THE FOLLOWING COLUMNS DIRECT CONTRIBUTIONS WERE NOT RECEIVED IN TIME:
NAM / LAN / AFRICA / QSLs / USSR

THE FOLLOWING COLUMNS ARE INCLUDED FROM LAST MONTHS BULLETIN:
AFRICA

Hf gang... well, a pretty small turn out this month. Some of that's due however to the lack of my receiving a bunch of lists from the editors. As you can see above, I'm missing lists from 5 editors! So, we'll include those next time.

We have only 1 new contributor this month, so let's roll the drums and sound the horns for...

JOE HOWELL.....CA

Welcome aboard Joe, hope you enjoy your stay with SPEEDX, and keep those logs coming!

You might say that, as far as new full members go, the "E's" have it this month! (You might say it, but I certainly won't - hi!) We would like to present to you, our 2 new full members for the month on June:

JOHN ECKERT.....PA

STEWART EHLI.....IA

Thanks for your support John and Stewart. We hope to see more from you in the future as well.

Not much else to report this month, so let's close out the Spotlights column for now.... Have a nice June (hope all you Fathers out there get *nice* Father's Day gifts - hint hint). Take care, and my best 73's to all of you...

John

EQUIPMENT

WANTED: Heath GR-78, portable of 1970's vintage. Need for components, so does not have to work. Write, describing condition and giving phone number, to: John Anywodi, 509 South Main Street, Lexington, Virginia 24450.

FOR SALE-- four radios, about to be orphans due to nine months of unemployment on the part of their soon-to-be - former-owner. Panasonic RF-B-300 AM-FM-SW/SSB/CW, four years old, meter light out, otherwise good condition including custom jacks for car voltage and car antenna jack, \$70; Panasonic RF-B20 AM-FM-LW, two years old, excellent cond, \$40; Sony AM Stereo/FM Stereo SRF-A-100, including external speaker jack, three years old, excl cond, \$35; Sangean SG-792 AM/FM/SW, some out-of-band channels, will not work well in high RF and/or intermodulation areas but otherwise in excl. cond., ext. power + earphone jacks, \$20. All prices firm and + U.P.S. and packing. Phone 816-931-5632 weekends anytime or business days 6:30-10:30 P.M. CDT. No collect calls!

ANARCON '88 REGISTRATION FORM

(or rough approximation thereof; can be photocopied if you don't want to cut up this issue of SPEEDX; or, use separate sheet of paper with the appropriate information given)

NAME (Please print) _____

AGE GROUP () Under 20 () 20-34 () 35-49 () 50-64 () 65+

ADDRESS _____

TELEPHONE _____ CLUB AFFILIATION _____

DATE AND APPROXIMATE TIME OF ARRIVAL _____
(Convention opens around noon on 13 July)

MODE OF TRAVEL () Car () Plane () Train () Bus
(Instructions for reaching the hotel will be mailed with your confirmation)

*
BANQUET: Will you or any family members be attending the banquet on Saturday evening? () Yes () No (Jacket and tie please)

Names of those attending (including yourself) _____

Please check one of the following meals () Beef () Chicken () Fish

If you require a special diet, please specify _____

HANDICAPPED ATTENDEES: If you will require assistance or special facilities, please specify _____

REGISTRATION: Convention fees: \$25.00 per person, \$40.00 family rate, or \$11.00 per person per day. Banquet fee: \$25.00 per person

Total amount enclosed: \$ _____

Checks or money orders payable to ANARC / ASWLC. Please mail to:
16182 Ballad Lane, Huntington Beach, CA 92649-2204

For hotel accommodations, please call the Holiday Inn (Orange County Airport), (714) 863-1999. (Rate schedule in the 4/88 DX Montage)

Bricktown, NJ 08723

JUNE 1988

Hi. This is the time of year when DXers go migrating in search of our own kind, rediscovering our traditional folkways and practicing our quaint customs. Yes, it's convention season. Here's a report from Dayton; more information about Irvine; and fast-breaking news about a new event in Virginia Beach!

MIKE SCHULSINGER REPORTS FROM DAYTON'S HAMFEST

Following the pattern that has made it famous, the 37th Dayton Hamvention was (if you'll pardon the expression) the greatest ever. With 3 days of near-perfect weather, the 1,800 outdoor flea-market booths and the 200 indoor vendors dealt with crowds exceeding 30,000. The hit of the show was ICOM's IC-781 transceiver, which includes features not yet available on semi-professional receivers like the NRD-525. One feature, a panoramic indicator, displays part of the band on either side of a chosen frequency; this permits the user to locate all signals received within this band segment, a handy tool for the serious DXer. And '781 owners will have to be pretty serious, because it costs around \$6,000!

Bob Grove announced that Grove Enterprises expects to release the SR-1000 later this year. It will cover 100 kHz to 1000 MHz, including a panoramic indicator, and will sell for something less than \$2,000.

Previous Hamventions included a popular Sunday morning DX forum sponsored by the Miami Valley DX Club. But this year's forum was conducted by ANARC, which also set up a booth to distribute DX-club material, including some SPEEDX magazines. Attendance this year was about 125 people, up by about 35 from 1987.

Guests included Bob Grove; Jonathan Marks; Bob Horvitz (ANARC president); Bob Brown, KW3F (control of the ANARC SWLers' Ham Net, UTC 1400 Sundays on 7240 LSB, ± QRM); Kim Andrew Elliott of VOA; and scanner expert Norm Schrein.

New and used receiver prices were, in my opinion, slightly up from last year. And 256K memory chips have tripled in price since then. With the dollar falling against the yen: If you have plans to buy a Japanese receiver, my advice is to do so as soon as possible.

ANARCON '88: FRIENDLY ADVICE AND TOURIST TIPS FROM CARL ALAIN LADD

For those who have never been to SoCal, a warning: Things are spread out here. Plan on spending one full day at each event; for example, it takes three days just to see all of Disneyland.

Bus fare is 80¢, exact change only. Children 6 and under are free. Just say that you're from out of town, and you'll be guided as much as possible by a very willing bus driver.

Cabs are expensive; almost \$4 just to get in, then 20¢ per $\frac{1}{4}$ mile. Don't tackle our freeways unless you know how to drive on them and also know exactly where you're going to! There are convenient transit companies that will make your visit very enjoyable.

Our beaches are very nice and clean, and accessible by many buses. If it's possible, I'd plan on spending some extra time before and after the convention. Visitors sometimes rush themselves so much that they have no time to even enjoy their stay. Even though it's July, bring warm clothing because it can get chilly at night.

For additional information, contact the Anaheim Chamber of Commerce, 100 South Anaheim Blvd., Anaheim, CA 92805, (714) 758-0222.

(Alain has arranged for the Orange County Transit District to supply 500 copies of their "Orange County Fun Book," listing hundreds of interesting places in the area and detailing the public transportation routes, to convention guests. The county is really going out of its way to be hospitable to guests, folks, so enjoy!)

It's 17-18 September in Virginia Beach, VA, featuring forums, conferences, and a new-and-used flea market. Guests will include Jonathan Marks, Bob Horvitz, and Dr. DX (I have attended one of the good Doctor's seminars, and, to this day, I smile about it...).

A \$20 registration fee (including a Saturday night banquet) will get you in. It's at the Virginia Beach Pavilion; while the organizers are not making any hotel arrangements, Tom McElvy (computer columnist for FRENEX, and a resident of nearby Norfolk) tells me that room rates become very reasonable by mid-September, and the weather is still very pleasant (I can vouch for that; it's still pretty warm around here at that time). So, you can put your local travel agent to work!

A special feature: The Air Force's Blue Angels will be giving a performance that weekend; and, I'll tell you, there's nothing like the Blue Angels!

For more information, you can send an SASE to the Old Dominion DX Association, Box 9645, Norfolk, VA 23505-0645, (804) 497-5151.

As it happens, your editor's birthday is the 19th, and Virginia Beach is a reasonable day's drive from here; so, if you plan on being in the area, this is your opportunity to consult with me (SPLAT!) on the fine and wonderful job (SQUISH!) I'm doing with this (ooh, lemon meringue, my favorite!) exciting column....

But seriously, folks: If you're not familiar with Virginia Beach, or any other area where you might be going, it helps to get the assistance of a travel agent. A lot of people don't know that agents' commissions are paid by the hotels, car rental agencies, airlines, tour operators, &c., and not by the traveler. A good, professional travel agency can save you money and take care of a lot of the drudgery associated with planning a trip; most of them have instant access to recent and future changes in room rates and airfares, and in a situation like this--where Virginia Beach and its myriad lodgings are just coming off of the peak tourist season, and the rates will be dropping almost daily--the research they can do should help you a lot.

(Yes, my parents are travel agents. I'm not. Some agencies are write-offs for wealthy investors; if you've had problems with one agency, find another. The majority are hard-working and knowledgeable professionals. This is not an advertisement; I just want to help you get around!)

*

BOOK REVIEW

FERRELL'S CONFIDENTIAL FREQUENCY LIST, 7th Edition; Geoff Halligey, ed. While I'm not an expert Utility DXer by any means, I have both the 6th and the (new) 7th editions of this venerable book around, and can make a few comparisons.

The 7th Edition is a thorough update, with changes and corrections on every page. CFL #6, unhappily, was a posthumous effort; although an able and well-respected team stepped in to complete the book after the untimely death of Perry Ferrell, I can't help but feel that a project like this is best handled by a single editor.

A notable improvement is in the introduction, which is more self-explanatory than previously, especially to novice Ute DXers. This edition also includes an alphabetical listing of callsigns--a new and helpful feature --and a number of maps (and I love maps).

The CFL covers Utility stations from 4 to 28 MHz. With reference to coastal weather stations I know of (I like weather reports, too), some knob-twirling, and cross-checking with recent SPEEDX "Utility Scene" columns, I couldn't find any mistakes or misinformation. Mr. Halligey did make the decision to omit certain tactical stations which only broadcast CW callsigns and cyphered messages and about which he had no other information. A mention of them, with a listing of "site unknown," may have been preferable (just so that a rookie DXer doesn't think he's suddenly stumbled over a brand-new Ute, eh); but the editor is obviously conscientious in giving out information which has been reliably confirmed, and, with this edition being considerably fatter than previous ones, considerations of space may have played a part.

The production is well-bound and very well organized. If you want a single-volume reference to the strange and misunderstood world of Utilities, I'd have no problem recommending this volume.

(Gilfer Associates, 52 Park Ave., Park Ridge, NJ 07656; \$19.95 + \$2 shipping within USA, \$4 elsewhere)

THE VATICAN PAYS FOR ITS STATION

Vatican Radio costs more than \$10 million a year to operate: A sizeable addition to its \$56.7 million deficit of last year. In an attempt to balance the books, they have introduced the "Radio Vaticana" compact disc label, which will be releasing new and archival recordings, including

such things as Papal concerts which haven't been available to the general public before. (National Catholic Observer, via Ruth Hesch)

THERE'S BERNT!

Bruce MacGibbon received a letter from Bernt Friedenwald, publisher of a number of DX-oriented publications, whose misadventures were reported here last month. The next "ILG" (International Listeners' Guide) will be available very shortly.

(Via DX SPREAD, 2295 N. E. Juniper Ave., Gresham, OR 97030: 12 issues for \$5 (payable to Bruce), which is cheaper than 12 cups of coffee and a lot more nutritious.)

While Mr. Friedenwald's decision to publish the ILG twice a year, rather than quarterly, was originally motivated by the printing and publishing troubles which have plagued him for months, there is some sense behind it, as well. As Ian MacFarland pointed out on a recent SWLD programme, the international broadcast stations are increasingly choosing to change their schedules only twice a year, dispensing with the brief alterations in March and September. Let's hope for all success with Mr. Friedenwald's valuable publications.

AFRICAN WAVELENGTHS

The news from Nigeria is not good. It is now illegal to use satellite monitoring equipment to receive foreign broadcasts; and the Nigerian government is looking to procure radios which would only be able to receive domestic signals. Investigations aimed at apprehending people who listen to foreign radio broadcasts are underway. (Africa News, via Al Quaglieri)

Yecch! I understand that North Korea has radios which can only pick up home stations--explaining, in part, Pyongyang's bizarre SW frequencies--but I was kinda hoping that this wouldn't become a trend. Nigeria's Minister of Information, Mr. Tony Momoh, describes this policy as one of wishing to promote favorable publicity for Nigeria. With all due respect, Minister, I don't think that this information is going to result in good PR for your nation....

There's a happier story in Gabon, where Africa No. 1, a privately owned station, may turn out to be a big African success story; already, it is Gabon's third largest consumer of electricity.

The station has yet to turn a profit (though it hopes to this year), and has been receiving subsidies from the Gabonese and French governments as it continues its program of capital investment (a fifth 500-kW transmitter is under construction). Still, it receives 3,000 letters a week, and its African audience has been estimated at 15,000,000. A listener wrote in from the Congo Republic: "I only listen to Afrique Nr. 1 and Radio France International. It is rare that I put on the Voice of the Congolese Revolution because it is too political."

Station manager John Mbouro agrees: "We have the power to be much more free in the way we treat the news. National radios are under much more constraint." Mr. Mbouro continues, "Radio is the inheritor of Africa's oral tradition; it is our ideal means of communication. The written press is not distributed very much here."

The pressures on Africa No. 1 seem to be primarily cultural. The "International Hit Parade" programme is heavily weighted towards Black American artists; as one DJ put it, "That's what young people like to hear. Some French guy singing 'Je t'aime, je t'aime' doesn't do much for me." The station did take some steps towards including more English programming; but France's Secretary of State for la francophonie visited Gabon late last year and wasn't especially pleased about that trend. Realizing what French support meant to them, Africa No. 1 dropped their English programming in January. (New York Times, based on an article by James Brooke; thanks to William Flynn and Don Thornton)

VOA PASSES A TEST

The Office of Management and Budget (OMB) approved the VOA's modernization program after a long dispute. The charges of mismanagement (see DXM, 1/88) have dissipated somewhat, as the USIA (VOA's parent agency) was able to justify much of its controversial (and seemingly eternal) modernizing tactics. It seems that the new Master Control (which directs VOA programmes to the appropriate relay sites worldwide) was even better than the one originally contracted for, and the new board's capabilities justified the delay in installing it.

The OMB also agreed to let the VOA go ahead with two MW relays in Belize and Grenada; there was a lot of dissatisfaction over the agency's slow pace in increasing its SW coverage, but it was able to convince the OMB that they could finish the Caribbean projects for less money than the new SW relay sites in Morocco and Thailand would cost, perhaps turning to the latter when budgetary constraints are less severe. (Federal

Computer Week; thanks to Peter Card] So, when are budgetary constraints going to become less severe? Or is that a rude question?

Smith-Mundt lives! California SPEEDXer James Kline's request for a VOA-African Service calendar was turned down because of this law. Our civil liberties remain all the safer for this, I guess, somehow....

MORE PUBLICATIONS

The Tiare catalogue continues to grow. You can request their "Great Radio Reads" from Box 493, Lake Geneva, WI 53147. They've got some things listed here which I didn't know about; the selection ranges from general discussions of SWLing to some fairly advanced technical tracts, so you might want to take a look.

I'm gonna put in another plug for the bi-monthly ANARC Newsletter. At \$7.50 (US\$10 outside this country), it's a bargain; and it contains Harold Sellers's Marketplace Report (new equipment announcements); Club-Scan (an update on the activities of the 21--at last count--DX clubs in ANARC's umbrella); Bob Horvitz's activities on protecting the rights and interests of DXers and radio listeners; and all sorts of neat stuff. It's a lively read, and, after a lot of problems, has been back on a reliable and timely printing schedule this year. (ANARC Publications, Box 462, Northfield, MN 55057)

Friends, I need a couple of book reviewers. I don't get a lot of sample copies of new publications here at Montageworld; but one comes in every now and then, and there is a lot about radio (here comes a breathtaking understatement) that I'm not qualified to discuss. If you are qualified to review technically-oriented or specialist books, we especially need you. (SPEEDX policy about complimentary copies: If something comes in with a note suggesting "special considerations" (more goodies, &tc) in exchange for a favorable review, the SPEEDX staffer who received it will return it to the source. This hasn't happened to me at any time, and I sure hope it doesn't; I like to think that people respect our integrity.) I wish I was more qualified to share technical discussions with you in this column, but I'm not, and I try to know my limits. Let's hear from another English major now!

CONFESSIONS OF A "GUERRILLA SWL'er," by Jake Halverstadt

How'd I get into world radio? Via my granny in Florida, believe it or not. She had a battery-operated portable six-band for tracking hurricanes and listening to police calls. I discovered that you could listen to other countries! One New Year's Eve, I heard a show from some station I thought was called "8CJB," another time some music from Kuwait! I was hooked.

In 1981, I suddenly had an extra \$500 from...well, betting college football games. Make fun of my hobbies, willya? I bought a DX-100 for \$79.99 or something. Maybe I'll get a better radio one day, and maybe I won't.

You may not be familiar with the DX-100, and that's probably for the best. It has a lousy tuner--I guess you'd call it analog--so, unless a station mentions its frequency, I can only guess where I am on the dial. Even in ideal situations I'd be lost; if I want to check the time on WWV at 10000 kHz, I set the dial for about 9550.

My mother-in-law bought me a longwire set at Radio Shack. I eyed that spool of copper wire and briefly considered using the thing as a garotte on her. But, she'd done this nice thing for me, so I strung it up. And things come in. I've gotten QSL cards from about 40 countries, and never bothered with the easy ones. My prize catch is the NBC from Papua New Guinea; found them up in the 31-metre band one night when Havana abruptly went off the air.

So, I'm a poor cousin to probably every SPEEDXer, but I'm not sure that's bad. Every trip to Radioland is an adventure for me; I'm able to get excited about a lot of things a lot of DXers probably take for granted.... The biographical data: I'm 35, married, no kids; I work and go to school (graduate creative writing program at Colorado State), and am trying to write a novel. I was a newspaper reporter until I decided I'd rather be unemployed than working for the morning daily in Cheyenne. If I'm home in the afternoon, I never miss "The Sound of Soul" on VOA's African Service. Host Georges Collinet can be very funny, and the letters he gets from listeners are sometimes even better. Imagine, a guy from Nigeria wrote to say that he liked to horizontal dance while listening to the program. I like reggae music, and Collinet plays a lot. On the downside, he plays a lot of Michael Jackson and Whitney Houston and other things I can live without. I used to go straight from "SoS" to Africa No. 1 for their "Kilimanjaro" program, but it seems that this is no more. What was once a nice block of music--Al Quaglieri called it "so hokey it's almost surreal," and he's

right to a degree--is now a mystery theatre. Good for them, putting more writers to work!

And I'd like to cast a vote for "Moscow Mailbag," at least when Joe Adamov is on the show. So much of what I hear is cloying pap; I enjoy hearing Adamov tell writers of stupid questions that they're...stupid. And I miss the stridency that Radio Havana Cuba has lost.

Thanks, Jake! I gotta buy your novel when it gets published... Friends, this long essay had to be edited somewhat, as it stayed in my files for an unconscionably long time, and some of the more topical references to VOA's "African Panorama," etc., had lost their timeliness. This won't happen again, and I welcome essays from any and all of you. Be yourself!

NO RADIOS ALLOWED

Syndicated columnist Bob Greene was warned about listening to his Walkman while on an airplane. An FAA spokesperson (Don't you love modern English? Does a spokesperson fix bicycle wheels or something?) told him that radios can generate their own signals, potentially interfering with the airplane's navigation and communication systems. This is a shame. Late last year, I heard South African SPEEDXER Graham Bell on Radio RSA's DX programme talking about how he'd been able to hear a myriad of American FM stations while flying cross-country here. And Scott Shannon of New York's successful WHTZ ("Z-100") has done a lot of FM DXing on various flights, primarily looking for new talent. "On an audition tape," says Scott, "A person might be trying too hard. If you're flying over that person's radio station, though, you're hearing what (he or she) is really like on the air." It's a great idea, guys; but I guess we don't do it any more. (Thanks to James Kline for the article).

DON'T BLAME JOHN TRAUTSCHOLD FOR THIS COLUMN

In case you missed it, John's "SPEEDX Spotlights" (pp. 2-3) is the new home for our equipment bazaar. If you're in the market to buy or sell radio-related stuff, he's the man to send your ads to. John also keeps track of our contributors, rings up the credits for full membership, &c., and does a fine job at that, as far as our editors will let him. And, friends, your "Montage" editor has not been keeping up his end of the bargain! Yes, all contributors to this column get credit, whether or not I am able to use what you sent, and I do keep track of everybody; but when it comes to getting this information off to John, I've been a woeful slob. We should be caught up next month. I apologize to any and all whose help to this column, and to SPEEDX, has not been acknowledged because of these delays on my part.

RENEW NOW! BEFORE WE TAKE ALL YOUR MONEY!

Yes, SPEEDX has to raise membership rates as of July 1st. You can renew before then at the current rates.

Nobody likes to have to do this, especially not our staff (we were getting the magazine for free before this!); but it's necessary. Our postal costs--especially to our overseas friends--have soared; and paper isn't getting any cheaper (my friends at CIDX have just been nailed with a 100% increase in the cost of the paper on which their bulletin, the Messenger, is printed; it isn't that bad here--not yet--but it's a palpable cost).

Anyway, here are the membership/subscription rates which will be in effect as of 1 July:

USA-Canada-Mexico, \$20.00; Surface mail worldwide, \$20.00; Airmail to Central America and the Caribbean, \$26.00; Airmail to South America and Europe, \$30.00; Airmail to Africa, the USSR, Asia, and Oceania, \$34.00.

Don't forget our new address for business, renewals, changes of address:
SPEEDX, Box 196, DuBois, PA 15801-0196

In the meantime, we at SPEEDX are doing what we can to save money and to improve the production and delivery of the magazine. Your SPEEDX staff, directors, and writers are all volunteers, motivated by our appreciation and love for this amazing, unique DX-club.

SPEEDX is a wonderful bunch of people. And the magazine is yours. Whether it is DX-tips to our editors; news and essays to this column; or opinions, advice, and complaints to our Board of Directors: We all want to hear it. Yes, the magazine is yours. Help make it what you want, it to be.

73's and happy trails, Eddie

PROGRAM PANORAMA

woody seymour, jr.

p.o. box 848

sanford, nc 27330

JUNE 1988...After a rainy May, here's hoping for some nice June weather-as well as good summer listening. Here's some info to help you keep cool:

ALASKA...KNLS broadcasts in English 0800-0900 UTC on 11860, 1500-1700 UTC on 9750 and 1800-1900 UTC on 11700 kHz. Programs broadcast include AMERICAN MAGAZINE 0800 & 1600 Mon Wed Fri and 1500 & 1800 Mon-Sat; COUNTRY MUSIC 0800 & 1600 Tue Thu Sat Sun; FAITH FOR TODAY 1500 & 1800 Sun; WORLD RADIO BROADCAST 0815 & 1615 Mon; SOUND WORDS 0815 & 1615 Tue; LET'S TALK 0815 & 1615 Wed-Sun; BIBLE READING 1515 & 1815 Daily; JAZZ "E" 0830 & 1630 Mon Thu; ALL THAT JAZZ 0830 & 1630 Tue Fri; CLASSICAL MUSIC 0830 & 1630 Wed; AMERICAN MUSIC SPOTLIGHT 0830 & 1630 Sat Sun; SWINGIN' YEARS 1530 & 1830 Daily. (James Kline, CA)

EGYPT...Radio Cairo broadcasts to Europe daily 2115-2245 UTC on 9900 kHz. Programs include: 2115 NEWS HEADLINES, ORIENTAL MUSIC, LIGHT NEWS; 2130 NEWS; 2215 NEWS IN BRIEF; 2241 NEWS HEADLINES, CLOSING MUSIC. Weekly programs are: Mon 2125 A LETTER FROM EGYPT 2140 EGYPT-EUROPE--A WEEKLY REPORT 2145 ARABIC SONG 2150 YOU ASK-WE ANSWER 2200 UNDER THE SPELL OF EGYPT 2220 TOURISM IN EGYPT 2230 ALBUM REVIEW; Tue 2125 HERE AND THERE 2140 SPOTLIGHT ON THE MIDDLE EAST 2150 ARABIC SONG 2155 WOMEN FROM EGYPT 2205 ISLAM AND MUSLIMS IN WESTERN WRITINGS 2220 RECEPTION REPORTS 2225 EGYPTIAN SINGERS; Wed 2125 EGYPTIAN PRODUCTS 2140 COMMENTARY 2145 ARABIC SONG 2150 CAIRO MAGAZINE 2220 MIC VISIT 2230 MUSIC AROUND THE WORLD; Thu 2125 PERSONALITY OF THE WEEK 2140 EGYPT'S FOREIGN POLICY 2150 ARABIC SONG 2155 MEETING IN CAIRO 2205 CULTURAL LIFE 2220 THE PROPHET'S TRADITION 2230 ARAB MUSIC GROUPS; Fri 2125 EGYPT FROM A TO Z 2140 COMMENTARY 2145 ARABIC SONG 2150 LISTENERS MAIL 2205 LETTERS FROM ANCIENT EGYPT 2220 SCIENCE IN EGYPT 2230 THE HOLY KORAN AND ITS MEANING; Sat 2125 QUIZ TIME(Part 1) 2140 PRESS REVIEW 2150 ARABIC SONG 2155 STAMP COLLECTORS CLUB 2210 CAIRO CHRONICLE 2220 QUIZ TIME(Part 2) 2225 EGYPTIAN HITS; Sun 2125 SUNDAY TALK 2140 EGYPT AND WORLD EVENTS 2145 ARABIC SONG 2150 LISTENERS MAIL 2205 ANCIENT EGYPTIAN ARCHITECTURE 2220 THE MESSAGE OF ISLAM 2230 ORIENTAL MELODIES. (Betsy Robinson, TN)

FINLAND...Radio Finland broadcasts in English daily. Programs include Mon ENTERPRISE FINLAND Tue AIRMAIL Wed SPORTS AND LEISURE Thu ARTS REVIEW Fri PERSPECTIVES Sat COMPASS North Sun FOCUS or NOTEBOOK and WALKABOUT. VOICES OF FINLAND, a popular music series, can be heard on Mon as well. If you haven't heard this program, you are in for a treat. Radio Finland broadcasts in English to North America daily at 0230-0255 UTC on 9635 and 11755. They also have a Mon-Fri 1100 UTC and Mon-Sat 1200 and 1300 UTC 25-minute broadcasts, & on Sun a 1300-1400 UTC broadcast is heard, all on 11945 and 15400 kHz. Of course, NORTHERN REPORT is heard at the start of the transmissions, making Radio Finland an interesting station to listen to. (Ruth Hesch, NY)

NETHERLANDS...Radio Netherlands sends along a copy of the 10th edition of the "Receiver Shopping List". The list would be useful to help you select the best receiver for your hours of listening. Write to RN at P.O. Box 222, 1200 JG Hilversum, The Netherlands for your copy.

SWITZERLAND...SRI's latest English schedule shows one change. On Sun THE GRAPEVINE is heard on the 1st and 3rd weeks, while SUPPLEMENT is on the 2nd week and ROUNDABOUT SWITZERLAND is heard on the 4th week of each month. DATELINE Mon-Sat and the "2 Bobs" on Sat remain unchanged.

UNITED KINGDOM...BBC World Service has changed THE MERCHANT NAVY PROGRAM to SEVEN SEAS. Tune in Thu 2315, Fri 0745 and 1015 UTC...200 YEARS OF MUSIC IN AUSTRALIA can be heard Mon 1715, Tue 0030, 0830 UTC. (MUSIC OF THE ROYAL COURTS can be heard in the "AUSTRALIA" time slots for a couple of weeks when you read this. Both series are something special)... (London Calling, 6/88) See you next month!

Computer Users : The NACC BBS's phone number is: ☎(717) 961-7687 now available 24 hours a day. The board now works at the following data speeds: 300, 1200, and 2400 baud. You can use the board to send loggings and receive the latest DX tips and other SWL stuff. There's a special SPEEDX conference for SPEEDX members.

Enjoy the summer, watch some baseball, play some golf, and put up some antenna wire! Remember to send the loggings to me by the twelfth of the month or our CDE:

David Jones, 2120 -C Mockingbird Lane, Box 8, Springfield, TN 37172

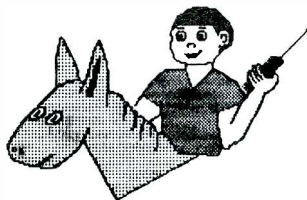

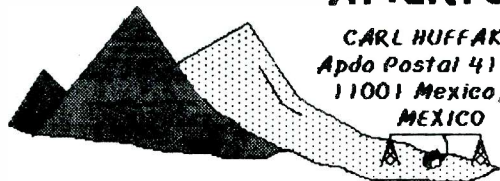

by the fifth of the month.

Bye for now, *T.J.S.*

LATIN AMERICA

CARL HUFFAKER
Apdo Postal 41-507
11001 Mexico, DF
MEXICO

FREQUENCIES in Kilohertz

DEADLINE: 12th

TIMES/DATES in UTC

Back in May, 1966, Hank Bennett writing in "Popular Electronics" featured Mexico's new mystery station Radio Huayacocoatla that had appeared suddenly on 2390 kHz. Three Newark News Radio Club members concentrated on the station and were able to determine that it was indeed "Radio Huayacocoatla", XEJNOP, tied in with the Sistema Educativo Radiofonica de Mexico, probably operating from a village of the same name, and that reception reports were returned because the Mexican Postal Service could not locate the station.

When I first visited the station in 1979, they were using the call XEJN-OC, the OC for onda corta, Huayacocoatla had a mail service, and the station address was direction conocido. Takayuki Inoue (Japan) and Christian Zettl (Austria) visited the station in 1985. There is an excellent profile in Radio Nuevo Mundo's LA-DXing by Takayuki. At that time, the station had applied for a MW frequency and planned to leave 120 meters. This was eventually refused and the station remains on 2390. Administration of the station is by the Universidad Iberoamericana, probably nominal as no one at the station has ever referred to this and only WRTH has the relationship listed.

There is considerable confusion as to the exact history of the station. They did start operating from Huayacocoatla, Veracruz in 1966. The call given in Hank Bennett's report was probably an error due to the closely sounding Spanish P and C. Takayuki states that the name, Radio Huayacocoatla came into use with the change in a governing body in 1973, but the 1966 report refutes this.

Now for some speculation, in the past, I understand that they have made considerable effort to correct this, WRTH has operated on the policy that old information is better than no information, and in the case of Latin-American officials who feel that internal administrative information is not public property outside the country, the information becomes quite dated. As late as 1971, WRTH listed two educational stations operating from Sisoguichi, Chihuahua. One, XESE on 2380 kHz, was under the Secretariat of Educacion, and the other, XEUMT on 5960 kHz, was under the Universidad Iberoamericana. Remembering those years in Mexico when the paperwork lagged far behind the project, it's possible that these two stations were combined in 1966 to form Radio Huayacocoatla. Does anyone have an old QSL from either of the Sisoguichi stations?

Today, Huayacocoatla remains a quiet valley, rich in agriculture, forests, and minerals, far from the economic chaos of the Capital and the rest of the Republic. It's a pleasant place, and if you can withstand the winding mountain roads and suicidal bus drivers, well worth visiting. The station closes mid-day for a long lunch hour, but the excellent local food and rich Veracruz coffee make the wait worthwhile.

For those visiting by radio, their mail address is:

Radio Huayacocoatla
Apartado Postal 13
92600 Huayacocoatla, Veracruz
Mexico

It's June, not the best month for DX with the summer static building towards its maximum, but with a little patience and persistence, you can always find those few nights when you copy a new one through the QRN. June, too, starts vacations for many. Those who wander down Mexico way are always welcome here at the shack. The address is Paseo de la Reforma 1020, Lomas de Chapultepec, and the phone number 520-1392.

By the time this comes out, the Marigalante Santa Maria will have arrived in Japan. They left Acapulco on April 30th. Vital intends to return via the southern route, the trade winds make this imperative. He intends to stop by Galapagos, and of course Guayaquil from where he started his three Pacific raft voyages and his trip that retraced the first exploration of the Amazon. I'd guess he won't miss the Australian bicentennial nor a chance to retrace the route of the Manila Galleon. Look for XF2MEX on 20 when propagation to the Pacific's open, the frequency around 14120 kHz. If you log them, send the SWL reports to me for forwarding. It'll be four years yet before that little ship that my daughters describe as a "walnut shell" retraces Columbus' route 500 years later.

Now the logs. The time is UTC and the frequencies in kHz. Unless indicated otherwise, the language is Spanish, and for Brasil Portugese. I'll do the direct mail reports first as the CDE material for this month hasn't arrived as yet.

BRASIL

- 4815 09:01 R Nac de Tabatinga early mornin, ballads with DJ constantly breaking in, offhand ID at 09:04 (333 4/5 Huffaker-MX)
- 4875 02:03 R Nac, Boa Vista ID "R Nac de Boa Vista ... Radiobras ..." then MX (433 3/21 Bishop-NY)
- 4880 09:21 Rdif Acreana sad ballads, ad block at 09:24 with Rio Branco locations, ID with freqs 09:30 "Radiodifusora Acreana" (333 4/5 Huffaker-MX)
- 4885 02:10 R Clube do Para comedy skit, ID, and into ads (433 3/21 Bishop-NY)
- 4895 02:16 R Baré OM with LA Mx (322 3/21 Bishop-NY ID ??? ch.)
- 4905 02:24 R Relógio Federal YL Tx then into Beatles Mx (322 3/21 Bishop-NY) (I'm afraid that all of us reach a point when we're running across the band during an opening of logging stations without hearing an ID simply because we've ID'd the station before and recognize it. The Speedx formula says that the station name will be followed by a (t) for tentative in those cases. For myself, I'd rather see an (n) for noted when you're familiar with the station and a (t) for tentative used when it's a relatively new station to you and weren't able to copy enough of an ID to be 100% sure. ch.)
- 4965 07:24 R Poti Accordion Mx, anmts of Poti & Natal (444 3/5 Ross-ONT)
- 6090 07:51 R Bandeirantes sad accordion ballads non-stop to promog and "R Bandeirantes" musical ID on the hour. (343 4/5 Huffaker-MX)
- 9695 09:00 R Rio Mar ID, station jingle, bouncy Mx (344 4/20 Howell-CA)
- 11745 02:00 Radiobras (EE) Sports news, Brazopops Mx (333 3/28 Stanley-AZ)
- 11785 23:38 R Guaiba promos for Px on "R Guaiba de Porto Alegre" in pre-football match Px (333 3/16 Westenhaver-PQ)
- 11925 23:31 R Bandeirantes Nx, promog, "R Bandeirantes" ID, ads, jingle ID & TC's "..... en Sao Paulo". (333 3/16 Westenhaver-PQ)

Not many Brasilians this time, but with June solstice the morning greyline reaches its most favorable orientation with the US and June should be a good month. The sun numbers are having their effect also, and the higher frequency bands are open for slightly longer periods each day.

I'm not sure how the space will come out, I'm waiting for the postman, so I'll skip ahead and get the DX logs in first.

FALKLAND ISLANDS

- 3958 09:26 FIBS (EE) continous EE pop Mx for 9 numbers, no TX until 09:59, OM with FIBS ID, fads at 10:02 (333 3/13 Ross-ONT)

ECUADOR

- 3240 11:09 R Antena Libre Rel YL Tx with rel Mx fading, but clear "Radio Antena Libre" ID at 11:30 just before they faded completely (343 4/1 Huffaker)
- 3270 *10:32 Ecos del Oriente signing on with full ID. Completely covered by a CW UTE, but good copy for parts of words and phrases through the UTE during its off-the-air moments. (3/29 Huffaker-MX)
- 3280 *09:55 L V del Napo OC to group vocals, flute tune to LC:02 s/on ID and anmts, personal anmts to 10:27 prayer (252 12/7 D'Angelo-PA) (Wow! until I saw the date, I didn't realize that this had been stuck in the bottom of the file. But as it's so close to what I've been hearing recently, I'll leave it as a good description of the s/on routine. ch.)

ECUADOR (CONT)

- 3395 10:06 R Zaracay organ Mx (545 4/8 Robinson-TN)(03:23 3/25 Richmond-MD)
- 4680 05:09 R Nacional Espejo LA pop Mx, ID, off mid-song (453 4/15 Howell-CA)
(Werthenhaver-PQ)(Bishop-NY)
- 4795 01:14 L V de los Caras YL with "L V de los Caras" ID, LA pop Mx, personal
annts (433 3/21 Bishop-NY)
- 4820 *08:58 Rdif Paz y Bien s/on ID, orchestral NA, ito long talks with local
instrumental selections (252 12/5 D'Angelo-PA) (And another one
that was stuck in the file. But it was the same Px that I tuned
across last Tuesday, so it stands. ch.)
- 4840 00:50 R Interoceánica math lesson and slow Spanish lesson, both in mixed
language, 2 ID's both definately "R Interoccean" rather than the
listed "R Interoceánica" (343 4/5 Huffaker-MX)
- 4890 01:41 R Centinela del Sur interview about a "fiesta" the next day, ID's
in promos on the quarter hour. (343 4/5 Huffaker-MX)
- 4920 02:26 R Quito Adc, into LA Mx (433 3/21 Bishop-NY)(R Gran Colombia,
4910 kHz is still occasionally on the air with R Quito sports
broadcasts and R Quito ID's. ch.)
- 5016 10:05 Escuelas Radiofónicas Populares ID, Ecuadorian Mx (443 4/6 Jones-MS)
(At times they ID "Radio Riobamba", either a Px or MW ID. ch.)
- 5040 01:47 L V del Uvaco Tx about sports, ID at 02:12, Nx (333 4.28 Ehly-IA)
- 5050 09:35 R Jesus del Gran Poder ID "Emisora R. Jesus del Gran Poder", Buenas
Dias (423 4/20 Howell-CA)(Jones-MS) (Joe, there's a little
confusion here. They call themselves "Radiodifusora Jesus del Gran
Poder", but in their sign on announcement the phrase goes "... esta
emisora, Radiodifusora Jesus del Gran Poder" so "emisora" was not
actually part of the ID or name. ch.)
- 5060 10:45 R Nacional Progreso non-stop Ecuadorian Mx till ad block and ID's
on the hour. The announcers tend to use "Radio Nacional" or simply
"Progreso" when they identify the station. (333 4/5 Huffaker-MX)
- 4820 02:56 R Popular de Cuenca ID as "Radio Popular" then ito Mx (433 4/15
Howell-CA) (sorry this was out of order. ch.)

PERU

- 3230 10:03 UNID probably "El Sol de Los Andes" as TC's ended "... en Julica",
but there's another Peruvian been reported here and I remember rather
formal El Sol de Los Andes ID's in previous years. OA Mx with lots
of dedications, saludos, personal messages, etc. (242 4/5 Huffaker-MX)
- 3330 11:00 Ondas del Huallaga ID through CHU, OA Mx (323 3/23 Huffaker-MX)
(This should be best mornings in late June when the sun hits CHU
earlier and Peru later. ch.)
- 3339 *10:01 R Altura OA NA, ID & s/on annts, adc, cows mooing, OA Mx to ads and
cows mooing before ID at 10:30 (12/18 D'Angelo-PA)(This was another
stuck in the bottom of the file, but I used it to show a change in
the station's s/on format. My 3/23 notes read: *10:55, OA NA, s/on
"Radio Altura" ID and annts with Indian drum Mx, into OA Mx.
Remember that much of Latin America is in economic chaos. This
results in constantly changing personnel and ideas for many small
stations as they fight desperately for audience by personalizing
their format to their town, the saludos; to the surrounding farms,
the cows, roosters, etc.; and to the Indian villages, the indigenous
music. Especially at s/on, watch the Px format. That it has
changed, or that it remains constant could well be the most important
part of your report. ch.)
- 4705 10:01 R Imperio NA, "El Condor Pasa" Mx, Tx by OM with mention of "Radio
Imperio" twice, usual UTE absent (242 4/22 Jones-MS)
- 4775 03:00 R Tarma OM/YL SS Tx, Mx interludes, EE ID at 03:05 "Radio Tarma,
4775 shortwave" (333 3/08 Ross-ONT)
- 4810 09:38 R San Martin OA Mx, ancnt of carnival, ID (343 3/29 Huffaker-MX)
- 4825 10:30 L V de la Selva accordion Mx, LA vocals, ID as "Radio Popular"
(444 3/28 Robinson-TN)(Betsy, I believe that that the "Radio Popular"
was not an ID, but a classification of the station. A recent QSL
from them describes their station as "una emisora de educación
popular", evidently a category of license in Peru. Their PO address
remains Apartado 207, Iquitos, but their street seems to have changed
its name and they are now located at Abtao 255. ch.)
- 4885 04:58 R Huancavelica OA Mx, "R Huancavelica" ID at 05:00 followed by an
OA song about Huancavelica, possibly a theme (333 4/5 Huffaker-MX)
- 4911 09:56 R Tawantinsuyo many ID's, TC's, OA Mx and vocals (353 4/4 Jones-MS)
- 4966 10:31 R San Miguel huaynos, annts of Cuzco, ID "R San Miguel" (333 3/13
Ross-ONT)
- 4935 10:30 R Tropical ID, TC's, Banco de Credito ad, OA Mx (344 3/30 Lucas-CO)
(and another one out of order. ch.)

PERU (CONT)

- 4970 06:22 R Imagen usual Saturday night Px of OA Mx, largely non-stop with rare dedications, TC's and ID's (343 3/37 Huffaker-MX)
- 5030 10:11 R Los Andes huaynos, many annts of Huamachuco, ID "Radio Los Andes", very rustic "musica folklorica" (444 3/13 Ross-ONT)

Which brings me to the end of Peru. I've only the rest of this page left. I know that I talk too much, but the only thing to do now is to select the rest of the material by what seems the most unusual.

COLOMBIA

- 4945 06:10 Caracol, Nieva Mx, Nx (333 3/27 Richmond-MD) (If the news breaks anywhere in South or Central America, don't forget to check first with Caracol. They're on this frequency almost all of every night. They have extensive international audio coverage. And they're always the best place to orient yourself before trying to tune the more local stations. ch.)

COSTA RICA

- 7375 02:04 R For Peace, International "Peace Forum", interview with ecological activist and author Joanna Thompson, ID, "Earth Watch" with Payton Smith (433 4/22 Kline, was in Washington, DC)(Ehly-IA)(Brown-IL) Hoshor-OH)(Westenhaver-PQ)(most of the programming in EE. ch.)
- 9725 13:11 AWR (EE) "Family Forum, choir Mx, ID with address (444 3/02 Ross-ONT)

GUATEMALA

- 4845 11:16 R Kek'chi rel Mx, TC & ID in SS (444 4/9 Jones-MS) (The Indian language used here is Kek'chi, and the name that Jack used was probably an early name for the station although I've noted their Spanish ID's as "La Voz Evangelica, Las Casas". Even in the local language, the religious terms and all of the lyrics to the music are Spanish. The station is essentially a one-man show, and the aner. familiar with the people he broadcasts to. The result, and it's often my failing here, is an indiscriminate mixture of language in expressing a difficult concept. ch.)

HONDURAS

- 4910 02:08 L V de la Mosquitia (EE) "Bread of Life Victory Hour, ID, and address. (353 3/7 Lucas-CO) (At times, they've been IDing "La Voz Evangelica de la Mosquitia". I've wondered, but have never come to a conclusion, if this sudden increase in the use of "L V Evangelica" in Central America represents an organizational tie-up, or a least an informal working agreement between the evangelistic groups in the area. Does anyone have any information? ch.)

NICARAGUA

- 6100 06:00 L V de Nicaragua (EE) Nx, Tx of Radio Impacto (544 3/4 Lucas-CO)
- 6200 01:32* Radio Sandino s/off with short NA and Sandanista plug (343 4/19 Howell-CA) (Nicaragua continues to broadcast local and international programs under different station names. If you can catch a news broadcast from each on the same day, the editorial differences give an interesting insight into local conditions. ch.)

Which brings us to the end of a column that should have been much longer, contained many more reports, and less rambling by "ye Ed". As you noticed in the May issue we've been temporarily forced to reduce the number of pages in the bulletin. All writers, we call them "editors" are tempermental, those that don't start that way soon become so, and it seems that each envisions more pages to fill each month. And it seems that most SPEEDXers become more active and prolific as time passes, so the number of reports and the importance of each report constantly increases. My mother never told me this before I ran for the BOD, but those jobs require the wisdom of Solomon. I don't have it, and it's only your opinions that will show us how to make SPEEDX the club that you want it to be and the bulletin what you want it to be. So don't just send reports next month. Scribble a note, in blood if you feel that way, and let me know what you want. How else can your "elected representatives" represent you?

Have a good summer, and when you find time to listen, don't forget to send a report.

Mail Monthly Contributions to

EDITOR: Jason Berri, 21240 South Western Avenue, #18, Torrance, CA 90501 U.S.A.

Thanks to publisher Eddie Janusz giving up a page of DX Montage, we have our second page back (yea). I have less than half the number of logs I had last month, so I will have more room for details. I might even have room for some additional information at the end, hi.

 via QSL per Bill -ed)

Loggings received for 6000 are via Havana Cuba and for 7115 are via
 Plovdiv Bulgaria. Please send these loggings to the appropriate editors.

Seeing as I have half a page left (wow), I present a bar graph of
 loggings submitted to this column from January to June 1988. As you can
 see, during the winter/spring, RM leans heavily towards the 41 meter
 band, which is unfortunate due the interference in N. America from AROs.
 As the summer progresses, we should see a shift to higher frequencies by
 RM.

I hope you found the above information interesting. Good luck to new
 SPEEDX editors Bill Westenhaver and Paul Lannuier with their respective
 columns. Not much left to say for this month except to say 73 and CU all
 next month!

-Jason

ASIA-OCEANIA

EDITOR:

BOB THUNBERG
409 Burt Street
DuBois, PA 15801

NEW EDITOR: Wm. Westenhaber
3525 Aylmer St, Apt 610
Montreal, Quebec
CANADA H2X 2C1

This being my last A/O column, I thought I'd inject a little nostalgia by using the old masthead; take it as a symbol of me sailing off into the sunset as your editor.

Due to the fact that I'm limited to 4 pages, I will list all countries in just one section instead of dividing them up between Asia & Oceania. Also, most frequencies included in the May 88 column will not be listed here.

The loggings attributed to Joerg Klingenfuss were made during his DXpedition to Malaysia, Sarawak and Singapore.

#####

Well, this is it, my final A/O installment; I can't say farewell without first thanking all SPEEDX members who have supported me throughout my 4½ yr tenure as editor. Many thanks to all who have written with comments and criticisms (very few of these). I may not have responded to all correspondence over the years, but believe me, it was all greatly appreciated. I may have set a record for all SW column editors over the years, as not once did I complain about contributors not cutting their loggings into strips-Hi!

I hope that everyone will give Bill Westenhaver, your new editor, the same wonderful response that I have received. I'm positive that Bill will be an excellent editor and carry on the SPEEDX tradition of recruiting great staff members. Please send all loggings to Bill at 3525 Aylmer St, Apt 610, Montreal, Quebec, CANADA H2X 2C1. I hope to hear from all SPEEDX members at least once a year-when your subscription is up for renewal!

73s, All the Best & Good Listening!

Bob

CLANDESTINES & PIRATES

- R Truth: 5015 p/d personal ltr in 75 ds after f-up for an irc; sent to UK address. (Van Horn-FL). p/d ltr w/ f/d pfc in 157 ds after 2nd f-up for ms. V/S J. Brown. (George-MA).
- Voice of Free Long Island: 7415 f/d ltr in 10 ds for ms V/S "The General". (Pogue-TN).
- R Iran: 9035 p/d form ltr in 37 ds for \$1. (Kusalik-AB). 9400 p/d form ltr in 67 ds. (D'Angelo-PA).

Wow! I've actually got a little extra room this month! I don't have much time to chat though- I've got a load of fish to clean, and on top of it all, I mashed my finger a work today so this was quite a chore to type!!
73 & best to all

Radio Jordan
P.O. Box: 909 Amman

OLD BUSINESS.... As I announced last month, Paul Lannuier will be taking over as Utility Scene editor after the June 12th deadline. After the June 12th deadline for my last column in the July issue, get your logs to Paul by July 12th for the August issue. Everybody confused enough? No? Well here's a little more: I mis-typed Paul's zipcode in the last issue. Herewith is the correct address for your new Utility Scene editor:

Paul Lannuier
25 MacArthur Avenue
Closter, NJ 07624

More old business.... Last month I mentioned the Archer Snap-On Filter Chokes, available from Radio Shack. Let me tell you they work great! I had been using a homebrew interface and software for FAX reception and was plagued by hash from the computer getting into the radio. At the Dayton hamvention I purchased a FAX interface (more on that below) and suffered similar problems, until I installed just one of the chokes at the computer end of the interface cable. The static disappeared! I highly recommend these. They are very easy to install, cost less than mail order, and are available just down the block at your Radio Shack. I installed two on the printer cable from my M-600 and found the interference cut over 50%. I guess I'd better trundle down and get some more. At two for \$6.95 they are about the cheapest way to improve your reception.

NEW BUSINESS.... Okay. I gave in and busted the Penney jar, changed the change into bills, and drove like a madman to get to the Dayton Hamvention in time to get a parking space in the same county as Hara Arena. Unfortunately, I didn't know Paul would be there or we would have set up an eyeball QSO! Anyway, I purchased two products you may be interested in. The MFJ Artificial Ground is, by all accounts, a hot item at radio stores, with the product in short supply. If you haven't seen the advertisements, the Artificial Ground attaches to your

equipment and tunes a random length of wire to make it an effective counterpoise for your antenna. Sounds good, but I couldn't make it work. The flyer that comes with it says to attach it to your TRANSMITTER. The MFJ employee told me it would work with a receiver, if not a transmitter. I can't swear the ads say it would work with a receiver, but I was very disappointed. So unless you are a transmitting ham, I would not recommend the product. However, MFJ held good on their 30-day money back guarantee, with no questions asked. I was braced for a hassle when I called up for return instructions, but the young lady I spoke with was very helpful and polite. I received a return acknowledgement and a Mastercard credit a few days after sending the product back. To put this in perspective, I have used other MFJ equipment for years and have had good luck; this product is just not for SWLs. The other goodie I purchased was the Kantronics KPC-2 Packet Communicator. No, I don't work packet; it also contains a hardware FAX and wirephoto interface! This has got to be the best deal around for FAX hardware. The box is the size of a paperback book and requires an external computer and software for display and printing, but as an interface between radio and computer it does a very good job. Once I determined that the serial port I was trying to use was defective (2 days), I switched to another port (not all that easy, if you're wondering why I didn't try it sooner) and had it displaying NAM weather charts in half an hour! I purchased the optional MAXFAX software package which contains MAXFAX, a product of Kantronics, and SUPERFAX, a program distributed by Kantronics and written by James Orleff. Both worked well but I have found SUPERFAX to be more flexible and intuitive. I heartily recommend both. The KPC-2 lists for \$169.95. If you have an IBM or compatible, or a C64 or C128, you can get the MAXFAX software duo for about \$20. The interface should work with any serial interface capable of at least 2400 baud; software should be easy to write as the manual described how the unit works and how the software should accept and interpret the incoming data. A fine product.

Another product every UTE listener should have is the USSR Merchant Ship List by our own Jason Berri. The April 1988 release is now available directly from Jason. It is 21 pages of ship listings and 6 pages of descriptive data, all about the Russian merchant ship fleet. Of course, not all are represented, but the lists give useful information on most of the ships you will be able to monitor on the SW bands. Available from Jason at 21240 S. Western Ave. #18, Torrance CA 90501 USA. The price is just \$3.50 for a list sorted by Call or Name, or \$6.00 for both.

Well, that's it for now. Remember, logs prior to June 12th come to me; after June 12th, send your logs to Paul at the address above. Good Listening!

Ralph S. Bowden
SPEEDX MANAGING EDITOR

SPEEDX ANNOUNCEMENTS

MAY 12, 1988

LOCAL CHAPTERS OF SPEEDX, ACCORDING TO Ms. PEGGY THOMPSON, PRESIDENT OF B.O.D., HAVE BEEN DISBANDED UNTIL FURTHER NOTICE. EFFECTIVE JULY 1, 1988, SPEEDX SUBSCRIPTION RATES WILL BE INCREASED TO \$20.00 FOR RESIDENTS OF U.S.A. AND CANADA, BUT MEMBERS MAY RENEW SUBSCRIPTION PRIOR TO THAT TIME AT RATE OF \$18.00 PER YEAR. IN ADDITION, STAFF AND B.O.D. MEMBERS WILL PAY \$10.00 SUBSCRIPTION RATE FOR ONE YEAR, BEGINNING ON JULY 1, 1988, BUT SUBSCRIPTION MAY BE RENEWED AT \$9.00 RATE PRIOR TO THAT TIME. IN OTHER WORDS, THE LATTER STAFF GROUP WILL PAY ONE-HALF THE GENERAL RATE FOR U.S.A. AND CANADA. THE BOARD OF DIRECTORS RECENTLY OK'D THESE CHANGES. SUBSCRIPTION/MEMBERSHIP RATES FOR OTHER WORLDWIDE POSTAL ZONES WILL BE GIVEN IN THIS COLUMN AT A LATER DATE.

ANARCON 1988, "WORLD FRIENDSHIP THROUGH RADIO COMMUNICATIONS," WILL BE HELD JULY 13 THROUGH 16, 1988 AT HOLIDAY INN, IRVINE, CALIFORNIA, WHICH IS LOCATED WITHIN MINUTES OF ORANGE COUNTY AIRPORT, NEWPORT BEACH, DISNEYLAND, KNOTT'S BERRY FARM AND ANAHEIM STADIUM. HOTEL SERVICES INCLUDE COURTESY AIRPORT SHUTTLE TO ORANGE COUNTY; IN-ROOM MOVIES AND FITNESS CENTER; COMPLIMENTARY BICYCLES; COMPLIMENTARY SHUTTLE SERVICE TO CORONA DEL MAR STATE BEACH. FURTHER INFORMATION MAY BE OBTAINED BY WRITING TO ANARCON 1988, 16182 BALLAD LANE, HUNTINGTON BEACH, CA 91645-2204; TELEPHONE 1-(714)-846-1685. A SPEEDX MEMBER MAY ALSO CONTACT Ms. PEGGY THOMPSON, PRESIDENT OF B.O.D., 2205 ALABAMA STREET, LA CRESCENTA, CA 91214-2925. VOLUNTEERS ARE NEEDED.

RALPH BOWDEN, THE NEW PUBLICITY CHAIRMAN, WAS APPOINTED TO POSITION ON MARCH 28, 1988 BY SPEEDX B.O.D. I WILL BE DISTRIBUTING SPEEDX MEMBERSHIP INFORMATION, WHEN KNOWN, TO THE VARIOUS SHORTWAVE STATIONS. INFORMATION CONCERNING SPEEDX HAPPENINGS WILL BE PUBLICIZED IN THIS COLUMN. ANARC, EDXC, AND SPARC ACTIVITIES WILL BE PUBLICIZED HERE. EACH SPEEDX MEMBER IS WELCOME TO FORWARD TO MANAGING EDITOR GOOD PHOTOCOPIES OF REPORTS WHICH GIVE DETAILS ABOUT ACTIVITIES OF SHORTWAVE STATIONS AND DX CLUBS. A SPEEDX MEMBER MAY TRY TO INTEREST A PROSPECTIVE MEMBER IN JOINING SPEEDX CLUB AND BY GIVING THE MAILING ADDRESS OF BUSINESS MANAGER WHERE SUBSCRIPTION PAYMENT MAY BE MAILED.

BOB THUNBERG, SPEEDX BUSINESS MANAGER, HAS NEW MAILING ADDRESS OF Post Office Box 196, DuBois, PA 15801 U.S.A. IN LETTER OF MARCH 31, 1988, BOB STATED THAT HE WILL RESIGN FROM POSITION AS ASIA/OCEANIA EDITOR, EFFECTIVE AFTER THE PUBLICATION OF JUNE, 1988 EDITION OF SPEEDX BULLETIN. HE SAID HE FELT IT WOULD BE BEST FOR SPEEDX CLUB IF HE ~~RELINQUISHED~~ THIS POSITION AS HE WISHED TO DEVOTE MORE TIME TO HIS NEW POSITION.

WILLIAM WESTENHAVER WILL BECOME THE ASIA/OCEANIA EDITOR, EFFECTIVE WITH PUBLICATION OF JULY, 1988 SPEEDX BULLETIN. CONTRIBUTORS MAY FORWARD LOGGINGS TO WILLIAM AT 3525 AYLMEYER STREET, APT. 610, MONTREAL, QUEBEC H2X 2C1 CANADA. ALSO, WILLIAM HAS BEEN SELECTED AS A MEMBER OF SPEEDX B.O.D., THERE NOW BEING THE FULL COMPLEMENT OF FIVE B.O.D. MEMBERS, PEGGY THOMPSON, JOHN TRAUTSCHOLD, RICHARD D'ANGELO, CARL HUFFAKER, WILLIAM WESTENHAVER. WILLIAM IS INVOLVED IN CIDX PRODUCTION OF A SHOW ON MONTREAL FM RADIO STATION WHICH IS ENTITLED INTERNATIONAL RADIO REPORT. THIS IS AN EFFORT TO ACQUAINT THE PUBLIC WITH THE ADVANTAGES OF TAKING PART IN SHORTWAVE ACTIVITIES.

NON-COPYRIGHT AND COPYRIGHT PUBLICATION SOURCES MUST BE IDENTIFIED BY SPEEDX MEMBER AT END OF AN ENTRY WHICH HAS BEEN REPRINTED. IDENTIFICATION OF SOURCE WILL INCLUDE DATE AND ABBREVIATION. I HAVE ON FILE SEVERAL LETTERS FROM PUBLISHERS WHICH GRANT SPEEDX PERMISSION TO REPRINT MATERIAL, AND AMONG THESE ARE CLANDESTINE CONFIDENTIAL; RADIO DATABASE INTERNATIONAL; MONITORING TIMES; POPULAR COMMUNICATIONS; WORLD RADIO T.V. HANDBOOK; DX MAGAZINE. ALTHOUGH SPEEDX HAS PERMISSION TO REPRINT BBC, MS, WBI ITEMS, I NO LONGER SUBSCRIBE TO WBI PUBLICATION.

A RECENT LETTER FROM EDWARD JANUSZ INDICATES THAT "LABOR DISTURBANCES, AND THE POSSIBLE BANKRUPTCY OF ONE OF MEXICO'S AIRLINES HAS BROUGHT THE COUNTRY'S MAIL SERVICE TO A VIRTUAL STANDSTILL. WE AT SPEEDX ARE TRYING TO PRESENT CARL HUFFAKER'S POPULAR COLUMN EVERY MONTH, BUT THIS MAY NOT BE POSSIBLE, EVEN WITH PRIVATE COURIER SERVICE. WE HOPE YOU'LL BEAR WITH US DURING THESE DIFFICULT TIMES, AND BEST WISHES TO THE MEXICAN PEOPLE AS THEY WORK OUT A SOLUTION TO THIS PROBLEM." WHEN CONSIDERING MAILING LOGGINGS TO CARL HUFFAKER, PLEASE BE AWARE OF CURRENT MAILING SITUATIONS IN MEXICO AND U.S.A.

APPLICATION TO BECOME COLUMN EDITOR MAY BE SUBMITTED AT ANY TIME OF THE YEAR TO THE MANAGING EDITOR, ADDRESS GIVEN IN LETTERHEAD. PRIOR EXPERIENCE IS DESIRABLE, NOT AN ABSOLUTE PREREQUISITE. A GREAT DEAL OF DXING "SAVVY" IS IMPORTANT. EXPERIENCE IN TYPING IS REQUIRED. EACH APPLICANT MAY DESIGNATE ANY PREFERENCES IN 1,2,3 DESCENDING ORDER. A SPEEDXER WITH A TECHNICAL BACKGROUND WILL BE CONSIDERED FOR ANY PENDING POSITION. YOUR PARTICIPATION IN SPEEDX ACTIVITIES IS ENCOURAGED AND APPRECIATED.

RALPH S. BOWDEN
