Be a Radio Technician

LEARN AT HOME IN SPARE TIME

Radio is a young, growing field with a future! It offers you many good-pay spare time and full time job opportunities. And you don't have to give up your present job, go away from home, or spend a lot of money to become a Radio Technician. I train you right at home in your spare time.

**Many Radio Technicians Make
\$30, \$40, \$50 a Week**

Radio broadcasting stations employ technicians as operators, maintenance men, etc., and pay well for trained men. Radio manufacturers employ testers, inspectors, servicemen in good-pay jobs with opportunities for advancement. Radio jobbers and dealers employ installation and servicemen. Many Radio Technicians open their own Radio sales and repair businesses and make \$30, \$40, \$50 a week. Others hold their regular job and make \$5 to \$10 a week fixing Radios in spare time. Automobile, police, aviation, commercial Radio, loud-speaker systems, electronic devices, are newer fields offering good opportunities to qualified men. Television promises to open many good jobs soon.

**Many Make \$5 to \$10 a Week Extra
in Spare Time While Learning**

The day you enroll I start sending Extra Money Job Sheets; start showing you how to do Radio repair jobs. Throughout your Course I send plans and directions that made good spare time money — \$5 to \$10 a week — for hundreds, while learning. I send you special Radio equipment to conduct experiments and build circuits. This 50-50 method of training — with printed texts and conducting experiments — makes learning at home interesting, fascinating, practical.

**You Get a Professional Servicing
Instrument**

You get the type of instrument successful Radio Technicians use—an All-Wave Set Servicing Instrument. It contains every-

thing necessary to measure A.C. and D.C. voltages and current; to check resistances, adjust and align any set, old or new. It satisfies your needs for professional servicing after you graduate — can help you make extra money fixing sets while training.

You Are Trained for Television

With N.R.I. you learn Television principles right along with Radio principles—the correct methods — since Television receivers combine both sight and sound. You also get more than ten text books devoted entirely to Television.

**Mail Coupon for Sample Lesson
and Free Book**

Act Today. Mail the coupon now for Sample Lesson (Radio Receiver Troubles; Their Cause and Remedy) and 64-page book. They're free. They point out Radio's spare time and full time opportunities and those coming in Television; show you letters from men I trained, telling what they are doing and earning. Read my Money Back Agreement. Find out what Radio offers YOU! MAIL COUPON in an envelope, or paste on a postcard — NOW!
