Vol. I. MAGAZINE FOR THE RADIO LISTENER No.12

PUBLISHED MONTHLY AT NINTH AND CUTTER STS., CINOINNATI, O., BY WHAT'S ON THE AIR CO. PRINTED IN U. S. A.

EDITORIAL AND CIRCULATION OFFICES: Box 6, STATION N, CINCINNATI, O.

Adventising Offices: 11 W. FORTY-SECOND ST., New YORK CITY.

PRICE, 150. PER COPY; \$1.50 PER YEAR.

(COPYRIGHT, 1930, BY WHAT'S ON THE AIR CO.)

PATENTS APPLIED FOR COVER BASIC FEATURES OF PROGRAM-FINDING SERVICE OFFERED IN THIS MAGAZINE.

"Entered as second-olass matter Apr. 19, 1930, at the postoffice at Cincinnati, O., under the Act of March 3, 1879."

HOW TO USE

"WHAT'S ON THE AIR"

To Double the Benefits from Your Radio Set

HOW TO FIND THE PROGRAM YOU WANT WHEN YOU WANT IT

The program-finding service covers the hours of 6 to 12 p. M. for each day in the month, Eastern Standard Time, or from 5 to 11 p. M., Central Time. Simply turn to the page bearing date

and hour when program is wanted. Select from index in panels at foot of page particular program or type of program you prefer, then locate on schedule chosen symbol at nearest point (by use of State index) from which it is being broadcast. Or, if you prefer, check symbols of favorite stations against index of symbols in panels at foot of page until you locate type of program for which your particular mood calls.

Sunday programs appear on pages 8-13; Monday, pages 14-19; Tuesday, pages 20-25; Wednesday, pages 26-31; Thursday, pages 32-37; Friday, pages 38-43; Saturday, pages 44-49.

HOW TO USE THE WAVE-LENGTH GUIDE

Draw lines from the stems of arrows pointing to the wave lengths of stations with which you are familiar to the respective points on the scale to the right

corresponding to the points on the detector dial of your set where these stations "come in." After you have drawn about a dozen of these lines you will have a guide to all of the stations in the country. For example, if Station WEAF, which is on channel No. 12—which means it operates on a frequency of 660 kilocycles and 454 meters—comes in on your set at 74, and Station WLW, on channel No. 16, comes in on your set at 67, stations on channels 13, 14 and 15 necessarily must come in at points between these two locations on your dial.

TO MAKE A LONG-DISTANCE TEST (DX)

Ascertain which of your local stations are broadcasting chain features at the moment. Tune in one of these and find out what number is being rendered.

Then start your detector dial at either end of its arc and turn slowly. As soon as you hear the same number, note your dial setting and check back to the column showing wave lengths, thus ascertaining the approximate wave length of the station you are receiving. To the left of this column you will find the call letters of stations on the wave length of that station and those having approximately that wave length. Reference to the schedule of programs applying to the time you are listening will show you which of these stations is broadcasting the program to which you are listening, and you can thus identify it without having to wait for call letters.

No. 12

CERTAIN more or less qualified authorities have said that

the critical time in the matrimonial life of a couple is the second year. During these fateful months, they declare, the glamor of romance either dulls to a permanent tarnish or takes on the lived-happily-ever-after luster, depending on such momentous trifles as biscuits, in-laws and Friday night poker games. Be that as it may, there is a critical period

in the radio life of any one newly wedded to a receiver, and it generally falls at about the second month.

Charles

Magee

Adams

Then it is that, with the demonstration honeymoon over, the down payment safely made, and the first flush of enthusiasm passed, the owner begins to doubt—privately, of course—whether his receiver is, after all, the finest in the world, as he has been declaring so proudly. And the trouble (as in the case of the other newlyweds?) is simply that he does not know all he should.

At first glance, this may seem rather a serious reflection on the owner's mental equipment. Certainly no great amount of intelligence is required to operate a modern electric set. Nevertheless, he must know something more than how to turn knobs if he expects to get the most pleasure from his receiver and avoid

troubles, particularly of the imaginary sort. Besides, this something more which he must know does not consist of bristling technicalities; just a few plain facts any one can imbibe with ease.

For instance, there is the matter of distance reception. Most proud owners like their receivers to fetch 'em in from the far places — especially while guests are present to

www.america

"Last night I had stations from coast to coast. Tonight I can't get a thing." **Vewlyweds**

admire or envy — and any good, modern receiver can be counted on to turn that pleasant trick, but not every night. Lack of information on this last point is what causes grief for so many radio newlyweds.

"Last night I had stations from coast to coast, but to-night I can't get a thing but local," the familiar complaint runs. "What's wrong with this set anyway?"

The answer is that nothing is wrong with the set. Atmospheric conditions simply are not favorable.

No one expects to see twenty miles from a high hill one day merely because he saw twenty miles from the same hill the day before. Visibility depends on atmospheric conditions, and so does long-distance radio reception. One night these conditions may be perfect. The next night they may be terrible.

Just take them as you find them. You may as well, for there is nothing you can do about it. But don't blame your receiver for something which is not its fault.

In the same way, learn to expect fading any night you are listening to a station one hundred miles or more away.

If your receiver has an automatic volume control, this fading will show up as a blurring in tone, or-

and probably accompanied by — increased static and other noise. If your receiver has no automatic volume control, there will be a dying down in loudness, with or without blurred tone.

Fading may be severe and frequent, and in long or short swings. Again, it may be so slight as to be almost absent. It is just liohistory.com

"one of those things;" not the fault of the station, and, most of all, not the fault of your lowboy, highboy, or what have you.

Noise is as much a threat to the bliss of radio newlyweds as delicatessen meals or "office overtime" are to post-honeymoon couples. Human nature being what it is, the blame, too, is usually laid on the other party—the receiver. Sometimes the receiver actually is at fault, but only in a small number of cases.

There is a simple way to tell whether it is or not. Just have your near-by neighbors tune in the station to which you are listening. If they get the same noise, your receiver is free from blame. But if only your receiver picks up the noise, it may need checking over by a good service man.

Defective tubes and loose connections are among the common causes of noisy reception, and not serious or costly to correct.

Noises which are heard on all receivers in the same vicinity may be of two kinds: static and electrical in-

terference. It seems worth while to mention this because most radio newlyweds naturally confuse the two. Many put up with deafening electrical interference—more or less patiently—thinking it is static; while others, learning that there is such a thing as electrical interference, blame it for what is true static.

As between the two, the honors are about even. But it takes a trained ear to tell which is which in any particular case. So, if you and your neighbors are being bothered by loud and persistent noise, the surest way to clear up the trouble is to call in the aforesaid good service man.

If electrical interference proves to be the culprit, you may be surprised and cha-

grined to have him find that the racket is being caused by something in your own home — an oil burner, violet ray, or even a vacuum cleaner.

Another item, which ought to go into this dissertation, is not to blame the receiver too hastily for poor tone quality on certain stations.

There is a world of difference between the tone quality delivered by a first-class modern station and that put out by an obsolete piece of "haywire." Unfortunately for the poor listener, far too many of the smaller stations are still struggling along with "haywire" equipment. It should be remembered, too, that the networks and the best of modern stations have their bad and not so good moments. If your shell-like ears become aware that the tone quality of the loud-speaker does not seem to be quite par, be sure first of all whether it lacks fidelity only on a certain station. In that case the station is at fault. However, if the trouble bobs up on all stations, compare notes with your neighbors. If their sets are perking as usual, and yours is still below par, it is time to have things looked over, but not before then.

Don't forget, too, that the same radio will sound like a million dollars one night and thirty cents the next night. It's just how you happen to be feeling.

One of the most remarkable things about a modern radio receiver is the little amount of care it demands. It needs no oiling, no air for tires, no water for a radiator. With a new tube now and then, it will go on doing its stuff faithfully month after month. But it will do even better if a few simple suggestions are followed.

For instance, don't let the receiver be subjected to excessive jarring or chronic vibration. This tends to

> shorten the life of the tubes considerably. If the floor is not level (and how many aren't), so that the cabinet is unsteady, block up the short leg firmly.

> Don't let children — or adults, who should know better — amuse themselves by flipping the power switch on and off like they do the electric lights. Here is another guaranteed way to burn out tubes prematurely.

Don't jerk the control knobs to and fro while making adjustments. The penalty for this unnecessary roughness is damaged connections and expensive parts.

Here's one marked "Attention, men." Don't allow an overzealous housekeeper to cover the open back of

the cabinet to keep out dust. Closing the open back simply cuts off free circulation of air, and free circulation is necessary to cool tubes and power unit.

Last, but far from least, if anything goes wrong, call in the best service man within reach. The boy in the next block who is good at putting up aerials would have a gorgeous time taking things apart, of course. However, what you want is a repair job, not interesting experiments.

With the help of these suggestions—and a dash of common sense—it is hoped that radio newlyweds will be able to pass the dangerous shoals of the second month and emerge safely into the blissful stretches of lived-happily-ever-after.

If the noise persists, then there is nothing to do but call in the service man.

Red Headed Music Maker

HELLO, Folks! How are yo' all this evenin'? Here goes for *R-Tickle* No. 5, 'n' here 'tis! Say, have yo' been with us on Monday evenin's "At the Sign of the Shell"? How do yo' like our new setup with Art Kassel 'n', his "Castles in the Air" orchestra in Chicago, 'n' Ray Perkins (Old Topper Judge, Jr.) in Noo Yawk? To say the least,

we're warm 'u' determined about it, eh? Come up to our friendly family party next week — 'n' join in the festivities — I'll be yo' host, as usual — so come on 'n' be'my guest — will yo'? 'N' say, too, if yo' all don' drop us another little letter occasionally, I'm a-gonna draw a black line plumb thro' yo' John Hancock, 'n' mail it right smack back to yo' all a-lacarte! What dy'a think o' those?

TES' got a letter from "John 'n' Ned," of KOIL, 'n' travelin' "Monamotor Oil Twins" fame they're goin' over like a tent for N. B. C. out in San Franoria, Califrisco. — Heard from Thornton Fisher, too, another radio pioneer — he's back in N. Y. C. doin' sport stuff in talkies. - Good old Dad Pickard 'n' Family are workin' regular in Chicago for O'Cedar; they're moppin' up! - Gayle Grubb, Mgr. o' WKY, Oklahoma City (originally from K. F. A. B., Lincoln, Neb.), was in Chi. the other day. I asks, "Will yo' come out to the old homestead for an eve?" He answers, "I Don't Think So!" That's the name of the song we wrote up together in those B. C. days (Before the Crash). -The "Hired Hand," Harold Hough, of Ft. Worth, Suh! very grandest of grand old men of radio pioneer days, for years has sent me an immense "1928 Buicklike" watermelon from Texas every summer. They're growin' 'em bigger 'n' better 'n ever down there, for last year I had to tear out the front door movin' it

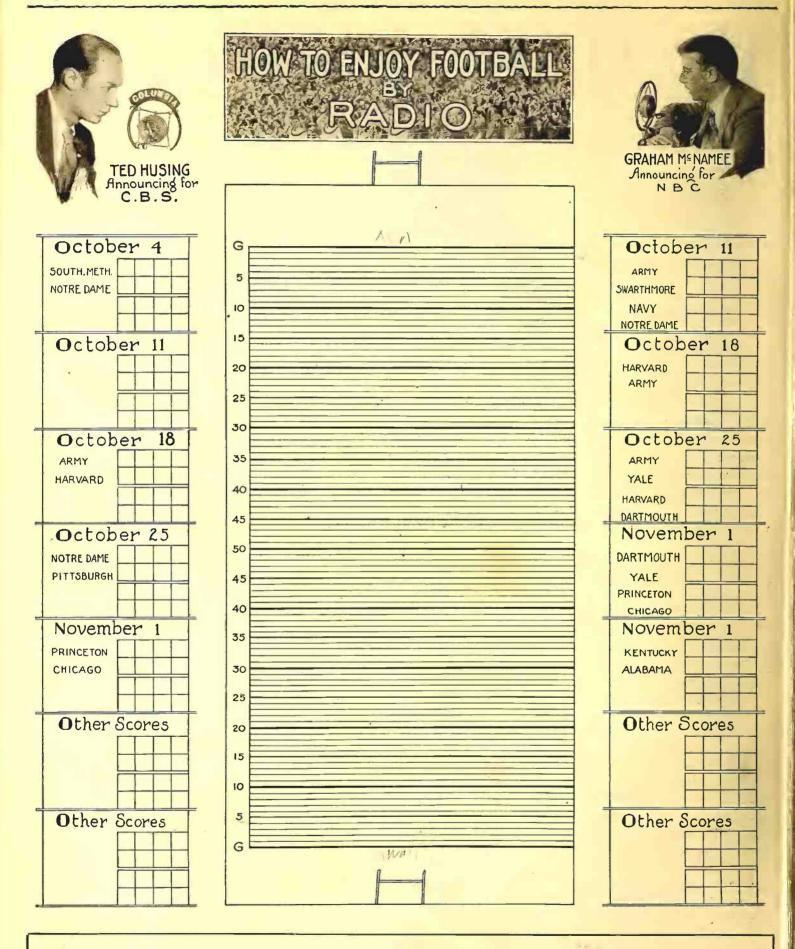

in, 'n' this year I only had to cut up a small part o' this "outsized watermelon" to serve to the whole Rotary Club Convention! Here's the picture to prove it!

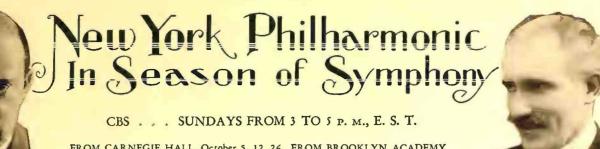

A ND more things that "burn me up" - the "petty politician" of a radio studio. There's plenty ways for him to [Continued on page 48]

BOY, what AIN'T radio a-comin' to! R.C.A.'s got out a new record radio combination where you can make your own records of your favorite radio entertainers 'n' such — by simply jes' switchin' a little switchy switch on the set — that's all. Well, to say the least, it makes it a heap easier for me (but far less profitable), for I won't have to

make many more records—'cause when I'm appearin' on the radio, anybuddy who wants a record of mine will jes' "poosh 'em up" on the button 'n' presto yo' got a whole front parlor full o' Red-Headed Music Maker's records. Oh-o! — The Government's got another radio wrinkle now — if a submarine sinks, they drop a magnet down to it, 'n' when said magnet connects with said sunken sub anything anybuddy says anywhere inside the sick sub comes up via radio — 'n' I don't josh! — that ain't nutbin'. — Now yo' can drive up to your garage door at night in the rain — "poosh 'em up" on your dashboard radio switch 'n' the garage door opens - yo' then drive in — "poosh 'em down" on the dash switch 'n' the garage door closes behind you, without fail! ---Good gosh, yo' know, they forgot the radio switch that'd start the carryall which'd drag yo' weary body out o' the car into the house 'n' into the hay without even so much effort from yo' as a miscalculated sneeze. — Now they're blamin' radio on the drought 'n' the unseasonable weather — I kinda believe they're right in a way, 'cause I made an emphatic statement one time that "It Ain't Gonna Rain No Mo'," 'n' it rained the whole two years the song was popular. --Still it's jes' as silly to blame the drought on the influx of the 15c, paper-mache records — course everybody's playin' 'em now, where they haven't been playin' their phonographs for years, but why blame the weather on to that? No sense to it!

HOW TO SCORE A GAME. If you do not care to diagram the complete movements of the ball, merely use two match-sticks, one to indicate the posi-ion of the ball and the other "yards to go." If you want a complete diagram of the movements of the ball, obtain a sheet of tissue-paper and lay it over this page, fold-intersecting lines to distinguish the kick-off. For running plays, use a continuous line, thus the ball with a lead-pencil, starting at the left, at the point space is provided in the schedules so that you gan mark the scores of the games by quarters. The games broadcast by the chains are indicated, and in the lower half of the schedule space on the left there is a provision for local games not broadcast by the chains, but by local stations.

FROM CARNEGIE HALL, October 5, 12, 26. FROM BROOKLYN ACADEMY OF MUSIC, October 19. Every Sunday Thereafter, Except November 30 and December 7, until April 19. CHILDREN'S CONCERTS, 11 A. M., October 25, November 8, 22,

December 6, 13.

YOUNG PEOPLE'S CONCERTS, 11 A. M., November 1, 15, 29, December 27.

Special to WHAT'S ON THE AIR.

By BILL SCHUDT, JR.

FOR the first time in history the entire American nation may hear the principal concerts of the New York Philharmonic Symphony Orchestra when, beginning with the concert on Sunday, October 5, the Columbia Broadcasting System, through arrangement with the Philharmonic Society, begins the broadcast of a major portion of the 1930-31 concerts.

ICh

There will be twenty-seven Philharmonic broadcasts over the CBS on Sundays at 3 P. M. Then there will be fifteen children's and young people's concerts broadcast over the same stations on Saturday morning at eleven o'clock.

During the Philharmonic's Sunday radio series, Arturo Toscanini, Erich Kleiber and Bernardino Molinari, three of the well-known maestri of the present day, will conduct, each taking a period of several weeks, with Toscanini directing the greatest number of concerts.

Mr. Kleiber, the young German conductor who has aroused much interest in Europe, will direct the orchestra during the first six weeks of the season, or up until November 9. Then Toscanini takes the stand from November 10 until November 23, inclusive.

Following a brief interlude in the series, Toscanini again conducts the Philharmonic from December 8 through Jan. 18, 1931, and again from February 23 until April 19.

Bernardino Molinari will swing the baton over the great symphony during the period beginning January 19 and ending February 22.

Ernest Schelling will conduct the children's and young people's concerts.

Broadcasting of the Philharmonic concerts will be made from Carnegie Hall, the Metropolitan Opera House and the Brooklyn Academy of Music.

Erich Kleiber is new on the rostrum of the Philharmonic Society. He is general music director of the Berlin State Opera, Unter den Linden.

As guest conductor, Erich Kleiber has been heard in Paris; at the Rome Augusteo (two visits and a third scheduled next spring); with the Colon Symphony Orchestra, Buenos Aires, during the summers of 1926, 1927 and 1929; in Leningrad, as well as in Budapest, Prague, Bucharest, Vienna, Copenhagen and Barcelona. He will conduct the first six Philharmonic concerts.

Comprising 111 men, the New York Philharmonic Symphony Orchestra is the oldest orchestra in the United States, with a record of performances unbroken since 1842.

Our Baffle-board

WRITE AND TELL THEM

TOW, that's a break!" He lunged out of his favorite arm-chair and made for the shimmering lowboy. "Here I pass up a chance at a perfectly good movie to stay home and hear the best program on the air, and they throw it out to put on this junk." The lowboy fell silent with a strangled plop as he snapped off the power switch. "Talk about high-test ignorance and hand-rubbed stupidity! What do these stations take us for, anyway, Dumb Doras and Witless Willies?"

The foregoing (necessarily expurgated) expressions of listener peevishness at programs doubtless have a somewhat familiar ring. Every radio addict either has indulged in or overheard something of the sort, probably much too often for the unruffled cheerfulness recommended by the Smile and Keep Happy League of America, Inc.

It's dollars to doughnuts, too, that the matter ended right there-with the possible exception of a hangover grouch. They may not admit it in so

12 M. to 1 P. M.
American Pro-Art String Quartet NBC, New York.
Balalaika Orchestra; direction, Alexander Kirilloff. NBC, New York.
West End Presbyterian Church Religious service; mixed quartet; sermon by Dr. A. Edwin Keigwin. CBS, New York.
2 Jewish Art Program Classical Jowish music; popular folk songs.
嗟
1 to 2 P. M. 2 The Pilgrims
Mixed sextet. NBC, New York. Spanish Dreams
Julian Oliver, tenor; orchestra director, Frank Vagnoni. NBO, New York.
Brass band; direction, Graham Harris. NBC, New York.
Spirituals by negro octet. NBC.
A Neapolitan Nights Vocalists and instrumentalists.

many words, but most listeners do their opinionexpressing about programs on the convenient theory that the stations can hear everything they say. Apparently the hard-working loud-speaker is expected to double as a microphone and feed customers' comments back to the studio. How different radio would be if it could!

Of all listeners, only one-tenth of one per cent. —if you must know the worst—take the only method guaranteed to get results: writing to the stations direct.

If one-tenth of one per cent. seems incredibly low (and heaven knows it is), don't blame your informant for paring down the decimal. The stations themselves are authorities for the figure. They calculate, by those mysterious means known only to statistics sharks, that, for every letter received about a program, one thousand people listen in on it.

Why is it that listeners have the notion that writing letters to the stations does no good? The truth is that the better stations think no more of fan mail than politicians do of votes. That ought to be plain enough if you stop and think.

Songs and chatter by Al Llewelyn and Brad Brown, with Harry Grey at piano.

S Ann Leaf at the Organ

CBS, New York.

G Ballad Hour

Old and new ballads.

S Metropolitan Echoes

Mary McCoy, soprano; Robert Simmons, tenor; Arcadie Birkenholz, violinist and director; guest artists. NBC.

G NBC Artists Service

Vocal soloists; orchestra.

B Roxy Symphony Concert

Director, Joseph Littau.

鯼

3 to 4 P. M.

Vocal and instrumental soloists; orchestra. NBC, New York.

C The Friendly Hour

Dr. J. Stanley Durkee; male quartet; organ; director, George Shackley.

NOTE.—On October 19 it is planned to begin the National Youth Conference, under the guidance of Daniel E. Poling.

• New York Philharmonic Orchestra

Symphonic concerts from Carnegie Hall.

As far as any immediate audience is concerned, every radio program is like a dress rehearsal in an empty theater. There is no "sea of eager, upturned faces" out beyond the footlights. No storm of handclapping follows the prima donna's high C climax. No shrieks of laughter let the comedy team know that their prize gags went over big. There is a microphone, of course; a perforated piepan on top of a bridge-lamp post, and just about as much alive. Otherwise, the performers may as well be doing their stuff on a desert island.

The station managers and directors and maybe a few studio guests can tell them what they think of their show. But whether it clicked or was a dud has to wait till the mail comes in. That is the only way the radio audience can turn thumbs up or down.

"Yeh?" some skeptic breaks in at this point. "Well, laugh this off. I've written fan letters that would have scorched asbestos, and what happened? Nothing. Those things they call programs are still going."

That familiar comeback can be laughed off, and easily. Letters often seem to be ignored be-

	4 to 5 P. M.
0	National Sunday Forum
	Dr. Ralph W. Šockman; oratorio choristers; orchestra direction, George Dilworth.
	NOTE.—It is planned to resume the <i>Oathedral</i> Hour with Dr. S. Parkes Cadman, on Octo- ber 19.
8	Sterling Singers With Mme. Lolita Cabrera Gainsborg, pianist.
9	Canadian Pacific Musical Crusaders Light symphony orchestra with vocal unit.
F	"Your Eyes" Musical and literary tribute to the human fea- ture which occurs most in song and romance.
0	New York Philharmonic Orchestra Symphonic concerts from New York City.
	12 M
	5 to 6 P. M.
Ŭ	Echoes of the Orient Instrumental ensemble; direction, Sven von Hallberg. NBC, New York.
0	Silver Masked Tenor Joe White, with guitar. NBC.
	Teatime Tunes Muriel Wilson, soprano; George Simons, ten- or; Joe Kahn, pianist; string trio. NBC.
Δ	or; Joe Kahn, planist; string trio. NBC. Sabbath Reveries
••	Dr. Charles L. Goodell; mixed sextet; direc- tion, George Shackley. NBC.
	NOTE.—On October 19 it is planned for Dr. Harry Emerson Fosdick to resume his Na- tional Religious Service.
0	Sermon by the Rev. Donald Grey Barnhouse Philadelphia.
Ø	The Crockett Mountaineers
	Hill-billy entertainment.
т	he index letters in schedules indicate type of pro-
	am which will predominate during respective
ha	alf-hour broadcast period.

cause they raise trifling points or because more letters expressing a contrary opinion come in.

But let nobody fool you about letters being ignored if they raise some really important issue and if, most of all, they pour in so thick and fast that they show a clear-cut trend of listener opinion. Here are just a few exhibits that ought to clinch the case.

About a year ago "Amos 'n' Andy's" broadcast was juggled to seven o'clock (E. S. T.). That put the Fresh Air Taxi boys in the Mountain Time belt at five o'clock, and in west-coast points at four o'clock. Did listeners there like it? They did not. What's more, they wrote and said so, not by twos and threes, but by the thousands. Forthwith "Amos 'n' Andy" began broadcasting twice a night, at seven o'clock for Eastern listeners and again at 10:30 (E. S. T.) for the fans in the West.

And here's Exhibit B. Early last summer NBC decided its Slumber Hour needed renovating. Something snappier was the decree. But immediately the postmen began dumping bigger and better sacks of mail at 711 Fifth Avenue, and before long Ludwig Laurier was back on the job again.

6 to 7 P. M.

G Catholic Hour

Sermon by a noted Catholic clergyman; large chorus. NBC, New York.

B Lew White Organ Recital

Genia Fonariova, soprano.

C An Hour with Shakespeare

Dramatic program.

S Fox Fur Trappers

Orchestra with Earle Nelson, crooning furtrapper; Helen Barr, soprano, and three harmonizers. CBS, New York.

The Globe Trotter
 Act—a wealthy New York clubman works
 his way around the world. CBS, New York.

鯼

7 to 8 P. M.

- **G** lodent Big Brother Club
 - Featuring Bob Emery; novelty orchestra directed by Joe Ryan.
- Major Bowes' Family

From Capitol Theatre, New York City; vocal and instrumental soloists; orchestra director, Yasha Bunchuk. NBC.

C An Hour with Shakespeare

· Dramatic program.

E Williams Oilomatics.

Fred Waldner, tenor; orchestra director, Josef Koestner, NBC, Chicago.

The Golden Hour of the Little Flower

Sermon by the Rev. Father Charles E. Conghlin; soprano, contralto, cello, obligato; Mrs. Armand France, organist. Direct from chorch at Detroit, Mich.

5, 12, 19, 26 SUNDAY

Exhibit C is the experience of David Mendoza. While directing an orchestra over Columbia, he played modernized versions of certain favorite classics. By return mail he heard from so many listeners who like their classics "as is" that he had to repeat them minus modern improvements.

A middle Western Columbia station contributed Exhibit D when it dropped the Nit Wit Hour to make room for a local bill. Within two weeks Brad Browne and his charges were side-tracking the substitute. Listeners had let it be known that "Nit Wits Preferred" was selling strong.

Many other pieces of evidence just as conclusive could be added to the list if space permitted.

Also, notice that in three of the four cases listeners could have kept on getting what they wanted if they had taken the trouble in the first place to write and say they liked what they were hearing.

Station managers are not clairvoyant or psychic. They have no miraculous means of knowing how listeners like a given program. After a feature has run several months without seeming to cause much of a stir, they begin to wonder if something else might not go over bigger. So they substitute a new program, only to find out in many cases that listeners prefer the old favorite.

The moral is: If you like a program well enough to want it kept on the air, write and say so.

8 to 9 P. M.
1 Major Bowes' Family
From Capitol Theatre, New York City.
2 Chase and Sanborn Choral Orchestra
Vocalists; piano duo; muted singers; orches- tra. NBC, New York.
A Enna Jettick Melodies
Mme. Schumann-Heink; mixed quartet; in- strumental ensemble; direction, George Dil- worth.
B Collier's Hour
Orchestra; dramatized stories; famous speak- ers.
Jesse Crawford
Poet of the Organ. CBS, New York.
Ø Kaltenborn Edits the News
A news column of the air. CBS, New York.
• Quiet Harmony
CBS, New York.
The index letters in schedules indicate type of pro- gram which will predominate during respective half-hour broadcast period.

TEA HOUR MUSIC, Friday, 5 to 5:30.

- BROWN-BUILT FOOTLIGHTS, Friday, 7:45 to 8. Dance orchestra.
- WAHL PEN, Friday, 9:30 to 10. Dance orchestra, handwriting expert.

C B S-New

- INTERNATIONAL BROADCASTS, Sunday, 12:30. Addresses by prominent Englishmen from London.
- SINCLAIR OIL, Monday and Friday, 7:45 to 8. ESKIMO PIE, Wednesday, 7:45 to 8.

HAMILTON WATCH, Thursday, 9 to 9:15.

- RADIO FOLLIES, Friday, 10 to 10:30. Stars of Broadway and orchestra.
- JOHNS MANVILLE, Saturday, 8:30 to 8:45.

Columbia began a new series of "International Broadcasts" on September 14, at 12:30 P. M., E. S. T. It is being carried by most of the affiliated stations. Prominent Englishmen will address us on the following topics on Sundays just ahead:

September 28, Lord Beaverbrook, "A Protectionist Looks at the British Empire and America."

October 5, Sir Herbert, "A Freetrader Looks at the British Empire and America."

October 12, Marquess of Zetland, "The Problem of India."

Eastern Standard Time 7 to 7:30 P. M. Central Standard Time 6 to 6:30 P. M. CHAIN PROGRAMS THIS HALF-HOUR

- Rosalie Wolfe Soprano, with instrumental quartet. (First 15 min. of period C.)
- "Bridge with Blushes" Sam Hellman.
- Pepsodent Program Amos 'n' Andy. (First 15 min. of period C.)
- **G** Tasty Yeast Jesters Male trio; Swedish dialect songs and stories. (Last 15 min. of period C.)
- **O** Current Events
 - H. V. Kaltenborn in a resume of week's ma-jor events.

- October 19, Mary Agnes Hamilton, M.P., "Women in Politics."
- October 26, Viscount Astor, "After Prohibition-What?"

November 2, H. G. Wells (subject to be announced).

New broadcasting equipment, which it is rumored eliminates the tone distortion usually accompanying broadcasting of large musical groups, will be given its first test on a coastto-coast network Sunday afternoon, October 12, from 5 to 6 p. M., when its inventor, the noted conductor Leopold Stokowski, leads the Philadelphia Symphony Orchestra in the first of four monthly concerts to be broadcast under the sponsorship of Philco. At the close of his series of symphonic concerts played for radio listeners last year, Mr. Stokowski announced publicly that he was unsatisfied with the tone quality of studio broadcasting and would seek to remedy technical deficiencies he had noted before returning to the air. Mr. Stokowski refuses to describe his invention and has insisted that the public and the press be barred from the studio during his broadcasts, but technicians of NBC and of Philco, who have aided him in his work, are confident that he will demonstrate in his forthcoming programs as nearly perfect symphonic broadcasting as has ever been achieved. Forty-two NBC stations have already arranged to carry the Stokowski broadcasts.

Old Twenty-mule Team Borax will be with us on the air every Tuesday from 9:30 to 10, beginning September 20. This new program will present a series of dramatic stories entitled "Death Valley Episodes." It will be broadcast over WJZ and affiliated stations.

200

The present series of programs entitled "At the Sign of the Shell" will be concluded September 29. A new series will begin on Saturday, October 11, at 8:30 р. м.

- Eastern Standard Time 7:30 to 8 P. M. Central Standard Time 6:30 to 7 P. M. CHAIN PROGRAMS THIS HALF-HOUR Colonial Beacon Lights Robt. L. Stromberg- Carlson Progra

Rochester Civic Orchestra, Guy Fraser Harrison conducting.

NE of broadcasting's earlier cynics once. went on record with the statement that "there's not enough of anything and too much of everything on the air to please everybody all the time.

Pressed for elaboration, he pointed out that one man might think there's too much light and popular music, while his neighbor across the hall would be raising the roof for "jazzier music and more of it."

But finding variety in the classics, variety sufficient to please the ear of the most jaded listener, is the specialty of those who build the Stromberg-Carlson programs heard every Monday night at ten, E. S. T., through an extensive NBC network.

Already rated as among the veterans of broadcasting, the present Stromberg-Carlson program is due to continue throughout the coming winter.

Variety in classical music has been easy for those who build the programs. And, rendered by the Rochester Civic Orchestra, such variety has proved pleasing to an unusually large number of listeners, if fan mail is any criterion.

In addition to music by the orchestra, noted vocalists and instrumentalists are introduced from time to time as guest artists. These serve to inject a greater variety into the already varied programs.

In recent months the Stromberg-Carlson orchestral programs have been under the leadership of Guy Fraser Harrison, Paul White and Fred Reinisch. One week the listener may be presented with a program of Russian music, vibrating with the untamed spirit of the Caucasus, while another week may bring forth vivid numbers from operas, oratorios and other classic sources.

One week the program may be light and sparkling, with music from such composers as Mozart, Sowerby and Mendelssohn, while another may be built around a set of old English folk dances, such as the Nell Gwynn Suite by Edward German.

The Stromberg-Carlson is one of the few radio programs which occasionally utilize that oddest of all woodwinds, the bassoon, as a solo instrument. Jacob Nadokin, first bassoonist of the Rochester Civic Orchestra, is considered among the country's best on that instrument, and is frequently called forth for solo parts.

Each Stromberg-Carlson program originates in the studios of WHAM, NBC associate station in Rochester, and is distributed through a large network.

IF last year you spent many "An Evening in Paris" with your radio dial turned to a CBS station, you will rejoice at the prospect now at hand to sit down by the radio at 9:30 Monday evenings, and, instead of rubbing the traditional lamp, let

this trustworthy slave transport you to gay Paree.

None of the glamor has been lost from last year's program; in fact, some interesting innovations add brilliance. There are weekly broadcasts of the latest Paris fashions, for which milady can thank Bobby Reinhart, Jr., producer of the new series, and A. Bourjois

ourjois Guarlet

Juilio

Cherbo

& Company, sponsors. The most significant addition to this hour is Domenico Savino. The famous Italian musician has no superior in the field of orchestration, and his unusual and beautiful arrangements will be played by as fine a group of musicians as could be gathered together. A regular feature of "An Evening in Paris" will be the blending of the voices of Frank

Parker, Carlton Boxile, Stanley McClelland and Emil Cote, with Irving Weill accompanying. In order that nothing be left undone to assure the program that sparkle and verve which

truly reflect the atmosphere of Paris, Duilio Sherbo, who has furnished music for the gayest cafes along the great white ways of the world, will supervise the musical continuity.

The "last word"—"personality" speaking—Taylor Buckley, master of ceremonies of last year's programs, will again act in this capacity.

oonshine and suckle Honey uckle

Louis Mason, himself a Kentuckian and familiar with the role he plays, is "Clem" in the series. He is supported by a cast including such well-known Broadway names as Claude Cooper, William Janney, Sarah Haden, Anne Sutherland, Anne Elstner, John Miller and Jeannie Begg.

There is another character in the series which is immensely popular with listeners, though it doesn't exist except on the air. The character is Bones, Clem's hound dog. His "woofwoof'' identifies him, and Clem's confidential talks with his dog make the animal live.

The program is produced and directed by Gerald Stopp, veteran of the NBC production department, and producer of such popular series as Schradertown Band, Soconyland Sketch-

es, Biblical Dramas and Great Moments in History.

Miss Vollmer, who is author of the series, wrote "Sun-up," a Broadway success of several years ago, and has written other plays that have had runs in New York. She also is the author of a number of stories dealing with the Southern mountaineers.

Miss Vollmer was born in a North Carolina lumber-camp and grew up among the mountaineers. She knows their dialect as few writers know it, and understands their characters.

The series is the first to be written especially for radio by a playwright with a Broadway reputation. It is a long play presented in weekly episodes of half an hour, and represents an advanced development of radio technique.

John Mason, Anne Sutherland and Louis Mason.

I F the critics and the listeners are right and often they are—radio drama has reached a new peak in "Moonshine and Honeysuckle," one of the new offerings of the National Broadcasting Company.

Written by Lula Vollmer, who is recognized as one of America's best playwrights, and played by a cast of experienced actors, the new series has established itself as one of the finest dramatic productions on the air.

"Moonshine and Honeysuckle" is the story of Clem Betts, young mountaineer. It involves desperate and bloody feuds between rival mountain clans, and the efforts of Clem to avert the bloodshed. There is love interest, too, and the quiet, homely humor of the mountain folk.

6, 13, 20, 27 MONDAY

SUNDAY NIGHT

Phil Dewe

Chase and Sanborn

Jack Parker

G LANCE into an NBC studio on a Sunday night when this program is on the air and you will see an orchestra, a piano team, a male quartet and two women soloists, all under the direction of Gustave Haenschen and blended into one harmonious whole ... the Chase and Sanborn Choral Orchestra.

NBC

Black's arrangements make this possible. In planning the programs, he takes both popular and semiclassical compositions, and virtually takes them to pieces. Then he rebuilds them, preserving the basic melody and tempo, but emphasizing hidden harmonies in the composition and introducing solo passages for his pianos, voices and various instruments in the orchestra.

CBS . . . EACH SCHOOL-DAY AT 2:30 P. M.

merican

HEN the American School of the Air commences its second year's series of educational broadcasts on a nation-wide scale, there will be made available to the schoolchildren of the nation a

greatly enlarged program of supplementary education-by-radio.

So successful were the programs presented during the experimental period of fifteen weeks, from February to May, that both the Columbia Broadcasting System and the Grigsby-Grunew Company of Chicago, co-sponsors of the American School of the Air, decided to present this school year a total of 130 specially prepared educational broadcasts.

All members of the Advisory Faculty and Advisory Committee have expressed their willingness to serve again. The educational staff of the Columbia Broadcasting System has been considerably enlarged to handle the new series.

Commencing on the 20th of October, a half-hour period will be broadcast five days a week at 2:30 P. M., Eastern Standard Time, and will run for a period of twenty-six weeks, exclusive of the two weeks Christmas holiday.

In order that the teaching staffs throughout the country may co-operate in preparing their schedules to include this modern and vitalized method of supplementary education, a complete schedule and grade chart has been mapped out well in advance, and a "Teachers' Manual and Classroom Guide" has been prepared which covers in detail all phases of this year's School of the Air series. This brochure may be obtained by addressing the American School of the Air, Box 100, Chicago, Ill.

Following is the completed weekly sched-

ule of this series of programs in outline:

Monday - American History (dramatizations) for Junior and Senior high schools.

Tuesday-Story-telling and Music for first, second and third grades, alternating with Story-telling and Music for fourth and fifth grades.

Wednesday - Literature (dramatizations), fifth and sixth-grades alternating with Junior and Senior high school.

Thursday-Music Appreciation for upper grades, Junior and Senior high school and adults.

Friday-Current Events (fifteen minutes), fifth and sixth grades. Vocational Information (fifteen minutes), Junior and Senior high school.

Henry Fisk Carlton and William Ford Manley, well-known radio dramatists, will prepare the history and literature dramatizations.

The nation's foremost authorities on many of the subjects presented will appear in person before the microphone, and only those subjects will be presented which it has been shown can be more effectively taught by radio than through the ordinary classroom methods. All the devices, technique and radio showmanship essential to the proper presentation and

necessary in stimulating and holding the interest of the pupils will be employed in the American School of the Air series.

These programs represent the largest unit station-time on the air in the nation. By this means 3,250 station hours are being devoted solely to education going direct to the classrooms of the country, produced at a cost to the co-sponsors of the series of well over half a million dollars.

Co-operating closely with the sponsors of the American School of the Air series are many nationally recognized associations and institutions. The closest contact is being maintained with the United States Department of Education in Washington, with museums, music publishers and library associations in order to present the most authentic and effective series of supplementary education - by - radio that it is possible to offer the schools.

By Bernard Jobel

NVISIBILITY sometimes deprives people of L a personal interest. Stars of the radio, for instance, seem to belong so completely to the unseen air that listeners-in are inclined to forget that they eat, sleep, drink, and - when they get the chance-take vacations.

During these past three months, for instance, the minds of radio announcers, singers, musicians and lecturers, like the minds of all other toilers in these United States, have been occupied with the matter of recreation, and CBS has granted intermittent periods of freedom.

Thus, if one entered the studios, he would see Frank Knight, dapper and gay, rushing out one door with a suitcase in his hand, while Theo Karle, tenor, was rushing in another door, carrying railroad guides and advertisements of mountain resorts. Ted Husing took what he considers the most unique vacation of the organization. It was devoted to intensive buying-the buying of cravats of all colors, designs, manufacture and modes.

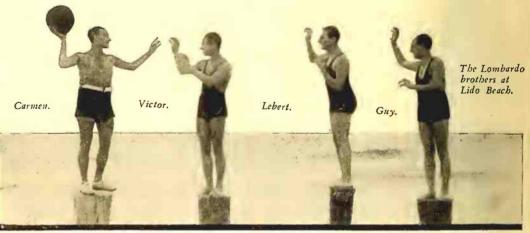

"I have always," Ted declares, "been captivated by the only article of man's dress that has individuality-his necktie. I saw enough greens, reds, purples, pinks and polka dots to refresh my soul. After all, this is all a vacation does for one-refresh the soul."

Other Columbia Broadcasting artists took more specific vacations. Barbara Maurel, contralto, went to the Adirondack Mountains, swam, golfed and read books, particularly "The Woman of Ambrose," by Thornton Wilder. Adele Vasa, soprano, went to the seashore and spent her spare moments cooking for visiting friends. Channon Collinge, director of the Cathedral Choir, went to a secluded lake and spent hours and hours sailing.

Howard Barlow, director of the Philco Orchestra, declares that he turned farmer for a brief time and conscientiously watered his lawn and the flowers which decorated it.

Guy Lombardo and his three brothers regaled themselves with swimming and frankfurters at Lido Beach.

Ida Bailey Allen spent her vacation in an edifice constructed to meet her own ideas. She called it a summer room, and its purpose was to take the owner away from the limitations of the customary summer-house and give her a primitive freedom.

ales Out of School

Eddie Cohan's new microphone trolley system, which permits CBS's production men to move microphones swiftly into any position desirable in the studios, caused near chaos

recently. An innocent page-boy, intrigued

by the device, took the opportunity of an empty studio to try the apparatus out. To his horror, one of the ropes got beyond his control. A forty-pound condenser microphone began descending toward the floor. The page made a dive for it, catching it in his arm, football-like, and slid over in a

corner on his back. The mike was saved, and, except-ing ye scribe, no one witnessed the incident.

Jim Whipple, Columbia actor and continuity writer, who left on his sloop Querida several weeks ago for his vacation, has returned with a doleful account of his voyage. His vacation was only a day old when engine trouble developed, so he hoisted his sails and headed towards port. The balance of his holiday was spent in drydock with Whipple at work reconditioning the boat.

000

Gordon Graham, one of the three Fox Funnyboners, a Columbia feature, is six feet four inches tall, and a graduate of Dartmouth College. When he entered Dartmouth in 1924 he promptly tried out for the glee club. 'A good voice," said the club leader to the director, "but where on earth would we put a fellow that size?"

The following week-end came Freshman initiation, and the leader of the glee club saw Graham, attired in polka-dotted gingham dress, singing "Marcheta" to a delighted group of upper-classmen. "Maybe we were

wrong," said the lead-er, and the following week-end Graham found himself on the Four years later he

had the pleasure of leading the Dartmouth Glee Club to victory in the intercollegiate contest held in Carnegie Hall.

Jimmie Thurber, humorist and author, was speaking over the CBS coast-to-coast circuit during Bill Schudt's "Going to Press" one Wednesday evening. Jimmie had reached the end of his script, and, looking at the clock, noted that he had four minutes left. He filled in for one minute, and then, turning slightly and in a loud

229

whisper, purred: "Bill-I don't know any more." Letters testified that a goodly part of the nation heard his whisper!

A radio fan recently wrote CBS, wanting full information as to hotel accommodations and rates at "Mayhew Lake."

Freddie Rich, dance maestro, and Vincent Sorey, Ar-gentine-Italian conductor, were having a friendly debate the other day as to what music radio audiences prefer, American or foreign, with Rich upholding the home product.

Just when the battle was at its hottest, Howard Barlow, Columbia's symphonic conductor, entered the studio. Both turned to him and demanded: "What music do radio listeners like best?" "Good music," was Barlow's instantaneous reply.

228

Toscha Seidel, violinist, and Nat Busiloff, orchestra director, are CBS's fun boys. They actually enjoy rehearsals, even when they last five and six hours.

Seidel, during a rehearsal one day, was besieged by a cartoonist who insisted he must draw a picture of the violinist.

"But I am a great artist too," insisted the cartoonist. "Yah, yah," retorted the mirthful Seidel. "Then you have to get out-two artists can not stay in the same room." 000

Following an organ recital in Wanamaker's store recently, John Mayo, CBS announcer, discovered that no speaker's microphone had been provided. The only

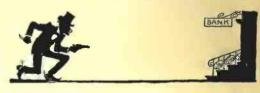

"mikes" were those hanging from the ceiling of the auditorium, fifteen feet above the floor. After an anxious five minutes he discovered a painters' ladder and teetered from the top rung for the entire program, while two strong-arm boys held him up. 000

Radio listeners have wondered why Phil Malone, announcer for Jack Denny's orchestra when it broadcasts over WABC from CKAC, Montreal, Can., speaks broken English with a decided French ac-cent. Many write in and ask "how come" an Irishman affects a French voice. It

so happens that Mr. Malone is of Irish descent, but he was born and brought up among French Canadians, and naturally French is his native tongue. Numbers on Jack Denny's orchestra are announced in French and English-or French-English.

000

Laurance Gratton says he has committed more murders, stolen more horses, broken up more homes, robbed more banks, foreclosed more mortgages, ruined more people and perpetrated more dastardly deeds in two years than any other man unhanged. This is because he plays the role of "De Witt Schuyler," the villainous villain of Hank Simmons' Showboat.

1 8 15 22 29 WEDNESDAY

Reading left to right: Helen Ankner, Harold Singleton, Ben T. Weaver, Frank Baker, Dorothy Tolley, Geraldine Traver, Inez Quinn and Bess Perry.

FOR years "home talent" productions have been lightly regarded by all professional entertainers, if not by the public in general.

But broadcasting has a "home talent" show that is attracting national attention. That show is the program of the Dic-a-Doo Entertainers, broadcast every Wednesday night at

- Eastern Stand Central Stand CHAIN PROG NBC Feature

7:45 o'clock, E. S. T., through a wide network of stations associated with the NBC.

Every member of the extensive Dic-a-Doo cast has been recruited from the ranks of the radio celebrities in Rochester, N. Y., or from theatrical talent of that city.

Sponsored by the Patent Cereals Company,

of Geneva, a near-by town, every program originates in the studios of WHAM, in Rochester, being distributed from there to a fullsized NBC network.

Vocal and instrumental novelties, interspersed with catchy dance rhythms, make up each fifteenminute program. The entertainers consist of Sax Smith and his Cavaliers, Rochester dance orchestra, a two-piano team, a woman's trio and a mixed octet: Dorothy Tolley and Inez Quinn, sopranos; Geraldine Traver and Bess Perry, contraltos; Harold Singleton and Frank Baker. tenors, and Ben T. Weaver and Ferre Marzluff, bassos.

The World's Bióóest Gym Gas

like an ostrich, and flies backwards to keep the sand out of its eyes. A creation of Bagley's, the bird has become almost real to the listeners.

Bill Mahoney, whose work at the piano is also an important part of the Tower Exercises, co-operates closely with Bagley. The three of them make the early morning exercises a period of hilarious play and nonsense, and at the same time make the calisthenics a part of the daily routine in thousands of homes.

The studio from which the exercises are broadcast is a small, draped room on the twenty-seventh floor of the Metropolitan Tower in New York. Each morning at 6:45 o'clock, Eastern Standard Time, Bagley walks up to the micro-

phone and says, "Good morning, good friends," and the exercises begin. Bagley does not stick to the routine "arms up, arms down." Instead, he develops trick exercises, such as his bicycle ride, in which the exerciser lies on his back and waves his feet in the air as if pedaling a bicycle. Jokes, humorous observations about the weather, and such admonitions as, "Look out there, dad! I saw you stop pedaling then!" are worked into the broadcast.

Mahoney sets the time for Bagley's exercises with his piano, occasionally making use of the half-hundred sound effects that Bagley has collected and uses with amusing effect in his broadcast.

The exercises last from 6:45 to 8:00 o'clock every morning.

Bagley himself is an unusual man. He has never missed a morning broadcast or been late in his two years on the air.

om Kenned

The beloved "oldstager," HENRY M. NEELY, of "Mem'ries" fame, is much sought as a guest announcer. Mobiloil secured his services on several broadcasts this summer.

From theological seminary to the microphone was the order of procedure adopted by JAMES WALLINGTON, who is heard announcing many of NBC's major outdoor broadcasts. Mr. Wallington won bis radio spurs at WGY, Schenectady. James Wallington

One of the most recent additions to NBC's staff of announcers is smiling JEFF SPARKS. Jeff has already spent five years, however, before the mike. He joined up with WARS at Brighton Beach, N. Y., in 1925.

CKS Senior Announcer

senior announcer for CBS,

Frank Knicht- senior announcer for CBS, can be easily recognized as he strolls-the soul of

dignity—around the studios, or nonchalantly lounges in the reception-room. At work in the studio, however, the story is a different one. He is alert, keen, precise, and known for his ability to bring programs to a correctly timed finish. All part of his trouping days, perhaps, and the natural result of a colorful career!

He was born in St. Johns, Newfoundland, on May 10, 1894, and there spent his boyhood in the accepted English fashion. During the summer he camped along the shores of wooded lakes, while his winters were devoted to home study under the tutelage of his father, one of the best-known and most-revered barristers in the country.

He graduated from St. Bonaventure's College in the city of St. Johns, and soon after, at the request of his father, started work in the local branch of the Canadian Bank of Commerce. Frank had no sincere interest in the banking business, and at his first opportunity eagerly abandoned it. This opportunity was the advent of war in 1914.

He served for almost three years with the

Royal Newfoundland Regiment until invalided out after the battle of the Somme. He returned home, broken in health, to a life that seemed, for a time, to be without purpose. At length he went to McGill University in Montreal to study medicine, but gave it up in his second year, after finding himself physically unfit for the strenuousness of the profession.

He emigrated to New York City—his objective, the stage. He clicked, playing in New York and on the road with such stars as Nance O'Neill, Francine Larrimore and Lester Lonergan. It was about this time, during engagements on the legitimate stage, that Mr. Knight started his radio work. More as a diversion than anything else, Frank Knight played the hero in all the dramatizations of stories by Sax Rohmer and E. Phillips Oppenheim.

He possessed an excellent speaking voice, he had the expressiveness of an actor, and the broadcasting field was waiting to welcome him. Encouraged and advised by friends more perceptive than himself, he finally joined the ranks of Columbia's announcers. In addition, he has been heard weekly in the character of Dr. Gilbert, the masculine lead in "Arabesque."

Among radio listeners he has a host of friends who are ever ready to proclaim him possessor of the most gracious voice on the air.

Early in August he was married to Mildred Gertrude Wall, well-known NBC radio star and Broadway actress. Until some reporter discovered his name at the license bureau, not even his close friends at CBS had known of the wedding plans. Characteristic of Frank, who never has much to say about himself!

considered eligible for the position of radio announcer, to-day-with the chains at leastthe requirements are more severe than those confronting the applicant for a place on the artists' staff.

A working knowledge of German, French, Italian and Spanish, as well as a fairly complete knowledge of music, must accompany the pleasing voice and poise and presence expected of a master of ceremonies, if the applicant hopes to receive consideration.

Literally thousands of men and women, old and young, however, hanker for announcers' positions. Broadcasting stations draw them as the candle attracts the moth. They come from far and near and haunt the studios, pestering every attendant.

Columbia Broadcasting Company has solved this difficulty by arranging a monthly announcers' audition. At stated intervals applicants are summoned to the studios and given opportunity to show their qualifications.

The first test is for the applicant to read aloud some such imaginary announcement as the following:

... Among the other prominent musical directors you will hear are Gustave Haenschen and his orchestra, the Detroit Symphony, under the direction of Ossip Gabrilowitsch, featuring Jascha Heifetz and Fritz Kreisler as guest soloists. Ignace Jan Paderewski will accompany a concert featuring the phenomenal youngster Jehudi Menhuin, while Ernestine Schumann-Heink will sing the Erl King of Franz Schubert.

. . the fiery Russian, Peter Ilyitch Tschaikowsky, with selections from the Oiseau de Feu, and the Sym-phony Pathetique... The troika also will be heard. Ippolitov Ivanov will afford the delightful composition -the March of the Sirdar from the Caucasian Sketches. Modest Moussourgsky will be selected as one of the composers with Khovantischina as his contribution to the program.

. . Among the other composers you will hear are Jacob Ludwig, Felix Mendelssohn, Johann Sebastian Bach, Ludwig Von Beethoven, Charles Camille Saint-Saens, Richard Strauss (the famous Till Eulenspeigels), Richard Wagner, Moszkowski, Cesar Cui, Giacomu Meyerbeer, Guiseppe Verdi, Wolfgang Amadeus Mozart, Carl Maria von Weber, Christoph Willibald von Gluck, Gioachino Antonio Rossini, Vincenzo Bellini, Gaetano Donizetti, Arrigo Boito and Amilcare Ponchielli, closing with Hector Louis Berlioz, Friedrich von Flotow, Charles Francois Gounod, Ambroise Thomas and Alex-andre C. L. George Biset. We regret that we will be unable to present the works of Giacomo Puccini, as they are at present under restriction.

The mortality is terrific. Often out of 150 cr more applicants less than a dozen will score a passing grade. Then follows the second, and for the lonesome survivor the third degree. That passed, the applicant is eligible for appointment when a vacancy on the staff occurs.

If you want to be a radio announcer, before you spend time and money seeking auditions, be sure you are prepared. And, to get a hint of what adequate preparation involves, read in WHAT'S ON THE AIR biographies of the announcers.

WLW, Cincinnati, has applied for permission to build a 10,000-watt relay station in order to be able to exchange programs with foreign nations.

姥

Possibly the Legislators of the State of Louisiana had a particular broadcaster in mind when they recently passed a bill to prohibit slander by radio. A fine of \$100 or imprisonment for thirty days is the penalty.

经

Thirty-one of the 608 radio stations licensed to broadcast until October 31 are holding "temporary licenses" and must convince the Federal Radio Commission before that date that they are entitled to a place on the air.

KTNT, at Muscatine, Ia., already in the bad graces of the Federal Radio Commission, has had fresh charges filed against it by the Kansas State Board of Health, which objects strenuously to the Muscatine station be-

ing permitted to continue on the air.

鯼

The Federal Radio Commission has issued an official denial of the claims of some radio magazines that polls they are conducting of favorite stations and programs in connection with circulation campaigns will be considered by it in rating merit of stations.

怨

And now Texas has a broadcasting chain of its own. KTAT, Ft. Worth; WACO, Waco; KTSA, San Antonio; KTRH, Houston; WRR, Dallas; KGKO, Wichita Falls, and KGRS, Amarillo, will co-operate in covering Texas with programs of State-wide interest.

18

Applicants for frequency assignments for television transmission not only must convince the Federal Radio Commission that their work is legitimate research and holds possibilities of value, but, if granted one of the few bands available, they must report quarterly progress made. There are now eighteen companies operating twenty-four stations, but none has qualified, in the opinion of the Commission, for commercial broadcasting. Evidently it is quite safe to buy that new radio set without fear that television will immediately bob up around the corner to make it obsolete.

怨

Before this issue reaches our readers the great "superpower" hearing before the Federal Radio Commission will have been staged. Fifty-five broadcasting stations operating on the forty cleared channels, were all invited to meet before the Commission and put on a battle royal until thirty-five withdrew or were eliminated from the competition. The twenty survivors were to be given permission to use maximum power—50,000 watts, according to the plan. Perhaps the hearing has solved the mystery now engaging many radio listeners

as to why it is proposed to maintain forty clear channels, and yet refuse satisfactory use of more than twenty.

GENERAL

Immediately following the appearance of her picture in the August number of WHAT'S ON THE AIR, Nell Vinick took a six weeks' vacation from radio. Dozens of readers, both men and women, promptly took ye editor to task. In fact, we were still apologizing when "Lessons in Loveliness" returned to its 9:30 A. M., Friday, position on September 12.

磐

Westinghouse Company, Pittsburgh, is installing a 400,000-watt transmitter—the highest power in the radio world—for experimental purposes. When ready for use, it will be operated only during the early morning hours, with recordings made as to its field strength over the entire continent. Incidentally KDKA's new 50,000watt transmitter at Saxonburg is reaching us with plenty of volume and splendid modulation in pleasing contrast with the persistent fading of the old transmitter.

烧

Mrs. F. M. Taylor, of Westfield, N. J., charter member of the WHAT'S ON THE AIR family, broke into the Associated Press dispatches when an enterprising reporter discovered that she uses her radio set an average of sixteen hours per day. Our congratulations go to Mrs. Taylor, however, for another record she has made. She writes an average of three letters a day to radio stations and artists. In so doing she is making a truly constructive contribution to the cause of good programs.

220

In connection with the Ohio School of the Air in which the Ohio Department of Education provides carefully prepared courses of instruction widely used throughout the public schools of the State and broadcast over WEAO, Columbus, and WLW, Cincinnati, a monthly radio forum for the teachers of Ohio has been inaugurated.

At the close of the school-day on the specified occasion, superintendents, principals and teachers will assemble before loud-speakers and hear specially prepared addresses by acknowledged leaders in American education.

In advance of the special addresses, the topics will be made public and the schoolmen will be requested to submit in advance questions which at the end of the prepared speeches will be answered. Provision also will be made for the listening groups to wire or telephone questions or subjects they wish to have discussed.

It is believed, the announcement declares, that this method of reaching the whole group of educators in the public-school system will be superior to crowded and noisy convention halls where addresses of this kind usually occur.

Arrangements have been made to broadcast parentteachers' meetings. Through the Ohio Congress of Parents and Teachers, plans are being developed to have these meetings held in the evening and broadcast to groups of parents and teachers assembled in the school buildings and homes of each community in the State.

A POPULAR SUNDAY NIGHT PROGRAM OVER NBC DURING THE PAST SUMMER.

MEET the Ponce Sisters. This one is Dorothea and that one is Ethel — or maybe it is the other way 'round. After all, it doesn't matter, because being the Ponce Sisters is more important to them than being Ethel or Dorothea.

They have had a date with the radio audience every Sunday night the past summer. They kept the date in an NBC studio in New York, and, aided by a piano, they sang very pleasing harmonies for fifteen minutes. They are heard on other pro-

grams, too, from time to time, and they are one of the most popular "sister" teams on the air. Being *bona-fide* sisters, they are in a class by themselves.

Both were born in Boston, though there is a two years' difference in their ages. No one is quite sure whether it is Dorothea or Ethel who is the elder. It doesn't matter to the Ponce Sisters.

They showed musical inclinations at an early age and were encouraged. Born into a theatrical family, they both had plans for careers away from the footlights. Ethel—or perhaps it was Dorothea—wanted to be a teacher. The other was interested in domestic science and had some idea of becoming a domestic science-research expert, or something of the sort. But they kept on singing and playing together, and before long they became accustomed to the glare of the footlights.

About two years ago they had a radio audition. The microphone revealed that they have a certain similarity in vocal chords that makes their voices blend perfectly. True harmony in their crooning is the result.

They have been heard regularly on the air ever since. They have made more than a hundred phonograph records and have been featured in vaudeville. They have had several attractive offers from musical-comedy producers and they are busy all the time.

Away from the microphone and the footlights they are rather shy, possessing a deference in manner that is both pleasing and unusual. They aren't the "Broadway type" sister act, nor do they fight and quarrel behind scenes in the proverbial manner.

Just two nice girls with a whole lot of talent... the Ponce Sisters. They will be heard this winter at a time to be announced.

wenfieth (entury flome-Maker

Eve M.Conradt Eberlin

Mr. Coburn as Tinker, Ted Harris as Ogle, Dave Ross, announcer, and Mrs. Coburn as Mrs. Tinker. (Al Sinton, Columbia's "big noise" man, in background.)

BROADENING the interests of homemakers is not only a thrilling, but a thankful, task. At least this is the conclusion reached by the Radio Home-Makers' Club, based on the enthusiastic response to the cultural periods of the club's "Magazine of the Air" programs.

"Come out of the kitchen" might well be the slogan of Ida Bailey Allen's national organization, for even the most domestic of the Home-Maker programs — those dealing with cooking, laundering, sewing, and the like teach us to speed up these vital, but sometimes aggravating, tasks so we can have more time in which to interest ourselves in the affairs of the outside world.

Since the beginning of the year the weekly guest speakers on the Wednesday "Editorial Page" period of the Magazine of the Air have included such prominent figures as Carrie Chapman Catt; Will Cuppy, the author; Augustin Duncan, of the theater; Huger Elliott, of the Metropolitan Museum of Art; William Green, president of the American Federation of Labor; Dr. Randolph Ray, pastor of the famous "Little Church Around the Corner;" Florence Pragg Kahn, Christopher Morley, Mrs. Franklin D. Roosevelt, Senator Thomas D. Schall, Baron DeMeyer, and a host of others.

One of the outstanding programs in the history of broadcasting was the series of Sound Dramas played by Mr. and Mrs. Coburn dur-

CBS, DAILY EXCEPT SUNDAY FROM 10 A. M. TO NOON.

ing the Home-Maker broadcasts in June. Through these two beloved actors four examples of the cream of Shakespearean and modern drama were brought into hundreds of thousands of homes. The object of this superb entertainment was twofold: to illustrate correct speech and fine drama. Its success was such that the Coburns, in appreciation of their reception by the home-makers of the country, are trying to arrange their fall schedule so they can come back to the air again.

Spurred on by the enthusiastic reception of these unusual *home-making* features, and the nation-wide appeal from women in the home to continue to open new fields of thought to them, the Radio Home-Makers' Club has arranged an "extension course" in the fine arts for its vast audience.

The new Thursday morning period, "The Five Arts," was inaugurated in September by Howard Rockey, author and dramatist. Each Thursday one of the five arts—music, literature, the pictorial arts, drama and radio—is discussed by an authority.

A special feature of the new series will be an occasional review of the outstanding plays to be seen in New York, to help the millions of visitors from other parts of the country who visit Gotham decide beforehand just what they want to see. The first theatrical review will be broadcast by Stewart Beach, editor-inchief of *Theater Magazine*, on Thursday, October 9, at 11:30 A. M.

ON THE AIR

"Well, Joe, you're lookin' pretty good. Had a raise?" "No, it ain't that. Say, I had the thrill of my life last night, kid. I broadcasted." "You what?"

"I tell ya I broadcasted. No foolin'. Imagine me on the air! Some fun, eh, kid?"

"Listen, Joe; don't try and kid me. I suppose this guy Vallee is just a burn now.'

"Listen, Ed, quit kiddin' a guy. Why, the folks at home heard me, just like bein' in the next room." "Well, fer cryin' out loud." "It's a cinch, Ed. I was up

at the Paradise Club with Mary last night, see. When the band

started to broadcast about ten o'clock, she and I starts in to dance. I watches for my spot, savvy? We edges around the floor, and when we come alongside the band I jumps up and yells, 'Hullo, ma; it's Joe!' Well, it went right into the mike. The leader was so mad he could have chewed a piece right out of his megaphone." "That's some stunt, kid. I gotta hand it to you. So you was on the air. Whaddya know about that?"—

Judge.

In a court-room the other day Judge White was reproving a colored man for deserting his wife, and dwelt at great length on the injustice he was doing. Wife desertion is something, Rastus, that I must deal with severely, I'm afraid, and I feel very strongly on this subject.

"But, Judge, you don't know that woman. I ain't no deserter; I'se a refugee."-Log.

MacGregor-Are you the man who cut my hair the last time?

Barber-I don't think so, sir; I've only been here six months.

Young Lady (just operated on for appendicitis)---Oh, doctor, will the scar show? Doctor-Not if you are careful.

120

Lady Glowworm—I never want to see you again! Male Glowworm—All right, dearie. You glow your way and I'll glow mine.

Teacher-What is Boston noted for? Johnny-Boots and shoes. "Correct. And Chicago?"

"Shoots and booze."-Chicago Tribune.

028

Nima-A little birdie told me what kind of a lawyer your uncle is.

Stories-What did the bird say?

Nima-Cheep, cheep.

Stories-Well, a duck told me what kind of a doctor vour father is.

100

Our bet is that if all the kitchen aprons in the hopechests of this year's June brides were laid end to end, they wouldn't reach from the front door to the breakfast nook .- Cincinnati Enquirer.

"What's the trouble here?"

"Bellboys are on a strike."

"More pay, eh?"

"No; the radio musical star Waldislasz Szeburzezs is here and people keep comin' in and wantin' him paged."

925

Aunt Maria was without a peer among negro cooks. Her specialty was molasses cookies. One day she was asked her recipe.

Without hesitation she replied: "Ah takes a cup of flour, but Ah don't use all of it, and Ah adds two gullups of molasses-

"But," interposed her guest, "what are gullups?" "Honey, don't you know? Well, when you has a jug of molasses and turns it up, the molasses say Gullup,' and then run a little more and say 'Gullup' agin. Ah takes two."

Slowboy-Do you remember the boy that used to pull your pigtails at school?

Fastgirl-Oh, is that who you are? Slowboy-No, that was my father.

"Are you a doctor?" she asked the young man at the soda fountain.

"No, madam," he replied; "I'm a fizzician."

Mrs. Jinks-What is your husband's average income, Mrs. Hinks?

Mrs. Hinks-Oh, about midnight.

X On the air

NBC . . . THURSDAY NIGHT

berette berette Berette Berette Harold Sanford co

HAROLD SANFORD, one of the National Broadcasting Company's veteran conductors, is happy this season. Victor Herbert's operettas are on the air every week, and Sanford is directing them.

To understand Sanford's joy at the new series one must know something of his background. For eighteen years the radio conductor was right-hand man to the Irish composer. Sanford knew Herbert as few men knew him, and Herbert was his idol.

The programs, inaugurated in late summer, will continue through the winter and will be broadcast through an NBC - WJZ network every Thursday night at 10 o'clock. An hour has been allotted each broadcast.

"The Red Mill" opened the series, and during August listeners heard "The Wizard of the Nile," "It Happened in Nordland" and "The Singing Girl." September's schedule called for "Princess Pat," "The Serenade" and "Naughty Marietta," and in October listeners will hear "The Only Girl," "The Rose of Algeria," "Eileen," "Mlle. Modiste" and "Sweethearts."

0

Others of Herbert's works will be presented during November, December and January.

Sanford has picked a cast of trained operetta singers, many of whom have been under his direction for years. Among the voices to be heard regularly will be Muriel Wilson and Ivy Scott, sopranos; Mary Hopple, contralto; Walter Preston and Vernon Jayson, baritones; Harry Donaghy, bass; George Simmons, tenor.

Sanford helped Herbert orchestrate many of the operettas the maestro composed, and was with Herbert during the strenuous days of rehearsal and production.

Sanford, through his familiarity with the scores, has been able to adapt the operettas for radio broadcasting without sacrificing the stories or the familiar melodies.

CBS, from New York.

Harvey Hay

We meant to say-Mrs. W. Bruce Macnamee.

ART KASSEL, conductor of the well-known "Kas-sels in the Air," heard each Monday night in the Sign of the Shell program, heads a group of musicians which has become famous for its delightful dance nielodies. In addition to his ability as a musician, he has written important song hits, including "Around the Corner" and "Doodle de Doo." His orchestra is one of the most popular and busiest in the Chicago area.

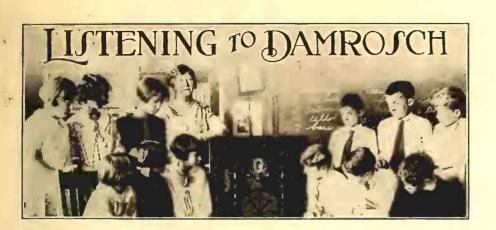

PHIL DEWEY, baritone, is not only known as the Adonis of ra-dioland, but also as one of the hardest-working songsters on the air. Each week he is heard, either as soloist or as a member of a harmony group, with the Chase and Sanborn Choral program on Sunday nights, on Monday during the Gen-eral Motors Hour, on Thursday and Saturday eral Motors Hour, on Thursday and Saturday nights during the Lucky Strike program, and on Friday nights during the Kodak week-en broadcast.

WHAT'S ON THE AIR

Page 39

October 3, 10, 17, 24, 31 FRIDAY

NBC MUSIC APPRECIATION COURSES OPEN SECOND YEAR, FRIDAY, OCTOBER 10, AT 11 A. M., E. S. T.

MERICA'S most popular music-teacher will be back at his desk this fall. Ten million schoolchildren are expected to listen attentively to his works and to the music of a symphony orchestra under his direction.

Which is by way of saying that the second year in the National Broadcasting Company's three-year series of Music Appreciation concerts for young American students will be inaugurated October 10.

Walter Damrosch, musical counselor of NBC and dean of American symphony conductors, will conduct the series.

This year, as last, the concerts will be divided into four classes. The first class will be for children just beginning to understand music; the second class for grammar-school pupils; the third class for high-school ages, and the fourth class for college students, music clubs and adults seriously interested in music.

The concerts will be broadcast every Friday morning from eleven o'clock until noon, Eastern Standard Time. Each concert will be divided into two parts in order that two classes may be presented each week.

A new departure in the class for advanced students has been announced for the 1930-31 series of concerts. They will be devoted to a chronological study of twelve important composers of orchestra music, beginning with Bach and ending with Stravinsky.

Three complete symphonics will be broadcast during the series which ends Apr. 17, 1931. Beethoven's Symphony No. 5 will be given in two parts, and Schubert's Unfinished Symphony and Haydn's Symphony in B Flat will be presented in single concerts.

Manuals to be used by teachers in connection with the series are being prepared, and letters received indicate that schools in every State in the Union will make the Music Appreciation courses a part of the regular course.

As in previous concerts, Dr. Damrosch will explain the music and the instrumentation, speaking from a piano bench, and then will direct the large orchestra in the rendition of the music he has just explained.

(See page 6 for football schedules.)

S we write, a number of radio stations, plus the chains, are sharing the anxiety of several National League Club managers over the final disposition of the pennant race. The World's Series will be broadcast by NBC and CBS, of course, plus whom? By the time these lines are read, that phase of the problem will be no more, but how the boys will be humping to get the best equipment installed in the most strategic places! It will be less than a week now until the roar of the World's Series crowd crashes your loud-speaker. Better be sure all your tubes are up to par.

If Ted Husing keeps his assignment for the Challenge Cup Race, he will have succeeded in reducing some dozen or more pounds. Ted was slated to handle the CBS transmitter aboard the Goodyear dirigible Defender, but his delight over his good luck fell apace when he learned that to qualify he must weigh in, plus equipment, at 160 pounds. For two weeks now each morning before breakfast, heavily wrapped in sweaters, he has run six miles around the Central Park wall, gauged his eating by the Hollywood diet and spent the afternoon at a Turkish bath.

In covering the games for the chain this fall, Columbia plans to use a tiny, portable transmitter to convey referee decisions, interviews with players and officials from the field, etc., directly from the playing-field to the broadcasting booth on top of the stadium, where Ted Husing and his helpers will be stationed to give the play-by-play story.

As usual, Chicago stations will cover home games of Northwestern, Chicago, Michigan and Notre Dame.

KDKA, at Pittsburgh, reaching out with its new transmitter, will keep most of the coun-

try, east of the Mississippi at least, informed as to the fortunes of University of Pittsburgh and Carnegie Tech.

WBBM, Chicago, enrolled Pat Flanagan, its sports announcer, in Maj. John L. Griffith's coaching school at Northwestern this summer.

The Standard Oil Company of Ohio has arranged to broadcast all the football games in which Ohio State engages this fall over WLW, Cincinnati, and WTAM, Cleveland.

098

American sports broadcasts in September seriously disturbed the repose of sports fans in Europe, Australia and New Zealand. While our "World's Serious" and big football games in October will probably draw a larger audience throughout North America, the Challenge Cup Race and the amateur golf championship, to say nothing of the International Track Meet and the Harnsworth Cup Race, held the sports-loving Britisher the world over close to his short-wave set.

Robert Brown, WLW announcer, will not forget the last week in August and the first day of September in a hurry. He was assigned the task of handling Station KHILO, a special transmitter installed in the mammoth Crosley plane in which Capt. William S. Brock flew from Los Angeles to Chicago in the nonstop event of the National Air Races. Just before the racer reached Chicago, KHILO ceased to function, and, in attempting repairs in the air, Brown narrowly escaped being severely burned. However, Labor Day found him accompanying Captain Brock about a mile and a half above the airport at Cleveland, from which point of vantage he very successfully described the start of the Bennett International Balloon Races for the combined audiences of WLW and WTAM.

WRIGLEY FOOTBALL PROGRAM

CBS . . . FRIDAYS AT 10:30 P. M.

Tad Jones

NEXT to going to see a good football game, there is no more fun than trying to pick the winners of the major contests that take place every Saturday throughout the golden months of October and November. With the first whiff of smoke from a pile of burning leaves, every red-blooded American citizen is transformed into a self-appointed football expert, and football discussion becomes the chief indoor sport of the American home.

One of the most interesting programs on the air to every football fan-and who isn't a football fan?---is the Wrigley Football program at 10:30 P. M., Fridays, over CBS.

Three of the most famous football coaches in the country-Knute Rockne, Tad Jones and "Pop" Warner-are featured on these programs. Each Friday evening one of them will discuss the chances of the major teams doing battle

on the gridiron the following Saturday, and will endeavor to predict the winners in every case.

It isn't just a guessing game. These three men, who constitute the All-American Football Board, are probably better qualified than any other group of experts of the game of

STUDIO GOSSIP .

Young Leo O'Rourke, tenor heard on NBC programs, relates the slightly ironical experience of serving a year in the United States Navy, during which he never saw the water. He was stationed in Vermont.

總

According to George Engles, vice-president in charge of programs for the National Broadcasting Company, there are four *veteran* daily presentations of this chain: Slumber Music, Cheerio, Tower Health Exercises, and Jolly Bill and Jane.

烧

Neel Enslen, NBC announcer, was one of the twelve singers selected by George Eastman to form the nucleus of his American Opera Company. The chosen few were paid a salary from the start, in addition to receiving additional musical training free of charge.

鯼

Wallace Butterworth, popular announcer of the Chicago studios of the National Broadcasting Company, started, when still in grammar school, to grasp every opportunity to broaden his knowledge of good music. At this early age he clerked in a department store in order to earn money necessary for voice cultivation.

態

Wendell Hall, radio's original wandering minstrel and traveling troubador, now host of the Shell program, is a vaudeville show all by himself. Many times in the past, when he played interlocutor and both end men in his one-man minstrel show, fans wrote in addressing their letters to the "Wendell Hall Troupe."

经

Harking back to the time and scene of his first public appearance, Sam Herman, NBC xylophonist, tells an interesting story of himself, when, as a small boy, he played for a discriminating audience in a beer garden in Williamsburgh. Undoubtedly he gave a pleasing performance, for he was three dollars richer at the close.

18

SOLD TO PEPSODENT FOR FIVE YEARS

The middle of the past August, when the year's contract between Amos 'n' Andy—Charles J. Correll and Freeman Gosdon—and the Pepsodent Company reached its close, the real proof of this pair's popularity came. At this time the National Broadcasting Company, exclusive agent for the team, signed a five-year contract

with their program sponsors, netting them the largest amount ever paid radio entertainers.

NBC

怨

Although James Wallington, NBC announcer is already familiar with Italian, Spanish, German and French, he is now busy with the study of Polish.

姥

Margaret Olsen, soprano heard on NBC programs, has her name emblazoned where few Broadway stars could hope to see theirs. Her father is Capt. O. Olsen, operator of a fleet of tugs plying in New York Harbery, and one of the tugboats bears the name "Margaret Olsen."

028

The town of Skowhegan, Me., to show its appreciation for the wholesome, free advertising given it by the "Uncle Abe and David" program handled by the NBC network and sponsored by the Goodrich Tire Company, allowed free entrance to the County Fair to all vehicles equipped with Goodrich tires.

12e

Little wonder that Raymond Scudder's NBC thriller. "East of Cairo," often makes one's hair stand on end. The author's own experiences in the Far East run : close parallel to his story. In south India he lived with the natives, sitting with them on the floors of their homes and eating curry so hotly seasoned that tears poured from his eyes, and chewing betel nut with them until his mouth became dry and puckered.

路

THE "MAKIN'S" OF RADIO SERIALS

Reared in North Carolina, Lula Vollmer, author of NBC's gripping radio scrial, "Moonshine and Honeysuckle," began writing about the hill folk when she was twelve years old.

Although Harlem negroes are the first to resent clumsy parodies of their manner and speech, all Harlem agrees that Amos 'n' Andy, NBC's headliners, are true to the types which they portray.

An author who "knows her story and sticks to it" is Mrs. Gertrude Berg, author of the NBC serial, "The Rise of the Goldbergs." She draws her material from long observation of the predominant clothes merchant of Manhattan.

Phillips H. Lord, author of the two widely popular rural sketches presented over NBC's network, "Sunday at Seth Parker's" and "Uncle Abe and David," entered radio because he resented the shallow "hick" characterizations of a rural burlesque which he happened to hear over the air at the home of a friend.

Burr Cook, author of National's "Harbor Lights" sketches, gleans much of his data from residents of an old sailors' home.

Happy are the authors of the "Empire Builders" sketches, radiated from NBC's network throughout the winter months; they are privileged to spend the entire summer season studying material and atmosphere firsthand from the great Northwest.

A still from Eddie Cantor's Broadway hit, "Whoopee."

CBS FRIDAYS AT 10 P. M. "A BROADWAY SHOW ON THE AIR." . . . DIRECTED BY HERMAN HOOVER, GENERAL STAGE DIRECTOR FOR EARL CARROLL. . . CONTINUITY BY HENRIETTE K. HARRISON.

By HENRIETTE K. HARRISON

HE stage is set! 'The Radio Follies' are on the air!" With these words one of radio's newest, liveliest features got off to a snappy start on Friday evening, September 26. Over a coast-to-coast hook-up of the Columbia Broadcasting System, the entire populas of the United States who own radios, or who listened in on their neighbors', heard that inimitable comedian and master whoopee - maker, Eddie Cantor, whoop his way over the ether, singing songs that only Eddie Cantor can sing in his own particular way. And many a foot tripped the light fantastic while Guy Lombardo's Radio Follies Orchestra played irresistible tunes in an irresistible style. A bit of Broadway on the air! A glimpse of the gay White Way and lovely ladies, without having to pay a ticket scalper—all this the Radio Follies brought into your homes.

Dame Rumor hath it that there is talk of a transcontinental broadcast direct from Holland; and the old stager tells us that Weber and Fields are about town, younger and funnier than ever—not to mention a lot of other rumors we've been hearing, but shan't divulge, for surprises are much more fun. If you want to be "up" on the newest thing in radio, listen in next Friday, at ten, to one of the stations on the Columbia network—wherever you might be—and hear that scintillating, radiating, pulsating Radio Follies. The signature song by one of the Lombardos is yours for the asking.

KWK 3 E X 0

1350 ST. LOUIS

STUDIO CHATTER

Henry Burbig has subscribed to twenty newspapers preparatory to his humorous review of the day's news which he will give as a feature of the new Necco Hour.

磐

Henriette K. Harrison, until recently head of the continuity department of WCAU, is now with the Biow Company of New York City, and is writing the continuity for "Radio Follies."

18

The stories, poems and ancedotes heard in the "Something for Every One" program broadcast daily over the Columbia network, have been published in book form by Ernest W. Naftzger, conductor of the program.

磐

Vincent Sorey's Gauchos, whose South American tunes have been broadcast over the Columbia network for the past year, will present an elaborate stage show early this fall. Already Sorey has begun rehearsals.

始

New Yorkers will be treated to the stage antics of Henry Burbig, famous for "Burbig's Syncopated History" broadcast from CBS Mondays, some time this month. It is said that Burbig will open in the Palace.

怨

While Dale Wimbrow, Columbia artist, is decidedly not a mystic, he mystifies us. He has purchased a second-hand motor-car "just for the fun of fixing it;" whereas, when we buy a second-hand motor-car, it is with a silent prayer that it will not require fixing.

影

Did you know that Phil Maher, the playwright, now adapts scripts for both Bradford and Harry Browne? The former uses them in a burlesqued fashion in the Nit Wit Hours, while the latter uses them, slightly antiquated for color's sake, in the Hank Simmons' Showboat Series.

经

Colin O'More has accepted an executive post with the Columbia Artists' Bureau. Mr. O'More's beautiful tenor voice is well known to the radio public as well as followers of opera and concert in Europe and America. Late this fall he will again be heard on the air in a new series of programs.

22

So long as Tiny Ann Leaf leaves the organ in no other hands but those of Esther Leaf when she feels the need of a vacation, she may have leave of absence once or twice a year, so far as we are concerned. Esther presented Ann's regular programs over CBS during part of August and September.

怨

Norman Brokenshire is the master of ceremonies on the new fall and winter series of Van Heusen programs, which began September 18. Brokenshire, one of the

pioneer radio announcers, has one of the largest followings of any radio personality. His broadcasting career began way back in the days when announcers cloaked their identities behind a set of initials, and when it was usual for announcer and artist to foregather in the studio thirty minutes before the broadcast was to begin, determine what was to be presented, and then and there make up the program.

CBS

Can you say "Is this a zither?" three times without getting your tongue all twisted up in a knot? If so, you are pretty good. Harry Von Zell, CBS announcer, accidentally ran across this in a continuity which he was doing on the air. Harry got as far as "Is this a," and then faded off into a series of zzzisses.

经

Who said announcers don't get anywhere in radio? Julius Seebach, program director of CBS, and Don Clark, continuity director for the same network, both began as announcers. Many other executives in radio started on the ladder of high success from the studios. Many of your present-day announcers are headed in the same direction. They will direct your radio programs of to-morrow.

鯼

Immediately following the appearance of her picture in the August number of WHAT'S ON THE AIR, Nell Vinick took a six week's vacation from radio. Dozens of readers, both men and women, promptly took ye editor to task. In fact, we were still apologizing when "Lessons in Loveliness" returned to the air—Wednesdays at 10 A. M.

Frank Knight, CBS announcer, who was recently married to Miss Mildred Wall, actress, received a novel wedding gift from a radio admirer. It was a water color in a gilt frame showing a girl sitring in front of a radio receiver with the tears streaming from her eyes as she listens (presumably) to Mr. Knight's voice coming from the loud-speaker.

000

Will Osborne, Columbia orchestra leader, to-day describes his engagement to Miss Margaret Eckdahl (Miss America, 1930) as the result of a "radio acquaintance." Osborne said that he had crooned a love ballad at Miss Eckdahl's request over the air the night before she was chosen America's most beautiful girl. Since then she has been listening to his broadcasts every week and they have been "radio sweethearts," he declared.

28

H. V. Kaltenborn, who edits the news over CBS, and Ernest Naftzger, who conducts an early morning program from the same station, make a practice of answering all of their fan mail personally. Letters pour into the station for them at the rate of more than five hundred weekly. Mr. Naftzger admits that he is weeks behind schedule, but, with one secretary doing nothing else but typing letters, he expects to be caught up by Christmas.

THE NECCOLODIANS . . . CBS, SATURDAY AT 7:30 P. M.

ADIO listeners were introduced to the R Necco Surprise Party radio series last month. The new presentations brought several novelties to the Columbia Broadcasting System.

Henry Burbig, for instance, plays one of the stellar roles by giving a resume of the day's news in his best Milt Grossian manner for which he is already famous.

Then there are the Candy Kids-Bill Hansen, tenor; Vincent Howard, first tenor, and Jim Brennan, baritone-whose songs and patter enliven the program considerably. Special arrangements of current musical hits, nationally heralded theme songs and the background music for Henry Burbig's act, are produced by the Neccolodians Orchestra.

No surprise party would be complete without a surprise. The New England Confectionery Company, sponsors of this broadcast, introduce to you each Saturday evening a guest star collected from the ranks of professional radio and theatrical entertainers.

The Candy Kids have had an interesting

Variety.

background. Howard and Hansen met and formed a duet in New York City four and one-half years ago. They played the vaudeville houses and one or two personal engagements. Five months later they were joined by Jim Brennan.

The trio, it is interesting to note, rehearses daily from six to twelve hours. Their type of songs is considered unusual in that they combine hill-billy and dialect in many of their own arrangements. Their Irish, German and Italian songs are particularly commendable.

It will be recalled that this same team, singing under the caption of the "Three Little Sachs" every Monday night, won the New York Daily Mirror popularity contest.

Henry Burbig needs no introduction to the radio audience.

He was among the first actors of the legitimate stage and vaudeville to enter radio. His weekly comedy skits presented on the Ceco Hour over the Columbia Broadcasting System were met with widespread approval by both public and critics alike.

ann-Heink Broadcasts

Program-builders have estimated it would take the great contralto several years, singing one song each week, to fulfill the requests that poured in following the initial broadcast of the series.

Schumann-Heink's triumphs include successes scored from operatic and concert stages in virtually all of the civilized nations over a fifty-three-year period. She was born in Austria, and had scored in the music capitals of Europe before she came to this country in early womanhood.

When she reached the United States she was already the mother of seven children, her eighth being born four weeks after her American debut in Chicago. In the American debut she was recalled twenty times, singing the role of "Ortrud" at a Metropolitan Opera Company performance of

"Lohengrin." That was Jan. 9, 1899, and since then she has become an American institution.

At the conclusion of her farewell tour two years ago, the contralto declared she would devote her time largely to helping spread the influence of music and to helping young singers.

The present engagement brings her in close contact with one of the young singers she ha. helped. Several years ago, when Mary Hopple, contralto in the Enna Jettick mixed quartet, was a schoolgirl in Pennsylvania, Schumann - Heink gave her valuable advice and words of encouragement that were even more valuable.

Since the two have been appearing regularly on the same program, that earlier advice and encouragement have been renewed.

Schumann-Heink and the Enna Jettick Melodies program are heard each Sunday night at eight o'clock through an NBC network that extends from one coast to the other and into Canada.

NBC . . . SUNDAYS at 8 P. M., E. S. .T.

Madame

Frnestine

chumann-Heink

TALF a century of artistic achievement and triumph have been brought actively into broadcasting with the advent of Madame Ernestine Schumann-Heink, sixty-eight-yearold grandmother contralto, as a regularly featured artist on the Enna Jettick Melodies program.

Although she has frequently been identified with radio and for more than a year has held the title of operatic counsel with the National Broadcasting Company, the current engagement is the first sustained series she has ever attempted. In the past she has been on the air three or four times a year, having appeared on two widely separated occasions as guest artist on the Enna Jettick program.

The current series of Schumann-Heink broadcasts, which were inaugurated Sunday, September 7, and scheduled to continue for seventeen consecutive weeks, consists of one song each program. In practically every instance these songs are rendered at the request of listeners.

BROADWAY LIGHTS, a Saturday night NBC offering, does feature two of Broadway's brighter lights. They are Muriel Pollock and Vee Lawnhurst, known to radio listeners as the "Lady Bugs."

nominal

The program is a brief one-only fifteen minutes-but it is rated as one of the most pleasing periods on the air. The studio set-up for the program is simple. There are two pianos and there is a microphone at each piano. Miss Pollock plays one piano and Miss Lawnhurst the other. All their piano selections are special arrangements made for the two instruments, and all their vocal numbers are specially arranged to harmonize with the special piano arrangements. Though the numbers they do are familiar, the way they do them is decidedly different.

Listeners hear Miss Pollock's own compositions too. She is rapidly becoming one of the

best-known popular composers in New York. Among her most recent compositions, "Creole Lullaby" and "Shadows of the Teche" have brought favorable comment.

Miss Pollock began two-piano work several years ago and was featured in the Ziegfeld production of "Rio Rita." Her partner then was Constance Mering.

Miss Lawnhurst for several years has had her name emblazoned on radio's aerial Broadway and is one-half the reason for the success of "Broadway Lights."

How the team came to be known as the "Lady Bugs" is an interesting story.

Miss Pollock and Miss Lawnhurst were on their way to the studios to broadcast their first program.

"We've got to have a good name," said Miss Pollock.

"And it should identify us as girls," said Miss Lawnhurst.

"I have it," Miss Pollock explained. "We do things differently, so perhaps they'll think we're slightly cracked-bugs, in other words. We'll be the Lady Bugs."

"pull" things. Queerest one I ever had: One evenin' I was singin' two numbers on a program, both of them 1 and 2 (that is, 1 verse 'n' 2 choruses). The show was too long, so I offered to cut, tellin' the production man · I'd cut my first number to 1 'n' 1, and do the second number 1 'n' 2 - Everythin' was supposedly settled - The orchestra director understood and agreed - Came the show - the first number was played 1 'n' 2, instead of 1 'n' 1, 'n' I 'bout choked tryin' to continue; then the second number was played 1 'n' 1, which nearly made me swallow a tonsil tryin' to keep from continuin'. Well - I blamed the production man, the production man blamed the orchestra director, the orchestra director blamed me, so you see it's an endless chain, or "circle of circumstances" that make the politician pretty safe - if he's clever. Whenever things are dependent upon the human element there are bound to be mistakes, that's why they put little rubber mats around "garboons." - But with the "petty politician" mistakes are usually made accidentally on purpose.

BUZZED 'round one o' my old hang-around towns a short while ago — Dee-troit, 'n' boy, what a sweet town! I've been in 'n'

'n' I've an awful lot o' friends there - This time, as usual, I rushed in 'n' rushed out (I'm "Rushin'" 'n' Red, but not Sovietly!). - I appeared at WWJ Aug. 20th on their 10th Anniversary - Think of it! - I didn't know I'd been in the business that long. - The old Detroit News station has always been an attraction to me, 'n' I've worked myself blue in the face for old "Ty Tyson," who's been there from the very start. Appearin' on this WWJ Anniversary Program was Eddie Guest, always one of my idols. One of my greatest thrills in radio was last year while introducin' to the radio audience the man I had admired 'n' wanted to be like ever since I was knee high to a toad — the finest gentleman and the most regular of fellas that I believe I have ever had the pleasure of meetin' - a real man - Edgar A. Guest. Others were there, includin' the Hudson Singers (a great quartet, incidentally, now with Pure Oil), 'n' oh, so many mo' - it was a "large evenin'" 'n' a representative show - I'm "tickled pink" that they should have called on "little I'm" - long live WWJ 'n' more power to 'em!

out o' there since 1917, in the show business,

S^O until then — see yo' pretty soon pretty sooooon — pretty so-o-o-ooooon. Nite Owl.

Sincerely, ndell

AGENTS WANTED!

Take orders for "What's on the Air" subscriptions in your community. Every radio home a good prospect. Your friends and neighbors will enjoy this new radio program directory and magazine. Full or part time work. Liberal offer to both men and women.

Write for our proposition to agents.

HE only curtains in the Miniature Thea-L tre hang on the walls and are officially classified as drapes. There aren't any footlights and the stage is a studio in the National Broadcasting Company building in New York. Yet the audience that attends performances in the Miniature Theatre is a large and apprecia-

NBC

tive one and is steadily growing.

SATURDAY NIGHT

The Miniature Theatre is one of NBC's most interesting experiments in dramatic broadcasts. The idea originated with Mr. C. L. Menser, NBC production man and former head of the dramatic department of Knox College in Galesburg, Ill.

Productions of this theatre of the air last only thirty minutes and are selected from available one-act plays by contemporary authors. Among the most successful offerings have been George Ade's "Speaking to Father" and "The Mayor and the Manicure." George Kelly's "Finders Keepers" was produced, and was the first script by Kelly ever to go on the air.

Menser's work on his dramatic program never ends, for he is constantly reading plays and manuscripts in search of material adaptable to broadcasting. The majority of the plays have only two or three characters, and the voice characteristics are so pronounced that the listener has no trouble in identifying the actors or actresses.

Rehearsals for Miniature Theatre are long, but never uninteresting. The director drills

For the Radio Listener

What's On the flir Monthly Radio Program Guide

Listing the programs of over 100 broadcasting stations for every night of the month so cleverly that you can instantly select the radio entertainment to suit your mood. Beautifully illustrated throughout. Feature stories, news, gossip, humor of radioland.

WHAT'S ON THE AIR is pre-eminently the Radio Listener's Magazine
