel; Charles A. Wall, vice-president in charge of finance; Robert J. Burton, vice-president in charge of publisher relations, and Claude C. Boydston, controller.

**DIRECTORS** (elected annually): Justin Miller, chairman; Sydney M. Kaye, vice-chairman; John Elmer, WCBM; William S. Hedges, NBC; Leonard Kapner, WCAE; Joseph A. McDonald, ABC; Paul Morency, WTIC; J. Leonard Reinsch, WSB; J. Harold Ryan, Fort Industry, Inc.; Robert D. Swezey, MBS, and Herbert V. Akerberg, CBS.

# ASSOCIATED MUSIC PUBLISHERS, INC. (AMP)

*By M. E. Tompkins*

*President and Secretary of AMP*

ON August 1, 1947, Broadcast Music, Inc. purchased the capital stock of Associated Music Publishers, Inc. The purchase involved only the music publishing and foreign affiliated publisher relations. The purchase did not include Associated Transcription Library Service or the wire service to hotels, restaurants, etc., known as Muzak.

Associated Music Publishers, Inc. as of August 1, 1947 became the sole selling agent of fine standard and serious music catalogs which were built up by BMI throughout its publishing life. Those catalogs are now merged with the excellent catalogs of AMP. and all activity, promotion and distribution of these catalogs will take place from Associated Music Publishers, Inc., 25 West 45th Street, New York City.

Broadcast Music, Inc., 580 Fifth Avenue, will continue in the popular music publishing business, popular music not being involved in the merger.

All broadcasting station licensees of BMI may now use all of the materials, the performance rights of which are vested in Associated under the license they enjoy with BMI without payment of any fee to AMP, and without additional fee to BMI.

AMP Board of Directors: Carl Haverlin, President, BMI; William Hedges, NBC; Sydney M. Kaye, Vice-President, BMI; Paul Morency, WTIC; J. Harold Ryan, Fort Industry Co.; M. E. Tompkins, President, AMP.

AMP officers: Sydney M. Kaye, Chairman of the Board; M. E. Tompkins, President & Secretary; Karl Bauer, Vice-President; Earl B. Hall, Vice-President; Charles E. Lawrence, Treasurer.

\*Symphonic Works only, as per a special list.

# SESAC, Inc.

By **PAUL HEINECKE**  
*President*

**S**ESAC is pleased to announce that 1948 marks the 18th year of service to the broadcasting industry and all allied fields in the entertainment business. We are grateful, too, in having been able to grow with the industry and that mutual experiences have made it possible for us to meet each individual broadcaster's specific music requirements; simplify his music licensing problems; and prepare to assist him, as in the past, through any music copyright crisis which may arise.

As radio has expanded, so has SESAC, with many new publishers whose large catalogs have been added to our repertory, embracing well over 120,000 copyrighted compositions of every type of music—music needed daily, never dated, but of lasting value and appeal.

Such prominent American composers as Victor Herbert, Rudolf Friml, Edward MacDowell, Charles Wakefield Cadman, Bruno Huhn, Mrs. H. H. A. Beach, Cuthbert Harris, Virgil Thomson, Frank Grey and many others, through their compositions, enrich the SESAC music enjoyed by millions.

SESAC, in keeping with its long range plans for the future, began years ago to obtain for the broadcasters' use, a wide diversification in the music catalogs of its imposing list of American and foreign publishers. SESAC went further, in a realization that the spoken word, with or without music background, would play an important role in radio in the form of dramas, plays, sketches, musical comedies, operas, operettas. The SESAC catalogs contain hundreds of dramatic and comedy vehicles, now ready to serve our licensed stations in AM and FM, but more importantly, in greater measure, in television.

SESAC is further expending its full co-operation to FM and TV stations by making available its complete repertory under a gratis performance license valid until further notice. Meanwhile, special consideration is being given to the particular production and programming requirements of television.

Another important phase of SESAC's service is a high quality, modestly priced transcribed library-program service, which, at the end of 1947, only two and a half years after its inception, is being used effectively by over 300 AM, FM and TV stations. This unique library, containing only SESAC compositions, is recorded with an expertly-balanced one-quarter hour musical program made up of separate cuts on every vinylite record face. As a time-saver and a money-maker, the service has far exceeded every expectation of our subscribers.

All of our facilities, our services and the catalogs of our affiliated publishers are geared to meet the current music needs of the entire industry as well as keep pace with every programming and production requirement which may develop in the future. Whether your broadcasting medium is audio or video, SESAC is ready to serve you with The Best Music In America.
