FREQUENCY MODULATION (FM) STATIONS

STATIONS NOW OPERATING

Nearly all FM stations are employing interim equipment pending completion of full construction, and in some instances operation may be interrupted due to equipment changes and construction. Nearly fifty of the stations listed were licensed before the war, and some of these stations are continuing to operate equipment in the old FM band on a temporary basis. Temporary frequency assignments are noted by asterisks. An FM program service is also being furnished by a developmental broadcast station in Cleveland, Ohio.
