## AMATEURS SEEK BAN ON ALIENS

Probably because of the fear that communistic or fascist propaganda may be spread over the United States by means of radio amateur networks, as is done in Europe, members of the American Radio Relay League, the amateur organization, have recommended to the Radio Commission that amateur station licenses and operators' permits be refused aliens.

This action was taken at a conference of the amateur leaders with Federal radio officials last week. The purpose of the conference was to seek a revision of regulations governing the operation of amateur stations.

Another recommendation adopted provided that the bands of channels from 28,000 to 30,000 and from 56,000 to 60,000 kilocycles be reserved exclusively for amateur operations.

The meeting was presided over by W. D. Terrell, chief of the Radio Division of the Department of Commerce, and was attended by Dr. C. B. Jolliffe, chief engineer of the Federal Radio Commission; Capt. S. C. Hooper, director of Naval Communications, and K. B. Warner, secretary of the American Radio Relay League, among a number of other Federal and amateur representatives.

## REDUCTION IN STATION POWER SEEN

The battle against the licensing of high power broadcasting stations has been renewed on the Federal Radio Commission and now threatens to envelop and eliminate the 40 cleared channels which were designed for this type of radio transmission. Oddly enough, this attack comes almost on the heels of a wave of such permit granting, the maximum power of 50,000 watts being authorized for a half dozen stations only last fall.

The majority of the Commission now appears definitely in favor of the reduction in power, while the former Chairman, Judge Ira E. Robinson, has announced his intention of seeking the transfer of cleared channels to regional frequencies. The present Chairman, Maj. Gen. Charles McK. Saltzman, would make even 5,000 watts the maximum power for broadcasting.

## RADIO ENGINEERS WIN PATENT FIGHT

Percival D. Lowell and Francis W. Dunmore, youthful radio engineers, have just been awarded the decision by the United States Patent Office following a prolonged fight over priority in the invention of a receiving set which operates on the standard alternating current lighting circuit without the hum that formerly accompanied this reception.

Their claims were contested by the Westinghouse Electric and Manufacturing Company, Wired Radio, Inc., and Murad Radio Laboratories, Inc. They contended that Lowell and Dunmore were not the first inventors of the device and were not entitled to the broad claims granted by the Patent Office.

Prior to this decision, the engineers won a suit against the Radio Corporation of America in the United States District Court at Wilmington, Del., over the invention.

## LIKE A FLASH

A short-wave broadcast from Schenectady was picked up in Sydney, Australia, recently and rebroadcast to Schenectady. The distance covered was 20,000 miles in one-eighth second.

"It looks," observes the Woodstock, Va., Times, "as though 'Hello World' Henderson, of Shreveport, La., is in danger of being Dill pickled."

# STUDIO NEWS

Hugh Dobbs, KPO, and associated National Broadcasting Company stations, and Sid Goodwin of KGW, two Doctors of Sunshine, are seen on this week's cover. They appear to be holding a clinic rather informally on the running board of Mr. Goodwin's car. Captain Dobbsie, of Shell Happy Time fame, recently paid a visit to the northwest and KGW was happy to play host.

The presentation of the "Pickwick Papers," based on the story by Dickens, at KFOX, every Wednesday night, at 9 o'clock, brings to life before the microphone all the well known characters created by that great novelist.

Twice daily, at approximately 2:30 and 6:30 p. m., KNX offers miniature sketches of famous people and important events, the anniversary of which falls on that day. Mr. Mellonino, program director of KNX, has called these bits "talking pictures," which neatly describes them.

Maurice Gunsky, for many years one of KPO's most popular artists, is again singing over the San Francisco station, and will be heard Wednesday night, April 16, at 9:45.

KTBI brings a Spanish Gospel Service to Latin listeners Monday, April 14th, at 8 p. m. This type of program will undoubtedly find a large and appreciative audience.

Captain Adams, whose fascinating yarns spell-bind listeners every Tuesday evening, from 9:30 to 10, over KFRC, has a flair for story-telling, and a wealth of material, which is an ideal combination for his program. KVI and KHJ also enjoy this feature.

A program of considerable importance for the week of April 13th-19th, is the one scheduled for KECA, through the National Broadcasting Company, on Friday, April 18th, from 5:30 to 6:30 p. m. President Hoover will be the principal

speaker on the Daughters of the American Revolution program, and Mrs. L. F. Hobart, D. A. R. president, will conduct the meeting.

KGFJ is presenting the Unique String Quintet, under the direction of Ben Gale, twice daily, as well as for a two-hour broadcast on Sundays. Their accurate presentation of all types of musical numbers are gaining this musical group an enviable reputation.

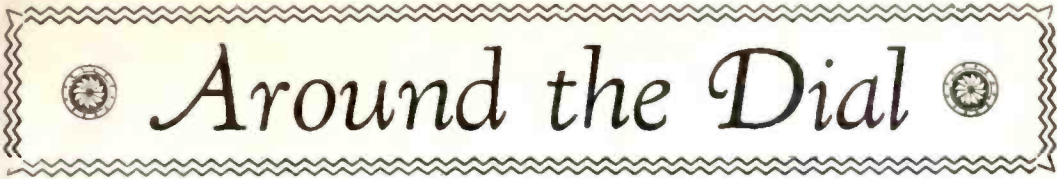

"Happy Harry," at KMTR, has found an air companion in the person of "Rusco Pete," a youngster, born and raised in a garage, but a lover of music, and especially the old-time favorites, which he plays on the vibraphone. These two entertainers are heard on KMTR every Monday, Wednesday and Friday, from 9:30 to 10 p. m.

Saturday, April 19th, brings Winnie Lightner and Joe E. Brown, stars of "Hold Everything" before the NBC microphone and through stations KGO, KHQ, KOMO, KGW and KFI at 9:00 p. m. Miss Lightner and Joe Brown give listeners a sample of their talent for comedy which has made them moving picture sensations.

A matinee for Holy Week will be broadcast by KOA, Denver, on Monday, April 14, at 2 p. m., with Laura Kemp Anderson, Western concert contralto, as soloist with the Matinee String Ensemble. Among her solos will be the "Largo" from "Xerxes," by Handel, Schubert's beautiful "Ave Maria," and "Open the Gates of the Temple."

On Good Friday, April 18, the meditation and devotion service of the Washington Cathedral will be broadcast over the coast-to-coast network of the Columbia Broadcasting System. It will last from 9:00 a. m. to noon, marking the historical period Christ suffered on the Cross. Arrangements by Pacific Coast CBS stations to release this program are under way as this issue goes to press.

# Around the Dial

**"Around the Dial":**

I am happy to be able to pass on some information about one or two stations.

WMC at Memphis, Tenn., on KTM's wavelength, may be picked up every Saturday night after KTM signs off. They put on a frolic and are on the air until about 1:30 a. m., P. S. T.

WFIW at Hopkinsville, Ky., 319 meters, is also on the air every Saturday night and may be picked up after KOIN signs off. They sign off somewhere around 2 a. m., Pacific time.

Last Saturday night I was fortunate enough to pick up WJKS, a 1400-watt station at Gary, Indiana. They are on 220.4 meters and sign off at 1:44 a. m., P. S. T. I do not know if this is a regular thing. KGIR at Butte, Montana, caused some interference, but, strange to say, WJKS was the stronger and came in with lots of volume to spare.

I also succeeded in picking up KGCX at Wolf Point, Montana, thanks to Mr. McAllister. Also, thanks to the "Around the Dial" department, I have had WRHM at Minneapolis. After KFOX signs off, WRHM comes in like a local until KSAT comes on the air at 4 a. m.

A. E. ARMSTRONG.

2021 Bonita Drive, Glendale, Calif.

**"Around the Dial":**

I herewith submit the latest report on the new "Voice of the South," WSB, Atlanta, Georgia, 740 kilocycles.

The Atlanta Journal founded WSB on March 16, 1922, as Dixie's first broadcasting station, and the second newspaper station in the world. The studios are maintained on the tenth floor of the Atlanta Biltmore Hotel and the transmitting plant is situated seven miles from Atlanta, in DeKalb County.

WSB has Western Electric equipment and is operating on five kilowatt power and broadcasts 17 hours daily.

W. G. MEEK,

621 S. Marengo Ave., Pasadena, Calif.

**"Around the Dial":**

In a recent letter to "Around the Dial," for information of DXers, I gave

the address of WCHI as the Webster Hotel. They have moved and their address now is: Illinois Women's Athletic Club, Tower Ct., and Pearson St., Chicago, Ill.

Here are a few more DX stations that those on the Pacific Coast might try for:

WSPA, Spartanburg, N. C., 1420 kilo. Nightly, from 7 to 10:30 P. M., E.S.T.

KUOA, Fayetteville, Ark., 1390 kilo. Saturday, 5 to 6 a. m., C.S.T.

CMX, Havana, Cuba, 920 kilo. Saturday nights, from midnight to 3 a. m., C.S.T.

**"Around the Dial":**

Every night, since March 27, I have noticed that XEN, Mexico City, is on a different wave length. I get them now just a shade below WGN. I have never received them there before, so I am wondering if someone could give me some information on it.

I have before me a verification from CMK, Havana, in which they advise that their new wave length is 273 meters, 1095 Kcys. To anyone who wishes to write for a verification, their address is Hotel Plaza, Havana, Cuba.

Could anyone tell me what station in Canada comes on between 8 and 10 p. m., on 434.5 meters? Thanks for the many helpful hints I have received by reading this column.

STUART WALMSLEY,  
1641 West 60th Street,  
Los Angeles, Calif.

**"Around the Dial":**

I guess all DX fans had a fine time on March 28, when all locals were off. I had the pleasure of receiving eight new stations on this night, and more, if they would have announced their calls. Here they are:

KTW, KOL, KFPY, KSEI, KWG, KFUM, WTAQ, WNAX.

Has anyone heard this fellow on 850 Kc., giving reports? I have heard him several times. I just received my verifications from KZRM, Manila, Philippine Islands. They come in on 485 Kc.

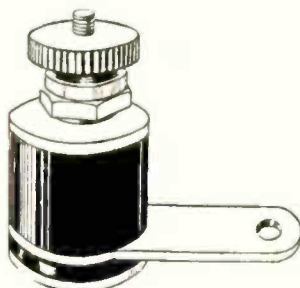

RAY De MARCUS,  
1005 E. 73rd St., Los Angeles, Calif.

# Questions & Answers

*A Weekly Department Conducted by K.G. Ormiston, I.R.E.*

**QUESTION.**—Is Los Angeles considered a good location for radio reception? Why are some locations better than others, and where are the “good spots” in Southern California?—H. T. R., Los Angeles.

**ANSWER.**—The metropolitan area of Los Angeles is a poor location for long distance radio reception. It is naturally excellent for local reception because of the fact that most of the local stations are located IN the metropolitan area. It is poor for distance reception for several reasons. First, the ten or more broadcast stations, all within a radius of 10 miles or less, spread over the dial and blanket the channels occupied by many distant stations, thus making reception of the latter impossible. Second, the high noise level which exists in every big city caused by electrical circuits and devices covers up all the distant signals which are of low volume. This noise is the accumulative effect of power leaks, flashing signs, signals, elevator switches, telephones, household appliances, etc. It is naturally greater where population is dense. Third, the attenuation or weakening of signals through absorption is greater in an area where there are many high steel frame buildings, a mass of overhead wiring, trees, houses, etc.

The good location is where there are but few buildings or other absorbing factors, such as trees, hills, etc., where the nearest broadcasting stations are at least 25 miles distant, and where the noise level is naturally low because of the absence of the mass of electrical circuits and devices found in congested districts. Those are the three most important considerations,—local interference, noise level, and attenuation. In a spot where these three factors are a minimum you are apt to find wonderful DX reception. There are other factors, but of less importance.

From the above it can readily be seen why our best reception records have come from places like Chula Vista, Balboa, Seal Beach, Oxnard, Santa Ana, etc.

A good way to minimize the interfer-

ence from the local stations is to put a nice high mountain between your receiver and the said local stations. This condition exists at Palm Springs, where Mt. San Jacinto very effectively blocks reception from Los Angeles to a great extent, while the open desert toward the east permits remarkable reception in that direction. Here it is not difficult to play the DX stations in the channels immediately adjoining all of the locals. The writer has logged WGBF and WSM, one channel on either side of KFI; KTHS and WTIC, one channel on either side of KNX, etc. In three evenings, he played stations in 88 of the 96 channels between sunset and 10 p. m. The remaining channels were heterodyned by the simultaneous operation of two or more stations.

Of course, even in a good location reception may be ruined by the characteristics of the AC lighting circuits, or the antenna and ground installation. And conversely, reception in a poor location may be improved by giving attention to all of the factors in the installation which make for maximum efficiency.

## Can't Get Them Out

Although primarily intended to take care of more visitors, a difficulty in connection with the elaborate new Times Square studio of the National Broadcasting Company, which seats 600 visitors, is that once they are in the place, it is hard to get them out.

In an ordinary studio, the visitors naturally leave at the conclusion of each broadcast. However, in the Times Square studios, formerly the Amsterdam Theatre roof, the cost of converting it into a broadcasting auditorium being around \$75,000, once the visitors are comfortably seated, they remain for the duration of as many performances as they desire to witness. They are separated from the studios only by a large glass curtain and can see everything that goes on therein. And it doesn't cost them a cent.

# Master's Mighty Midget A Giant in Performance

## Magnavox Dynamic Speaker! Screen Grid!

*Selective!  
Distance!  
Beauty!  
Tone!  
Price!*

To retail at  
**\$59<sup>50</sup>**

Complete with Tubes

Model 70 (Size 13" x 16" x 8½")

The Master Midget contains Four Tuned circuits for extreme SELECTIVITY—three stages of R. F. Amplifiers for SENSITIVITY—6 A. C. Tubes—1 Screen Grid. 3-26, 1-45 and 1-80. Housed in beautiful walnut Cabinet, size 13" x 16" SINGLE DIAL CONTROL and MAGNAVOX DYNAMIC SPEAKER.

**"To See It is to Want It . . . To Hear It is to Buy It!"**

*The Sensation and Outstanding Value of the  
Radio Industry!*

Dealers find it easy to sell the Master Midget. Its compactness—the marvelous tone and volume bursting forth from such a small and beautiful instrument—performance one only expects from large and expensive radios. Perfectly balanced in every detail—its superior performance in any test for TONE, DISTANCE, SELECTIVITY, EASY CONTROL and BEAUTY makes volume of sales a certainty.

### A CHALLENGE!!

We invite you to compare the Master Midget with other radios of its kind. You will agree that in eye and ear appeal the Master Midget is far superior—SO WILL YOUR PROSPECTIVE CUSTOMERS!!

*Just the Radio for All Occasions—Easily Portable  
Weight Approximately 30 pounds.*

Mexico Stations—XEB, XEN, XFX.

Japan Stations—JOAK, JOIK, JOCK, JOGK.

I am, as ever, a friend of Radio Doings,

WELLINGTON STEWART,  
4530 39th St.,  
San Diego, Calif.

## SECOND PRIZE

Sunset Ground, Courtesy Sunset  
Mfg. Co.

DX Club:

After hours of patient "fishing" on my eight-tube Steinite, I have decided to take a chance and submit my DX Log for your approval as an entry in your weekly DX contest, and hope this log will at least entitle me to become a member of your famous club even if it does not entitle me to a prize.

KOAC, KTAB, KMTR, KHQ, KFSD, KFRC, KGW, KTAR, KFI, KPO, KFEQ, KEJK, KMMJ, KVI, KFAB, KELW, KTM, KGO, KOA, KWKH, KFQZ, KLX, KFNF, KHJ, KFEL, KGBZ, KFWI, KFWM, KOIN, KFWB, KJR, KOMO, KDKA, KFVD, KQW, KGGF, KRLD, KDYL, K TSA, KGEF, KTBI, KGIQ, KTHS, KFKB, KNX, KMOX, KFSG, KMIC, KSL, KEX, KOB, KGFJ, KFHA, KXO, KFKU, KFOX, KOIL, KOL, KGHF, KID, KGB, KMO, KGER, KPSN, KFQU, KGIX, KOH, KECA, KFJF, KGA, KDB, KGFJ, KREG, WKRC, WIBW, WOW, WDAF, WOI, WSM, WEA, WMAQ, WLW, WGN, WLIB, WSB, WJR, WLZ, WBBM, WGY, W2XAC, WFAA, WBAP, WHAS, WWL, WENR, WBCN, WHO, WTAM, WBT, WOAI, WDAG, WNBR, WCKY, WCHI, XEN, XEB, JOBK, JOGK, JOAK, CFCT, CFCF, CFCA, CNRV, CFAC, CNRW.

Well, there it is—115 stations, the majority of which have been verified. Of them all, I feel that my two prize verifications are those from Montreal, CFCF, and Toronto, CFCA. The remainder of my verifications are in the mails.

Wishing you every success and hoping I can grab off one of those famous Sunset Aerials, believe me to be, with best wishes and sincere thanks for the assistance given in Radio Doings and Radio Doings Call Book.

B. C. HAY,  
1165 South Stearns Drive,  
Los Angeles, Calif.

## A New Miracle?

By K. G. ORMISTON

On March 27th, Marconi, from his yacht in the harbor at Genoa, Italy, sent a flash to Sydney, Australia, which was the signal for the opening of the electrical exposition there.

A feature writer, in a Los Angeles newspaper, commenting on this incident said: "ETERNITY will treasure the spark that leaped 11,000 miles . . . to start the electrical exposition in Sydney. The WHOLE course of human destiny was altered by that achievement. . . . The transmission of energy and light without the use of power lines now becomes a definite certainty . . . The future will dismiss coal and petroleum from its employ; home furnaces and naval turbines, alike, will tune in on huge broadcasting stations, and steam shortly will return to the tea kettle and resume its original job as a kitchen wench . . . Obsolescence cast a globe-encircling shadow upon coal mine, dynamo, locomotive and gas main as Marconi stretched his arm from the Mediterranean, across the Pacific, and founded a new race of Titans . . . The average man didn't even read through the cabled announcement of the century's SUPREME miracle."

Let us hope that the average man has a little better knowledge of the fundamental laws of physics and more fully understood the news item from Sydney than did this newspaper feature writer. It would seem that he has made the mistake of assuming that the actual electrical energy which illuminated the hall in Sydney, or swung open the doors, or rang a bell, came by radio from half-way round the world! As a matter of fact the energy which reached Sydney from Genoa could be measured only in billionths of a watt, while one ordinary electric light requires 40 watts! And to get this infinitesimal amount of energy down to Sydney probably required the expenditure of at least 10,000 watts in the radio transmitter aboard the yacht, and this energy came from a steam engine in the bowels of the ship, which operated in turn from the energy taken from either coal or oil. The

amount of energy which reached Sydney could have been produced there by the use of but a very minute fraction of fuel wasted aboard the yacht. Radio is the most inefficient medium for the transmission of energy imaginable.

A high powered broadcast station operates with a power consumption of at least 500,000 watts. If you were to add up the total energy in all of the receiving aerials of the entire audience of this station, you would have but a tiny fraction of one watt!

But, for the sake of argument, let us assume that some day some genius, by means of beam transmission or otherwise, will perfect a method of transmitting power through the ether by radio, so that the energy necessary for the propulsion of airplanes, steamships and trains can be derived in such a manner. Further, let us assume an efficiency of 50 per cent for the transmission. It follows that it will be necessary to expend just twice the power in our central transmitting station as was formerly required to propel the airplanes, ships and trains, since we are losing half of our power in the transmission and reception of it. And where will this double amount of power come from? From the only energy sources we have in the world—coal, oil and water power. Therefore, when we start to transmit power by radio, we will need more coal and oil and water wheels than we do now, because our losses in applying this power to its ultimate use will be far greater.

What the world really needs is a new SOURCE of power. And that is apparently what our fellow scribe thought Marconi employed in his recent experiment. He overlooked the fact that Marconi's radio operated from a steam engine! And so, instead of a "supreme miracle," the recent experiment was only a demonstration of long distance wireless, easily possible for the past 15 years. Our own radio exposition in Los Angeles last September was similarly "opened" by a signal from Commander Byrd at the South Pole!

## New Royale Portable Offered by C. W. Smith, Inc.

C. W. Smith, Inc., are back in their old stand at 1125 S. Wall street, Los Angeles, and invite the radio dealers to inspect their new line of Royale Portable, and Mantle type radios. These models open a new era in radio economy and amazing performance—selling complete for only \$69.50. The circuit employs 3-screen grid tubes, 1-type 45-power tube, and 1-type 80 rectifier tube. Both models are equipped with Magnavox Dynamic Speaker. The portable is very desirable, on account of its unusual performance on distance reception and its compactness, weighing only 23 pounds, complete. The Royale is truly a portable radio, which will give remarkable daytime reception, according to statements from all who have heard its performance. See C. W. Smith's ad on page 10.

## Engineer Couples Pentode to 50-Watt Tube

L. B. Cornwell, radio engineer of New York, has succeeded in developing a sensational power amplifier, which couples the Pentode directly to a 50-watt tube; this amplifier is the most powerful and clearest toned piece of sound equipment ever devised. It was necessary to load the amplifier with two heavy-duty dynamic speakers.

A maximum plate voltage of 1000 volts was applied to the plate of the 50-watt, with a bias voltage of 150 volts. The screen grid of the Pentode requires 135 volts, the control grid 1½ volts, and the space charge grid, 10 volts.

## 100 PHOTOS \$3.50

Copies of any photograph or snapshot reproduced on Postal Cards. Approved by Casting directors and fans. SEND NO MONEY—Just send us the photo—(Full figure, bust, groups or animals) any size. If autograph signature is desired, write same clearly on separate piece of paper. 48-hour service. Pay postman \$3.50 plus a few cents C. O. D. charge.

## This Week's Prize Winner

### Bouldin Cage Antenna

#### Majestic DX Contest:

I have a Majestic Model 91, serial 273893, purchased from C. A. Harm 10256 South Vermont avenue, on Nov. 26, 1929.

I have not very much time to play dials, but here is what I have collected to date:

December 22, 1929—P. M.  
6:41, KRE; 8:16, WOW.

December 29, 1929—A. M.  
12:57, WMBD.

January 1, 1930—A. M.  
2:38, CFCN; 3:04, KXA.

January 7, 1930—A. M.  
12:00 noon, CKMO.

January 8, 1930—A. M.  
2:42, WHK.

January 8, 1930—P. M.  
6:43, XEN.

January 9, 1930—A. M.  
2:09, WTIC; 3:06, KGBZ; 4:07, WJ 4:10, KFAB.

January 9, 1930—P. M.  
9:47, WFAA.

January 19, 1930—A. M.  
12:40, KOY; 12:47, WEHC; 2 KGAR.

January 26, 1930—A. M.  
12:01, WKBI; 12:02, KFQU; 1 KGHF.

January 29, 1930—P. M.  
8:00, CKAC.

January 30, 1930—A. M.  
3:12, KFKB.

February 5, 1930—P. M.  
9:10, KFAD.

# RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.
2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.
3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.
4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.
5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.
6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

#### JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings  
Naylor Rogers, Mgr. Radio Station KNX  
Al Farquharson, Sec. L. A. Radio Trades Assn.

#### PRIZES:

WEEKLY PRIZE Bouldin Cage Antenna Value \$15

#### GRAND PRIZES

To be Awarded at End of Contest

FIRST PRIZE - \$100

SECOND PRIZE - \$50

THIRD PRIZE - \$25

Address all test Judge.

Yours truly,

RALPH V. McKNIGHT,  
1538½ West 8th Street,  
Los Angeles, Cal.

Majestic DX Contest:

Here is my list of stations outside of California which I received on my Majestic 71, purchased from Colborn Electric Company, 220 Second Avenue, serial number 0402893; purchased January 4, 1929.

March 6—P. M.

WLW, 9:45; KTAR, 9:50; KOA, 9:55.

March 7—P. M.

WENR, 9:33; KWKH, 9:40.

March 8—P. M.

WSB, 9:00; WJR, 9:23; WCCO, 9:30;  
WBAP, 9:46; KF XF, 9:58; WBBM,  
10:45.

March 10—P. M.

KDKA, 8:45; KRLD, 9:34.

March 14—P. M.

KSL, 7:37; KOB, 8:52; WTAM, 9:12;  
KMOX, 9:17.

March 15—P. M.

WGN, 7:44; KDYL, 8:16; KJR, 8:29;  
WLS, 9:18.

I have gotten other stations earlier in the season. These stations are for family enjoyment. The location is not very good. One of the Edison Electric plants is just one block away. On the opposite side of the street is a 60,000-volt line, and on the side next to us is a 2,300-volt line. The insulators on both lines are bad, because when it is foggy you can see the fire fly out of them.

Just two blocks away is the Santa Fe railroad station. The P. E. railroad is five blocks away, and there are about ten packing houses in the vicinity.

Respectfully yours,

C. W. SOUTHWORTH,  
1846 First Ave., Upland, Cal.

M. J. Carls, 1929 S. Los Angeles St., Los Angeles, manufacturer of the Golden Bear Speaker, has taken one-third more floor space and is now soliciting general millwork such as woodturning, bandsawing, jigsawing, shaping, detail moldings, grilles, cabinet work, etc.

The Plymouth Radio is being exceptionally well received in the Northwest and in the Mountain states as a great many orders have been coming in the last two weeks, according to Mr. Marshall Borden. The Plymouth Radio Corporation, 2825 North Main Street, Los Angeles, have just announced an exceptional discount arrangement for the dealers, which should greatly add to the desirability of merchandising this radio set.

The radio division of the Radio and Music Trades Association of Southern California will hold a breakfast meeting at the Commercial Club at 8 a. m., April the 17th. Mr. George Nicholson, the chairman of this group, has requested all dealers to attend.

The Master Radio Company, of 1682 West 35th Place, Los Angeles, has just announced their new dynamic clock type radio receiver. The new model employs a Magnavox dynamic speaker, uses six A. C. tubes, with a type 45 in the last audio stage. Four tuned stages give exceptional selectivity and sensitivity, and the dynamic speaker adds greatly in giving an almost perfect tone quality to this midget radio set. "We expect to be in large production within a few days, and will be able to supply the demand of the trade and the public," said Mr. Reed, manager of this company. "We expect to do a larger business during the balance of the spring and summer."

There has been a great deal of agitation on the part of some unthinking people against the installation and use of radio sets in automobiles. The automobile radio set is a coming thing in

the radio industry, and as it will be a great source of enjoyment to the fans and a source of profit to the dealers, let all of us who are in the radio trade keep a sharp eye out for any freak ordinances or laws being passed against this type of wholesome entertainment.

Mr. W. B. Knight of 741 South Kohler Street, Los Angeles, the Southern California representative for the Ohiohm Carbon Resistor, reports a great interest and demand for the new model M resistor for spark plugs, which is now being used in connection with installation of automobile radio sets.

The A-A-C Radio Service Co., of 8102 Beverly Blvd., Los Angeles, announces its appointment as authorized dealer for the new Howard. This company has the distinction of being the oldest radio dealer in the Beverly-Fairfax district, and Mr. Proebstel, the manager, reports a great deal of interest in the new Howard, stating "that residents of this district demand the best in radio, and that he has been able to demonstrate to his customers' satisfaction that the Howard is the superior set."

Mr. A. D. Strathy, director of the Cable Radio Tube Corporation of Brooklyn, New York, manufacturers of the popular Speed Tube, has just returned to New York, after a circuit trip of the United States, which he has been on since January. He reports that his company has formulated sales, merchandising and manufacturing policies for 1930 which they confidently expect will produce for them the biggest business year in their history.

Mr. Perry Demarest of the Radio Supply Company, 912 South Broadway, Los Angeles, has had exceptionally good results this season in the merchandising of Sylvania Radio Tubes, and expects 1930 to be the biggest replacement year that they have ever had.
